"Freedom of the mind requires not only, or not even especially, the absence of legal constraints but the presence of alternative thoughts. The most successful tyranny is not the one that uses force to assure uniformity, but the one that removes awareness of other possibilities."

~ *Alan Bloom*

"Our, the American People's" President Donald J. Trump has halted his predecessor's \$5B nationwide Electric Vehicle (EV) charging station. There Are sure to be outraged EV charging station backers and delighted EV charging station protestors. One federal Chief Executive allocates public funds, another Chief Executive puts allocation on hold. Example of how our government is strikingly politicized.

"The median family of four ... paid \$4,722 in federal taxes last year. That's enough to pay for a new curtain for the secretary of commerce's office, to bribe a farmer not to plant 38 acres with corn ... seven

weeks of salary for a Customs man assigned to save us from the terror of high-quality, low priced foreign TV sets, or the subsidy on 6,000 bushels of wheat to prop up the Soviet regime. Surely civilization would collapse without such essential services."

~ *Alan Bock*

"We, the American People," whether we are bent on big government intent on 'helping,' or smaller government not interfering, are unable to plan reliably when government involvement is at whim of elected officials. Government-sponsored EV charging stations disproportionately benefit EV owners. There are no comparable government-sponsored services for fossil fuel-powered vehicles.

"Tariffs, quotas and other import restrictions protect the business of the rich at the expense of high cost of living for the poor. Their intent is to deprive you of the right to choose, and to force you to buy the high-priced inferior products of politically favored companies."

~ *Alan Burris*

Some Of "Us, the American People," no doubt, would argue government has a duty to regulate how resources are used to uphold public safety and promote reliable energy sources. We can presume legislators-politicians are similarly disposed. Self-government, though, keeps legislators-politicians from setting policies and legislating based on their personal attitudes, values, and beliefs (PAVB).

"There is no 'slippery slope' toward loss of liberty, only a long staircase where each step down must first be tolerated by the American people and their leaders."

~ Alan Simpson

Legislative Office Elections, By their nature, introduce PAVB into America's legislative-judicial system, thereby, inherently favoring people of some political persuasions, not favoring people of other political persuasions. If we are to live by Liberty, government ought not interfere with anyone, nor anyone act detrimentally toward others. Idealistic at best. Our PAVB urge us to quell contrary PAVB.

"Fire, water, and government know nothing of mercy."

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility

for public debt for reasons other than to defend These United States. They, as sovereign citizens, protect liberty's stronghold - private property.

“A free people ought not only to be armed and disciplined, but they should have sufficient arms and ammunition to maintain a status of independence from any who might attempt to abuse them, which would include their own government.”

~ *George Washington* (Courtesy an AAH reader.)

Robert Reich, Former Cabinet Labor Secretary to President Bill Clinton, would like “Us, the American People” to know it’s a coup. According to a media article run as an opinion piece authored by Secretary Reich. It’s not about left versus right, republican versus democrat, nor liber versus conservative. Nope. It’s about choosing between democracy and dictatorship. No way to stop it.

"Liberty is always unfinished business."

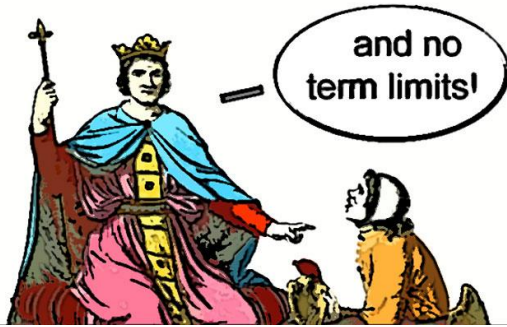

~ *American Civil Liberties Union*

Secretary Reich Is Right. In part. “We, the American People,” if we choose to choose, can stop overly zealous government. While Secretary Reich predicts dictatorial gloom for America, and doesn’t know any way to stop it, we can toss Donald J. Trump and his, as Secretary Reich characterizes them, ‘goons.’ In their tracks. We tell Donald J. et al. ‘No,’ and send them packing. Or, we’re content with their act.

"Every man, as long as he does not violate the laws of justice, is left perfectly free to pursue his own interest his own way, and to bring both his industry and capital into competition with those of any other man or order of men."

~ *Adam Smith*

Secretary Reich Claims Donald J. and goons are taking over “Our, the American People’s” government by doing two things. Taking over agency control. Getting access to Treasury Department payment system. We could, based on Secretary Reich’s view, unknowingly elected a dictatorial heretic in presidential Election 2024. Curiously, letter ‘R,’ not letters ‘DH’ appeared nest to Donald. J. Trump.

"Liberty is always unfinished business."

~ *American Civil Liberties Union*

It Would Not Be A Far-Fetched idea Secretary Reich and like-thinking anti-Trump/MAGA-ites are not happy because their power to confiscate property (wealth) and restrict choice (Liberty) is now held by President Donald J. Trump and underlings. We, still a sovereign citizenry, can give our elected officials their pink slips when we don’t want them around. Secretary Reich must not know of recall.

"Every man, as long as he does not violate the laws of justice, is left perfectly free to pursue his own interest his own way, and to bring both his industry and capital into competition with those of any other man or order of men."

They exercise their sovereign right to defend themselves against all threats - foreign and domestic

"Our freedom is inseparably tied to the responsibility we have for both our thinking and actions, a connection that goes to the question of control over our lives."

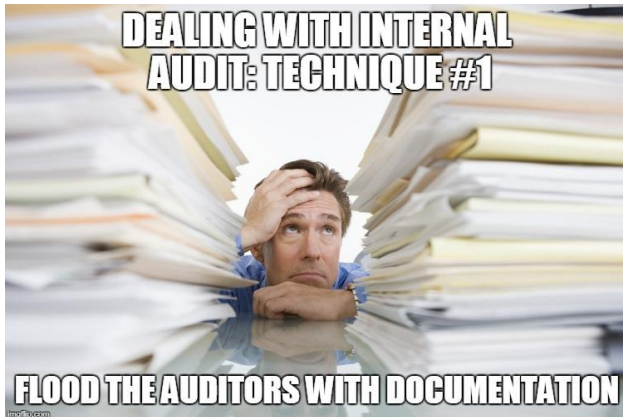

~ *Butler Shaffer*

Judges In 'Our, the American People's' judicial system have blocked President Donald J. Trump's Department of Government Efficiency (DOGE) from access to America's Treasury Department payment systems. President Donald J.'s Administration has agreed to comply. Transparency not so transparent, one could conclude. Americans ought know how America's money is spent. Transparency.

"If only future generations, who will be shackled to the ball and chain of Bush's deficits for decades to come, would appreciate our sacrifices on their behalf!"

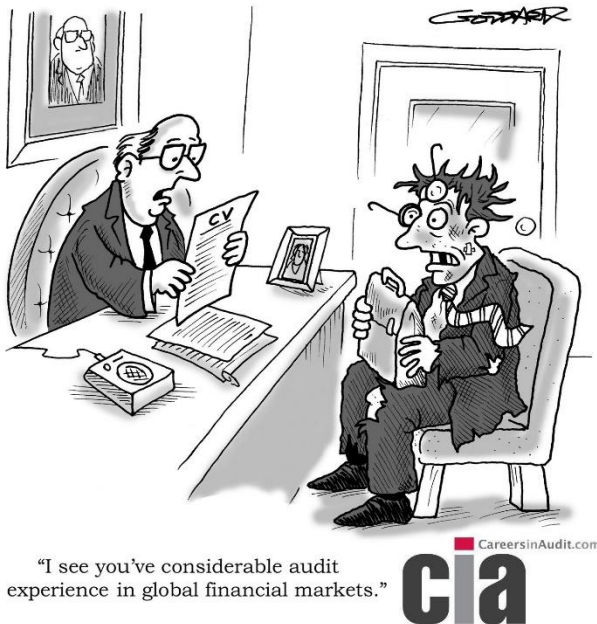

~ *Bill Bonner*

There Could Be Areas Where government spending ought remain guarded from indiscriminate public eye. A case in point could be clandestine operations carried out by America's national security operatives. There should never be a time when government officials have unrestricted authority to spend taxpayer money at their unbridled discretion. DOGE could be an Auditor General office adjunct.

"We take no pleasure in body bags.....for they never seem to contain the right bodies. That is the trouble with war, dear reader. The bodies are always those of the fools who undertook the errand.....rather than the fools who sent them."

~ **Bill Bonner**

"I see you've considerable audit experience in global financial markets."

cia

President Donald J. Trump is taking atypical steps to reduce and eliminate unwarranted public money spending. "We, the American People" can expect government offices with spending practices benefitting some Americans in discriminatory ways to resist having DOGE-like intrusion and inquiry. Worse, it may be money trails would lead to allocations favoring unapproved special interest funding.

Regarding Sobran's reading of [The Law](#) as a 1965 college freshman - "If Bastiat was right, the United States was already profoundly corrupt. It took me years to come to terms with this idea. Today it seems to me almost self-evident. I marvel that anyone with common sense thinks otherwise."

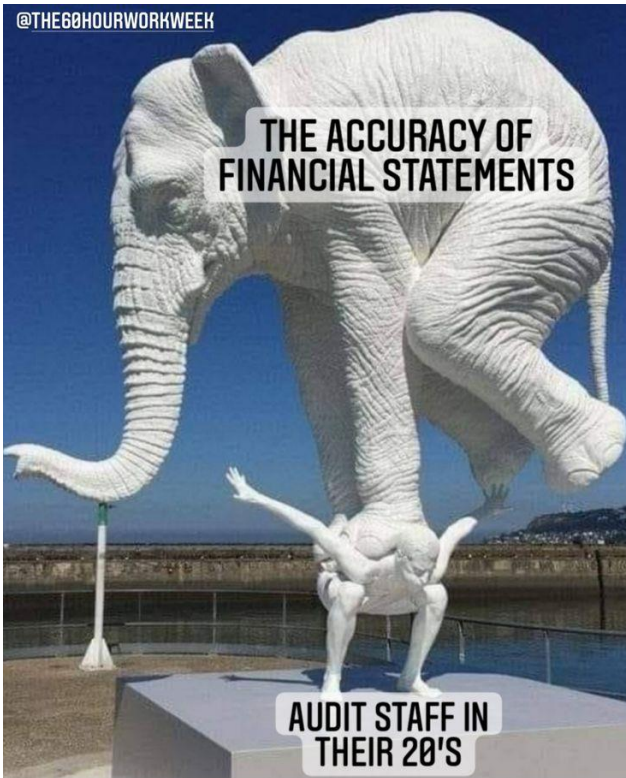

~ *Joe Sobran*

There Is No Organized Way for “Us, the American People” to review and rescind government spending we would see as inappropriate; spending not benefitting all Americans, as opposed to spending aimed at benefitting some groups over others. We do not live under self-government if we are prohibited from having our property (wealth) used to strengthen our ability to choose – Liberty.

"What is mass murder in the private sector is "foreign policy" in the public sector."

~ *Lew Rockwell*

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond Constitutional constraint. They exercise self-government to preserve their liberty.

"We are fast approaching the stage of the ultimate inversion: the stage where the government is free to do anything it pleases, while the citizens may act only by permission; which is the stage of the darkest periods of human history, the stage of rule by brute force."

~ *Ayn Rand*

“Our, the American People’s” President Donald J. Trump is facing another impeachment effort. With less than a month in office. So, say media reports. President Donald J. has incensed rivals and opponents so much they’re resorting to desperate means. Articles of impeachment this time around are for reprehensible deeds, some proposed, some done. Donald J. Gaza strip comments last straw.

WHAT IS COLLUSION?

COLLUSION IS WHEN AN ATTORNEY GENERAL MEETS IN SECRET WITH THE SPOUSE OF SOMEONE UNDER INVESTIGATION

COLLUSION IS WHEN THE MEDIA PROVIDES QUESTIONS TO ONE CANDIDATE IN ADVANCE OF A PRESIDENTIAL DEBATE

COLLUSION IS WHEN A POLITICAL PARTY CONSPIRES WITH ONE CANDIDATE TO BLOCK ANOTHER CANDIDATE IN THEIR PRIMARY

COLLUSION IS WHEN A SITTING PRESIDENT WIRETAPS THE CANDIDATE OF THE OPPOSING PARTY TO HELP THEIR OPPONENT

COLLUSION IS WHEN GOVERNMENT OFFICIALS LEAK CLASSIFIED INFORMATION TO THE MEDIA TO SMEAR A SITTING U.S. PRESIDENT

COLLUSION IS WHEN AN FBI DIRECTOR HANDS OUT IMMUNITY TO PERSONS INVOLVED IN A CRIMINAL INVESTIGATION AFTER THEY DESTROYED EVIDENCE

SO... WHEN DOES THE REAL INVESTIGATION BEGIN??

"We, the American People" can interpret President Donald J. Trump's Gaza Strip comments as we like. U.S. Gaza takeover was not clarified by President Donald J. as an annexation. Donald J. Gaza remarks were more along lines of turning war-ravaged wasteland into a prosperous region for habitat and enterprise. Moreover, Donald J. needth Congressional OK to commit public money to Mideast.

Federal Government owned lands:

<https://usafacts.org/reports/2021/government-10-k/part-i/item-2-properties/>

US Debt Clock: <https://usdebtclock.org/world-debt-clock.html>

Federally owned land does not include state owned land, but being that all governments have fungible-chicanery methods, governments may interchange a land property for a bridge grant, etc.

Surface water acreage is considered land mass. (Great Lakes, Mississippi)

The US owns land in over 193 countries for embassies, air ports, military bases, etc. Much of this acreage is very difficult to calculate.

My best calculations today:

US Debt: \$34,000,000,000,000
US Land Mass Fed owned acres 664,000,000 -- collateral for all loans.
US total acres: 2,271,343,000
US Debt per acre of US owned collateral: \$51,203
US Debt per acre of all US lands \$17,894 -- loan collateral

Some of these numbers change by millions in an hour.

OBAMA made it legal for the media to "purposely LIE to the American people".

In 2012, he signed H.R. 4310 which allowed PROPAGANDA to be used on US citizens by its' own government. Essentially repealing the Smith-Mundt Act of 1948 which BANNED the use of domestic PROPAGANDA".

Trump signed an order that will allow deportation of Hamas-supporting students.

President Donald J. Trump's Approach and style of governing/leadership are awakening fear in they in lawful authority their positions may not be secure. Would be smart of us, America's sovereign citizenry, to make sure President Donald J. does not get to thinking his 1600 Pennsylvania Avenue residence is any more secure than those his initiatives are sending packing. He serves at our pleasure.
