**Media Tell “Us, the American People”** a federal judge has stopped an OPM email order telling other agencies to fire employees. Judge saith OPM may not. OPM, references referenced accurate, is an independent federal agency with a director nominated by America’s president and sworn into office by America’s Congressional Senate. OPM is, references accurate, chief federal civil servant manager.

"If you want government to intervene domestically, you’re a liberal. If you want government to intervene overseas, you’re a conservative. If you want government to intervene everywhere, you’re a moderate. If you don’t want government to intervene anywhere, you’re an extremist."

~ ***Joseph Sobran***

**“Our, the American People’s”** OPM (Office of Personnel Management) resides in America’s federal executive branch. OPM, references referenced accurate, has sundry authority including to hire federal government civil servants. Given OPM may not, according to a federal judge, fire civil servants, there must be someone who can fire civil servants. Presidents can, supposedly, fire about 4,000 people.

"The attempt to silence a man is the greatest honour you can bestow on him. It means that you recognise his superiority to yourself."

~ ***Joseph Sobran***

**America's Presidential Authority To Fire** civil servants extends to about 20% of America's federal workforce. President Joe Biden's Administration, reportedly, issued a regulation in 2024 to prevent federal workers from being fired at-will. "We, the American People," thus, would be obliged – by Biden Administration at-will regulation – obliged to fund employment for such workers indefinitely.

"War is just one more big government program."  
~ **Joseph Sobran**

**Since Independent Federal Agencies Are**, organizationally, under America's federal executive branch, there would be no reason why America's presidents would not have control over whether a given federal independent agency position would need to exist. It is not presidents who pay for federal employees. It is not Congress who pays for federal employees. It is taxpayers. Who must be paid first.

HOW IS THIS OK?

AND THIS IS NOT?

WHAT HAPPENED TO AMERICA?

**“Our, the American People’s”** President Donald J. Trump is giving America’s courts plenty of practice. A related media article notes it comes as no surprise. Trump/MAGA forces learned from President Donald J.’s early-on first term not to move without carefully laid out plans. As a result, Trump/MAGA/Musk initiatives are largely prevailing when met by litigation. Devils lurk in detail.

"A general State education is a mere contrivance for molding people to be exactly like one another; and as the mold in which it casts them is that which pleases the dominant power in the government, whether this be a monarch, an aristocracy, or a majority of the existing generation; in proportion as it is efficient and successful, it establishes a despotism over the mind, leading by a natural tendency to one over the body."

~ **John Stuart Mill**

## Atheism

The belief that there was nothing and nothing happened to nothing and then nothing magically exploded for no reason, creating everything and then a bunch of everything magically rearranged itself for no reason what so ever into self-replicating bits which then turned into dinosaurs.

**Makes perfect sense.**

"We, the American People" would be smart to not expect a sought-after court outcome without knowing, with no uncertainty, where we stand, legally speaking. Even so, there is no outcome guarantee. America's courts are not like buying a stereo system. Pretty easy to tell how a system will perform by consulting system specifications. Not so, when courts deliberate, say, Constitutionality.

"So the world got compulsion schooling at the end of a state bayonet for the first time in human history; modern forced schooling started in Prussia in 1819 with a clear vision of what centralized schools could deliver:

- Obedient soldiers to the army;
- Obedient workers to the mines;
- Well subordinated civil servants to government;
- Well subordinated clerks to industry
- Citizens who thought alike about major issues."

"Peace, commerce, and honest friendship with  
all nations, entangling alliances with none."  
—Thomas Jefferson (1801)

*America's Commonwealth, Federal (U.S./National)*, and state Constitutions, in theory, underpin Liberty and human rights. Trouble is, there's no final Constitutionality clarification. As bad, if not worse, court rulings are not written in stone. Roe v Wade is a classic example of how America's Supreme Court of the United States (SCOTUS) does not (can not) render undeviating decisions.

"It rankles me when somebody tries to force somebody to do something."

**Then, There Is Public Reaction** to court decisions. Ultimately, in free societies, sovereign citizenries have final say on virtually all legislative-judicial matters. There can be no such thing as self-government without sovereign citizenry finality. It would matter not how proactive citizens would be, if courts had final say on disagreement. Despotism would reign over "Us, the American People."

# The Democrats Move to Cancel Women

I think it's time that we ask ourselves just exactly what it is that the Democrat Party has against women.

*"They're gonna put y'all back in chains,"* Joe Biden stated in a speech several years back, as he was trying to win over the votes of black Americans.

***PO Box 73, California, MO 65018***

---

Nothing can enslave a human being more than removing their humanity, which is what the Democrat Party is attempting to do regarding women. The democrat's Supreme Court Justice, Ketanji Jackson Brown, could not define a

woman, because as she explained with a smirk, "*I'm not a biologist.*" If a Justice on the Supreme Court cannot define a woman, how can she uphold and protect the rights of women? The answer is that **she can't**, and she **will not!** The LEFT-democrat-Marxists have zero intentions of protecting anyone's rights, in particular women's! By the way, I have noticed they never ask anyone to define a man.

The LEFT-democrat-Marxist-party is anti-family, anti-God, and apparently anti-women. Now, they will fight for your right as a "woman" to kill your unborn child... but they will not protect your young girls from confused males pretending to be females in sports. They will not shield young children, of either gender, (there are only two: male and female) from pornography, or protect them from pedophiles, perverts and drag queens. They will not protect the rights of free speech for women either. They prefer to enable the mentally ill, who can be quite sexually violent toward others.

The state of Maine's predominately democrat legislature refused a female Republican Representative her time on the floor. Rep. Laurel Libby was preparing to speak out and defend the rights of female athletes in Maine from the idiocy and dangers of having to compete with males who are suffering from gender dysphoria. Maine's democrats censored Rep. Libby and denied her First Amendment Right, and in doing so, they also denied the voice of all the young female athletes of Maine. Maine's governor, Janet Mills, disrespected President Trump when he hosted a luncheon for all governors. Basically, she told him she would defy federal law and continue to deny women and Title IX, and recognize transgenders as women. (writer's paraphrase)

Wisconsin's Governor has reduced women who are pregnant to "person inseminated," and the owner of the sperm is the "natural parent." I ask you, isn't that dehumanizing both women and men? To me, it also seems that the woman has no true right in the childbearing; just the "natural parent." There is no mother and there is no father in their language as they erase humanity from their political world of Marxism.

Gender-confused people are mentally ill; they are not a new gender or race of humans. I do not advocate cruelty or meanness, but I do believe honesty is better than enabling them.

There's another factor to this, and that is money! Experimenting on the mentally ill and performing barbaric, mutilating, irreversible, experimental surgeries has been raking in huge dollars for certain hospitals and greedy doctors. The pharmaceutical business is doing well, as they sell the experimental hormones and hormone blocker medications. It is a racket for which human life is reduced to nothing! The LEFT-democrats love throwing the words Nazi and Hitler around, but it was Hitler that had doctors performing experiments on children, the elderly, the physically impaired and the very ill; humans who were, in his opinion, of no value to his society.

In 1972 Title IX was passed to protect women's rights in sports, the work field and in the military; protecting females from sex discrimination. There are many that claim transgenders cannot be discriminated against because of their sex; but they deny their birth sex and Title IX is not about protecting all the made-up sexes or genders by the LEFT-democrat-Marxists. At the time it became a "law" it was specifically referring to the XX chromosome beings; females!

There is an easy commonsense-science approach to this constant rival regarding sports; DNA testing!

Women fought long and hard to have their own sports. Young girls train hard throughout their lives to earn college grants, positions on teams and many make sports a career. Your DNA cannot be altered regardless of the surgeries, the makeup, the clothes and other outward changes a transgender person attempts to make. Young children will usually outgrow this confusion, but those who are truly mentally ill, need help (where are you, parents?) to overcome and understand; they do not benefit from radical trans surgeries and dangerous hormone medications.

Caitlyn Jenner will always be Bruce Jenner. He can grow his hair out, wear a wig, wear beautiful dresses, put on some *very large* high heels and paint his fingernails, but Caitlyn will always have the *man-hands* of Bruce, and his DNA will always and forever be XY. Jenner has no intentions of returning his Olympic Gold Medal for the decathlon or any of his other athletic awards and trophies. He can claim his preferred pronoun to be her, he can legally change his name from Bruce to Caitlyn, but he cannot change who he was created to be. He can look at himself in the mirror and deny who he was at birth, but he cannot change his DNA. Caitlyn is at least honest regarding his stance and belief that “biological” males should not be allowed in female sports, but he is not honest with himself. I’m not intending to pick on Caitlyn; I feel sorry for her/him.

**It appears that the LEFT-democrat-Marxist party would rather** support and defend illegal alien rapists than protect American girls and women by allowing mentally ill males (transgenders) to beat up our young women on the basketball court, give young women concussions on the volley ball court, use their XY chromosome “male strength” to take all the blue ribbons and trophies away from female athletes and destroy their chances for sports scholarships.

The Democrat Party wants transgender males to use the female bathrooms, even if that means a young girl will be raped and sodomized by a mentally ill male. Of course, after such a crime takes place, they will attempt to hide it from the public and ignore the physical and mental needs of the young female with XX chromosomes; after all, they are incapable and unwilling to define her as a female.

They’d rather spend billions of dollars for foreign LEFT agendas than stand for the freedom and safety of America’s women and young girls.

The Democrat Party will censor you and ignore your First Amendment right (which is a real right, under our Constitution) if they disagree with what you are about to say, or if your words might expose their hypocrisy.

Democrats cannot define a woman and therefore they cannot and will not protect women's rights. The only right (which is their own preconceived right) they ever intend to defend is that of sacrificing babies in the womb. (abortion) Destruction of any life is not listed in the Constitution of the United States.

I think it's time that we ask ourselves just exactly what it is that the Democrat Party has against women, and why it is so important to dehumanize American women. The Democrat Party, the party of slavery, is moving to put us all back in chains, as they move to Cancel Women!

"The only freedom deserving the name, is that of pursuing our own good in our own way, so long as we do not attempt to deprive others of theirs, or impede their efforts to obtain it."

~ *John Stuart Mill*

**“We, the American People”** who think government ought to, somehow, force-feed economic activity to benefit financial growth we want, are, like as not, to blame President Donald J. Trump for a reported slowdown in 2025 first quarter GDP. We who blame President Donald J. won’t have proof it’s his fault. We will, though, say it’s his policies. Because we can find no other person or reason to blame.

"Mankind are greater gainers by suffering each other to live as seems good to themselves, than by compelling each to live as seems good to the rest."

~ **John Stuart Mill**

**It's Understandable Why Those** of “Us, the American People” who blame President Donald J. Trump for GDP slump when coming up with other reasons for GDP slowdown leads to more questions than answers. Long and short of it is, no one can, singlehandedly, cause an investment to deliver a whopping good return-on-investment (ROI). Ultimately, ROI is most influence by consumer demand, not policy.

"That principle is, that the sole end for which mankind are warranted, individually or collectively, in interfering with the liberty of action of any of their number, is self-protection."

~ **John Stuart Mill**

"Our, the American People's" legislators and legislative office candidates are quick to insinuate economic slowdown is caused by poor policies of people in legislative office. Makes for an easy argument when other arguments are not easily defended. Because President Donald J. Trump serves Golden Arches burgers is no guarantee MacDonald's shareholders will see their stock price go up.

"The only part of the conduct of anyone for which he is amenable to society is that which concerns others. In the part which merely concerns himself, his independence is, of right, absolute. Over himself, over his own body and mind, the individual is sovereign."

~ *John Stuart Mill*

Prices For Almost Anything people buy are affected by something economists like to call elastic or inelastic demand. Legislators have virtually no control over egg-laying chicken populations. Bird flu outbreak gone viral can cause egg prices to go up dramatically while contaminated chickens are kept from producing market-bound eggs. Elastic demand sets in, impacts prices people are willing to pay.

"If all mankind minus one, were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that one person, than he, if he had the power, would be justified in silencing mankind."
