"No one knows what the heck a 'War on Terror' really means except the permanent institutionalization of the predictable paranoia of tyrants afraid their oppressed peasant classes will eventually wise up and shoot back."

~ *Vin Suprynowicz*

**One Of "Our, the American People's"** Congressional Senate legislators, during President-to-be Donald J. Trump's proposed Treasury Secretary hearing, claimed American workers and small businesses would pay tariff (trade tax) rates under President-to-be Trump tariff policy. Trump Treasury Secretary nominee argued foreign countries would pay most of Trump plan tariff (trade tax) increases.

"The elites are committed to a foreign policy that assumes American hegemony and the ever-present possibility of a U.S. military strike somewhere in the world, at any given moment. To any half-normal, ordinary American, such a foreign policy is just asking for trouble."

~ *Justin Raimondo*

Neither Congressional Senate Legislator nor President-to-be Donald J. Trump's Treasury Secretary nominee was completely correct. Trump Treasury nominee was least correct. "We, the American People" would be distracted if we entertained any number of tariff (trade tax) theories. No government pays taxes on anything. Workers and small businesses do pay for tariffs, because both are consumers.

"With him (Bush) at the wheel, Uncle Sam has become thought of as the SUV of nations: It hogs the road and guzzles the gas and periodically has to run over something -- such as another country -- to get to its Middle Eastern filling station."

~ *Mary McGrory*

*All Tax Revenue Comes From Consumers.* Prepaid taxes are, eventually, paid from consumer pockets. It doesn't matter how taxes are named, e.g., tariffs, or fees, or licenses, or permits, or stamps. Consumers, one way or other, directly or indirectly, pick up tax tab. It would be convoluted thinking for "Us, the American People" to view taxes in any other vein under any other light. Taxes are taxes.

"Virtually all of the specific economic policies advocated by the Italian and German fascists of the 1930s have also been adopted in the United States in some form, and continue to be adopted to this day."

~ *Thomas DiLorenzo*

**So, you think China  
will pay huge tariffs to  
the US. NOT! (Trump lied)**

**US companies pay higher  
taxes which are passed  
on to consumers. YOU pay!**

President-To-Be Donald J. Trump's tariff (trade tax) plan and Donald J.'s Treasury Secretary nominee's (if confirmed) tariff (trade tax) theory will be tested in America's market place. Should tariff-related commodity prices not increase under increased tariffs (trade taxes) it would mean foreign producers, along with dealers, were able to cut costs or lower profits. Costs-of-sales are paid, always.

"I don't accept that our foreign policy is the fault of the individual American – we have in some ways a dictatorship of the proletariat here in America, and the “dictator” is an elite class of state parasites who live for the benefits of massive national centralization, a super-sized standing military, and its grossly obese military-industrial establishment."

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to give quarter to, offer sanctuary to, or negotiate with terrorists. They dismiss elected leaders who put them at risk.

"You can make every demand, issue a million orders, exhaust every financial resource in the state's account, elevate some people and demote others, dress up in a military costume and make grand pronouncements from a glorified pedestal, cut off fingers, toes, and heads, but in the end, you can't make the economy perform in a way that serves the people unless you let market forces work."

***“We, the American People,”*** if America’s federal (U.S./National) Constitution is to be followed in strict accordance, do not have power to elect a representative we would choose to be America’s president for more than two terms of office. **A. Jointly exposing those who have fabricated indictments or covered them up, and their dynamics**

1. This is a call by a grand juror lawyer to abusees, class action lawyers, investigative journalists, professors, and students to join forces to expose those public officers who have participated in the fabrication of indictments based on [false and insufficient evidence](#) and/or its cover-up, including:

a. current NY State Chief Judge Rowan Wilson, [Chief Judge](#) Janet DiFiore; former acting Chief Judge Anthony Cannataro; each of the other Court of Appeal Associate Judges;

b. Bronx Administrative Justice Alvin Yearwood; Grand Jury Justice Laurence Busching;

c. current Chief Administrative Judge Joseph Zayas; former Chief Administrative Judge Lawrence Marks; Principal Administrative Secretary Tonya Speckhardt, et al.;

d. NY Police Department (NYPD) [Internal Affairs Bureau](#) (IAB) current Chief Miguel Iglesias and former Chief David Barrere; current [Commissioner Edward Caban](#) and former Commissioner Keechant Sewell, et al.;

e. former NYPD captain and current [NY City Mayor](#) Eric Adams;

f. Inspector General Sherrill Spatz, Esq., and Deputy Inspector General Carol Hamm, Esq., at the Office of Court Administration; and

g. [NY City Public Advocate](#) Jumaane Williams and his county counterparts; et al.

2. Since 28 May 2022, some thirty public officers, including entities, have been informed by [letter](#), email, and telephone of the fabricated indictments. A sample of email headers and text is collected in a [pdf file](#); the addressees' email addresses are in the bloc of addresses below. Nevertheless, the officers have failed to even reply to them, yet the facts are both compelling and outrageous:

a. I am a lawyer and hold a Ph.D. in law. I was a member of a grand jury in Bronx, NY City. I had the knowledge and was in a position to realize that the prosecutors and police officers had charged people with murder despite the absence of any evidence thereof: No footage of the crime or photos of the victim or the street crime scene, or incident or autopsy report. The footage of the restaurants flanking the street did not show a crowd of onlookers or vehicles of the police, the medical examiner, or crime scene investigators.

b. The indictment was sought in reliance on grand jurors' indifference and uncritical judgment. When I asked critical questions, the presenting and the supervising prosecutors referred me to the grand jury judge, who discharged me on the spot even though neither those prosecutors nor anybody else showed up to make any allegations against me.

c. I described these events in a 4,743-word, 8-page sworn statement and submitted it to the administrative judge. Late enough, he sent it to the grand jury judge, who with no discussion dismissed it on the trivial fact that the grand jury term had expired.

d. I filed a complaint with three [chief judges](#); the NYS and NYC administrative judges; two NYPD Internal Affairs Bureau chiefs and two [Commissioners](#); Bronx council members; public advocates and [defenders](#); [et al.](#), who have not replied. They are part of the defendant class as [accessories](#) who fail to investigate judges to avoid their retaliation.

e. The fabricated indictments are used in plea bargain to support baseless charges that can extort the defendants' agreement to the prosecutors' sought plea.

3. Their failure reveals that they have engaged in coordination consisting in harmonious conduct in furtherance of common interests. Circumstantial evidence is as sufficient to establish such coordination as it is in a criminal case where it provides the predicate for the jury to find the defendant guilty and punishable by death.

a. A key interest is to avoid retaliation from judges, who would close ranks to protect any fellow judge implicated in admitting into evidence or covering up fabricated indictments; and strike back at the implicators. Such implication may derive from the judges' possessing actual knowledge of the fabrication or committing willful ignorance or blindness.

b. Prosecutors and police officers are interested in maximizing the number of plea bargains favorable to them by using fabricated indictments to coerce suspects into entering them: The more cases they win, the better their chances of being reelected or promoted.

4. In purpose and effect, whether implicitly or explicitly, for their gain and convenience, the coordinated public officers run a corrupt and [racketeering](#) enterprise. By so doing, they violate the [Enterprise Corruption](#) Law, NY Consolidated Laws, Penal Law-[PEN §460](#); and the Racketeer Influenced and Corrupt Organizations Act ([RICO](#)), [18 U.S.C. §§1961](#) to 1968. They have committed:

a. abuse of the public power entrusted to them for the benefit of the sovereign source and destination of all public power in a democracy: *We the People*;

b. dereliction of duty to investigate allegations of wrongdoing and enforce the law, resulting in denial of equal protection under law;

c. obstruction of the administration of justice;

d. denial of honest services to be rendered through due diligence;

e. deprivation of liberty and property of those falsely accused of committing a crime, who incur expense to make bail, lose their jobs, and suffer reputational impairment by having a criminal record;

f. a cover-up to ensure reciprocal complicit protection: 'I don't investigate you and you don't investigate me'; and

g. deprivation of the right to be a member of a grand jury, confront accusers, present evidence, etc.

5. The exposure of [coordinated abuse of power](#), [public unaccountability](#), and need for [justice system reform](#) can turn those issues into decisive ones of the presidential debates, the primaries, and the general election campaign.

6. An informed and outraged public can incentivize the holding of the proposed [unprecedented citizens hearings](#).

a. The citizens hearings are to be held by journalists, media outlets, Information Technology (IT) and Artificial Intelligence (AI) experts, and [journalism, law, and IT](#) students and professors.

b. Their venue will be media stations and school auditoriums.

c. They will be transmitted via the Internet so that wherever abusees and the audience are, they can tell and listen to the [stories](#) of the abuse that they have suffered or witnessed by those who have fabricated indictments or covered them up. See [the two-phase method](#) for writing your story in up to 500 words and in a way so that it is accurate, significant, and verifiable.

d. At the hearings, the abusees will shout self-assertively the rallying cry:

*Enough is enough!*  
We won't take any abuse by anybody anymore.

e. Thus informing and outraging state and national audiences, the hearings will encourage ever more people to tell their story. A self-reinforcing process will snowball.

7. The citizens hearings can give rise to both a multidisciplinary academic and [business investigation](#); and the development of a national, civic, *Me Too!*-like movement. Both will contribute to implementing a [plan of action](#).

a. The hearings and the plan are aimed to spark the formation of a powerhouse centered on the media and academe that compels politicians, lest they be voted out of, or not into, office, to join the exposure of those who fabricate indictments; the collective demand for [compensation](#) for the abusees; and the pursuit of judicial reform.

b. That powerhouse can grow so strong as to bring about transformative change in American society and government to carry out the will of *the People*.

8. This is the most propitious time to respond to the call to join forces because the national public is receptive to it and resentful of public abuse of power and unaccountability:

a. Supreme Court justices have been exposed for engaging in unethical and illegal conduct; and failing to 'disqualify themselves in proceedings where their impartiality might reasonably be questioned'([28 U.S.C. §445](#)), e.g., due to conflict of interests arising from their decades-long beneficial personal relationship with 'Friends of the Justices', such as billionaire Harlan Crow, as revealed by [ProPublica](#). Consequently, public trust in the justices has plummeted;

b. the judicial treatment of President Biden's son and former President Trump has sparked allegations of double judicial standards and the politization of the Department of Justice; and

c. the current electoral season will allow politicians, whether principled or opportunistic, to turn judicial abuse, unaccountability, and reform into the distinguishing issues of their platform in an effort to earn public recognition as *the People's Champions of Justice*.

**B. Hundreds of emails have been, and continue to be,  
sent to officers and entities duty-bound to  
safeguard the integrity of the justice system, who do not reply**

**“We, the American People”** are headed for economic disaster. If an ‘expert’ who, reportedly, foresaw 2008 near financial collapse has those proverbial money-minded ducks in a row. One reason given is a low savings rate. Gotta wonder. There’s a financial notion goes have to spend money to make money. A cursory look at money-making initiatives does not include increasing one’s saving rate.

**“Our, the American People’s”** President-to-be Donald J. Trump’s tariff (trade tax) plan impact on consumer demand. Bit open-ended. Arguably, consumer demand is always there. Whether consumers fill demand, as economic analysts might predict, is another matter. President-to-be Donald J. maintains tariffs (trade taxes) will help bring back thousands of jobs to American soil. Demand means jobs. Does.

one's money in, say, a business improvement project doesn't do much by way of increasing money supply. Then, there's competition, always a damper where rising prices are concerned. Evaluate risk.
