**If There Is Anything More Than Uncertainty** to cause uncertainty on Wall Street and like trading places, such uncertainty has not been discovered. Or, nailed. “Our, the American People’s” tariffs

(trade taxes) fall into market uncertainty category. Tariffs (trade taxes), like any taxes, impact consumer prices. Investors have reason to be cautious when consumer prices are pushed upward,

“I say one evil empire down ... one to go.”

~ *Michael Moore*

*Media Are Reporting To “Us, the American People”* federal government revenue attributed to tariffs (trade taxes) is falling off, and markets are reacting favorably. Inflation moderation looks to be why markets favor tariff (trade tax) revenue fall-off. President Donald J. Trump’s tariff ((trade tax) policies have come under media-reported fire since their inception, early 2025. Uncertainty breeds uncertainty.

“The laws of economics tell us that the expansion of the central state can’t go on forever.”

~ *Llewellyn H. Rockwell, Jr.*

**“Our, the American People’s”** President Donald J Trump has vowed to normalize tariffs (trade taxes) causing America to be at a trade disadvantage. Once all chips are in, tariff (trade tax) revenue is projected to reach some \$300B for all 2025. \$300B would be a big bite off America’s projected \$439B deficit. \$300B would be a little bite out of America’s \$37.8T national debt – 1¼ century amortization.

“What has happened around the world – nations states collapsing, markets outwitting planners, citizens rising up against government masters – can and is happening here at home.”

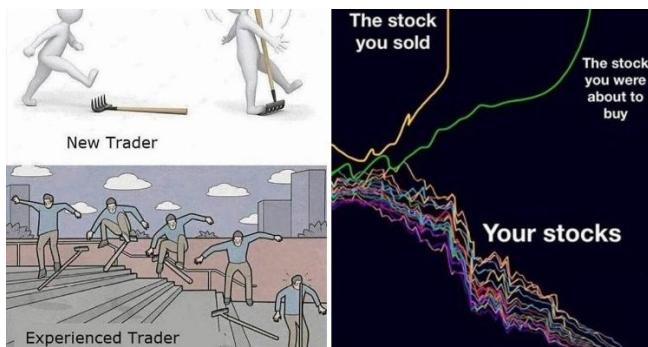

~ **Llewellyn H. Rockwell, Jr.**

**Markets (Any Place Where Goods** and services are exchanged for goods and services), by definition, produce fair prices to they trading goods and services for goods and services. Allowing third parties, like governments) to set prices distorts otherwise fair (mutually acceptable) prices between traders. We have no reason to expect market (trade) fairness would not take place absent ideological aberration.

“In order to become the master, the politician poses as the servant.”

~ **Charles de Gaulle**

**People Intending To Live In Liberty** do not allow legislators - or other public officials within These United States of America, to remain in office if they break their word to their constituents. We're Not Supposed To Covet other people's property (wealth). At least not if we are faithful members of typical Faiths, such as Judaism or Islam. Reason is, basically, being covetous corrupts one's soul with greed and depravation. Wealth redistribution zealots, arguably, would argue not so. Wealth redistribution is a simple matter of altruism through government benevolence funded from excess.

The world's dictators, such as the evil Russian President Vladimir Putin, Xi Jinping from China, Ex-guerrilla Colombian President Gustavo Petro, and others, are standing with the Democrats in condemning President Trump for capturing the Venezuelan dictator Nicolás Maduro and his wife. Maduro lost his last election but refused to leave office and "went after" the one who won that election, María Corina Machado, the recent Nobel Peace Prize winner. All the world knows Maduro is a fraudulent president and an evil dictator. Because democrats fear and hate President Donald Trump, they agree with world dictators, and they'd rather see a ruthless dictator continue to destroy his country, put contracts out on American politicians, and kill hundreds of thousands of Americans with their drug poisoning.

Maduro forced his way to the top in Venezuela (not a duly elected president). Once in office, Maduro began stealing from the people. Citizens in Venezuela are oppressed and hungry. Compare this dictator to the democrats in America. We are finding out about our own US election of 2020. Evidence is being uncovered of how the votes were forged and/or stolen. Democrats, along with a few of their globalist RINO friends, aka Mike Pence, colluded in the theft of our USA election in 2020. For years, those who dared question the election were punished by the dictator democrat regime that took office.

For all the talk of how bad dictator Putin is, Hillary colluded with Russia to put together a "dossier" framing President Trump. All was a lie, for which Hillary and the Democrat Party paid money for. President Obama played the part of the evil dictator as he approved and assisted in the cabal against President Trump.

The democrats, like most dictators, have no problem with murderers, rapists or illegal aliens... WHY? Because they like murderers, rapists, drug traffickers and human traffickers. These evil doers assist with the democrat-dictator narrative. The democrats no longer believe in the Constitution of the United States of America. They are forthright (mostly) in telling us that they are socialists; truth is they are Marxist communists. They do not believe in Property Rights, the First Amendment, the Second Amendment or any of the Bill of Rights. Our Constitution is not at all compatible with Marxism; in fact, it is the total

opposite. So when a democrat takes the oath of office and promises to protect and preserve the Constitution of the United States of America... they are lying! Dictators always lie!

Democrats are in love with drug dealers and addicted druggies; in fact they hail them as heroes. Remember George Floyd? He died of an overdose, but the democrats made sure it was blamed on those police officers. George Floyd was not strangled; he suffocated from the drugs he took; it's called an overdose death. Democrats, however, would not allow the true autopsy report to be given in court; the report that revealed George Floyd died of an overdose. There was no bruising on his throat and no collapse of his airway. Those three police officers are still in jail today.

If you remember, this was the summer of love in 2020. The democrats longing for their dictatorship, allowed and encouraged the burning down of Minneapolis and other major cities in this nation.

Remember how Governor Walz's wife said she opened the windows so she could smell the smoke as the protestors (mostly peaceful pyromaniacs) burned down the city of Minneapolis – took out a police precinct and left the city in ruins. BUT the democrats LOVED IT! They erected a statue of the violent, druggie George Floyd; claimed he was a hero. What happened to the officers? Officer Derek Chauvin remains in prison. The other three officers involved, Tou Thao, J. Alexander Kueng, and Thomas Lane, have all been released after completing their federal and state sentences. This is what dictators do; the false conviction of these police officers helped the democrats' narrative and were nothing more than collateral damage; lives ruined...a small price to pay for democrat-dictators.

#### **Upgrade to paid**

Democrats support rich dictators. That's why they elected Mamdani and other radical Islamists around the country. These people will never follow our constitution, they hate it, they hate Christianity and they hate all Jewish people.

Mamdani, the newly elected mayor of New York City (way to go New Yorkers), you did it your way... and this dictator will soon have it his way! Mamdani says he called President Trump to express his disapproval of the capturing of evil dictator Maduro and his wife. *It's*

*so cute when the children think they have power.* I wish I'd have been a fly on the wall to hear **what Daddy President Trump** said to him.

I saw a very old lady protesting and screaming, demanding Maduro's release. She's nothing more than a NYC communist, which got me to thinkin' ~ Lazy Americans, like that old lady, want government to take care of them, they do not believe in independence. They protest Maduro's arrest. They ignore that Venezuelan people are starving. They disregard the hundreds of thousands of Americans who died from the drug overdoses, and the many homeless in America addicted to these drugs, who are totally lost, their lives ruined. But as long as these old communist ladies and the young communist educated college gals have government taking care of them, they couldn't care less about others in this nation or in Venezuela.

Guess who also doesn't care about others? Murderers, (serial killers) and rapists, and dictators like Putin and China's president - Xi Jinping and democrats!

BTW: **Gov. Tim Walz, a Democrat**, said he talked with his family and team and concluded that he cannot focus on winning reelection. Minnesota's governor announced today that he would not run for another term.

"Every minute I spend defending my own political interests would be a minute I can't spend defending the people of Minnesota against the **criminals who prey on our generosity** and the cynics who prey on our differences," Walz said in a statement posted to X. He continued, "So, I've decided to step out of the race and let others worry about the election while I focus on the work."

Is Walz referring to the Minnesota daycare fraud cartel? Is he referring to the redistribution of wealth via government fraud? Taking Tax dollars from Americans and giving those dollars to empty daycares? Guess who else likes to redistribute wealth and take from the people... Maduro!

Maduro stole the wealth from Venezuelans. Democrats have done the same with American tax dollars. We need look no further than the empty Minnesota daycare centers; fraudulently raking in billions of honest taxpayer dollars and (it appears) sending that

money to Somalia to fund anti-American terrorist groups. It doesn't get any more evil-dictator than that, now does it?

The democrats are now trying to convince Americans that President Trump, not Maduro, is an evil dictator. Little Georgie Stephanopoulos tried to trip up Secretary of State Marco Rubio, but he wasn't quite smart enough. Georgie asked the same question numerous times, (who will be running Venezuela) and each time he looked more idiotic and revealed his ignorance.

Georgie-Porgy puddin' and pie,  
Makes sure his news copy is full of lies!  
He slants the truth, disrespects his guests,  
All to fit his communist narrative best.

**Upgrade to paid**

The democrats defend and share margaritas with the illegal alien **Kilmar Abrego Garcia**; wife beater, human trafficker and MS-13 gang member. Their law-ignoring judges constantly help illegals escape and try to block President Trump from carrying out his promise to Americans to send the worst of the worst out of this nation. That's exactly what a dictator would do! Oh, and remember when TWICE they tried to kill President Trump? President Trump didn't try to kill Maduro, he just had his team bring him to jail, so that he can be tried in a court of law. Hey, isn't that what Rand Paul was demanding for the narco-boat-terrorists? They need to have a day in court... It has been rumored that Maduro had a contract on Senator Marco Rubio... yep, evil dictator. I think it's safe to say that...democrats have a lot in common with serial killers, rapists, violent protestors and evil dictators... why else would they constantly defend them, and block legislation to condemn them?

Honestly, I am grateful that we have a real President running our nation instead of a group of idiotic oligarchy communist-globalists. It feels good (even if you don't understand or agree with everything) to know there is one man, who loves America, in charge. I personally believe President Trump's current administration is the best, perfect no, but the best we've had in many decades!

Democrats will continue to show their Marxist-communist colors. Do not be confused by their rhetoric and their lies.

Stand proud and tall America. What happened in Venezuela is the opposite of what happened in Afghanistan. Our military did us proud. While old-lady-NYC-socialists and communist-college-educated young gals are screaming for Maduro's release, Venezuelans are dancing to "YMCA" in the streets...

~ **Henry David Thoreau**

**It's A Conundrum. How It Is** “We, the American People” who are considered ‘the rich’ legally avoid paying fair share taxes. Fair share taxes – and how people avoid paying them – is a common topic in media articles. As it turns out, fair taxes are defined by America’s legislatures. Paying a Fair Share Act of 2025, supposedly compels America’s renowned IRS to collect fair share taxes from everyone.

“Voters who live off taxpayers are the Democrats’ ace in the hole. The Democrats created big programs and never let the recipients forget it. This gives them an initial advantage of tens of millions of votes in any presidential election.”

~ **Joseph Sobran**

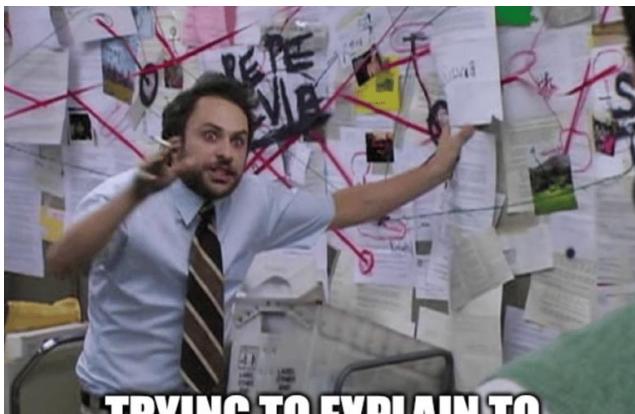

## **TRYING TO EXPLAIN TO A CLIENT HOW TAX LAWS WORK**

*References Referenced Accurate, There Is* something called The Fair Tax proposal, introduced a quarter century back by a Congressional legislator, titillating deep thinkers. Said proposal would do away with “Our, the American People’s” federal income tax in favor of a single federal sales tax. Tax fairness under said proposal would be by giving people tax rebates based on their needful qualifications.

“Today the only countries without strong multiparty political systems are the United States and a number of third world military dictatorships.”

~ *Thomas H. Naylor*

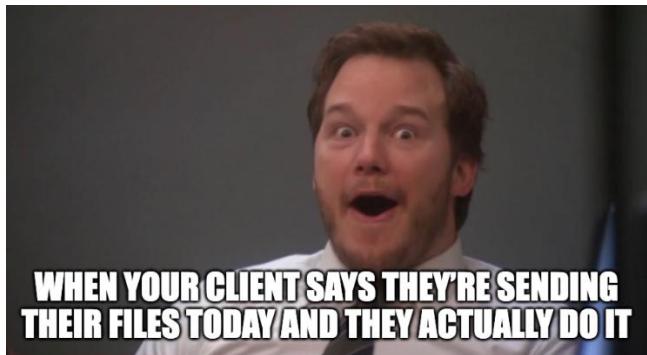

## **TRYING TO EXPLAIN TO A CLIENT HOW TAX LAWS WORK**

*Be It Paying a Fair Share Act of 2025* or The Fair Yax proposal, or other scheme to levy fairness in taxation, it would be smart for “Us, the American People” to recognize fair taxation stratagems boil down to a common thrust. Taking more from those who have more. How this amounts to fairness is anybody’s guess. Wouldn’t be surprising legislative office candidates would see it getting them votes.

“Vote for the man who promises least; he’ll be the least disappointing.”

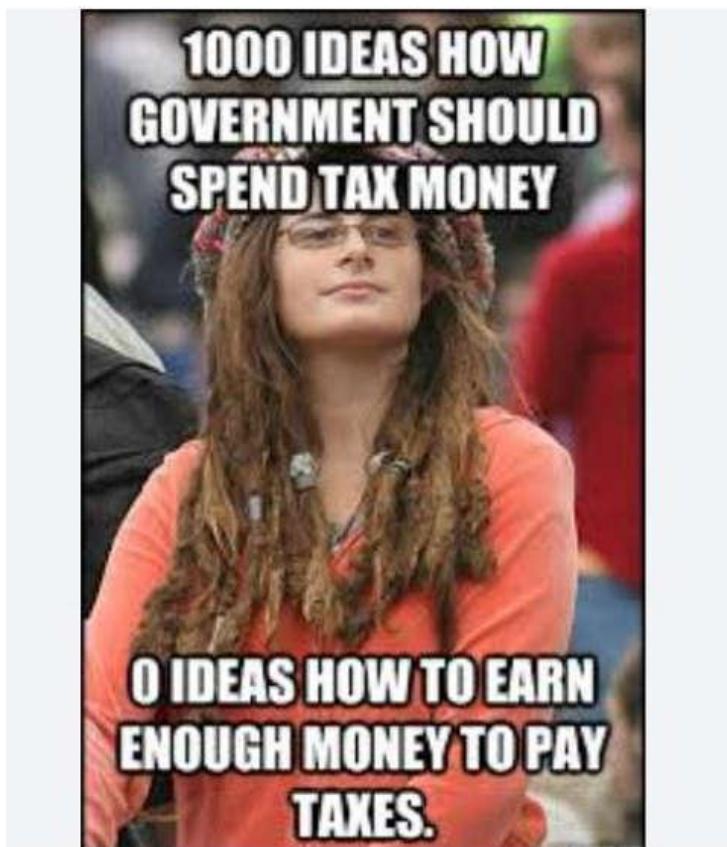

~ *Bernard Baruch*

*Arguably, Tax Fairness Is Rarely*, if ever, defined by those who stand to pay most to have tax fairness come about. All said and done, there's no tax levied, nor will there ever be a tax levied, not paid by people who forfeit their property (wealth) to get goods and services. Doubtful many would agree they should pay more for a Big Mac than others pay. But government can make it so, fairly or not fairly.

“It is indeed a singular thing that people wish to pass laws to nullify the disagreeable consequences that the law of responsibility entails.”

~ *Frederic Bastiat*

*People Intending To Live In Liberty* do not allow legislators - or other public officials within These United States of America, to interfere in health matters between private citizens and their physicians. They uphold their right to make their medical decisions, unconstrained by government.
