

There Looks To Be No Letup in media articles dealing with some sort of wealth or income disparity between individuals, cultural, racial, or other difference-distinguishing factor(s). It would be no stretch for “Us, the American People” to conclude they who advocate wealth/status equity are calling for everyone to have virtually identical access to virtually anything without regard to competitive edge.

Like It Or Not, “We, the American People” are different. In any number of ways. Because we think we have, for example, a really good idea is meaningless unless we can show others said idea will, somehow, benefit them. Discriminatory practices by government in, say, reserving government contracts for people with curly hair might make curly-haired people happy. Makes for public distrust.

ITS NOT A "SANCTUARY CITY."

ITS CALLED HARBORING FUGITIVES.

"Our, the American People's" commonwealth, federal (U.S./National), and state Constitutions accord – although it's debatable, depending on socio-economic theory and government's purpose - people freedom to choose. Freedom to choose as long as we do not choose to harm others. Some of us, however, consider wealth (property) accumulation harmful to others who accumulate quite less.

Those Of Us, Who Consider Comparative property (wealth) accumulation harmful to others, commonly look to government (lawful authority) to confiscate comparatively larger property z(wealth) holdings and redistribute such wealth (property) to meet needs of lesser wealth (property) owners. Taxation is a more common confiscation/redistribution tool. Involuntary measures sprout resistance.

ONE ANTI-RACIST ACTION YOU CAN TAKE TODAY

Know Racism is International

“We, the American People,” given we support America’s federal (U.S./National) Constitution 1st Amendment, would be smart not to condemn people for remarks. Even words urging non-whites to take over America, bring down their common oppressor, and better things for everyone. Media are circulating reports a Lone Star State legislator has called for exactly such and is getting castigated.

“Laws that forbid the carrying of arms, disarm only those who are neither inclined, nor determined to commit crimes. Such laws make things worse for the assaulted and better for the assailants.”

~ *Thomas Jefferson*

“Our, the American People’s” free speech option is invaluable. We can never know if people mean their words. We can see their acts. Acts have consequences. Words only have consequences if we let them. Lone Star State’s legislator, by downing whites to make things better for everyone, is in an untenable position. Everyone means everyone, including whites. Legislator is digging his own hole.

“If you have ever seen a four-year-old trying to lord it over a two-year-old, then you know what the basic problem of human nature is – and why government keeps growing larger and ever more intrusive.”

~ *Thomas Sowell*

Lone Star State Legislator, in calling for non-whites to take over ‘this country’ offers “Us, the American People’ a prime example of why we would be smart to severely limit government’s lawful authority. Government authority is lawful or is not authority. People who’d use their position to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory are tyrants. PAVB are biased.

“There are many paths to libertarianism. Many reasons for becoming a libertarian. Ethical: Embracing the “Non-Aggression Principle”. Opposition to the use of force. Pragmatic: Freedom works. Freedom is practical and effective and efficient.”

~ *Michael Cloud*

Rather Than Working To Suppress Lone Star State legislator’s incendiary speech, it would be more telling to shower said legislator with invitations to speak at schools, public meetings, Rotary Clubs, in Native American communities, anywhere he would have a podium to express his apartheid-like views. Odds are he’d meet up with some folks who would like to know details of his xenophobic notions.

Have you wondered why it is that democrats (the Marxist-democrat party) prefer and protect criminals over honest law-abiding citizens?

I think we're all familiar with the old saying, **"Birds of a feather flock together..."**

The Marxist-democrat party is the leading criminal-cartel in our nation. They speak lies, they promote violence and they abscond with our money for the use of their agendas, which is why they went ballistic against DOGE for downsizing USAID. It wasn't because they wanted to save democracy; they wanted to preserve their bureaucratic autocracy.

They promote criminals because *they are* criminals... and birds of a feather do flock together!

So why such a visceral consistent hate of President Donald J. Trump?

Until this morning, I didn't realize there was a second part to that little saying, "Birds of a feather flock together..... **until the cat comes.**"

UNTIL THE CAT COMES... MAGA... DONALD TRUMP..... WE ARE THE CATS!

So, in exposing the Marxist-democrats for the anti-Americans that they are, for exposing their lawfare and crimes against American Citizens and against our Constitution, those democrat birds...well...

They hate and fear the cats!

When over 80 million Americans reelected Donald Trump as president (not king), the Marxist-democrats began shaking with fear. The house of bureaucratic-autocracy was about to come tumbling down.

Those rallies, those MAGA rallies, where tens of thousands of Americans showed up free of will (not paid), did not go unnoticed by the flocks of Marxist-democrat-birds. We'll call them the Marxist vultures. Vultures circling and waiting for Liberty to die; for the death of the American spirit built on freedom and Independence. Instead, Donald Trump's MAGA

speeches of common sense and encouragement awakened the masses of Americans, who had felt discouraged and nearly ready to accept the old saying, “*You can’t beat city hall.*” BUT **We the People** own city hall! **We the People** longing for peace, for LIFE, for Liberty, for the pursuit of Happiness, Prosperity and Private Property, were awakened by the words of this wealthy businessman, Donald J. Trump. **We the People** rallied on the promises of President Trump. It was starting to look as if the vultures might starve as American enthusiasm grew once again with the hope of restoring our American Constitutional Republic.

These Marxist-democrat-criminal-vultures are like cornered wounded animals; they are vicious, violent, and yes, murderous. They have many followers, who are their *useful idiots*, but be assured, they do not outnumber MAGA Americans!

The Marxist-democrats have been patiently and methodically consuming our rights and indoctrinating our youth, teaching them false history and grooming them to hate America, while ignoring all that it once stood for.

The only way these Marxist-democrat-vultures have power, is by taking it away from **We the People**. Now that “**We the People**” have realized that through leadership of people like President Trump, who wants to restore the Constitutional Republic and return power back to the people (Consent of the governed), the democrats are desperate. Their desperation is the reason for their want of violence and chaos, thus the need to attempt to rule this nation by district judges obstructing and micromanaging the Executive branch, President Trump.

While President Trump is the target of their attacks and hate, it is actually **YOU**, America... **We the People** they fear the most.

~ *Galbraith’s Law*

Arguments Against Excessive/Large wealth (property) commonly argue it leads to inequity. Common companion arguments argue unfair tax rates for large/excessive property (wealth) ownership is to blame. “We, the American People” could infer arguments against large/excessive wealth (property) ownership call for, essentially, everyone to have like financial worth, regardless their value to society.

“If I have seen farther than others, it is because I was standing on the shoulders of giants.”

~ *Isaac Newton*

People Are, Fundamentally, Not much different, person to person. “Our, the American People’s” personal attitudes, value, and beliefs (PAVB) are far from alike. Our proclivity for electing political disparate legislative, executive, and judicial public office candidates stands in evidence. We ping-pong between radically right-leaning to radically left leaning candidates, election-to-election. To gain power.

“Avoid suspicion: when you’re walking through your neighbor’s melon patch, don’t tie your shoe.”

~ *Chinese Proverb*

It Would Be Well Within Reason for “Us, the American People” to expect voters demanding more equitable wealth (property) distribution to try electing candidates who would enact laws for greater property (wealth) distribution; those voters against lawfully compulsory wealth (property) distribution would want to seat candidates opposing lawfully compulsory wealth (property) distribution. Antipodes.

“You should emulate your heroes, but don’t carry it too far. Especially if they’re dead.”

~ *Anonymous*

America’s Socio-Economic/Political power struggle shows no petering out signs. It may intensify if we keep working to find ways we can exact other people’s property (wealth) without earning it. We would be fools to expect public office candidates will find solutions. They’d be out of work. We’d be fools to let government exert lawful solutions for property (wealth) inequity. Coercion begets coercion.

“After each war there is a little less democracy to save.”

~ *Brooks Atkinson*
