Equal Opportunity Correctness Is Out, Fairness is in. So, claims a media article telling “Us, the American People” racial consideration for higher education applicants is going by Dodo Bird way. Article in question notes equal opportunity education failed to produce intended results and, worsened chances of racial minority students being competitively excellent. Doubtful many would not disagree.

**THE PROBLEM IS NOT THAT PEOPLE

**THE PROBLEM IS THAT THEY ARE
EDUCATED JUST ENOUGH TO REPEAT

“We, the American People” would be smart, considering ‘education’ matters,’ to recognize and keep in mind ‘education’ has a solitary purpose – to control behavior. For those viewing controlling behavior

as Hitlerian (authoritarian or tyrannical), viewing 'education' as preparing one to control one's behavior may be more palatable. Perhaps more palatable to say 'education' prepares one to be competitive.

"Until our parents and taxpayers are empowered to hold schools accountable, until we rid our schools of the Profile of Learning, and until we give teachers the authority to discipline children again, all the money in the world will do little to help our children learn more."

~ *Brian Sullivan*

"Our, the American People's" education system ranks consistently under top ten-rated systems world-wide. It'd be near reckless for someone needing cardiac surgery to accept a surgeon who had attended medical school on an equal-opportunity admission, having graduated with minimum passing requirement achievement. Medical proficiency is not obtained by virtue of ethnic or racial correctness.

**DID WE DO ANYTHING

**NO, WE STOPPED LEARNING

People Are Born Disadvantaged every day. No law can stop it. We'd be nuts to expect society to accept, much less pay for, disadvantage to be a reason for higher education – or, success in any endeavor – to be based on legislatively set equal opportunity quotas. No one thinking straight would board an aircraft designed by an aeronautical engineer who ranked marginally competent in higher mathematics.

"I don't believe in the Profile of Learning. It is a fundamental philosophical shift away from knowledge-based education to performance-based education. It has been too prescriptive on teachers."

“*Our, the American People’s*” media report America’s Supreme Court of the United States (SCOTUS) is poised to derail democratic presidential agenda’s. Article in question links SCOTUS recent decision against President Donald J. Trump’s tariff (trade tax) policy with future SCOTUS decisions on cases involving future democratic presidents. SCOTUS makeup is driven by Congressional-Executive aims.

It's amazing how people worry about not offending Muslims while Muslims have no problems offending everyone else.

“We, the American People” would be smart to be mindful of SCOTUS Justice nomination/confirmation process. Sitting presidents nominate possible SCOTUS Justices. Congressional Senate decides if SCOTUS Justice nominees are seated. Like it or not, SCOTUS Justices are seated by meeting presidential/Congressional personal attitudes, values, and beliefs (PAVB).

“The issue today is the same as it has been throughout all history, whether man shall be allowed to govern himself or be ruled by a small elite.”

SCOTUS Decisions Shape America's Political landscape by deciding if Congressional, and lower court decisions are Constitutional.

SCOTUS Constitutionality test(s) are based on Justices' PAVB, not unlike Congress deciding lawful legitimacy based on PAVB held by Senators and House Representatives. PAVB come into play because there are no immutable legislative/judicial standards.

It Is Up To "Us, the American People," standing as a sovereign citizenry, to make sure our legislative, government executive, and judicial branches do not govern by making their PAVB lawfully compulsory. Proactive free society sovereign citizenries forestall government behavior from becoming authoritatively tyrannous. Governments are established to protect societies, not prescribe norms.

"The fatal flaw in socialism is twofold: first, the conceit inherent in the desire to plan the lives of others; second, the force necessary to impose that plan on unwilling subjects. This is not a formula for freedom but for tyranny."

While the name “Donald Trump” is nowhere on the ballot, the policies of our MAGA agenda most certainly are; as is the future of America and the final three years of President Trump’s term. Liberty hangs in the balance for us all.

Breaking the nation only took a few swipes of an autopen, but building it back and reversing the job-killing-energy-draining-nation-invading-economy-wrecking-crime-rising policies of the Biden-Marxist regime, which held the White House captive, will take more than one year.

The election-denying-malicious-Marxists, who call themselves democrats, foresaw President Trump winning the 2024 election, so they went to work to put in place rogue federal judges in order to stop every effort by President Trump and his MAGA administration from being successful. No representative or senator of the Marxist democrat persuasion will ever vote for any policy plan to **“Make America Great Again.”** They will not abide any success by President Trump’s administration; in their eyes, he must not triumph in his efforts to **“Make America Great Again.”**

When I heard about the intruder at Mar-a-Lago, I thought to myself, *“We do not have a two-party system any longer in America.”* I’m not referring to the Uniparty, which of course there is too much of... I’m referring to the fact that the so-called-Democrat Party is no longer even pretending to represent America. They hate the Constitution, even though they accuse President Trump of “Unconstitutionality” all the time, that is only for the cameras. They hate the American people, they hate patriotism, they hate Christianity. It is their party, which is now a political cartel for Marxism; that is out to destroy America. It is they who are always unconstitutional; and unfortunately, they are backed up by the lamestream media, who push their narrative, lie for them and practice gaslighting Americans day in and day out.

Have you ever wondered just why the “democrats” choose ignorant and weak-minded people for their party and purposes? Weak- and simple-minded people like AOC, Joe

Biden, Eric Swalwell, and let's not forget the table dancing Beto O'Rourke, are easily manipulated. They use others as well; there's the pretty on the outside, not so pretty on the inside, Jasmine Crockett (no relation to Davy). Jasmine can switch her "accent" lickety-split, depending on her audience. There's Mazie Hirono, Ayanna Pressley, not related to Elvis the KING; Ilan Omar, who is nothing more than a loudmouthed Somalian gypsy, thieving from Americans to better Somalia. We can't forget the angry foul-mouthed Rashida Tlaib... There are too many to name, but these America-hating airheads, are easily manipulated. Even though they are less than smart, they are very dangerous.

The Anti-American-Marxist-Democrat Party are always election deniers - when they lose. They can't handle the truth! Together they will stand (or boycott) against President Trump and America, as many plan to either not attend the State of the Union Tuesday evening, or walk out and/or make a scene.

Have you ever noticed that the Republican Party never behaves in such a chaotic and violent manner? They knew President Biden was illegitimate and was too sick to be president, yet the party respected the process.

Yes, indeed, President Trump is on the ballot this November!

Did you vote for President Trump to make trade fair and equal again?

Did you vote for President Trump to reveal the fraud and downsize the government, as well as reduce the national debt?

Did you vote for President Trump so he could cut down crime in America?

Did you vote for President Trump to make our economy more stable?

Did you vote for President Trump to end the *war on drugs*, once and for all?

Did you vote for President Trump to deport the millions of illegal aliens from our country?

Whatever the reason, you need to realize, that if you vote for even one democrat, you're voting against President Trump. You'll be tying his hands behind his back. If you, America, allow democrats the majority in the house or the senate, they will begin undoing the successes we've had, and squash the ones that are about to burst open our nation's prosperity. They will again start the process to destroy America; it will happen, quickly too. It takes very little effort to break a nation, but to fix the damage takes time! If the democrats (Marxists) once again take the majority, they will immediately begin impeachment proceedings against President Trump and others in his administration; even though it would be absolutely unconstitutional. They will unmask, defund and end Immigration and Customs Enforcement, **ICE**.

If the democrats gain the majority, they will push through an amnesty bill, which will be across the board for all illegal aliens, and allow them to vote. You will never-ever win an election for a MAGA candidate. If they succeed in November, the next presidential election will be stolen, and America will cease to exist as a free and Independent nation. America will then look like all the other third-world-Marxist nations.

President Trump is on the ballot this November.

When I warned you that deportations would not be pretty, I didn't realize how the Marxist Democrats would pay protesters to block and attack ICE Agents.

Commonsense tells us that we can't turn the economy around with the swipe of a pen, it takes time to build factories and improve our crumbling infrastructure.

Ending the war on drugs and hitting it head on meant stopping their entry into this nation. MAGA means sovereignty and safety for Americans! Allowing drug lords to run amok in our nation, causing the deaths of our people has to be stopped; President Trump is the first president in my lifetime that actually took this war seriously. All the info commercials and slogans, “*just say no,*” weren’t serious attacks on the drug epidemic in America; they failed Americans.

President Trump is on the ballot this November.

I realize that we can count on **some** of the republicans to fight for us, but we know **all** democrats are fighting against us. If you vote for any so-called democrat on the ballot this November, you are voting against MAGA, and...

MAGA ISN'T JUST PRESIDENT TRUMP; MAGA IS YOU!

Consent of the Governed; We the People must take action to make sure the republicans take a huge lead in the house and the senate. Then it will be our duty to go after those

globalist republicans (RINOs). They need to hear from you America! They will need “encouragement” and a stern warning to represent MAGA or lose their jobs. Bombard their offices with letters, emails, and phone calls; hold them accountable to **We the People!**

It is our duty! This nation is yet teetering on the brinks of disaster because of the Marxist-democrats and their violent, mean and evil behavior. It gets worse every time they lose an election. The Democrat Party must be voted out of existence.

This is a clarion call to all who love America. Now is the time to get involved. President Trump and the future of our children, grandchildren and great grandchildren is on the ballot in November.

WHY DO WE NEED VOTER ID? BECAUSE IN THE 2020 ELECTION 163 DEMOCRATS USED THIS ONE ADDRESS TO CAST A VOTE FOR JOE BIDEN.

27 million Black people are still owned as slaves today in Muslim countries. No Liberal ever complains about that.

There Was A Familiar Ring in “Our, the American People’s” State of the Union (SOTU) address, 2026. It was President Donald J. Trump’s accusation his political rivals (democrats) caused America’s socio-economic woes and it was his administration’s efforts starting a turn-around. No surprise. Legislators and politicians typically blame their opponents and rivals for being obstructionists rather than helpers.

Legislators And Politicians May Be Responsible for programs and projects “We, the American People” find not to our liking or causing our socio-economic discontent. They blame each other, we blame them. We should blame ourselves for allowing legislators and politicians to use selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) eroding Liberty. Idiocy.

JEREMY CLARKSON SLAMS STARMER & REEVES

It Is Absurdity For "Us, the American People" to believe legislators and politicians will, somehow, use SADLT&R to satisfy our expectations for prosperity and gratification. Legislators and politicians will, despite their vows to uphold and defend Constitutional precepts and protections, put themselves first. They will, without fail, strive to make SADLT&S work in their interest. Then ours, if convenient.

"In almost all matters, the real question should be: why are we letting government handle this? "

Government Survives By Confiscating property (wealth) and restricting choice (Liberty). Government officials will confiscate and restrict till we, if we care at all about living in freedom get our hackles up far enough to take matters in hand and stop SADLT&R where it stands. Abolishing all taxation save local taxes on commerce approved by local authorities would be a start. Consumers pay all taxes. All.
