"We, the American People" are treated to yet another uproar in President Donald J. Trump's fledgling Administration. Media report America's National Transportation Safety Board (NTSB) will, henceforth, only report major aviation accidents on one social media platform. Not unpredictably, it took mere microseconds for foul play accusations to erupt. Government manipulating free press.

"The little stickers that read 'I voted' -- worn so proudly by those wishing to confirm their allegiance to the system that is destroying their lives -- reminds me of the 'kick me' signs teenagers used to tape onto the backs of their fellow students. "

Whether NTSB Free Press Access Crimping is true might be hard to convince a court. In today's world of near instant communications and information proliferation, it is certainly unnecessary for any government office to be selective in how "Our, the American People's" inquiring minds are infused with news on how our government is taking care of business. And, not good fostering more suspicion.

"I am concerned for the security of our great Nation; not so much because of any threat from without, but because of the insidious forces working from within."

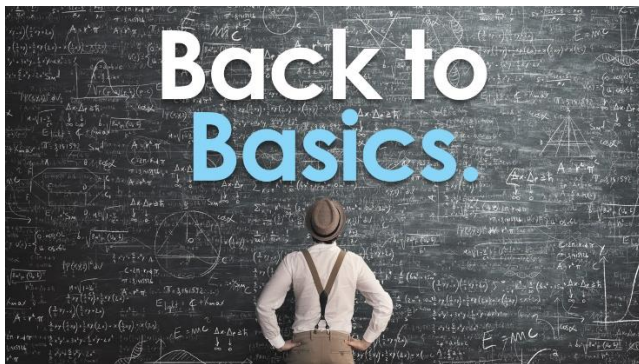

~ **General Douglas MacArthur**

Politicians, Legislators, And Would-Be politicians and legislators, are all about government transparency when working on campaigns or public relations efficiency. No way to know if they really believe in transparency, or are more moved to manage transparency so it doesn't get in their way when they're contemplating ways to confiscate property (wealth) and restrict choice (Liberty). Motivation.

"The real rulers in Washington are invisible, and exercise power from behind the scenes. "

~ *Justice Felix Frankfurter*

NTSB Officials Would Scurry to saturate media with on-going mishap information, including minor stuff like keeping wildlife off airfields and away from rail lines, were there dissatisfaction word from 1600 Pennsylvania Avenue. Ot, should, say, Vice-President J.D. Vance stop by unannounced for a look at how NTSB information dissemination geeks get word out. Basic problem, basic solution.

"We, the American People" who keep tabs on who's in charge of federal agencies have to be watching on a minute-by-minute basis, lest we lose track of agency heads rolling under President Donald J. Trump. America's federal Consumer Financial Protection Bureau (CFPB) head is gone, shortly following FBI culling. Media report Congressional GOP legislators against ousted Biden appointee.

"Like most Presidential proposals, Bush's 'growth and jobs' plan is a 'borrowing and spending' plan."
~ **Eric Fry (in 2002)** -

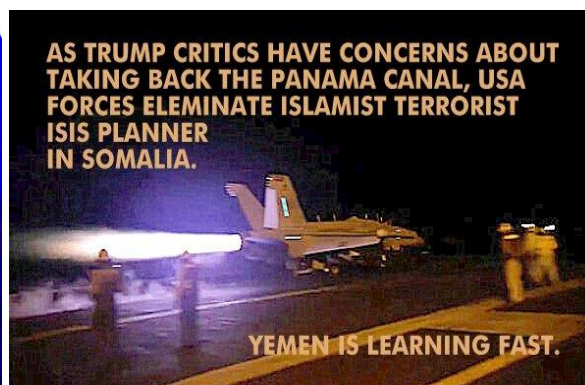

It May Never Be Known why incoming American presidents pass out stacks of pink slips to federal agency bosses. Stated reasons would, predictably, be along lines of improving agency performance to give tax-paying Americans most bang for taxpayer buck. “Our, the American People’s” political skepticism would likely see purging differently. Politicians-legislators like having like-thinkers near.

"Half the countries of the world claim to be democratic, but being democratic is not enough, for a majority cannot turn what is wrong into right. In order to be considered truly free, countries must also have deep love of liberty and an abiding respect for the rule of law."

Democrats kill a bill for tuition assistance for children of veterans killed in battle, THEN APPROVE giving illegals free tuition. 🙄 🇺🇸

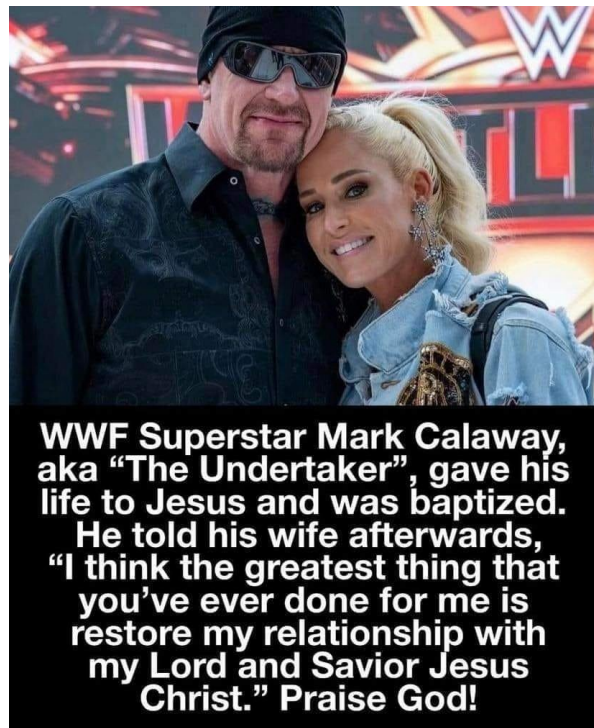

America's Federal CFPB Is Supposed to keep financial dealings between bank-like outfits, and some non-bank-like outfits, and people who entrust property (wealth) to such outfit stewardship fair and above board. How CFPB boss and lieutenant CFPB top managers would be apolitical is far from a certainty. Pronouncing an organization financially corrupt or incompetent/negligent would be deadly.

"Anyone who really expects (airport) searches like these to protect airliners is so abysmally dense that he might as well be a Congressman."

~ *Gary North*

Trump just banned the 51 intel agents who lied about Biden's laptop from entering all federal buildings

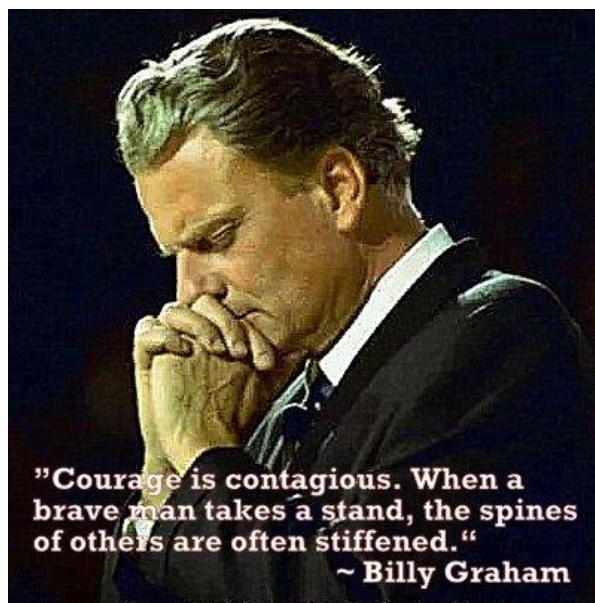

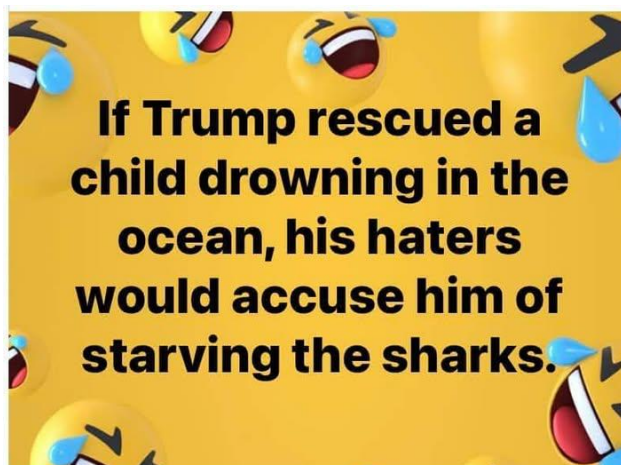

It Would Not Be Unjustifiably Cynical for “Us, the American People” to regard political appointee firings as politically motivated. People do not seek high-level elected legislative office to offer opportunities for people with opposing political ideas. Quite opposite. Goal for elected legislative office winners is to amass enough legislative power to keep opposition candidates from attaining office.

"In the marketplace, people are persuaded to cooperate and exchange with one another in anticipation of being rewarded for doing so. Political systems, by contrast, induce participation in their schemes through compulsion."

Decluttering D.C.

Clearing The Path to American Liberty

When my five sons were young there was always a lot of clutter around the house; toys, Legos, shoes, socks, empty cups, etc., so I would tell them to pick up the mess and clear a path. Clutter on the floor is not just messy; it can be painful and dangerous. Have you ever stepped on a little Lego with your bare feet? OUCH!

When we were locked down for COVID (I still went to work every day) my husband and I began decluttering certain areas in our home; clearing a path in our storage closet and finding a few special memorable treasures of our children's childhoods.

Upgrade to paid

Today, I still enjoy watching decluttering videos. While I do learn something, there's a part of me that loves to see that, "*Hey, I ain't the only one.*" I've noticed that there's a huge business of professionals teaching others how to declutter and organize their home or office space. If you declutter small areas at a time, you can make progress without making a chaotic mess. I haven't mastered that just yet, however, when you're decluttering a huge area that has perhaps been damaged by a water leak or some other catastrophe, there's no way to get 'er done but to jump in and go at it! There will be a larger mess until the task is done.

Earlier this week I heard some of the lamestream media complaining that President Trump is causing chaos. However, the chaos is coming from the catastrophe that the LEFT policies have caused and when you have that big of a

mess to clean up; there will be some chaos as the cleanup proceeds. The real chaos is the noise and threats as the LEFT media and their Democrat buddies are left behind kicking and screaming.

As President Trump restores commonsense and rule of law in America, there is no chaos among the American people; in fact, most people have felt a large sigh of relief. There is, however, some gleeful anxiety as we watch the Democrats come unglued during the Confirmation Hearings.

The chaos lies within the lamestream media and their guests who suffer from severe prolonged Trump-derangement. They try to spread chaos by reporting only lies, deranged and faulty opinions and twisted facts of their determined news. Joy Reid, Jake Tapper, Dana Bash, Rachel Maddow (or madcow), Anderson Cooper, Kaitlan Collins, and of course all the non-ladies on The View, along with many others on CNN, MSNBC, CBS, ABC and NBC are the true carriers of chaos. They promote fearmongering with their lies, such as President Trump terminated Meals on Wheels for your grandma. Not True!

I have noticed there's been some chaos for these news outlets as CNN, MSNBC and NBC are cutting certain anchors and shifting things around. I do not believe they will change their stance on President Trump's administration, but perhaps they will find new words and new voices to give the same politically biased news and lies.

Truth sets us free and brings peace, but when you have lovers of lies and doers of deceit you will continue to have chaos. Trump isn't causing the chaos, their panic upon losing power and their grip on the American people has caused chaos in their lives and their livelihoods, such as losing security clearances and secret service details...to name a few.

On November 5, 2024, the American people said it loud and clear:

We want the borders secure.

We want Americans put first.

We want our Constitution to be our law.

We want the illegal aliens sent back to their country of origin. (declutter the illegals)

We want law and order. (decluttering WOKE stuff)

We want the wars stopped.

We want national security.

We want Congress to start listening to their constituents and not their mega donors. (decluttering corruption)

We want American Industries and jobs brought back home. (decluttering bad-for-America trade treaties)

We want politicians working and representing **We the People!**

We want political lawfare to end!

Make America Safe Again

Make America Wealthy and Prosperous Again

Make America Strong Again

Make America Respected Again

The chaos the Democrats have exhibited during the confirmation hearings has been disgraceful and brought only humiliation to themselves, as they were the profiles in anger as they stand as obstructionists to the will of We the People. You must understand that while President Trump is their target of hate, we are the ones they are after; he is standing as our protector.

Chaotic democrats will not sit idly by. Today NY Democrat, Hakeem Jefferies, the House Minority leader, made these comments when asked about New York Mayor Adams not pushing back on President Trump's immigration policies, Jefferies replied, ***"Right now, we're going to keep focused on the need to look out for everyday New Yorkers and everyday Americans who are under assault by an extreme MAGA Republican agenda that is trying to cut taxes for billionaires, donors, and wealthy corporations and then stick New***

Yorkers and working class Americans across the country with the bill.”

Jeffries took his statement farther as he said:

“That's not acceptable. We are going to ‘fight’ it legislatively. We are going to ‘fight’ it in the courts. We’re going to ‘fight’ it in the streets.” As for his thoughts on Mayor Adams... ***“I’ll have more to say about the future of the mayorship of the city of New York at the appropriate time.”*** (Ya better watch out Mayor Adams, I think you’re on Jefferies’ “list.”)

Hakeem Jefferies speaks and promotes chaos and violence. We can overlook the word “fight” legislatively, or in the courts (lawfully), but when you say “fight in the streets,” there’s only one way to interpret that, and that is a call for violent chaos. We’ve seen the left’s violent political chaos before. Remember 2020?

President Trump is a man of peace through strength and peace in Law and Order; the chaos is coming from the Democrats and their RINO friends, along with their lame-stream-media groups prostituting their lies, political propaganda and promoting violence and chaos.

President Trump has a lot of decluttering to do. There’s spring cleaning and there’s deep cleaning; right now President Trump and his team of declutterers have a large pile of messy bureaucratic papers to sort through and reverse. The President and his team seem to be running things smoothly and quickly, as they Declutter D.C. and clear a path to American Liberty.

"We, the American People" are doomed to pay higher prices for 'must need' stuff because of President Donald J. Trump's tariff (trade tax) policy. We just can't get around it. Get around paying more for a 'must have' import beer brand. Get around [paying more for 'must have' import brand shoes and autos. All because President Donald J. Trump is determined to use tariffs (trade taxes) to leverage diplomacy.

"I yield to no one in sympathy for those who are struggling for freedom in any part of the world; but I will never sanction an interference which shall go to establish this or that nationality by force of arms, because that invades a principal which I wish to carry out in the other direction--the prevention of all foreign interference with nationalities for the sake of putting them down...."

~ ***Richard Cobden***

It Would Be A Provoking Exercise to gather Election 2024 voter motivation data to find out if Election 2024 voters voted based on paying more for 'must have' import brand commodities. Might be impossible to find a survey outfit doing public surveys devoid of political slant. Better, were we to get government out of tariff (trade tax) business, and let it up to business to get a better buyer deal.

"..protection..takes from one man's pocket, and allows him to compensate himself by taking an equivalent from another man's pocket, and if that goes on in a circle through the whole community, it is only a clumsy process of robbing all to enrich none, and simply has this effect, that it ties up the hands of industry in all directions."

~ *Richard Cobden*

Not A Day Comes Or Goes without “Our, the American People’s’ media airing articles on how government policy impacts our lives.
