"We, the American People" are nearing a point of running President Donald J. Trump out of 1600 Pennsylvania Avenue tarred and feathered. Feathers courtesy of all those anti-Trump/MAGA people whose feathers President Donald J. rustled. Media has on-going examples of supposed public and private sector discontent with president Donald J. Reports representative, he might be gone in weeks.

"The typical lawmaker of today is a man wholly devoid of principle — a mere counter in a grotesque and knavish game. If the right pressure could be applied to him, he would be cheerfully in favor of polygamy, astrology or cannibalism."

Presuming Media Reports On Dissatisfaction with “Our, the American People’s” President Doanld J. are accurate, Election 2024 might be one of America’s electorate’s greatest mistakes of all time. They who champion Trump/MAGA/Musk initiatives claim President Donald J. is making good on his campaign promises. Trump/MAGA/Musk detractors point to promises not kept, lowering prices one.

"[Referring to FDR] If he became convinced tomorrow that coming out for cannibalism would get him the votes he needs so sorely, he would begin fattening a missionary in the White House yard come Wednesday."

~ ***H.L. Mencken***

It Is Folly For “Us, the American People” to believe legislative office candidates, presidential candidates foremost, are unilaterally capable of doing as they say they will, should we be weak enough to elect them on their promises. Presidents, regardless their famous and infamous Executive Order (EO) power, are held in check by legislators and magistrates. And, by an American sovereign citizenry.

"When A annoys or injures B on the pretense of saving or improving X, A is a scoundrel."

~ **H.L. Mencken**

President Donald J. Trump, By EO Design or inadvertently, has prompted people to do an unthinkable thing. Think. Media coverage invites us not to think, only read and heed. Trump/MAGA/Musk

detractors, opponents, and rivals warn us to join their ranks, lest we perish at hands of a dictator. We, despite our efforts to resist acting on our behalf, will, sooner or later, act to keep tranny at arm's length.

Must be hard to be a Democrat right now... You have to be against good health, support corruption, support war, oppose free speech, promote high taxes, support gun control & want open borders.

"We, the American People" would be smart - very smart – to recognize, and come to grips with – presidential authority, how it is acted on by presidents and how it is limited, latter concept more pertinent. America's presidents are politicians-legislators. They act on their personal attitudes, values, and beliefs (PAVB) as they surmise they have lawful authority, whether actual or perceived to be.

"As democracy is perfected, the office represents, more and more closely, the inner soul of the people. We move toward a lofty ideal. On some great and glorious day the plain folks of the land will reach their heart's desire at last, and the White House will be adorned by a downright moron."

President Donald J. Trump Has, at least by media reports, been testing PAVB presidential authority. "Our, the American People's" judiciary are hardly united in decisions on President Donald J. behaving within prescribed presidential authority. Right, wrong, good, bad, or indifferent, President Donald J. has not been carted off to jail, served with warrants, or his behavior stopped by Congressional action.

So Demos hired 87,000 IRS personnel to audit you, but protest that Trump hired one guy (at no charge) to audit their government waste.

PATRIOTPOST.US: OBJECTIVE AND UNCENSORED ANALYSIS

If President Donald J. Trump Is acting contrary to electorate majority will, America's electorate majority have not seen fit, with pitchforks in hand, to arrest him. Legislative-judicial-executive acts are, at their final test, accepted or rejected by "Us, the American People" as a sovereign citizenry. No other action taken by anyone is of lasting consequence. Regardless how 'experts might quarrel.

"To be happy one must be (a) well fed, unhounded by sordid cares, at ease in Zion, (b) full of a comfortable feeling of superiority to the masses of one's fellow men, and (c) delicately and unceasingly amused according to one's taste."

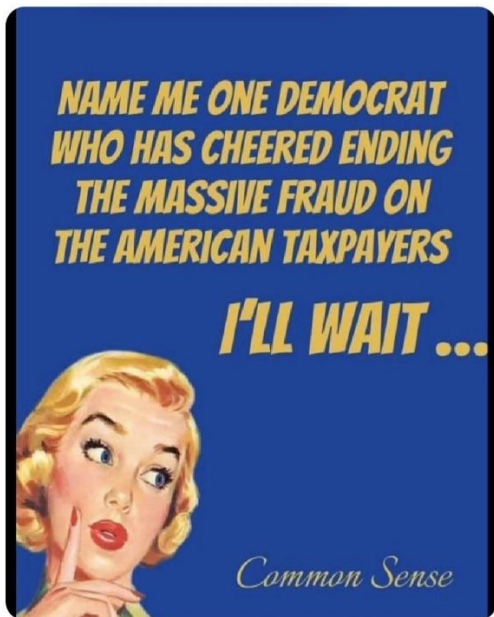

~ *H.L. Mencken*

Media Report, As An Example, a GOP legislator has found President Doanld J. Trump's federal employee firings presidential authority gone out of control. Legislator in question argues government size and structure is a matter for Congress, not America's chief executives. Ordinary people might conclude if America's presidents may not act without Congressional OK, presidents have no authority.

"The fact is that the average man's love of liberty is nine-tenths imaginary, exactly like his love of sense, justice and truth."

~ *Gore Vidal*

"Four More Years" Could Be Reverberating across "Our, the American People's" land of unConstitutionality, should one Donald J. Trump decide to run for a third term. Anti-Trump forces are sure to howl - have howled – Donald J. Trump can not serve more than two terms. America's federal (U.S./National) Constitution says so. Said Constitution says nothing about elected more than twice.

"Heresy is only another word for freedom of thought."

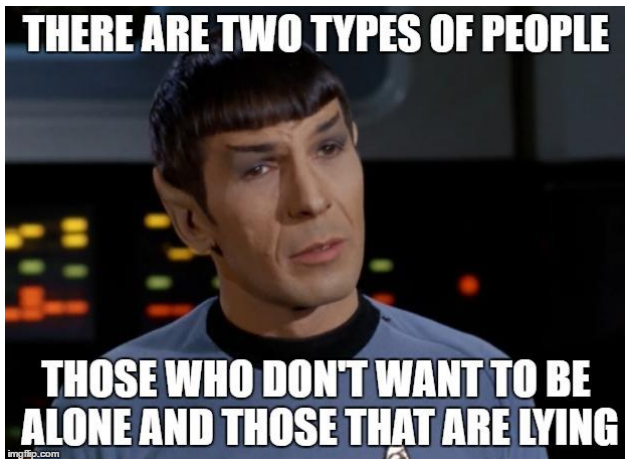

~ *Graham Greene*

Whilst "We, the American People," who fancy themselves as strict Constitutionalists at any rate, claim our federal (U.S./National) Constitution prohibits two-term(+) presidents, scholars, legislators, academics, street folks, pastors, interpret Constitutionality on a regular basis. We, a sovereign citizenry – and fourth branch of government – have power to seat anyone we choose to be an elected official.

"A censor is a man who knows more than he thinks you ought to."

~ *Granville Hicks*

In All Matters Of American Societal Activity, no one has superiority over “Us, the American People.” It is an exclusive domain overseen by us, and us alone. Provided we do not allow formal government to rein herd over us and tell us who we may elect as our president – or any other elected official. We are nuts for letting presidential term nonsense detract from more important matters. Like inflation.

"The true remedy for most evils is none other than liberty, unlimited and complete liberty, liberty in every field of human endeavor."

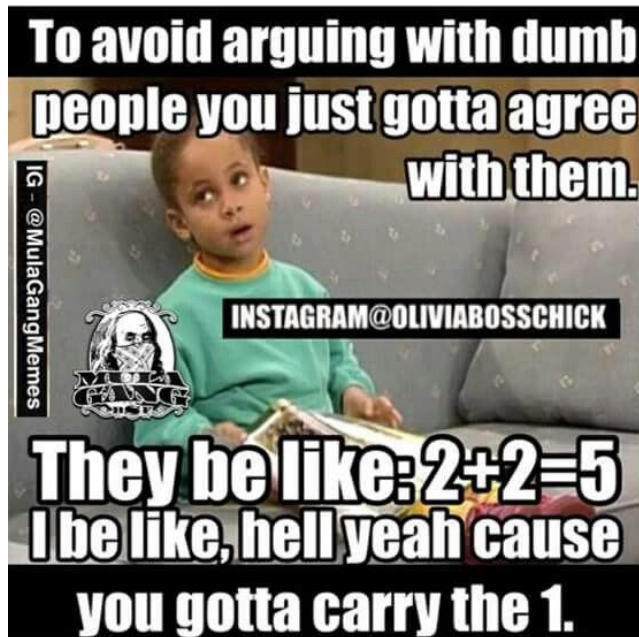

~ *Gustave de Molinari*

Like As Not, Donald J. Trump has absolutely no intention to be a third-term president. He doesn't have to be to influence American life. Donald J. Trump can be a surrogate president, of sorts, by acting as nothing more than consultant to America's coming presidents. Or, as a rabble-raising critic who irritates officialdom by challenging officialdom authority – and prodding people to think about it.

"Patriotism is a kind of religion; it is the egg from which wars are hatched."

~ *Guy de Maupassant*

People Poised To Live In Liberty do not allow legislators – or other public officials within These United States of America, to enact legislation or regulations requiring any private business to accept collective bargaining organizations. They stand by free markets and limited government.

~ *Gerald W. Johnson*

"Our, the American People's" Election 2026 midterm is shaping up to be more than a little telling. By Election 2026 campaign season, President Donald J. Trump will have either solidified his hold on federal government, or, they with expectations for government to shower them with satisfaction for every need will have mounted enough resistance to shift Congressional majorities. Not unprecedented.

"The true test of liberty is the right to test it, the right to question it, the right to speak to my neighbors, to grab them by the shoulders and look into their eyes and ask, "Are we free?"

~ *Gerry Spence*

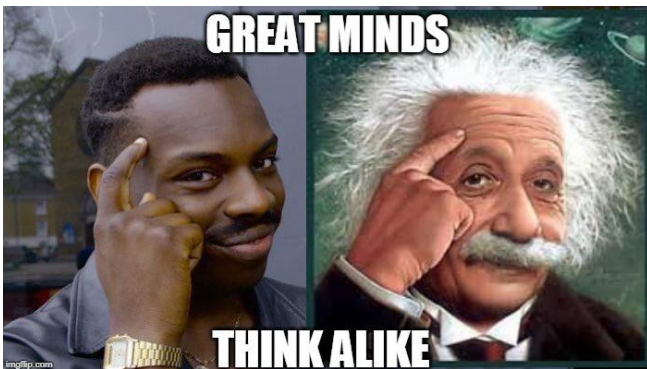

When something should be
very obvious

President Donald J. Trump's Congressional majority hold may depend on how many opposition party movers and shakers get behind President Donald J.'s agenda. Opposition party members who close ranks with President Doanld J. have been getting nailed on social media. Politics is not so much about administering good for people, rather gaining power to define good and legislate it by majority vote.

"The thing that differentiates people from animals is money."

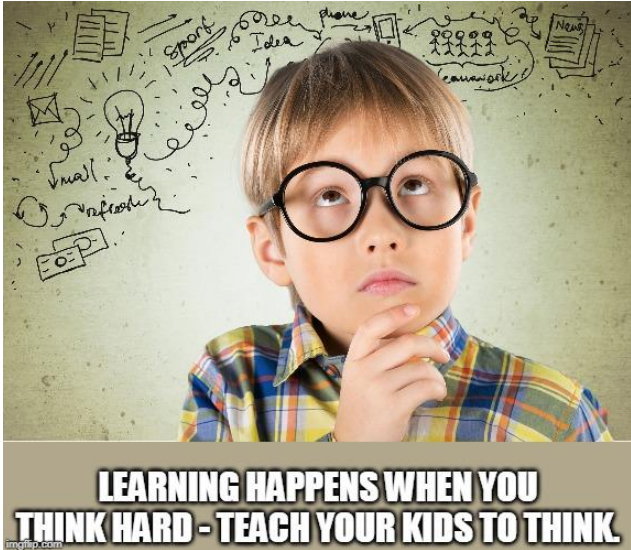

~ *Gertrude Stein*

An Opposition Party Governor recently praised President Donald J. Trump for lambasting Big Apple notion to control congestion by levying fees. Certain amount of curiosity for Big Apple thinking it's a good idea to make it more expensive for people to get to work and get around in Big Apple. Government appetite for money in in satiable. And, officials don't have to produce every day needs.

"Consider also the willy-nilly growth of the Social Security number. When the numbers were created in 1935, they were supposed to be used for one thing only, to record individual workers' payments into the Social Security system. These days it's almost impossible to open a bank account or hook up your telephone without one."

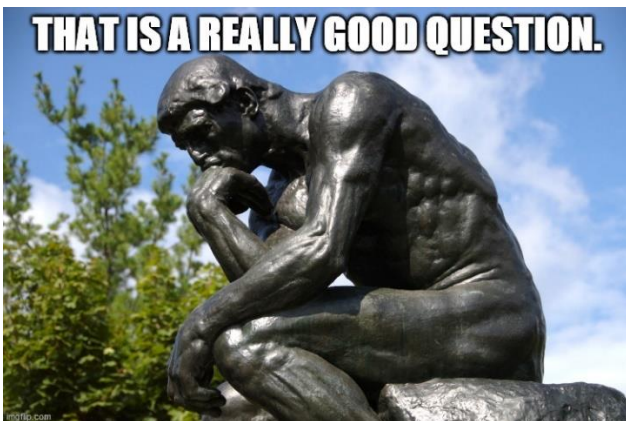

~ *Glenn Garvin*

President Donald J. Trump has a knack for feather ruffling. Almost to a second nature level. Media circulate on-going articles on how even GOP faithful are taken aback by President Donald J.'s style and substance. Election 2026, all said and done, will record how well "We. the American People" decide President Donald J.'s making America great again. Even though it will be our doing, not his.

"As the interned American citizens of Japanese descent learned, the Bill of Rights provided them with little protection when it was needed."
