PI2025 #2036 – We Decide We Need

### ASK A HORSE

"No man is great enough or wise enough for any of us to surrender our destiny to. The only way in which anyone can lead us is to restore our belief in our own guidance."

"Liberty is to the collective body what health is to every individual body. Without health no pleasure can be tasted by man; without liberty, no happiness can be enjoyed by society."

~ *Henry St. John*

When your resume feels too short so you start adding random "special skills"

**Government Employees Are Paid** with taxpayer property (wealth) confiscated through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). Media report routinely on federal employees set to lose their jobs due President Donald J. Trump MAGA/Musk Department Of Government Efficiency (DOGE) cutbacks. Some job-losing employees are taking DOGE to court.

"Freedom is not a luxury that we can indulge in when at last we have security and prosperity and enlightenment; it is, rather, antecedent to all of these, for without it we can have neither security nor prosperity nor enlightenment."

~ *Henry Steele Commager*

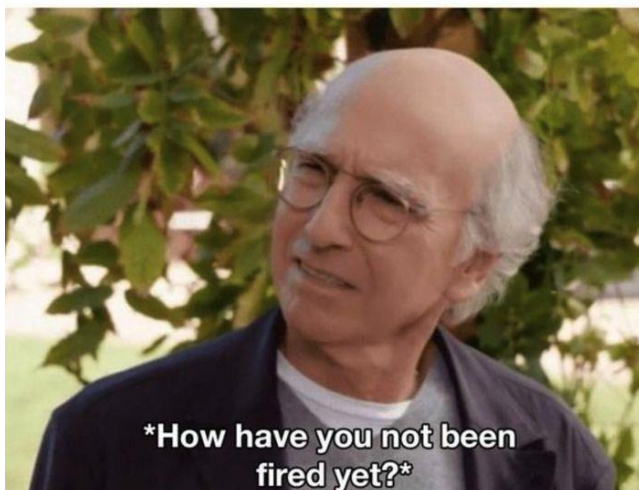

**No One – No One – Despite How** ‘We, the American People,’ some of us, at any rate, believe we should have a secure job, or, government should provide everything we need if we are not employed. We, some of us, might believe government must provide everything we need (or want), even when it means SADLT&R takes property (wealth) from other people to pay for things we decide we need.

"America was born of revolt, flourished on dissent, became great through experimentation."

~ *Henry Steele Commager*

Do you ever listen to co-workers talking at work and just think to yourself...

**“Our, the American People’s”** DOGE is focused on eliminating unneeded government jobs. Since government employment is funded by taxpayer dollars, government job cuts ought transfer unneeded taxpayer dollars back to taxpayers. Where such tax reductions can find their way back into America’s economy, either by direct consumer purchasing or indirect investing to create private sector jobs.

"Men in authority will always think that criticism of their policies is dangerous. They will always equate their policies with patriotism, and find criticism subversive."

~ *Henry Steele Commager*

**All – All – Wealth Generation Comes**, directly or indirectly, from sales. It is more than possible for "Us, the American People" to integrate job-losing government employees into America's private sector. Government employees depend on private sector sales to provide funds for their paychecks. No reason why fewer government jobs would not translate into more private sector job opportunities.

"Liberty is the soul's right to breathe and, when it cannot take a long breath, laws are girdled too tight."

~ *Henry Ward Beecher*

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to interfere in business matters between private citizens in any way so long as those dealings are free of fraudulent behavior by all parties and do not encourage threats to national

security by foreign powers or known enemies of the United States of America. They stand by their right to use their property as they see fit.

"Every collectivist revolution rides in on a Trojan horse of 'emergency'."

~ *Herbert Hoover*

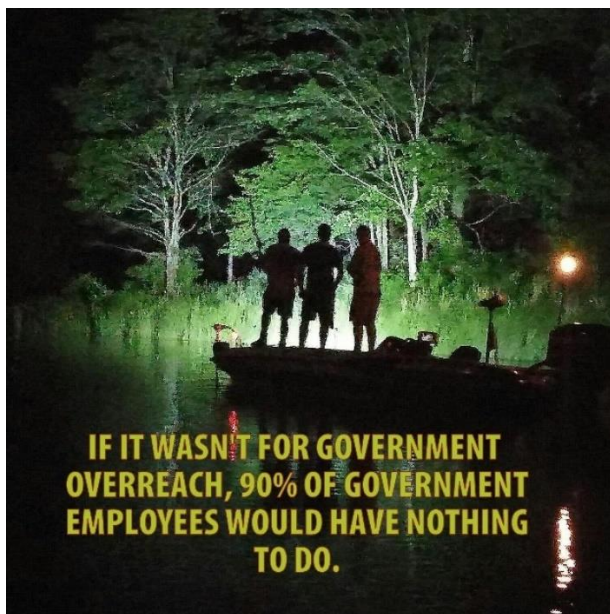

Graphic messages are designed at no cost to **ADVOCATE FOR** the US Constitution, commendable achievements, KJV Bible wisdom, conservative politics, American exceptionalism, patriotic heroes, God, family, country and occasional humor. This organization opposes-detests-all cult activities and including pedophilia, abortion, murder, decapitation, Islam, false religions, liars, satanism, kidnapping, human sacrifices, BLM, communism, trash pandas, antifa, depopulation, crooks, thieves, moldy quanza, illegal immigration, MS 13, antisemitism and other illicit activities—especially elected representatives hiding behind slick suits with big smiles, who are dead-on sold-out to bribery, excessive taxation, brutal regulations, and international espionage. Hanging of convicted traitors is okay.

If you are for the positives and against the negatives, we are with you. Please forward to as many as possible—anyone.

If any of the negatives strike a sharp hurtful nerve, unsubscribe. We will know. D

"Most of the major ills of the world have been caused by well-meaning people who ignored the principle of individual freedom, except as applied to themselves, and who were obsessed with fanatical zeal to improve the lot of mankind-in-the-mass through some pet formula of their own."

~ *Henry Grady Weaver*

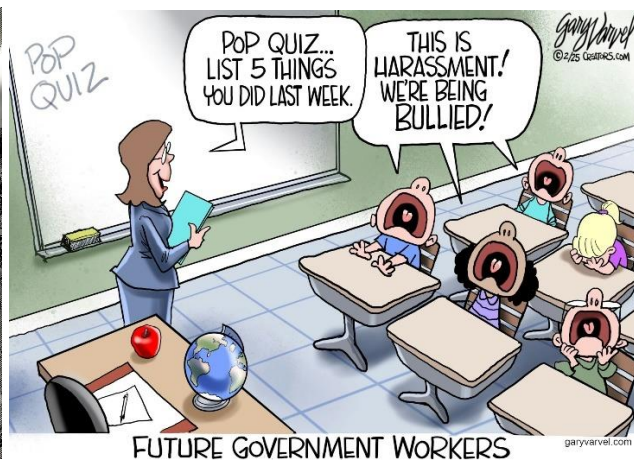

*Chances Are Eight Of Ten*, or more, of “Us, the American People,” checking America’s daily news, peruse stories about a looming Constitutional crisis if Donald J. Trump and his MAGA juggernaut movement ignore a court ruling against something they’re doing. A little serious review of America’s commonwealth, federal (U.S./National) and state constitutions tells us Constitutional crises are not.

"The harm done by ordinary criminals, murderers, gangsters, and thieves is negligible in comparison with the agony inflicted upon human beings by the professional do-gooders, who attempt to set themselves up as gods on earth and who would ruthlessly force their views on all others - with the abiding assurance that the end justifies the means."

~ *Henry Grady Weaver*

The max one can pay into social security per year is \$10,453.20.

If you did that every year from age 18 until retirement, the max you'll get from SS is \$4,873 / month.

If you put it into an S&P index fund instead, you would receive \$32,583 per month.

Social Security is a scam.

“Our, the American People’s” Constitutions are concepts penned to paper. Virtually all Constitutional precepts and protections are figments of creative thinker imagination. Until legislators put Constitutional notions into law. Only then, do Constitutional ideas mean much by way of influencing people’s predictable behavior. Only then, do legislator and magistrate get to battle over who’s right.

**Courts Have No Enforcement Power.** Court orders, if carried out, are carried out by people who work for America's governmental executive branches. It would be smart for "Us, the American People" to recognize a Constitutional crisis doesn't exist unless someone deigns one to exist. Chances are, they who assert President Donald J, Trump starts a Constitutional crisis means they disagree with him.

"When Alexander the Great visited the philosopher Diogenes and asked whether he could do anything for him, Diogenes is said to have replied: 'Yes, stand a little less between me and the sun.' It is what every citizen is entitled to ask of his government."

**We (Americans) Are Supposed To Be** self-governing people. Self-governing people, where Constitutions are central to societal get-along, decide if we're behaving consistent with Constitutionality. When some of us think others of us are behaving with constitutional consistence we might be taken to court. Where judge and/or jury might have differing views on Constitutionality.

## ASK A HORSE

"Any fool can make a rule, and any fool will mind it."

~ *Henry David Thoreau*

**"We, the American People"** would be smart to take a unenthusiastic view of categorical statements made on other people's motives. We are able to be factual on two things about anyone. Their words, their acts. Anything else is pure speculation. A legislator vows to uphold Constitutionality. Same legislator writes laws based on personal attitudes, values, and beliefs (PAVB) on Constitutionality.

"If a thousand [citizens] were not to pay their tax-bills this year, that would not be a violent and bloody measure, as it would be to pay them, and enable the State to commit violence and shed innocent blood. This is, in fact, the definition of a peaceable revolution, if any such is possible."

~ *Henry David Thoreau*

When your resume feels too short so you start adding random "special skills"

"Our, the American People's" legislative-judicial-executive government is steeped in PAVB throughout. Including those legislators, executives, and magistrates who put forth a serious effort to be objective. If there be a standard for judicial/executive/legislative objectivity, it be public verification. Leaving objectivity up to any other criteria is tantamount to turning Liberty into license – despotism.

"It is well enough that people of the nation do not understand our banking and monetary system, for if they did, I believe there would be a revolution before tomorrow morning."

~ *Henry Ford*

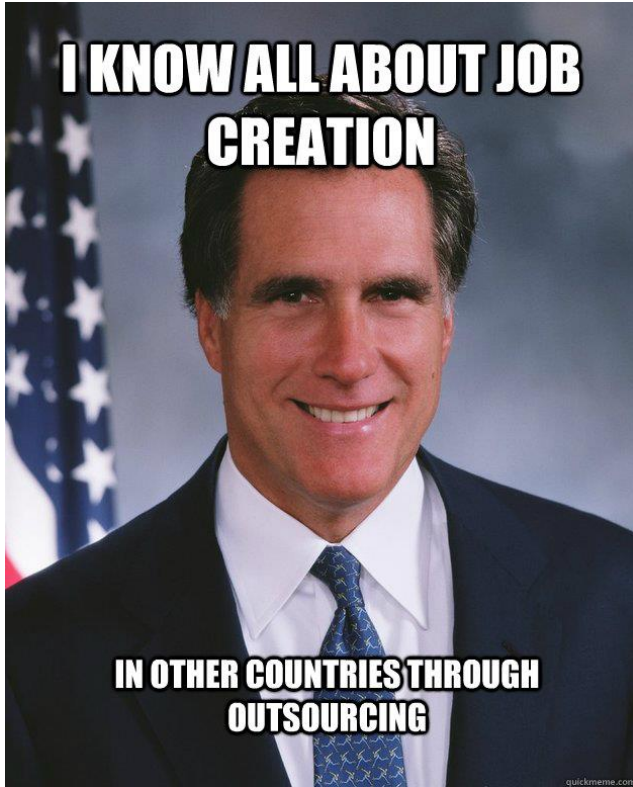

Legislative, Judicial, And Executive objectivity – in a free society – can be attained only by concurrence by sovereign citizenries. In America, by “Us, the American People.” If other than ‘only,’

by accident. Individuals, regardless their exposure to academic discipline, or other influence, when push comes to shove, follow their PAVB. They have no other reliable compass point. PAVB errs.

"It is not the business of government to make men virtuous or religious, or to preserve the fool from the consequences of his own folly."

~ *Henry George*

*People Striving To Live In Liberty* do not allow legislators - or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility for public debt for reasons other than to defend These United States. They uphold self-government and their option to protect their property and financial security as they see fit.

"We punish with a tax the man who covers barren fields with ripening grain; we fine him who puts up machinery and him who drains a swamp."

"Under a government which imprisons any unjustly, the true place for a just man is also a prison."

~ *Henry David Thoreau*

**For “Our, the American People’s”** President Donald J. Trump to succeed bringing his MAGA agenda to fruition, he may - he will – have to present it direct to America’s sovereign citizenry, and expect them to force America’s legislators to enact it. Too much power is at stake for entrenched bureaucrats and MAGA opposition for President Donald J. to prevail by friendly persuasion. Rice bowls exposed.

"Unjust laws exist: shall we be content to obey them, or shall we endeavor to amend them, and obey them until we have succeeded, or shall we transgress them at once?"

**President Donad J. Trump Has Upset** a lot of entrenched fruit baskets, with more to come. Therapy for lethargy. Bound to be first-order backlash. Media is running an article on such backlash said to be described a Trump pollster. “We, the American People” were split voting for Election 2024Donald J. Trump/MAGA. We who voted against Donald J./MAGA are not-a-gonna go belly-up without a fight.

"Government never furthered any enterprise but by the alacrity with which it got out of its way."

# That's my clock

**Nor, Should Trump/MAGA Opposition** go quietly. Despite Trump/MAGA agenda having more legitimacy than tea has in Merry Old England for tea lovers. Trump/MAGA accusers and detractors say Trump/MAGA initiatives will tear America apart, Executive order-by-Executive Order (EO). Courts are not rubber-stamping Trump EOs, by any means. There's an EO war on. Will be a while.

"Disobedience is the true foundation of liberty."

Anyone else walking around like this today  
or is it just me?

**All Said And Done, It Will Be “Us,** the American People,” a sovereign citizenry, deciding Trump/MAGA destiny. Whether we decide Trump/MAGA agenda for our better interest will be determined by our willingness to exert our sovereign citizenry power over they who would make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. PAVB smack of smelly bias.

"If I deny the authority of the State when it presents my tax bill, it will soon take and waste all my property, and so harass me and my children without end. This is hard, this makes it impossible for a man to live honestly, and at the same time comfortably, in outward respects."
