"In all history there is no war which was not hatched by the governments, the governments alone, independent of the interests of the people, to whom war is always pernicious even when successful."

~ *Leo Tolstoy*

Inertia. Nature's Wasy Of Resisting Change. "Our, the American People's" Trump/MAGA/Musk Department Of Government Efficiency (DOGE) moved, early on, to suspend Agency for International Development (AID) funding. Backlash litigation ensued to restore funding. Supreme Court of the United States (SCOTUS) Chief Justice put case on hold. Too hard, given AID staff having left AID.

"There is no moral difference between the act of a pickpocket and the progressive income tax or any other social program."

~ *Leonard Read*

Some Media Reports Call SCOTUS Chief Justice AID fund hold-in-abeyance a President Donald J. Trump victory. When it comes to America's governmental action "We, the American People" owe it to ourselves and our posterity to make dead certain governmental action is in our better interest. Court action is a process whereby someone wins, someone loses. Relevancy is in winner-loser eyes.

"If you feel driven to feed the poor, get your checkbook out and keep your tyrannical mouth shut about it."

~ **Lew Goldberg**

Somewhat Related Media Articles address President Donald J. Trump tariff (trade tax) policies' so-called hidden costs. There are no hidden costs in taxation, including tariffs (trade taxes). All costs end up in purchase receipts or profit-loss statements. Net effect of any tax on commerce, including tariff (trade tax) costs, are paid by (or, to) consumers. Tariffs (trade taxes) for ideological bargaining is lousy.

"The only reason for a government service is precisely to provide financial support for an operation that is otherwise unsustainable, or else there would be no point in the government's involvement at all."

~ **Lew Rockwell**

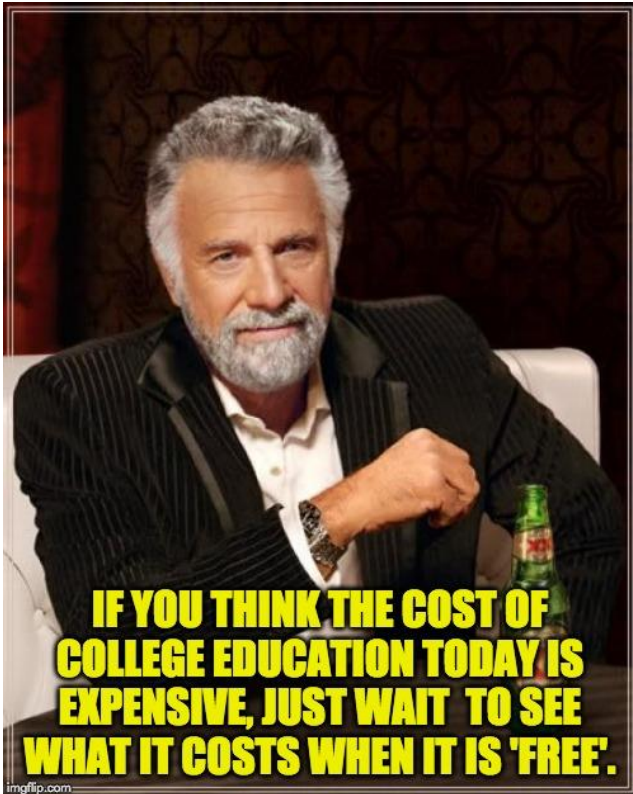

\$3 is way to much
for a bag of chips
Store: "Chips, \$2.99"

Tariffs (Trade Taxes) Are Political weapons. There is far from a consensus on using tariffs. Given government policies impact socio-economic stability, it would be smart for "Us, the American People," acting as a sovereign citizenry, to keep a tight rein on tariffs (trade taxes), as well as all taxes. Taxes hike business cost-of-sales, and hike people's cost of living. Goal would be least cost. Least cost.

"For every man who lives without freedom, the rest of us must face the guilt."

~ ***Lillian Hellman***

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to prohibit or restrict private ownership of firearms and ammunition from any citizen of good repute and responsible standing. They hold fast their ability to ward off would-be tyranny.

"Ninety eight percent of the adults in this country are decent, hardworking, honest Americans. It's the other lousy two percent that get all the publicity. But then, we elected them."

"Federal regulations alone are estimated to cost Americans more than \$600 billion yearly."

~ *Lawrence Reed*

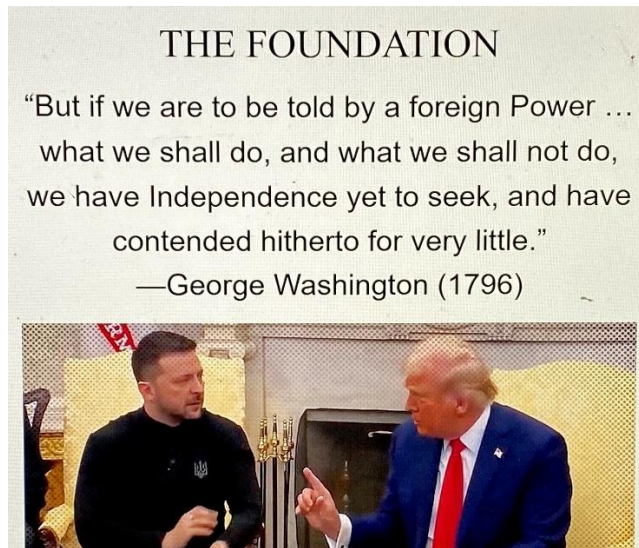

If federal employees were its own state, it would be the 3rd largest and have the highest per capita income.

“We, the American People” spend a fair amount of time complying with regulations. We, who are burdened with inquiring minds, might be inclined to check out if there’s much concern over time spent complying with regulations. There is, Internet query response accurate, specific terminology dealing with regulatory compliance: *Time spent complying with regulations*. Hardly a wonder we’re frustrated.

“Have you ever noticed how statisticians are constantly "reforming" their own handiwork? Education reform. Health-care reform. Welfare reform. Tax reform. The very fact that they're always busy "reforming" is an implicit admission that they didn't get it right the first 50 times.”

NAZI	DEMOCRAT
	
SOCIALISM	SOCIALISM
NO GUNS	NO GUNS
CENSORSHIP	CENSORSHIP
MEDIA MIND CONTROL	MEDIA MIND CONTROL
ABORTION	ABORTION
HATE JEWS	HATE JEWS AND WHITES
WORSHIP THE GOVERNMENT	WORSHIP THE GOVERNMENT

There Is Good Reason Why Time spent complying with regulations is a concern. No more than a cursory look into how many regulations impact “Our, the American People’s” lives by taking up our time to stay out of trouble with government regulators begs attention to why it is America’s federal Department Of Government efficiency (DOGE) is regularly assailed and applauded. Ruffled feathers.

"Therefore governments will never consent to diminish the number of those well-trained and submissive servants, who constitute their power and influence.

~ *Leo Tolstoy*

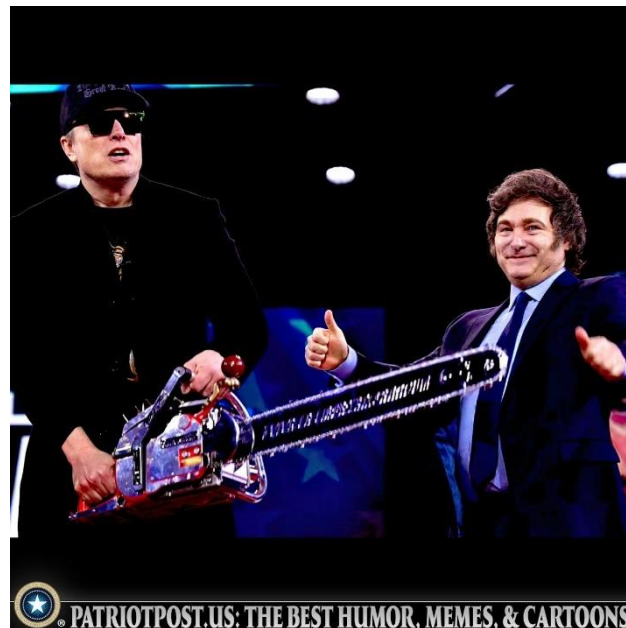

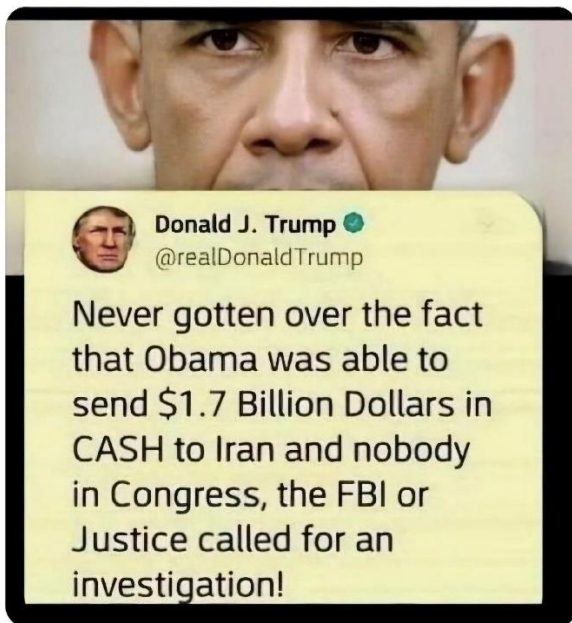

DIE (acronym)

*The Left's agenda to kill
American culture.*

Constitutional Precepts And Protections. Legislative imperative. Regulatory enforcement. Three components of selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). SADLT&R robs ordinary people of their, quite possibly, most important commodity – time. Spent satisfying legislative-judicial personal attitudes, values, and beliefs (PAVB). Bondage.

"In order to get power and retain it, it is necessary to love power; but love of power is not connected with goodness but with qualities that are the opposite of goodness, such as pride, cunning, and cruelty."

~ *Leo Tolstoy*

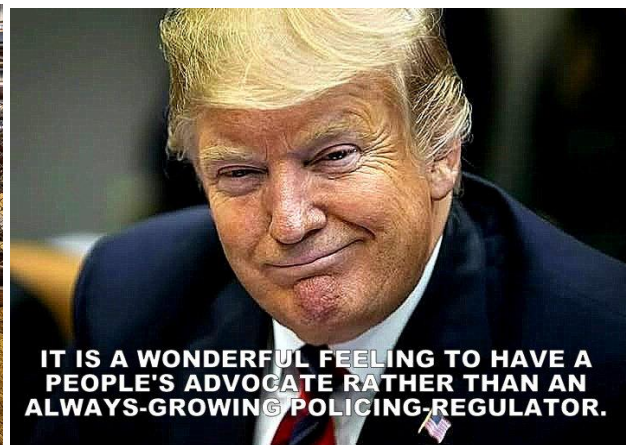

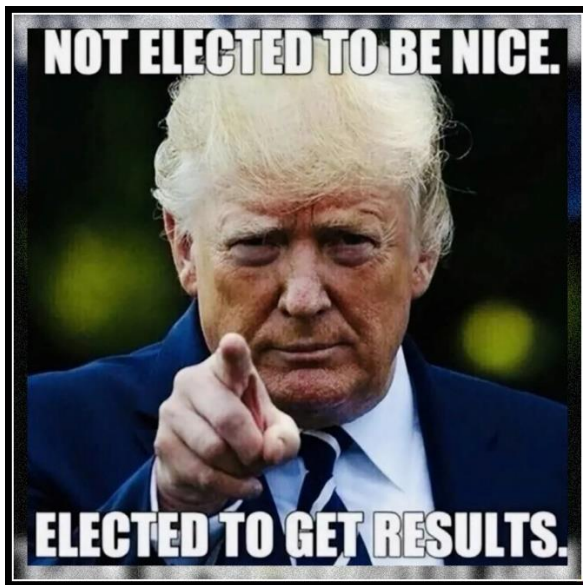

No one should ever get over it.

It's A Wonder It Has Not occurred to "Us, the American People" to, by revolutionary force, free ourselves from PAVB-driven SADLT&R. Entrenched bureaucracy's and special interest's adverse reaction to DOGE intervention may be a telling clue. DOGE represents a threat to they who are after authority without attendant responsibility and accountability. No fun, it is, showing one's value.

"What do we mean when we say that first of all we seek liberty? I often wonder whether we do not rest our hopes too much upon constitutions, upon laws and upon courts. These are false hopes; believe me, these are false hopes."

~ *Learned Hand*

Especially state, county and city governments.

People Prepared To Live In Liberty do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10th Amendment) Sovereignty. They uphold their heritage of self-government and reject illegitimate federal intrusion.

From the Department of Consent of the Governed: DOGE CONGRESS

As you know the **Department of the Consent of the Governed** is the largest and most powerful department in the United States of America; over 330 million people. DOCG is also known as **We the People!**

DOCG, We the People, can no longer take a back seat to our obligations to our nation.

I have a crazy idea... by-gosh and by-golly, I think it just might work. I also confess that I stole this idea from DOGE.

However, this is the most perfectly perfect idea.

DOCG, We the People, (as many of us as possible) need to send our congresspeople an email... **So... let's start monitoring their work!**

Perhaps an email that sounds like this:

Dear Legislator, Honorable whoever (name of your elected official) ...

I thank you for your service to me and to our country. As you know, you've been at your job for quite some time now, and it is my obligation to monitor your work according to our contract, The Constitution of the United States of America.

In the past I have shirked my obligation, believing that I could trust you to honestly represent me, but in the past several decades it has become obvious that you are not able to personally hold yourself strictly accountable to your constituents.

Please reply to this email, personally, do not delegate it to one of your staffers, as I did not elect one of them to represent me.

Please answer the following questions:

- 1. What constitutionally sound job did you accomplish this past month and how many days did you actually work while in the office?*
- 2. How many constituents did you personally meet with this past month?*
- 3. How many lobbyists did you personally meet with this past month?*
- 4. How many staffers do you employ? (As DOCG are the ones paying their salaries.)*
- 5. Have you had any additional revenue in the last month, such as speaking engagements, book sales, new stock market investments, etc.?*

These emails will become a routine check-in, and your job will be analyzed accordingly come November 3, 2026, and November 2, 2027. I'm certain you already have these dates on your calendar, however, filling out each email you receive and returning them could present you with a positive resume for your next possible November hiring.

Answering this email should take only a moment of your time; and to be honest, you work for me! With that being said, I do appreciate you taking the time to respond to the Department of Consent of the Governed.

Sincerely,

We the People (DOCG)

I have to laugh inside; if you think the government employees went ballistically sideways with such a demand as answering an email with one question, wait until the congressional members in the House and Senate start squealing as to the audacity of being asked to answer five questions.

Why shouldn't they be DOGED? They work for **We the People** and never seem to answer for their transgressions and/or lack of accomplishments. Congressional members always get richer while their constituents struggle.

What is the use of a congress who...

CAN'T BALANCE A BUDGET?

Have staffers who write laws / bills, for which they never read and then rubberstamp pass them.

IGNORE AND / OR ABUSE the Power of the purse, for which they are accountable for all the spending in this nation, while never carefully guarding the hard-earned dollars of their constituents.

While the Constitution does not specifically mention “balancing a budget,” there is such a thing as commonsense and integrity, for which all of Congress seem to be lacking.

Congress (the House and the Senate) does not have the right or power to bankrupt this nation, commit fraud, launder and funnel money, tax us into oblivion, or borrow and spend us into an unsustainable debt.

We the People want less spending and more America FIRST ... and WE MUST DEMAND IT! Our elected officials protect the establishment of government and ignore **We the People**. Our elected officials believe themselves to be above the law, and their constituents end up paying for their transgressions (slush fund of congress). Our elected officials exhibit a lack of integrity and honesty, and when corrupt people are leading in our government, our government becomes corrupt!

DOGE CONGRESS!

John Adams stated: *"Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other..."*

- **Benjamin Franklin:** "Only a virtuous people are capable of freedom."
- **George Washington:** "Virtue or morality is a necessary spring of popular government."
- **James Madison:** "If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary."

CONGRESS HAS NO ANGELS!

Our Declaration of Independence said this about the corrupt tyrannical king:

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. **A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.**

Democrats and Republicans have ignored their responsibilities to the Constitution of the United States of America and to **We the People.**

Congressional members of Congress (the House and the Senate) have turned the People's House into a den of thieves, perverts, prevaricating money makers: Corruption!

It's time the Department of Consent of the Governed took the time to **DOGE CONGRESS!**

"We, the American People" who operate businesses and who hire people to perform various work are required to submit information on both types of financial transactions. This requirement turns ordinary people into quasi, non-compensated IRS collection agents and financial investigators rooting out illicit financial activity – namely tax evasion activity. Why courts have not stopped it is disbelieving.

It Is Incumbent On “Us, the American People” to submit Corporate Transparency Act (CTA) and Beneficial Ownership Information (BOI) reports on sources of payment for goods or services rendered by clients/customers. This requirement necessarily requires us to reveal information on customers/clients. We could, depending on government whim, be required to verify funds legitimacy.

~ *Latin proverb*

By Submitting 1099 Form Copies to people we hire to provide goods or services, we are, by force of law, obliged to put those we hire on notice their financial transactions with us are to be reported to IRS as income. This requirement necessarily means we must determine to where 1099 forms must be sent, and incur sending costs. We are not compensated for our time or expenses, amount impertinent.

"A censor is a man who knows more than he thinks you ought to."

~ *Laurence J. Peter*

"Our, the American People's" government confiscates property (wealth) from us and issues tax-related information on broad scales, including placing pertinent requirement information in America's post offices, other government offices, and sundry places for public consumption. Placing quasi collection requirement on Americans is needless and, arguably, unConstitutional use of lawful force.

They fiercely protect their most vital right – individual property ownership. Protecting property is protecting life.
