Pertinent Media Articles List Factors causing Golden State budget shortfall. Biggest factor, reports on point, is tax revenue drop. “We, the American People,” if we take a hard look at why government never seems to have enough money, might figure government operates on a ‘budget-drives-taxes’ rule rather than a taxes-drive-budget rule. When government spends on former precis, citizens are billed.

“If you feel driven to feed the poor, get your checkbook out and keep your tyrannical mouth shut about it.”

~ *Lew Goldberg*

It Is Not An Option for “Us, the American People” to bill our neighbors when we spend more than we bring in. Lenders, if they are concerned about borrowers making good on loans, take steps to be comparatively sure a borrower’s debt-to-income ratio justifies investing in a borrower. Some borrowers might, for example, face getting smaller loans at higher interest rates. Money has a cost.

“Politics is a clash of interests masquerading as a clash of principles.”

Apart From Our Personal Debts, we, Americans, 'owe' Uncle Sam and Aunt Samantha something on order of \$80K - \$110K per taxpayer (depending on reference referenced) to cover America's national debt. Why we, a sovereign citizenry, allow government to run up a solitary dime's worth of debt we are expected to pay is out-and-out idiocy. Wouldn't be a bad idea for us to boycott public coffer debits.

“We, the American People” are sadly mistaken if we think America’s presidents do not have power over tariffs (trade taxes). There’s a media article making rounds asserting Congress has always had power over tariffs (trade taxes). We need only consult America’s omniscient AI to find out Congressional authority versus Executive authority versus people’s sovereign authority is debatable.

Charles Manson never killed anyone himself. He simply brainwashed a gang of low IQ white leftists into doing his bidding. In their deranged minds they thought they were social justice warriors. Today's democrats are using the same Charles Manson playbook.

It Would Be No Surprise Revelation for "Us, the American People" to learn America's legislatures can do about as they please with legislative majority votes. Constitutionality is subordinate to legislative power until laws are amended, overturned, or rescinded. Or, declared impotent by us when we find gumption to exert authority held by us, as a sovereign citizenry, regardless any law or Constitution.

Practically speaking, laws are far from devoid of personal bias.

“The arts of power and its minions are the same in all countries and in all ages. It marks its victim; denounces it; and excites the public odium and the public hatred, to conceal its own abuses and encroachments.”

There Is Scant, If Any, Verifiable Evidence laws are rooted in anything other than legislators' personal attitudes, values, and beliefs (PAVB). Moreover, governments impose laws and other means of controlling people through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). PAVB and SADLT&R institutionalize societal caste systems. Self-government banished.

Americans Need Truth Along with Some Good Old Public "Stuff 'em and Cuff 'em" Justice

The Greatest Threat to Liberty is Lawlessness

I'm not unsympathetic to the Guthrie kidnapping case, like most Americans I've been watching and praying for her return and for a "good" outcome. However, the breaking news seems to be the same news, hour after hour. I understand this case involves a celebrity, the kidnapped mother's daughter, Savannah Guthrie, a host on NBC.

There are over 600,000 persons in America reported missing every year. According to the National Missing and Unidentified Persons System, which is a data base of the US Department of Justice which tracks cases, at any given time there are up to 100,000 people listed as missing. Youth under the age of 18 account for around 35% of reported cases with a nearly 98% rate of recovery.

The United States of America, known as a free and Independent nation is now #1 in human trafficking. I don't believe Nancy Guthrie has been trafficked; however, this **IS** a problem in our nation, about which we hear very little.

This weekend most conservative networks covered only this riveting story, as the entire nation waits for this kidnapping crime to be solved... hopefully with a happy reunion and the bad guys stuffed and cuffed!

Speaking of bad guys... while the news networks are fixated on the kidnapping story, there has been very little coverage of the Somalian fraud cases in Minnesota, or the riots in Minnesota, or Congress and the SAVE ACT, or the Epstein saga that simply will not die, or the Iran rebellion with thousands of citizens being murdered... or anything else really.

It was back in December that Nick Shirely broke the Minnesota fraud story with empty Somalian daycares receiving millions upon billions of federal dollars. We've been told that DOJ sent investigators to break down this fraud story and confirm the height and depth of it all. Then, as if on cue... enter stage left... comes the protestors blocking ICE agents from doing their jobs. The mostly-professional-protestors became more violent, and two were

killed. It became so bad that **Tom Homan, *America's Border Czar***, was sent to try to bring down the tensions and gain support from local officers (county sheriffs) in Minnesota.

Yet we've heard very little and we've seen nothing more about the original issue...

BILLIONS OF DOLLARS IN FRAUD.

The House Committee on Oversight and Government Reform is now investigating Rep. Ilhan Omar. We've experienced their investigations so many times, but no one is ever held accountable for their crimes against us.

America is tired of being the can that politicians kick down the road. We're always told "it's complicated," or "it all takes time." So the Biden cartel got away with selling America out to China, Ukraine and others. The Biden administration got away with breaking federal immigration laws by opening our borders and removing America's status as a sovereign nation.

It was confirmed that Hillary paid for the Russian Dossier and used it to frame President Trump. It is also true that many in Congress went along with the lies and used them to impeach President Trump. There were many in Congress involved in this egregious crime against President Trump. Let us not forget the 50 retired so-called intelligence officials who signed a letter confirming that Hunter Biden's laptop was Russian disinformation; of course we know now it was not. Their intentional dishonesty was meant to (and did) influence an election. **"Stuff 'em and Cuff 'em!"**

America, these crimes against President Trump were actually against you – **We the People**. The crimes the Marxist-democrat-party are committing now, are against our Constitutional Republic, our American culture and against **We the People**.

"The greatest threat to Liberty is Lawlessness, while the greatest assurance of Liberty is respect for the Law. We are too inclined to think of the law as something restrictive, the opposite of Liberty – That is a false conception. God does not contradict Himself. He did not create us and then as an afterthought, impose upon us a set of arbitrary

restrictive rules. He made us FREE, and then gave us the Ten Commandments to keep us Free!” Acclaimed filmmaker Cecil B. DeMille

Marxist-Democrats...

There's only one reason to want to end the Second Amendment: You're planning a tyrannical takeover.

There's only one reason to want to control the language: To confuse the people.

There's only one reason to want to remove God from government: His laws stand in the way of your tyrannical progress.

There's only one reason to want to fight against voter ID: You want to (continue) cheating American citizens out of their votes, by allowing illegal aliens to vote. Face it, while many Americans might misplace their birth certificates, only illegal aliens don't know how to produce a legitimate birth certificate.

There's only one reason Marxist-democrats have taken over the public schools and higher learning institutions: They want to indoctrinate America's youth with anti-American dribble and empty-Marxist lies.

There's only one reason so many in America refer to us as a democracy: Because they know in our Constitutional Republic it is the people... **We the People... Consent of the governed** who are supposed to be in charge. There are others who just keep saying it out of habit and ignorance.

There's only one reason for the Marxist-democrats to push **Diversity, Equity, and Inclusion** (DEI): They no longer believe in equality, as stated in our Declaration of Independence, they don't believe in a merit-hardworking America, and they don't believe in individual thinking.

There's only one reason the Marxist-democrats always bring a crisis to the forefront: They want to commit chaos and disruption. They want to control additional aspects of your life,

your community and your businesses and your land. The lie of climate change did all that – plus many profited monetarily... maybe there are more than one reason for their crises.

The main reason they scream racism and scream Jim Crow 2.0 is because they want to divide **We the People**. They like to label us according to our skin color, our occupations and our location. They know the truth in that old phrase, “United We Stand, Divided We Fall.”

We have seen many crimes committed by elected and appointed officials. We’ve witnessed many hearings and paid for numerous investigations... it’s time Americans witnessed justice in action.

I want to hear “Book ‘em Danno,” or maybe Book ‘em Bondi,” “Book ‘em Patel...”

The crimes against America have been quite public and so should these arrests. America needs to see justice taking place...

Stuff ‘em and Cuff ‘em and off to prison they must go!

Safeguard American Voter Eligibility Act (SAVE America Act) has spawned anxious consternation. Those of “Us, the American People” who are gnashing teeth over SAVE America Act, media coverage holding true, are worried SAVE America Act will completely disrupt America’s election system by making voter identification imperative before a prospective voter can cast a ballot. Perplexing.

“I can spend your money better than you can.”
~ *Bill Clinton*

“We, the American People,” if we expect only those of us who are citizenship-verified eligible people to pass judgement on how America’s government shall work, would, presumably, endorse controls keeping would-be ineligible voters from voting. Not so, given media reported opposition against SAVE America Act. Opponents are, reportedly, up in arms about easy or non-existent rules becoming stricter.

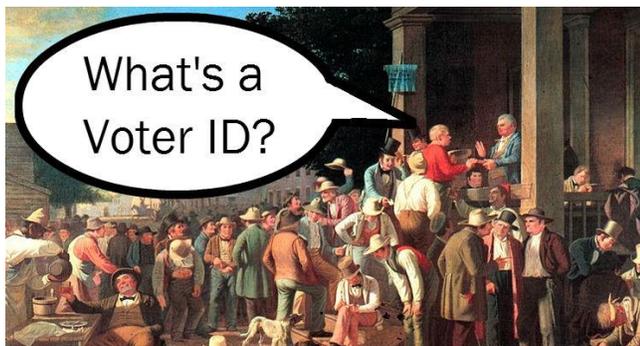

“Any president that lies to the American people should have to resign.”
~ *Bill Clinton*

Routine Visits For Healthcare, among other common pursuits in American life require us to show proof we are who we say we are. Broad reason is to avoid – or, at least, minimize fraud. Why we

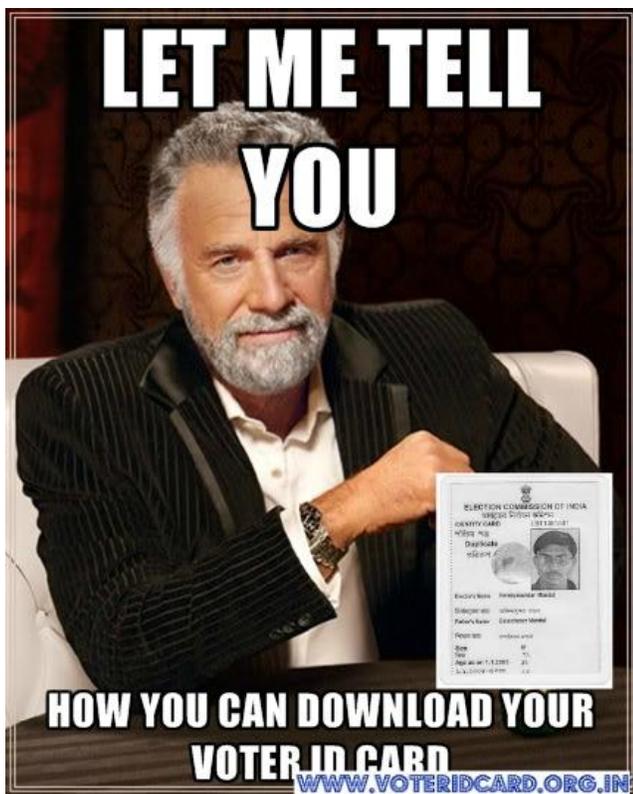

would allow “Our, the American People’s” ostensible voice=of=freedom’ (voting) in our society to be open to anyone who wants to adulterate our government’s integrity, such as it is, is bizarre.

“Look not to the politicians; look to yourselves.”
~ *Richard Cobden*

There's A Simple Remedy for those of us disgruntled about how America’s government goes about confiscating property (wealth) and restricting choice (Liberty). We have but to organize ourselves and rout out louts from government halls. In civics terms, we need but to exert self-government with ample ruthlessness. Self-government is not a gift from officialdom; it’s a seizure by sovereign citizenries.

“Liberty is not collective, it is personal. All liberty is individual liberty.”
