**LET'S GO BE OPPRESSED!!!**

**ISLAM IS LIKE A VAMPIRE**

***"We, the American People"*** remain in a tizzy over President Donald J. Trump's tariff (trade tax) policies. Media outlets keep posting tariff (trade tax) articles reporting President Donald J. changing his tariff (trade tax) policies to companies going belly up over tariff (trade tax) costs. It's not likely we will ever reach a consensus on tariff (trade tax) benefits or detriments. Either could happen.

"Men never do evil so completely and cheerfully as when they do it from mistaken conviction."  
~ **Blaise Pascal**

JUST SO WE'RE CLEAR... ILLEGALS ARE VOTING. ILLEGALS ARE RECEIVING BENEFITS. ILLEGALS ARE INFLUENCING ELECTORAL COLLEGE VOTES. ILLEGALS ARE CHANGING HOUSE APPORTIONMENT NUMBERS. ILLEGALS ARE MAKING THINGS MORE EXPENSIVE FOR AMERICANS. ANYONE THAT CLAIMS THEY ARE NOT IS LYING.

This is the guy breaking into the day cares stealing the enrollment records.

I WANT SO MANY PEOPLE DEPORTED THAT I NEVER HAVE TO PRESS 1 FOR ENGLISH AGAIN.

Don't judge an entire nation based on..

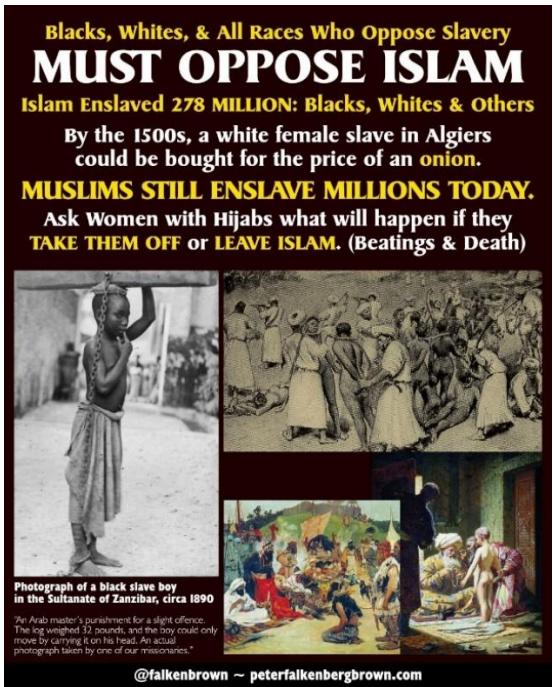

what only 97% of them do.

**Tariffs (Trade Taxes) Are**, all dust settled, taxes. Fickle taxes. Taxpayers never know how legislators, chief government executives, or judges will use tariffs (trade taxes) to permeate their wider goal of making their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Officials' PAVB underpin selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R).

“Bad laws are the worst sort of tyranny.”

~ Edmund Burke

Tucker Carlson: "They hate Russia [because] it's probably going to be the only majority-white Christian country in the world soon. That's why they hate it. Let's stop lying about it."

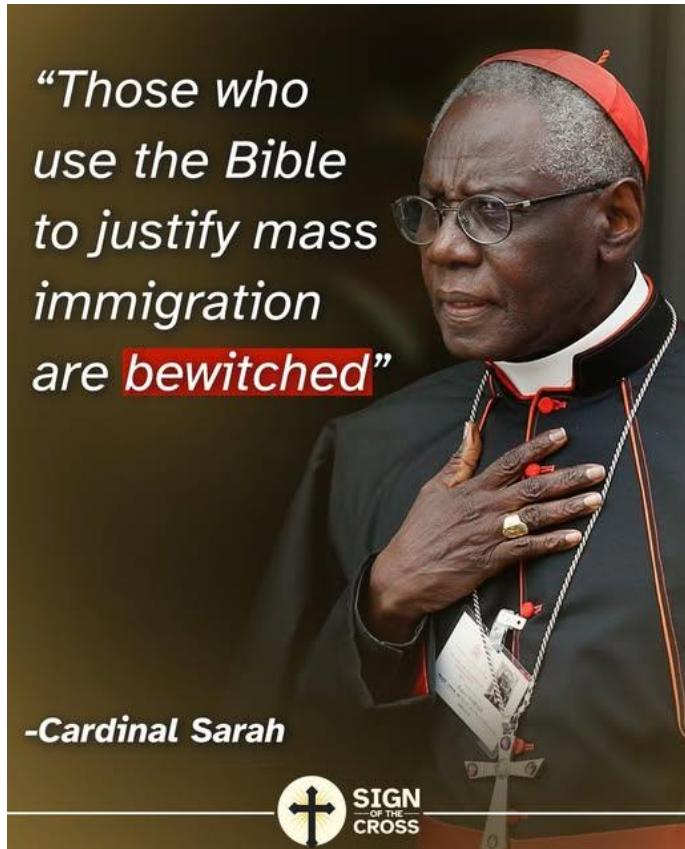

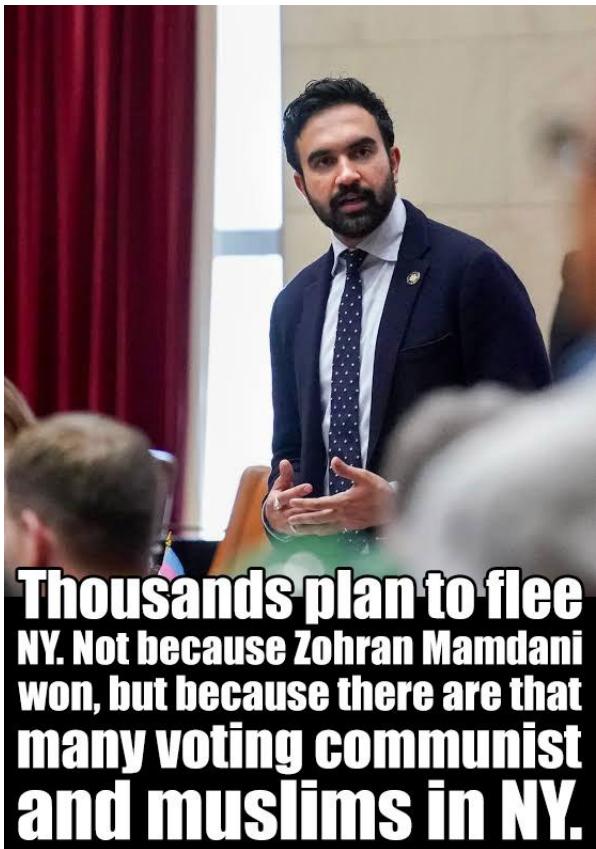

**SADLT&R Are How Government Officials** are able to confiscate property (wealth) and restrict choice (Liberty). Tariffs (trade taxes), as part of SADLT&R, destabilize financial plans, including budgets consumers fund when they part with their property (wealth) for goods and services. It is possible for "Us, the American People" to stop government from enacting destabilizing tariffs (trade taxes).

"A government is not legitimate merely because it exists."  
~ Jeane J. Kirkpatrick

***Whether Americans Are Forced To Rely*** on imports is debatable. If we are forced so, it is, arguably, because government policies have been used to influence policies of other governments, and, consequently, have phlebotomized their way into tariff (trade tax) price structures. Consumers, ultimately, bear cost of tariff (trade taxes). Governments can have no financial benefits from boycotts.

“Resistance to tyranny is service to God.”  
~ **James Madison**

**People proposing To Live In Liberty** do not allow legislators - or other public officials within These United States of America, to enter into defined-benefit contracts with collective bargaining units to confiscate American's property. They exercise citizen sovereignty to protect their property.

[During the 20th century] ... “170 million men, women, and children have been shot, beaten, tortured, knifed, burned, starved, frozen, crushed, or worked to death; buried alive, drowned, hung, bombed, or killed in any other of the myriad ways governments have inflicted death on unarmed, helpless citizens and foreigners.”

**No Worse Vice Than Advice. Unless** whoever is offering advice knows their subject. “Our, the American People’s” friendly AI data reference library attributes worst vice is advice as attributable to English Poet Joun Milton. Why there is no worse vice than advice is up for grabs by they who are credentialled in matters of philosophical intellectualism, or, are busy, productive toilers of soil.

“Through an unwieldy combination of big government, big military, big business, big labor and big cities, we have created an unworkable mega-nation which defies central management and control.”

**Media Tells “Us, the American People”** – those of us who are genuinely intent on helping – we ought refrain from giving advice in favor of learning, exactly, how it is those our bleeding hearts would give our help would tell us they might need our advice. Especially those things involving our voting choices, and, of similar import, our leanings in matters of Faith. After all, some of us are just ... right.

Cognitive dissonance causes people to question their reasons for their behavioral choices. Then, assure doubters they are purveyors of truth.

12-31-2025

2026 is going to be an important and historic year for the United States of America. As usual, I've been thinking about this new year and how I can improve myself. The usual resolutions come to mind; lose weight, eat healthier, be kinder, declutter my home, sign up more advertisers for CSC Talk Radio, exercise more, read more, finish those unfinished projects, and maybe memorize a few scriptures. Most people who still play this game make the same promises to themselves; some are successful and others give up quickly.

I'm excited for what President Trump has been saying about our future. I know nothing about how to fix the economy; I do know our economy is broke and so are many of us Americans. I do know that President Trump needs all of us to do our part to back him up and see to it that our elected officials back him up too. 2026 will be the midterm elections. While the Republicans have not proven themselves worthy of our support, the democrats have shown us only contempt. Yes, they hate President Trump but more than that, they hate all 80-plus millions of Americans who elected him. Their disdain for Americans and in particular female Americans and all those white men, has grown obvious. Their love for Marxism is proof of their hate for our Constitution of the United States of America. They prefer illegal aliens over American citizens; which says a lot to us as well. They also seem to be involved in a great deal of fraud; taking from the taxpaying citizens and giving the money to the illegal (unproductive) aliens. Not one democrat candidate deserves the vote of any American!

### **Upgrade to paid**

If we were to make a list to better our nation in this historic year of 2026, what would that list look like?

#### **Prioritize my life for my country**

Place God First

Country

Family

Yes, that is the proper order! If we do not place God first and our country's needs next, our families will forever be enslaved to the ungodly who are trying to take over our nation.

#### **Diet: Lose weight and eat healthier**

Cut government fat by cutting the fat programs.

Make America Healthier again by demanding the USDA and the FDA do their job and stop the poisoning of the food.

Demand that elected officials stop protecting their Big Pharma donors and start protecting the American People!

Declutter D.C. by removing the bureaucratic nonessentials and dissolving departments that are no longer productive.

### **Lower all Taxes for all Americans**

*We Love No Tax on Tips and No Tax on Overtime* – Make sure your state abides by this and make sure the DC Occupiers implement these policies into law!

Free up our money by getting serious against all fraud. Stolen government money is stealing from the American people and taxpayers. Money fraudulently taken from government programs hurts those who are truly in need.

Punish the criminals, no matter who they are or what their titles may be.

### **Removing bad habits and bad behavior...**

Never vote for any democrat candidate for any elected position.

Stop supporting the lying media outlets by actively calling their advertisers and warning them of boycotts. (yes... this is an honest way to punish lying medias)

### **Exercise**

Be a more active citizen and keep those elected officials on speed dial. 202-224-3121.

Get out and vote; exercise your duty as a citizen of the United States of America! **“Consent of the Governed.”**

Support candidates that are honest about supporting President Trump and truly believe in our Constitutional Republic.

### **Embrace Independence**

Let's minimize the welfare programs and all those so-called government subsidies, which are making Americans dependent on government programs - Socialism!

Support those news outlets that are standing for God and Constitution.

### **Do More Reading**

Refamiliarize yourself with our Founding Documents: **The Declaration of Independence, the Constitution and the Bill of Rights.**

**Upgrade to paid**

These are once again the times that try men's souls!

Vow in 2026 to not be a sunshine patriot or a summer soldier who will shrink from the service of their country. Instead, be the patriot who will stand for Liberty and freedom. Yes, tyranny like hell is not easily conquered... and we find ourselves once again under such. But as Thomas Paine wrote, *yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly: it is dearness only that gives every thing its value.*

Americans have had it easy for a very long time. There are now enemies within that are fighting nonstop to end this great nation. The illegal aliens are enemies, but the most dangerous enemy to this nation is the Democrat Party and the globalists who dwell within the halls of our government. They do not want **We the People** to take our rightful place and exercise our duty to reign them in - **Consent of the Governed**.

We were established as a Constitutional Republic; you must be very leery of those who continue to refer to the United States as a democracy... that is a false term for which they are attempting to confuse and gaslight **We the People**.

*Liberty is always in the hands of the people but first it must be a longing and a lust within their hearts.*

Do you long to be free? Do you long to be a sovereign independent citizen?

2026 is the perfect time for **We the People** to commit to our New Year's Revolution and **Bring America Home©**.

Happy New Year from CSC Talk Radio: Beth Ann and Rudy
