***Those Of “Us, the American People”*** who find government to be sheer altruism could be in for a shock when putting government purpose queries to friendly AI sources. Those of us seeing government’s purpose to control people’s behavior with selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) would be not shocked. People do not put themselves second. Do not.

“If one really wishes to know how justice is administered in a country, one does not question the policemen, the lawyers, the judges, or the protected members of the middle class. One goes to the unprotected – those, precisely, who need the law’s protection most! – and listens to their testimony.”

***History, References Referenced Accurate, Documents*** and documentaries authentic, people have exerted force over people since people made their galactic appearance. Justification for use of force

has been sewn into use of force by they who find their fellow human beings lacking. Possibly most sinister of justification is deeply rooted in demonic personal attitudes, values, and beliefs (PAVB).

Officials say, "The conversion of mosques into public toilets is a necessary step in eradicating the 7th century old superstition that chains the masses to backward thinking, delusions and mental illness"

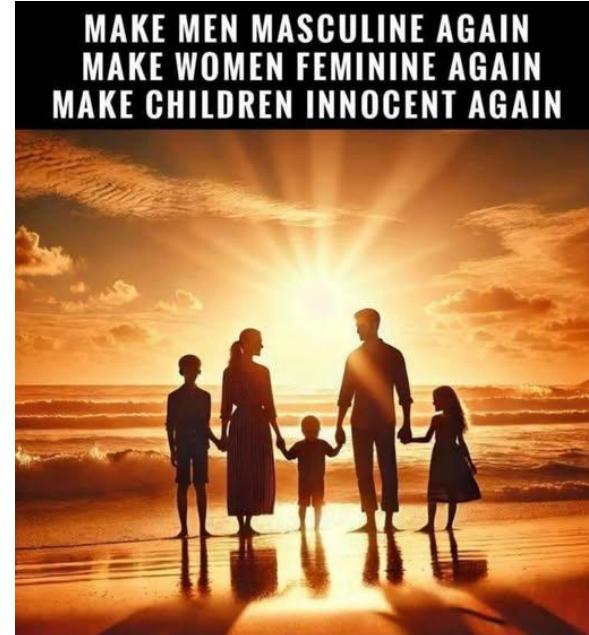

“We, the American People” have, in theory, harnessed use of force through America’s commonwealth, federal (U.S./National), and state Constitutions. So committed are we to principles articulated in America’s Constitutions, we require people who are elected to government offices to take oaths of allegiance and enforcement. They taking oaths do not set aside their PAVB; rather, apply their PAVB.

“Political elections do not choose leaders of society. Rather, they are an exercise in which groups of people choose individuals who will assist them in looting other groups of individuals, those folks who were unfortunate enough not to be able to elect their own political strongman.”

Why is a foreign born person who's technically still not even an American citizen sitting on a federal bench issuing unconstitutional rulings against a sitting president, and why are we even listening to this idiot?

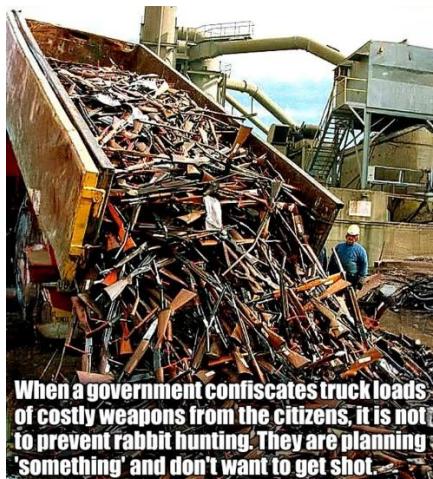

**"Our, the American People's"** devotion to our representative Constitutional republic government form is, in large measure, due to our conviction our Constitutional core is divinely inspired. Every law, every court action, every government executive decision is, in theory, Constitutionally underwritten, with use of force to uphold those measures implicit. Bickering over Constitutionality began Day One.

“On foreign policy, trade, immigration, Big Government, we have one-party government, one party press; and conservatives are being played for suckers.”

**Side Hustling:** a type of raw-theft where an employer thinks they are hiring a full time person, yet unbeknownst to them, they are only getting part of the paid hours. The 'side hustler' is selling-out for additional income, often using company equipment. A side hustler may be charging two or more people for the same hours. Side hustling is a rampant scam in non-profit and government organizations.

When a government confiscates truck loads of costly weapons from the citizens, it is not to prevent rabbit hunting. They are planning 'something' and don't want to get shot.

**We, the American People,** if we care to look about, can find on-going media articles on evils brought to fore by President Donald J. Trump's tariff (trade tax) policies. Not least being articles on how President Donald J. swings back and forth on how tariffs (trade taxes) shall be applied. Articles cover how President Donald J.'s tariffs (trade taxes) have hurt America and other countries. economically.

**It Would Be Smart, Really Smart,** for “Us, the American People,” along with people everywhere, to recognize tariffs (trade taxes are first and foremost, taxes. All taxes are designed to (1) put money in government coffers, and (2) serve to exert government power through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). SADLT&R undermines choice.

“But today’s politicians know the system is rotted, and yet they refuse to make the changes necessary to free the American people from it. Instead, they make it worse.”

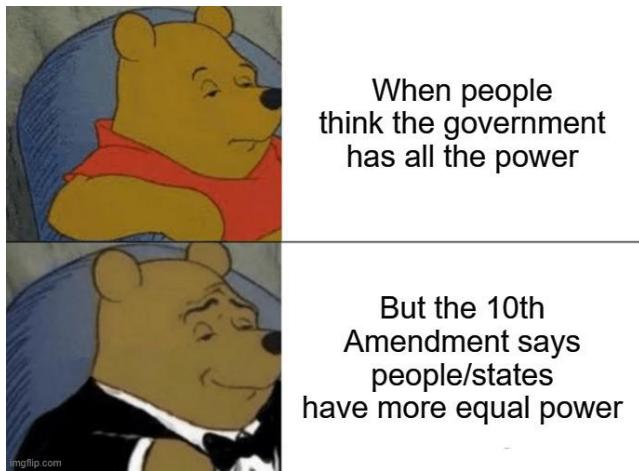

~ ***Ed Clark***

*“Our, the American People’s”* self-acclaimed government dedicated to upholding life, liberty, and pursuit of happiness is no different in one vital aspect from any government. All government is established to control people’s behavior by confiscating property (wealth) and restricting choice (Liberty). WE are hopelessly naïve to think, or expect, government to operate to underwrite freedom.

“While the feds ... leave Social Security off their books, the government’s obligation to make benefit payments to current and near-term Social Security recipients is certainly no less real than its obligation to pay interest on its Treasury bonds.”

*President Donald J. Trump Tariff* (trade tax) policies are designed – like tariff (trade tax) policies of any government – to give an invoking country a trade advantage over other countries. Moreover, to influence other government’s policies to increase political leverage of tariff (trade tax) invoking countries. Ordinary people (consumers) could negate tariffs (trade taxes) by snubbing imports.

Respect is gone in America.

As I was going through the news this morning there was an article that had a picture of young girls demonstrating for the abortion pill. They were standing in front of a large sign, posing with a pill in their hands boasting, *“We are taking abortion pills!”*

What I saw there was sad. These young women have absolutely no respect for themselves or the life that will be terminated. They hold no value in themselves. Their decisions are all about the now; selfishly not looking forward to the unintended consequences or the health issues that might follow.

America has raised a couple of generations of women and men who have no honor for themselves or others. What will the future bring when there is no value or respect for life?

Americans have thrown away our heritage as a Christians nation. America no longer understands the words:

*“We hold these truths to be self-evident, that **all men are created equal, that they are endowed by their Creator** (God) with certain unalienable rights, that among these are **life, liberty, and the pursuit of happiness.**”*

Americans have lost pride in our nation. We have no respect for the Founding Documents. If we turn away from or deny our Creator God, we have no morals and there is no truth and there is no love. Without morals there is no longer any:

Respect for the laws

Respect for others

Respect for authority

Respect for life

Respect for Liberty

We have lost respect and rejected personal responsibility. Integrity is out the window, as people and organizations just care about themselves and fear not the “unintended consequences” of their decisions and actions.

Have you ever wondered WHY abortion is an issue? Why is abortion said to be a right? Why does the life that is being disposed of have no value? We know abortion has little to nothing to do with the health of the female. Abortion is for convenience. The pregnancy is the unintended consequence of promiscuous living.

The ME factor takes over and nothing and nobody else matters! The WOKE theology is all about selfishness and perversion of self-gratification, regardless of the consequences.

If you’re a heavy smoker you might get lung cancer, if you have sex you might get pregnant. Responsibility begins before the decision to have sex.

Why do they feel the need to sell abortion pills instead of birth control pills? Why is there no responsibility with their sex lives? They tell us abortion is a right, but there is never any mention of their responsibility prior to conception. They ignore the words “life” and “liberty” and totally misconstrue the meaning of “pursuit of happiness!”

It is disgusting to watch the “nasty women” brag of their “RIGHT” to have abortions and their “my body my choice” attitudes. It’s very sad that they have absolutely no self-respect and hold no value in their own bodies and their own life.

The WOKE culture holds no respect for women. They can’t even define what a woman is, yet they say a man can be one, if he wants. Women are losing their individuality and because of that they see no value in themselves as persons. The LEFT and the WOKE are only concerned about the right to kill the unborn life within the womb of a woman.

When they place no value on life, there’s no respect for the law, and crime rises. Those who are stealing, shoplifting, carjacking, committing home robberies and other thefts, those who drink and drive, murder, rape, along with other crimes have no respect for law, life, or self!

Dignity is gone as there is no respect for hard work and no value put on it. People would rather stay home and receive government assistance. Employers are not respected by employees and employees are not respected by employers.

Those in retail have little respect for their customers and customers will take advantage of the retailers.

Mega corporations cater not to their consumers but spend dollars on WOKE causes that hurt their consumers and their bottom line. Why do they do that?

American politicians have no respect for their constituents and their constituents have lost faith in, and respect for, those who are supposed to represent them.

Government has grown large and has become America's queen Antionette, refusing to put America and Americans first. They instead pledge their allegiance to lobbyists with BIG MONEY and agendas. They prefer to do business with foreign entities over America's wellbeing. With your money they have spent this nation into an unsustainable debt. They show no signs of stopping their frivolous spending.

When Adam and Eve sinned they hid from God because they suddenly recognized their nakedness. WHY? Maybe for the first time, they looked at themselves instead of God. Selfishness and envy was the original sin because they wanted to be like God! They lost respect for God and themselves, quickly blaming each other and that sneaky serpent (satan) for their actions. An animal was sacrificed, by God, to cover their nakedness...to cover their sin.

Respect begins with love, love of God and others. Americans are a very generous people, but we are quickly becoming very unloving and selfish. America, where is your love?

***“Do to others whatever you would like them to do to you. This is the essence of all that is taught in the law and the prophets.” Matthew 7:12 (KJV)***

***“Be devoted to one another in love. Honor one another above yourselves. Never be lacking in zeal, but keep your spiritual fervor, serving the Lord. Be joyful in hope, patient in affliction, faithful in prayer.” Romans 12:10-12 (KJV)***

**“I Tell Ya, I Get No Respect!”**

I did not intend this to be a negative article, I simply wanted to point out that we lack respect, dignity, and pride in our nation these days. I personally believe it is because we have failed to follow God. I was hurting for the young girls in the

photo I spoke about earlier. They are protesting loudly FOR something which is actually meant to demean their value as humans, as females.

We must restore pride in America! We must remember that God did create all of us equally. We must respect and value our lives and the lives of others. As the old saying goes, “God don’t make no junk.”

We most certainly can change this attitude by practicing respect and loving our fellow Americans, and...

**There Is A Provoking Media Article** making rounds. Article goes into lengthy detail on how GOP office holders and candidate will suffer Election 2026 losses because of hardball politics and failing to understand how “We, the American People” take part in America’s political system, mainly, by taking time to win local voter sentiment, then moving upward through political party nomination hierarchies.
