Relevant Media Articles On Taxing Wealth (property) vary. Reports indicate there is no easy way to tax wealth (property) other than by taxing income. Distinction notwithstanding, income is property (wealth). Differentiating kinds of wealth can distort perspectives on people’s worth by categorizing their differing kinds of equity (assets). Any tax takes away property (wealth) available to build equity.

Sooner Or Later, “We, the American People” will have to come to grips using lawful means to take people’s property (wealth) is, no matter how we might argue it, lawful theft. Purists might say if it’s lawful, then it can’t be theft. Hard to imagine confiscating people’s property (wealth) is anything other than theft, even when such confiscation is purported to be used to meet poverty-stricken people. Twist.

“Our, the American People’s” commonwealth, federal (U.S./National), and state Constitutions do not prohibit government from lawful wealth (property) confiscation. We who favor wealth confiscation – especially from wealthier people – can rationalize our contention by arguing such confiscation is a fair way of serving common good. Results-wise, scarcely different than using slaves to build temples.

"We, the American People," given we live under threat of con games and rip-offs at every turn, have one more thing to raise anxiety levels. AI will break capitalism's back. Reason is, offering up a theory conceived by a former high level big tech executive, AI will virtually eliminate need for workers. Workers – people said theorist sees as capitalism's life blood – will be replaced in total by AI horde.

Americans Need Truth Along with Some Good Old Public “Stuff ‘em and Cuff ‘em” Justice

The Greatest Threat to Liberty is Lawlessness

BETH ANN

2-9-2026

I'm not unsympathetic to the Guthrie kidnapping case, like most Americans I've been watching and praying for her return and for a "good" outcome. However, the breaking news

seems to be the same news, hour after hour. I understand this case involves a celebrity, the kidnapped mother's daughter, Savannah Guthrie, a host on NBC.

There are over 600,000 persons in America reported missing every year. According to the National Missing and Unidentified Persons System, which is a data base of the US Department of Justice which tracks cases, at any given time there are up to 100,000 people listed as missing. Youth under the age of 18 account for around 35% of reported cases with a nearly 98% rate of recovery.

The United States of America, known as a free and Independent nation is now #1 in human trafficking. I don't believe Nancy Guthrie has been trafficked; however, this **IS** a problem in our nation, about which we hear very little.

Upgrade to paid

This weekend most conservative networks covered only this riveting story, as the entire nation waits for this kidnapping crime to be solved... hopefully with a happy reunion and the bad guys stuffed and cuffed!

Speaking of bad guys... while the news networks are fixated on the kidnapping story, there has been very little coverage of the Somalian fraud cases in Minnesota, or the riots in Minnesota, or Congress and the SAVE ACT, or the Epstein saga that simply will not die, or the Iran rebellion with thousands of citizens being murdered... or anything else really.

It was back in December that Nick Shirely broke the Minnesota fraud story with empty Somalian daycares receiving millions upon billions of federal dollars. We've been told that DOJ sent investigators to break down this fraud story and confirm the height and depth of it all. Then, as if on cue... enter stage left... comes the protestors blocking ICE agents from doing their jobs. The mostly-professional-protestors became more violent, and two were killed. It became so bad that **Tom Homan, America's Border Czar**, was sent to try to bring down the tensions and gain support from local officers (county sheriffs) in Minnesota.

Yet we've heard very little and we've seen nothing more about the original issue...

BILLIONS OF DOLLARS IN FRAUD.

The House Committee on Oversight and Government Reform is now investigating Rep. Ilhan Omar. We've experienced their investigations so many times, but no one is ever held accountable for their crimes against us.

America is tired of being the can that politicians kick down the road. We're always told "it's complicated," or "it all takes time." So the Biden cartel got away with selling America out to China, Ukraine and others. The Biden administration got away with breaking federal immigration laws by opening our borders and removing America's status as a sovereign nation.

It was confirmed that Hillary paid for the Russian Dossier and used it to frame President Trump. It is also true that many in Congress went along with the lies and used them to impeach President Trump. There were many in Congress involved in this egregious crime against President Trump. Let us not forget the 50 retired so-called intelligence officials who signed a letter confirming that Hunter Biden's laptop was Russian disinformation; of course we know now it was not. Their intentional dishonesty was meant to (and did) influence an election. **"Stuff 'em and Cuff 'em!"**

America, these crimes against President Trump were actually against you – **We the People**. The crimes the Marxist-democrat-party are committing now, are against our Constitutional Republic, our American culture and against **We the People**.

"The greatest threat to Liberty is Lawlessness, while the greatest assurance of Liberty is respect for the Law. We are too inclined to think of the law as something restrictive, the opposite of Liberty – That is a false conception. God does not contradict Himself. He did not create us and then as an afterthought, impose upon us a set of arbitrary restrictive rules. He made us FREE, and then gave us the Ten Commandments to keep us Free!" Acclaimed filmmaker Cecil B. DeMille

Marxist-Democrats...

There's only one reason to want to end the Second Amendment: You're planning a tyrannical takeover.

There's only one reason to want to control the language: To confuse the people.

There's only one reason to want to remove God from government: His laws stand in the way of your tyrannical progress.

There's only one reason to want to fight against voter ID: You want to (continue) cheating American citizens out of their votes, by allowing illegal aliens to vote. Face it, while many Americans might misplace their birth certificates, only illegal aliens don't know how to produce a legitimate birth certificate.

There's only one reason Marxist-democrats have taken over the public schools and higher learning institutions: They want to indoctrinate America's youth with anti-American dribble and empty-Marxist lies.

There's only one reason so many in America refer to us as a democracy: Because they know in our Constitutional Republic it is the people... **We the People... Consent of the governed** who are supposed to be in charge. There are others who just keep saying it out of habit and ignorance.

There's only one reason for the Marxist-democrats to push **Diversity, Equity, and Inclusion (DEI)**: They no longer believe in equality, as stated in our Declaration of Independence, they don't believe in a merit-hardworking America, and they don't believe in individual thinking.

There's only one reason the Marxist-democrats always bring a crisis to the forefront: They want to commit chaos and disruption. They want to control additional aspects of your life, your community and your businesses and your land. The lie of climate change did all that – plus many profited monetarily... maybe there are more than one reason for their crises.

The main reason they scream racism and scream Jim Crow 2.0 is because they want to divide **We the People**. They like to label us according to our skin color, our occupations

and our location. They know the truth in that old phrase, “United We Stand, Divided We Fall.”

We have seen many crimes committed by elected and appointed officials. We’ve witnessed many hearings and paid for numerous investigations... it’s time Americans witnessed justice in action.

I want to hear “Book ‘em Danno,” or maybe Book ‘em Bondi,” “Book ‘em Patel...”

The crimes against America have been quite public and so should these arrests. America needs to see justice taking place...

Stuff ‘em and Cuff ‘em and off to prison they must go!

“We, the American People,” if we have been able to reach a level of property (wealth) ownership to be considered rich, better yet, ultra rich, have benefitted from America’s tax system enough so we can afford ‘a few more taxes.’ A media article claims Big Apple Mayor Zohran Mamdani contends taxing ‘the rich’ will correct Big Apple’s \$12B budget deficit. Related media articles have a similar theme.

“The early American knew that freedom was nothing more than the absence of external restraint on behavior; the government could not give you freedom, it could only take it away.”

~ ***Frank Chodorov***

A study of economics usually reveals that the best time to buy anything was last year.

AboutFinancials.com

It Would Be Smart For “Us, the American People” who make Big Apple where we call home, to take Mayor Mamdani’s ‘tax-the-rich’ proposal to task by requiring His Honor to justify, in excruciating detail, why every penny of Big Apple’s budget, including its \$12B deficit, is required. His Honor ought be forced to show how every unfunded penny will cause Big Apple folks to suffer – irreparably.

“The American experiment has come and gone. Whatever freedoms the people still might have as their own, are monitored and registered and taxed at virtually every turn.”

~ **Jeff Baxter**

Ordinary Americans Can Not go around borrowing money on someone else’s obligation to pay. “Our, the American People’s” government can borrow money using our property (wealth) and future tax proceeds as collateral. Typically, when someone else agrees to ante up if another person defaults, there is something called a cousing made part of applicable loan agreement. We’re told our votes bind us.

“Perhaps the fact that we have seen millions voting themselves into complete dependence on a tyrant has made our generation understand that to choose one’s government is not necessarily to secure freedom.”

~ *F.A. Hayek*

There Is No Reason For Us to believe government would not keep raising taxes indefinitely on ‘the rich’ to cover budget shortfalls. Sooner or later, more and more of us will be included in ‘the rich’ and be taxed more to cover government budget shortfalls. We’d be fools to allow it. Eventually, ‘the rich’ would mean everybody who owns property (wealth) or can be taxed in any way. Path to perdition.

“The American Republic will endure, until politicians realize they can bribe the people with their own money.”

~ *Alexis de Tocqueville*
