PI2025 #0276 – To Debate Their Notions

### ASK A HORSE

"Government does not grow by seizing our freedoms, but by assuming our responsibilities."

~ *Michael Cloud*

"We, the American People," are beset, governmentally, by wars of ideas fought with weapons of ideals. America's media, by way of example, ran a recent article on a philosophical battle between

sitting judge and sitting law school dean. Judge in question says there'll be no school graduates hired if school doesn't drop DEI curriculum studies. Dean says 't is a moral and educational imperative.

"The angels and the devils are definitely within us, not within the machines we use."

~ *Michael Dertouzos*

**DEI, For Those Of "Us, the American People"** who do not venture outdoors, or speak with others like us or unlike us, is Diversity, Equity, and Inclusion. DEI would, if DEI could, whisk away all evidence of inequity and dislike known to exist among homo sapiens in near or far Milky Way Galaxy reaches. DEI would, if DEI could, have us all acting with utterly enamored esteem for each other.

"The worst forms of tyranny, or certainly the most successful ones, are not those we rail against but those that so insinuate themselves into the imagery of our consciousness, and the fabric of our lives, as not to be perceived as tyranny."

~ *Michael Parenti*

**'T Would Be An Entertaining Spectacle** for "Our, the American People's" intellectual titillation, were Dean and Judge to appear on say, a few media panels to speak their erudite minds. Their minds must be erudite, for they apply their grey matter musings creating and evaluating law. 'T would be amusing for them to debate their notions with, say, Dr. Phil as a moderator. Tantalizing, capturing convictions.

"It is a thing of no great difficulty to raise objections against another man's oration -- nay, it is a very easy matter; but to produce a better in its place is a work extremely troublesome."

~ *Michel De Montaigne*

**Intellectual Sparring Between Judge** and Dean would be idly amusing, were it not each plays a pointed role in shaping how laws are to apply when Americans go about making decisions on how they shall live their lives. For law moderates how people may live. Laws are products of personal attitudes, values, and beliefs (PAVB) held by legislator and magistrate. Competing PAVB promote societal discord.

"I am further of opinion that it would be better for us to have [no laws] at all than to have them in so prodigious numbers as we have."

~ *Michel de Montaigne*

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10<sup>th</sup> Amendment powers beyond specific Constitutional constraint. They protect their lives and property against government intrusion.

The one who goes the lowest wins in the old game of limbo, but in politics... well, what do you think?

### **Did the democrats go too low?**

I could be overestimating the average Americans out there who vote democrat (you know, because their grandparents voted democrat), but I believe they have higher standards than their elected representatives and senators. Tuesday evening, the Democrat Party (now known as the **Curmudgeon Party**) hit rock bottom, as they choreographed their display of contempt, not just for President Trump, which there is no secret of their loathing, but their disregard for all Americans. They exhibited no feelings and zero compassion for any of the Americans present that evening.

Ok, so they believe in “illegal immigration,” does that mean they also believe in the murdering of American citizens by immigrants? Maybe they are too shallow to admit their policies are killing Americans. Because they hate President Trump does that mean they should show contempt for a 13-year old young man battling cancer? Do democrats voters never get cancer and never fall prey to violent crimes?

I've heard it said, sometimes you have to be in the gutter, "rock bottom," before you look up and reanalyze your situation. However, I don't think that's happening to the Curmudgeon Party. They relish in their hate and always seem to double down on their bad, ridiculous and foolish behavior. I'm not sure who makes the decisions for the democrats.... Uhm, I mean curmudgeons, but they certainly aren't out to boost their popularity or make them seem patriotic for America or sympathetic to Americans or even make themselves seem wise.

We're no longer in the political game of things where both parties have the same goal BUT different paths to that goal. Of course that goal should be keeping America safe, free and prosperous. It could be the two parties never did have the same goals for our nation; which is extremely sad to conclude.

I will say, however, that their behavior this last Tuesday evening, was no different than their behavior January 2018 OR January 2020. It was only five years ago when Pelosi stood as the "*Ripper of the House*." She arrogantly and disrespectfully tore the President's State Of The Union speech in half; one section at a time. Ok, she hates President Trump, but that was also a reflection on her hate for the office of President, all Americans, as well as her disdain for Rule of Law and the Constitution of the United States of America. She should have been severely reprimanded, kicked out of the chamber and heavily fined! ... but nothing happened.

### **Upgrade to paid**

Remember their booing? Remember their wearing white? Remember how they loathed Rush Limbaugh being honored with the Medal of Freedom? There were other Americans there who had overcome great triumphs, including children, but the defiant democrats did nothing and Nancy ripped all their names in two. Even back then, the Curmudgeons were only moved by their own anger and defiance. If their party doesn't have complete control of all branches of government, they will rebel and cause chaos and violence. Remember the dreadful deadly summer of love in 2020!

Many believe the “anti-Trump” crowd of curmudgeons suffer from a mental illness, which many call Trump derangement syndrome (DTS), but I believe it’s way more serious than that.

**They hate this country.** They’ve made that quite clear with their rhetoric and with their lies. However, they do love their scheming ways of governing when they (not just the curmudgeon party) created a 4<sup>th</sup> branch of government called bureaucracy. This fourth branch is used, in large, to enrich politicians, NGOs, department heads, grant recipients, and other groups, for which **We the People** have no knowledge. Yet, we are the ones paying the bill!

The Curmudgeon Party is full of female Debbie-downers and their males are a bunch of “Walter” characters... just like Jeff Dunham’s puppet; happiness displayed by anyone... *“ticks them off.”* (I know they don’t believe in males and females, except when talking about abortion)

With all the hating and threatening speeches, the Curmudgeons are declaring a civil war against our Constitutional Republic; a few of them have actually used such language. Their supporters are going on TikTok and Instagram threatening to buy a gun and kill MAGA supporters.

Limbo can also mean things are on pause; that is not the case with the democrat-curmudgeon party. Even though they have zero leadership, there are numerous single curmudgeons vying for attention and status; the more they try, the more foolish they appear. They are all haphazardly running around doing crazy off-the-wall antics. The Curmudgeon Party are like chickens running around with their heads cut off. ***Speaking of chickens***, someone needs to inform the curmudgeon-democrat party that YES, the chicken came first and when you slaughter 100 million chickens, you collapse the egg market.

While the democrat-curmudgeon party is in chaos, do not be fooled, they are extremely dangerous. The younger curmudgeon females dance-fighting is hilarious, but the fact that they are serious about “fighting” is something we should take very seriously. They are currently calling for violence against our

President and against supporters of his administration. The only way to put an end to the democrat-curmudgeon party... is to stop electing them, and begin recalling all who are currently in office. This will need to be done on the state level.

Liberty is always in the hands of the people and if the democrat-curmudgeon party is allowed to continue, we will never again feel peace or have safety in our homeland.

Trump having taken over Vatican City reins, and, is expected to be Iran’s next Ayatollah. First, though, President Donald J. Has to take over America’s Congress and judiciary. Medi says Senate to start.

A writer when asked to explain a rather confusing part of his work

**Media Is Letting “Us, the American People”** know President Donald J. Trump’s next step toward world take-over is to skirt Congressional Senate power to confirm presidential appointees. Legally, natch. Such a step would be justified – rationalized, if not justified – by arguing a America’s president would have n way of knowing Executive Orders are followed unless presidents can pick key people.

"He who passively accepts evil is as much involved in it as he who helps to perpetuate it."

~ ***Martin Luther King, Jr.***

**“Our, the American People’s”** governmental form is flawed. Virtually everything government does is based on Constitutional authority. Constitutional authority, alas and alas, is open to interpretation. Our legislators make laws based on their personal attitudes, values, and beliefs (PAVB) developed, among other things through their experience learning how PAVB-biased government governs.

"There comes a time when a moral man can't obey a law which his conscience tells him is unjust."

~ ***Martin Luther King, Jr.***

**Nowhere Is There Any Concrete Evidence** of legislative immutability. There is abundant evidence of case law and split court decisions. Some Constitutional interpretation – turned into legislation – has been debated and abrogated, legislatively and judicially, since America started legislating and adjudicating. Small wonder America's chief executives would join America's interpretation fray.

"We must pity the poor wretched, timid soul who is too faint-hearted to resist his oppressors. "
