"...you can go to Tagusagopos, you can go to Buenos Aires, you can go to Cairo, you can go to Philadelphia and all you need to know is what percentage of the Gross Domestic Product is controlled by government, and the greater the government, the greater the poverty, and that's all politics is about."

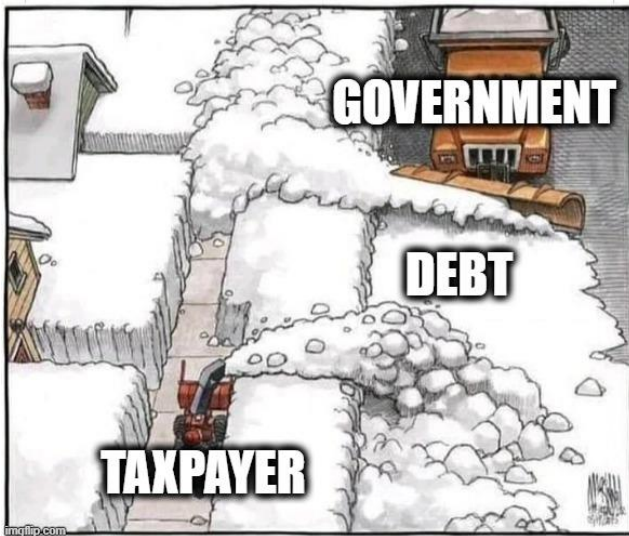

~ **Bob McEwen**

"Our, the American People's" teachers will be strapped to know how to teach without a federal Education Department program called Institute of Education Sciences (IES). IES may be discontinued by federal tax dollar funding as part of President Donald J. Trump's Department of Government Efficiency (DOGE) overhaul. IES proponents claim America's education will decline as a result.

"For every action there is an equal and opposite government program."

~ **Bob Wells**

"We, the American People," if we do some digging, will find federal government has been dabbling in 'education' quite a while. Federal involvement, references accurate, dealt with various roles, including information sharing, non-discriminatory access, and keeping American technological prowess competitive with other space-bound nations. Cabinet-Level Education started in 1980.

"I never liked the atmosphere of Washington. I early saw that it was impossible to build up a race of which the leaders were spending most of their time, thought and energy in trying to get into office, or in trying to stay there after they were in."

~ **Booker T. Washington**

Money-Wise, Some \$80B In tax dollars provided by "Us, the American People" fund America's federal Education Department. DOGE look into Education Department spending is, given DOGE mission, an effort to determine if tax dollars are spent worthwhile and necessary. How much our federal government needs to oversee, say, fundamental learning – three 'Rs' – is reasonably questionable.

"When freedom prevails, the ingenuity and inventiveness of people creates incredible wealth. This is the source of the natural improvement of the human condition."

~ **Brian Wesbury**

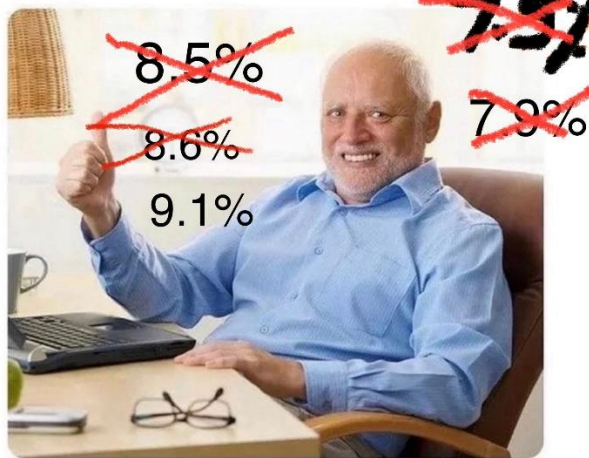

There Is An Argument to be made for government – at any level – defining peculiar qualifications for government employees. Should such qualification training not be available in existing schools, then it may be necessary to expand curricula. Or, government could provide specified job training. With America's national debt \$34T (Abt 100K/person), we'd survive without an Education Department.

"What a curious phenomenon it is that you can get men to die for the liberty of the world who will not make the little sacrifice that is needed to free themselves from their own individual bondage."

SURGICAL TOOLS for CUTTING the SIZE of GOVERNMENT

“Our, the American People’s” President Donald J. Trump and his political party cohort, though they ostensibly ‘enjoy’ Congressional legislative majorities, are not, media report, ramming Trump/MAGA agenda through Congressional deliberation to presidential signature. Has to be a reason. Reason, like as not, party affiliation means little when seeking unity in midst of egoists seeking lawful power.

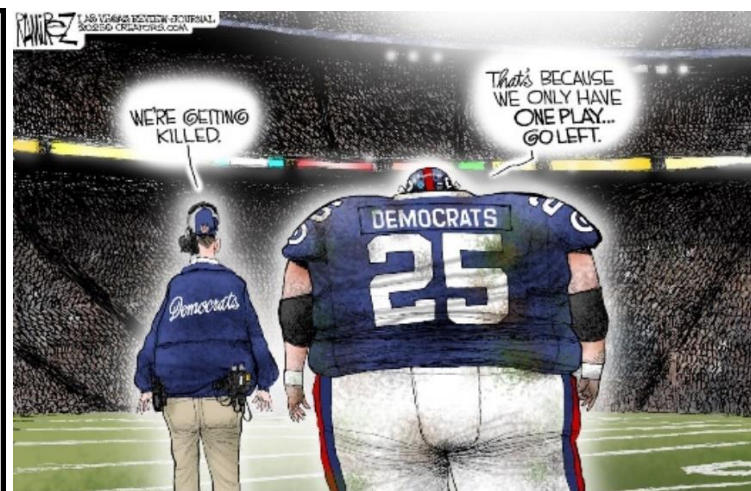

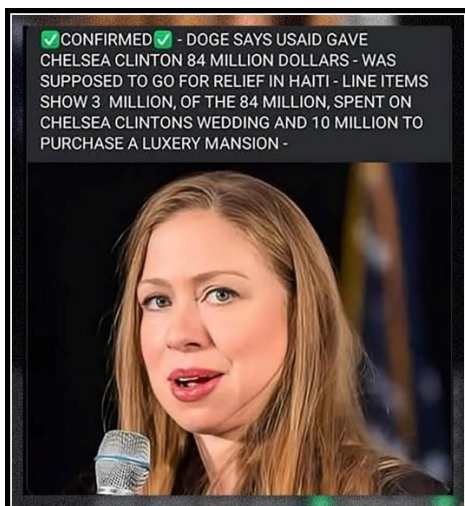

“Printing up extra money – with no backing – used to be the sort of thing only counterfeiters did. Now it is done by the central bankers and Treasury Secretaries themselves.”

"We, the American People," given we have, for some two-and-a-half centuries, hoped against hope America's legislators would shower America with safety, security, harmony, and socio-economic bliss. Hope transformed to political reality, we have succeeded in creating a political climate wherein legislators are able to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory.

"Central planning doesn't work. A little bit of it is a drag. A lot is fatal."

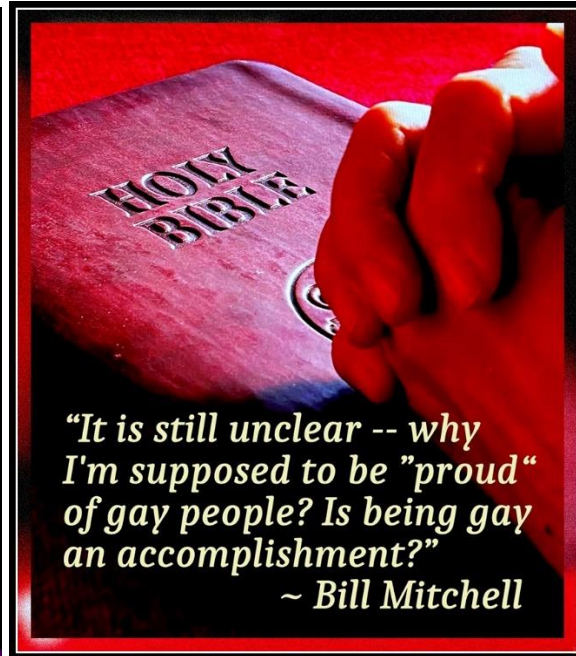

~ **Bill Bonner**

It Would Be Smart for "Us, the American People" to recognize and confront a systemic reason why we have legislatively-driven socio-economic discord. America's 'education' system indoctrinates us to comply with government say-so, rather than control government as a sovereign citizenry. Our legislators, instead of buttressing our PAVB, work to make our PAVB subordinate to legislator PAVB.

"Men never do evil so completely and cheerfully as when they do it from religious conviction."

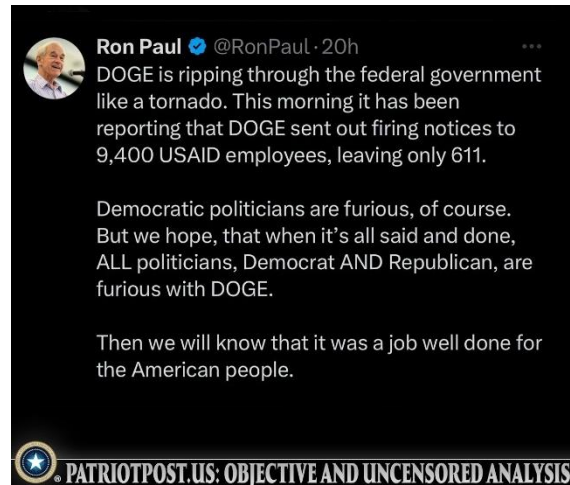

~ **Blaise Pascal**

Media Report, Not Unexpectedly, instances where government entities are working to keep President Donald J. Trump's Department of Government Efficiency (DOGE) from records access. In some ways by deleting web page information. Media report despite a judicial ruling to restore deleted web page data, Trump/MAGA dissenters remain in opposition. Because MAGA dissenters want final say over MAGA.

"Keynesianism is in part economic theory, but its real goal is the social-governmental manipulation of markets intended to concentrate government power in the hands of the corporate few"

~ **Bob Chapman**

People Poised To Live In Liberty do not allow legislators – or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond Constitutional constraint. They exercise self-government to preserve their liberty.

"The task of government in this enlightened time does not extend to actually dealing with problems. Solving problems might put bureaucrats out of work."

HEY DOGE, THAT'S WHERE THE MONEY GOES!

There's a very old but fun song, titled ***"Hey, Boys That's Where My Money Goes."*** The fun lyrics explain how this man spends his money on his girlfriend and pretty much has nothing left for himself. In keeping to that same thought, although **We the People** (taxpayers) have not willingly allotted our tax dollars for the foolish things USAID has been allocating them to, I wanted to have a little fun with the foolish spending DOGE has discovered.

HEY DOGE, THAT'S WHERE THE MONEY GOES!

That's where the money goes,
To pay our foreign foes,
Sharing transgender looks
We buy them comic books.

The Enemies we see
As our money laundries.

Hey DOGE that's where the money goes.

Unelected bureaucrats
Appointed by democrats,
Our tax dollars allocate

To foreign potentates.

They're worth our weight in gold,
American secrets sold.
We thought they'd never know
That's where their money goes.

USA is deep in debt,
USAID has no regrets.
DOGE will soon make them fret.
Pinks slips they'll all soon get!

DOGE knows where the money goes!

Uh oh, USAID is exposed.
Audits by teenage DOGE,
Napping on humble cots
Working around the clock.

Their boss is Elon Musk,
Who President Trump completely trusts,
To find the money fraud
Is a monstrous job!

Departments must be just!
Now they are all a-fuss,
Audits by DOGE reveals
Tax dollars they did steal.

Following the money tracks,
Finding crooked bureaucrats,
Billions of dollars spent
For WOKE entitlements.

DOGE knows just where that money went!

Auditing democrats,
Firing their bureaucrats,
USAID did conspire
DOGE says you all are FIRED!

YOU'RE FIRED!

"All governments are more or less combinations against the people...and as rulers have no more virtue than the ruled...the power of government can only be kept within its constituted bounds by the display of a power equal to itself, the collected sentiment of the people."

~ *Benjamin Franklin Bache*

Media Report, As Of February 11th, 2025, "Our, the American People's" Corporate Transparency Act (CTA) is expected to be in effect following legal review. Our CTA was created to, reportedly, combat sundry illicit activity. CTA objective is to be met by exposing financial transactions leading to money sources involved. Onus is on America's business to reveal money trails to federal Treasury Department.

"We Americans have no commission from God to police the world."

~ *Benjamin Harrison*

CTA, Implemented, Requires Business Owners to report detailed client information. Such requirement puts a financial burden on business owners to, essentially, assure monies transacted between business owner and client are not in any way illicit. Business owners, in effect, are made to be law enforcement agents. "We, the American People" are not government agents. Crime detection is government's job.

"Given man's nature, freedom will always be in jeopardy, and the only question that need concern each of us is if and how well we took our stand in its defense during the short period of time when we were potentially a part of the struggle."

~ ***Benjamin Rogge***

CTA, In Strict Compliance, would require "Us, the American People" who are business owners, when paid in cash, to, by some means, assure cash rendered for goods or services provided was not obtained by illicit means. Such requirement would, necessarily, burden a business owner with investigative responsibility at whatever cost necessary. Customers pay all cost-of sales, including CTA compliance.

"The tree of liberty could not grow were it not watered with the blood of tyrants."

~ ***Bertrand Barere de Vieuzac***

CTA Requirements Imposed On American businesses, essentially turn businesses into government operatives – at business owner/client expense. Cost to fulfil CTA requirements could be inordinate to

satisfy CTA criteria for verification against illicit activity. America's justice departments and IRS arms are supposed to deal with illicit activity. America's business reports businesslike monetary transactions.

"A society of sheep must in time beget a government of wolves."

~ *Bertrand de Jouvenel*

People Prepared To Live In Liberty do not allow legislators – or other public officials within These United States of America, to enact, impose, or increase taxes without securing a majority vote approval in all jurisdictions affected. They protect against property confiscation.

"There is no nonsense so arrant that it cannot be made the creed of the vast majority by adequate governmental action."

~ *Bertrand Russell*
