If one of the States chose to withdraw its name from the contract, it would be difficult to disprove its right of doing so ...”

I PAID THE

NOW I'VE GOT A
PLACE TO STARVE
TO DEATH.

Nuts. Whacky. Batty. Barmy. Cracked. Pick an adjective to describe Big Apple's mayoral-appointed Mayor's Office to Protect Tenants Czar. "Our, the American People's" media characterize Cea Weaver as a lunatic. Media assessment of Big Apple Office to Protect Tenants top dog as declaring rental control as a solution to virtually everything. Weaver means, says media, public housing for everyone.

"I expect to see trade wars, foreign policy disasters, a few race riots, a decrease in personal liberty, higher taxes, higher inflation and probably, economic collapse. The silver lining is, secession will probably become more feasible."

~ *Charley Reese*

Weaver, Media Coverage Verifiable, Contends Mayor's Office to Protect Tenants Czar Weaver is a racist who has a particular disdain for supposed white supremacy, and, in particular, racist white men. Weaver's claim is whites are responsible for systemic racism, and, by acquiring property, are responsible for a minorities housing crisis. Weaver would have government appropriate such property.

“Up until the late unpleasantness of the Civil war, then, the right of secession was more or less taken for granted in many quarters, and there has never been any amendment or even a Supreme Court decision saying it's improper.”

~ *Samuel Francis*

Weaver's Plan, Say Media Critics, is two-pronged. First, set impossible rental property maintenance standards with inadequate rental price controls. Second, declare undermaintained properties sub-standard for occupancy, and confiscate sub-standard properties for government ownership. Tactic would support a long-standing communism goal of eliminating private property ownership entirely.

“If there be any among us who wish to dissolve the Union or to change its republican form, let them stand undisturbed, as monuments of the safety with which error of opinion may be tolerated where reason is left free to combat it.”

~ *Thomas Jefferson's*

Media Have It Mayor's Office to Protect Tenants Czar Cia Weaver is a perfect match for newly elected Big Apple Mayor Zohran Mamdani, whose critics contend Mamdani apologists would say Mamdani is not a communist, rather, is a 'communitarian; he's not a socialist, rather, a democratic socialist. No matter how characterized, "We, the American People" would be smart to see Mamdani as despotic.

"If [the Declaration of Independence] justifies the secession from the British empire of 3,000,000 of colonists in 1776, we do not see why it would not justify the secession of 5,000,000 of Southrons from the Federal Union in 1861."

~ *New York Tribune, December 17, 1860*

People Poised To Live In Liberty would not allow legislators - or other public officials within These United States of America, to interfere in business matters between private citizens in any way so long as those dealings are free of fraudulent behavior by all parties and do not encourage threats to national security by foreign powers or known enemies of These United States of America.. They would exercise citizen sovereignty and protect their property.

"The United States has become too big, too authoritarian, and too undemocratic. Its states assume too little responsibility for the solution of their own social, economic, and political problems."

"We, the American People" as, a nation – a sovereign nation – are not a democracy. More specifically, we are not a direct democracy. Because America's founders, according to media coverage, decided there needed to be a body we know as America's a Electoral College (EC) introduced to act as a buffer, of sorts, to keep America's popular majority from getting out of hand, i.e., making bad voting decisions.

UNBURDENED

We should be unburdened by those who would destroy our Constitutional Republic

The coup for democracy continues to march forward. Americans’ votes apparently are not a part of the “democracy,” for which the democrats claim to protect. Democracy is majority rule or MOB rule, but the democrats prefer to be unburdened by a majority of voters and who they might choose or have already primaried to be their presidential candidate. Democrats and politicians in general, despise the phrase, *Consent of the Governed*, as they actually prefer to be unburdened from such a radical idea that *the people should rule over the elected*.

A wise person who admired America wrote, “***When the past no longer illuminates the future, the spirit walks in darkness.***” [Alexis de Tocqueville](#)

A socialist-globalist who actually hates America stated over and over and over again, “***We have the ability to see what can be, unburdened by what has been, and then to make the possible actually happen.***” Kamala Harris

Today's democrat politicians are working to rewrite the past or be unburdened by America's history, in order to achieve a future that is anti-American and reckless. Be not fooled by the democrats' chants for democracy, which according to our founding fathers is a bad thing. Democrats will continue to make promises (not keep them) and build bigger government, increasing the bureaucracy. Bureaucracy rules over the people, without the consent of the people; we do not vote them in and they do not represent We the People. The bureaucrats only represent and work for this fake established government system, which the democrats call democracy.

The future of America, which many politicians envision today is the opposite of what our Founding Fathers envisioned and created.

Alexander Hamilton wrote, “**Our real Disease is Democracy, the poison of which by a subdivision will only be the more concentrated in each part, and consequently the more virulent.**” (infectious)

James Madison stated, “**It is, that in a democracy, the people meet and exercise the government in person; in a republic, they assemble and administer it by their representatives and agents. A democracy,**

consequently, will be confined to a small spot. (power will be concentrated not separated) **A republic may be extended over a large region.”**

In the words of James Madison: **“The accumulation of all powers, legislative, executive, and judiciary, in the same hands, whether of one, a few, or many, and whether hereditary, self-appointed, or elective, may justly be pronounced the very definition of tyranny.”**

Democracy, bureaucracy, which wants to accumulate all power is tyranny! I wish the republicans would stop talking about democracy in such a positive way.

The democrats want to continue to accumulate power, thus their intentions to “fix” the Supreme Court.

“Democracy is nothing more than mob rule, where 51% of the people may take away the rights of the other 49%.” Thomas Jefferson.... who also wrote:

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. --That to secure these rights, Governments are instituted among Men, deriving their just powers from the **consent of the governed...**”

That was an important and powerful statement found within our great Declaration of Independence. The democrats wish to be unburdened from such words that promote Liberty, Sovereignty and Independence.

In the past, America, as well as other nations, have fought wars; wars fought to unburden people from dictators and ruthless leaders. We see great conflicts going on in this world again today. It is confusing to me that many people can be fooled into self-bondage to government, but then that is the character of democracy.

“A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves largesse from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship. The average age of the world's greatest civilizations has been 200 years. These nations have progressed through this sequence: From bondage to spiritual faith; From spiritual faith to great courage; From courage to liberty; From liberty to abundance; From abundance to selfishness; From selfishness to apathy; From apathy to dependence; From dependence back into bondage.”

— **Alexander Fraser Tytler**

If we listen to people like Kamala, we will learn nothing from our past. Should we not gain some wisdom from past political mistakes and past wars? Many within our government now are openly socialist or communists, and push this idea of government rule, which has never ever been successful in any nation, at least not for the citizens of such nations. They have a globalist plan, which is no less diabolical than Hitler's plan or of other “ambitious” and ruthless leaders of the past.

We should never be unburdened from or unknowledgeable of the past, for the past is always a part of our future, and if it is not, our future will be a disaster in every way.

We should, however, be unburdened by those who would destroy our Constitutional Republic in order to “save their democracy” and rule over **We the People**. Today's democracy (our established bureaucratic government) is nothing more than an oligarchy-dictatorship set out to rule over **We the People**; they have no intention of representing the people or protecting our Constitutional Republic form of government.

If there's one thing these last several years has taught us, it should be the ruthlessness of the democrat party or the “established government.” They cheat

in elections, they hold FAKE trials against a sitting president, they attack political opponents using lawfare to punish, break and destroy. They will even encourage assassinations or attempted assassinations of the political opponent who they see as a threat to “democracy.” This is not only democrats; however, they are the ones currently in charge. Liz Cheney, Mitt Romney, and Paul Ryan have all made mention that Trump should not be allowed to ever enter the oval office again, at any cost he must be stopped. Strong and arrogant words; are they such dictators as to overrule the will of the people of the United States of America? Before his passing, the late Senator John McCain helped to distribute the FAKE dossier against President Trump.

Be unburdened America, from politicians who speak out against our nation and plot to “Fundamentally Change America.”

Be unburdened from this oligarchy government and let us once again be a free and independent nation and people.

The past from which we need to be unburdened is the Biden-Kamala-Obama-Clinton-Pelosi-Sanders-Schumer regime. America will not survive another four years of fundamental change.

Hold fast to our Constitutional Republic and reject the gaslighting. Boycott those medias who will lie to you day in and day out. Boycott their advertisers. If

you wish to invest, invest in medias and companies who will stand for America!
Demand truth from the media and demand truth from your politicians.

Hold fast to God, for He is the one that sets us free.

Hold fast to your country, America; for we were once a great nation because we were a good and exceptional people; don't allow the haters to tell you otherwise.

Hold fast and cling to your family! Teach your children well, teach them truth, instill in them Godly love and principles and teach them love of country. Explain to America's children that our work is also our personal property and it is our work that gives us self-worth and freedom.

Communists/muslims lie and have no remorse.

Media Reporting Accurate, Golden State Governor Gavin Newsome has warned “Us, the American People” America’s democracy will die if there is not comprehensive redistribution of wealth. Governor Newsome is not alone in his admonition. “Our government is an agency of delegated and strictly limited powers. Its founders did not look to its preservation by force; but the chain they wove to bind these States together was one of love and mutual good offices ...”

“We, the American People” who might take a skeptical view of Governor Newsome’s apocalyptic view of American democracy’s demise if wealth redistribution is not carried out could query a friendly AI source to learn how democracies tend to meet their end. Those who so inquire might find it unclear if wealth redistribution is crucial to sustaining America’s peculiar style of democracy.
