"The poorest man may, in his cottage, bid defiance to all the forces of the Crown. It may be frail, its roof may shake; the wind may blow through it; the storm may enter; the rain may enter; but King of England may not enter; all his force dares not cross the threshold of the ruined tenement."

~ *William Pitt*

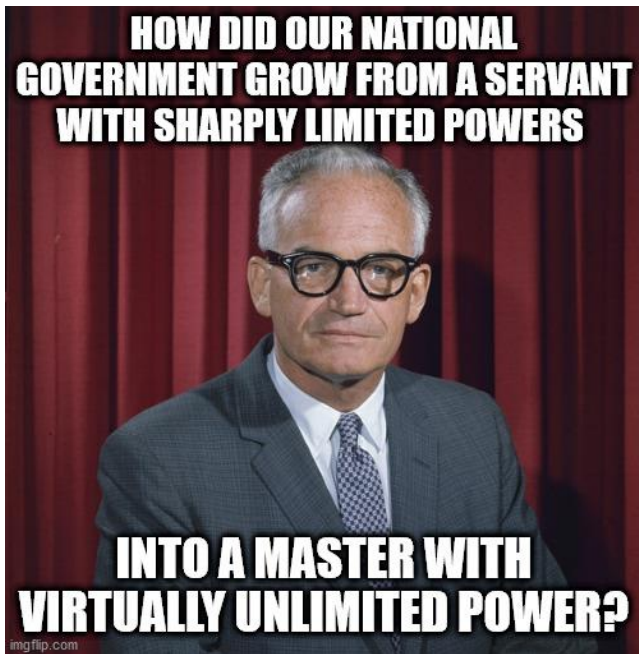

A Days-Old Media Article written by someone not enthused with President-to-be Donald J. Trump's Election 2024 victory portends to advise "Us, the American People" how shocking is ominous truth

about GOP (Republicans) war on education. Article writer claims GOP power-brokers are bent on purging America's schools of science and evolution. 'Education' has a sole aim - behavior control.

"After a shooting spree, they always want to take the guns away from the people who didn't do it. I sure as hell wouldn't want to live in a society where the only people allowed guns are the police and the military."

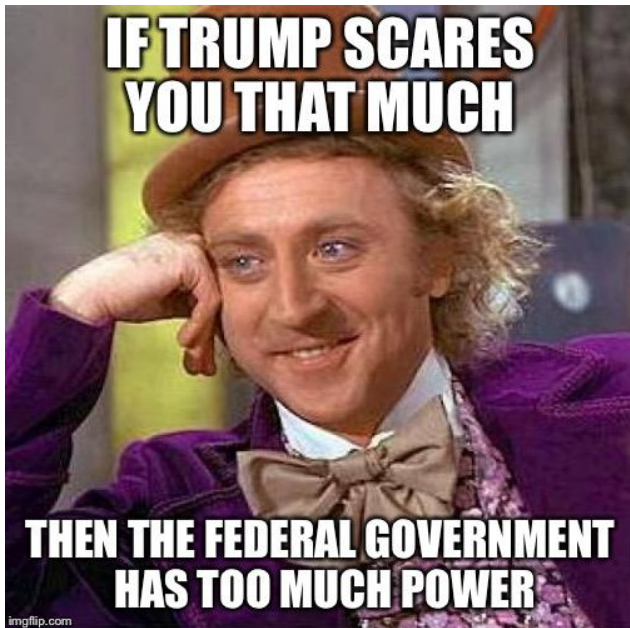

~ *William S. Burroughs*

"We, the American People" would be smart to oust government from America's schools. Government has no reason to be involved in deciding educational curricula. Government policies are rooted in policy-writer personal attitudes, values, and beliefs (PAVB) and made lawfully compulsory by legislators whose PAVB typify policy-writer PAVB, and Chief Executives who sign policy into law.

"I am tired and sick of war. Its glory is all moonshine. It is only those who have neither fired a shot nor heard the shrieks and groans of the wounded who cry aloud for blood, more vengeance, more desolation. War is hell."

~ *William Sherman*

If, In Fact, GOP Devotees, or, any politically-enthralled and motivated operatives have undue influence on how America's schools tinker with student intellect, it's because those of "Us, the American People" who are parents don't stop by, visit their kids' classrooms, and make it clear schools will not be allowed to mess with kids' attitudes, values, and beliefs. Stick to mastering facts and figures.

"The bureaucrat's first objective, of course, is preservation of his job--provided by the big-government system, at the taxpayers expense."

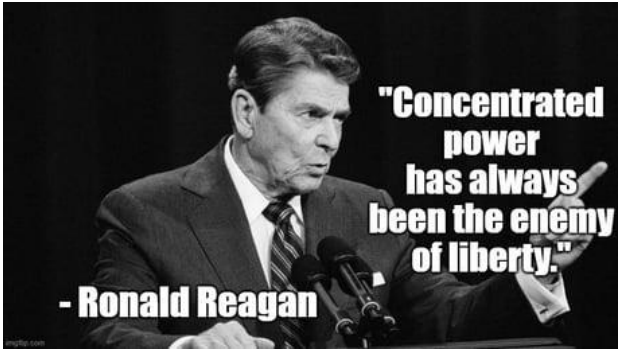

~ **William Simon**

Government (Politicians And Legislators) get away with riding herd on America's institutions because we, as a sovereign citizenry, allow politicians-legislators to have their way. Our annoyance is limited to holding elections, whereby we replace errant officials with another crop of equally errant officials, then repeat our idiocy with more elections. Our sovereign citizenry job is to curb errant lawful power.

"The inherent vice of capitalism is the uneven division of blessings, while the inherent virtue of socialism is the equal division of misery."

~ **Winston Churchill**

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to enter into defined-benefit contracts with collective bargaining units to confiscate American's property. They exercise citizen sovereignty to protect their property.

"The best argument against democracy is a five-minute conversation with the average voter."

"The function of free speech under our system of government is to invite dispute."
~ **William O. Douglas**

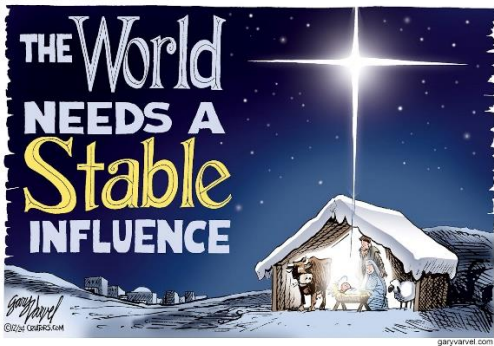

"Our, the American People's" media carried articles reporting President Joe Biden and President-to-be Donald J. Trump conferring to make federal government transition of power peaceful. Might be. Scant reports post-Inauguration 2025 governing will be smooth sailing. If anything, anti-Trump agenda camps have no intent to make a Trump Administration government run leisurely on cruise control.

"The right to be let alone is indeed the beginning of all freedom."

~ **William O. Douglas**

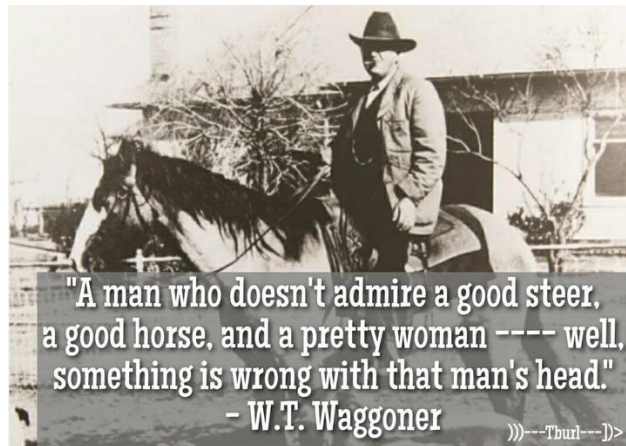

Media Report California's Governor Gavin Newsome has initiated a project to defiantly resist Trump efforts to make good on border control. Golden State will, given Newsome's plan goes through, set up networks to offer safe haven for at-risk individuals so they can take advantage of community resources. Newsome move is, reportedly, seen as further exacerbating an already financially-stressed state.

"The privacy and dignity of our citizens [are] being whittled away by sometimes imperceptible steps. Taken individually, each step may be of little consequence. But when viewed as a whole, there begins to emerge a society quite unlike any we have seen - a society in which government may intrude into the secret regions of a [person's] life."

~ *William O. Douglas*

"We, the American People" could take Golden State governor to task, noting President-to-be Doanld J. Trump has an Election 2024 mandate to clean up border mess. Golden State governor would, like as not, point out he is not obliged to support federal initiatives he considers in violation of America's invitation to any and all who are oppressed to find sanctuary in American charitable goodness.

"It is better, so the Fourth Amendment teaches us, that the guilty sometimes go free than the citizens be subject to easy arrest."

~ ***William O. Douglas***

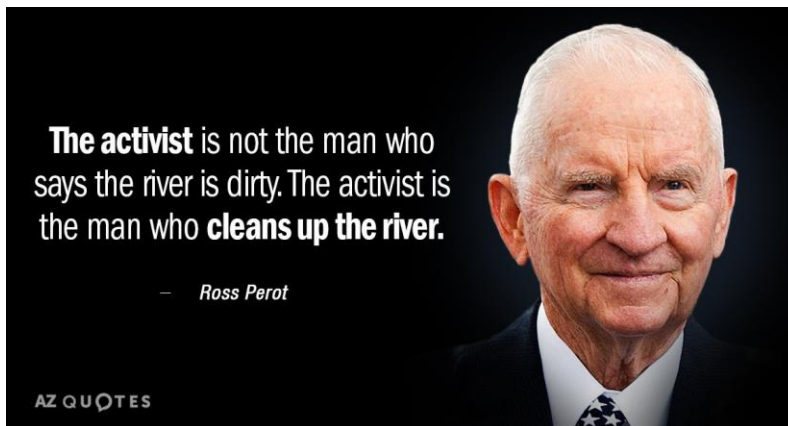

Democrats, did you know that, until 1983, Social Security income wasn't taxed. Guess who sponsored the tax on seniors? Joe Biden!

America's Government, While It Functions, ostensibly, under lawful authority, is not, by law, privileged to defy public will expressed by a sovereign citizenry - a 'sovereign citizenry' being "Us, the American People." Government so doing, particularly with impunity, stands to, eventually, bear brunt of dissatisfied and angry sovereign citizens. Whereupon, those in government stand to be tossed.

"A good end cannot sanctify evil means; nor must we ever do evil, that good may come of it."
 ~ **William Penn**

"All our liberties are due to men who, when their conscience has compelled them, have broken the laws of the land."

~ ***William Kingdon Clifford***

Facebook: Has a privacy policy

Also Facebook whenever anyone does anything:

Media Reports On Robert F. Kennedy's plans for America's food system could be more than a little alarming, should reports be taken seriously. Given reports are not fake news, disinformation, misinformation, or distraction, "We, the American People" ought take them seriously. Never have legislators or legislative-like official come to office to broaden choice for people who seat them.

"Enslave the liberty of but one human being and the liberties of the world are put in peril."

~ ***William Lloyd Garrison***

Robert F. Kennedy Jr. (RFK Jr.), should he be confirmed as President -to-be Donald j. Trump's health and Human Services (HHS) hammer-swing, is reported to be taking aim at artificial food additives harmful to "Our, the American People's" health. And, to our peace of mind, our fetish for brightly-colored Thanksgiving turkey, and our options to choose foodstuffs to our satisfaction. To our choice.

"I gave my life for freedom -- This I know; For those who bade me fight had told me so."

~ ***William Norman Ewer***

It's Touching How America's Government officials take a paternalistic view when considering how they shall protect "Us, the American People" from life's worrisome innumerable threats, actual or perceived threats. We can never be sure how thorough government officials might be when protecting us. Sugar rots teeth. So, wouldn't be surprising when devoted RFK Jr. paternalists decide to ban sugar.

"The right to be let alone is indeed the beginning of all freedom."

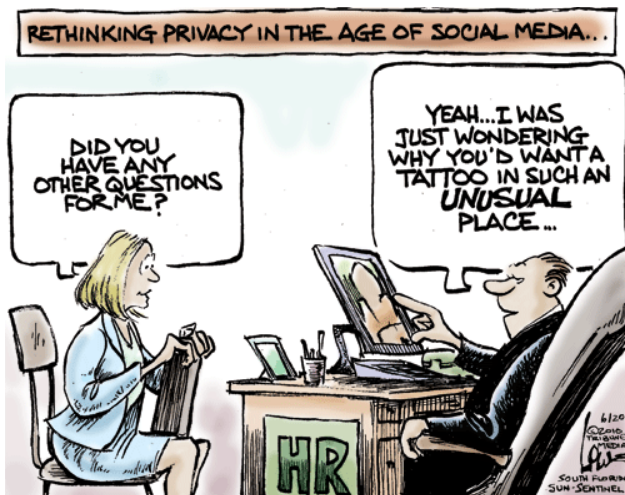

~ William O. Douglas

One Really Laudable Thing about paternalists is how they strive tirelessly to keep everyone safe from everyone else's unfit behavior. For instance, paternalists work quite hard to make sure unborn children remain unborn if paternalists deem it good and proper for unborn children to remain unborn. Childbirth may not remain a matter between doctor and pregnant patient. Paternalists oversee for correctness.

"Taken individually, each step may be of little consequence. But when viewed as a whole, there begins to emerge a society quite unlike any we have seen -- a society in which government may intrude into the secret regions of a [person's] life."

~ William O. Douglas

People Deciding To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against “State” intrusion.

"Restriction of free thought and free speech is the most dangerous of all subversions. It is the one un-American act that could most easily defeat us."

~ William O. Douglas

"If I want to be free from any other man’s dictation, I must understand that I can have no other man under my control."

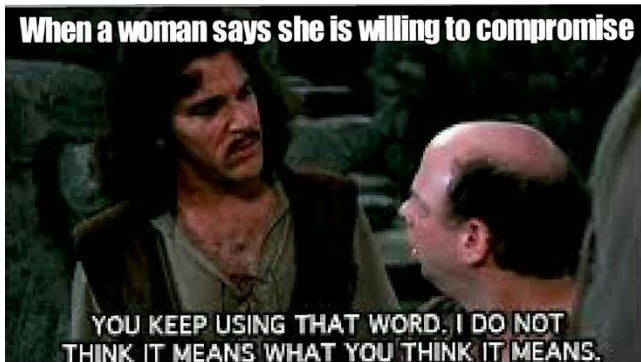

~ *William Graham Sumner*

It Never Fails. “We, the American People,” acting much like Lemmings, usher in new legislators based on their campaign rhetoric to make everything rosy. Oft as not, even before newly elected legislators are seated, they start diluting campaign promises with rationalization. For any number of reasons. We could deduce it’s mostly because they face underestimated hurdles in their way to lawful compulsion.

"The greatest glory of a free-born people, Is to transmit that freedom to their children."

~ ***William Harvard***

Media, By Way Of Classic Example, report President-to-be Donald J. Trump and prospective Department Of Government Efficiency (DOGE) Co-Chair, Elon Musk, are at odds over exactly how illegal immigrant/migrant/refugee (IIMR) irritant is too be handled. A major reason Donald J. won Election 2024 was his promise to clean up IIMR escalated border crossing. Now IIMR’s a problem.

"The only vice that can not be forgiven is hypocrisy."

~ ***William Hazlitt***

Compromise

A situation where all parties are equally unhappy with the outcome

“Our, the American People’s” ideological-driven legislators have made IIMR resolution near impossible. Factions supporting or opposing IIMR are at political antipodes. There appears no amicable solution all parties will accept. Could be it’s time to let IIMR up to those who have to pick up bill for IIMR costs. Ordinary Americans and, in final analysis, American consumers – who pay all.

"The love of liberty is the love of others; the love of power is the love of ourselves."

~ *William Hazlitt*

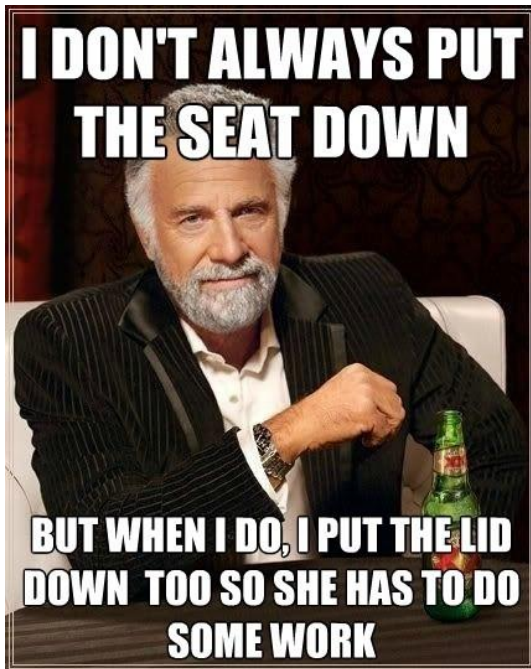

America’s Legislators, For Varied Reasons, not least leaning to blocs with most perceived voting power, have done little, other than making IIMR a hot-burning issue and, statistical reports accurate,

driven IIMR-related crimes rates up exponentially. Entirely likely IIMR nuisance will not be fixed, until it is fixed by “Us, the American People” taking sovereign citizenry action. If fixed it can be.

"We find many things to which the prohibition of them constitutes the only temptation."

~ *William Hazlitt*

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to subsidize private enterprise with public money. They uphold free markets.

"The proliferation of bureaucrats and its invariable accompaniment, much heavier tax levies on the productive part of the population, are the recognizable signs, not of a great, but of a decaying society."
