Unemployment Claims. Inflation. Consumer spending. Jobs numbers. Consumer confidence. Data on these economic indicators isn't so good. According to media coverage by a source identified as Maddow Blog. Not-so-good economic trends are attributed to President Donald J, Trump's Department Of Government Efficiency (DOGE) government trimming, along with tariffs (trade taxes).

"I like to think of myself as something of a curator for the Museum of the Decline of Civilization."

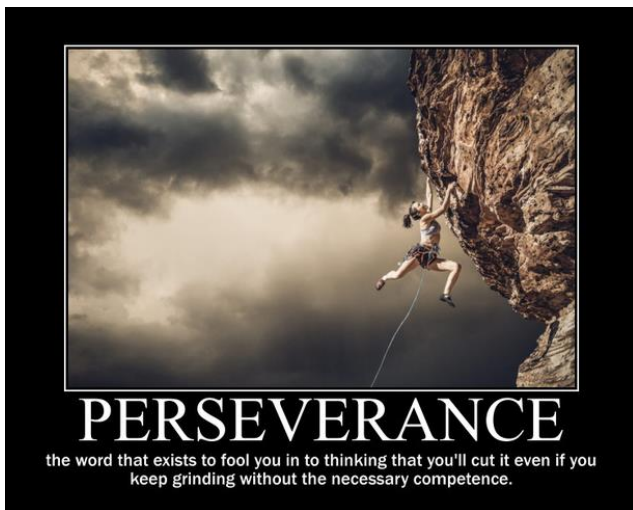

~ *N.B. Driggers*

Change Is Not Easy When People are afraid they will be among those hit hardest by change. “We, the American People,” having, ostensibly, handed President Donald J. Trump an Election 2024 mandate, are looking said mandate change impact in its unmasked face. Impossible to say if President Donald J. Trump’s DOGE/tariff (trade tax) policies will bring MAGA commendation or condemnation.

Stock Market Behavior Last Few Trading days could be interpreted as a coming recession. By Pessimists. Investing optimists would, likely, argue now is s time to buy and capitalize when investor worries pan out and market indices start moving upward. Even-tempered financial advisors don’t often tell “Us, the American People,” who are investors, to get pout while we can. They advise holding fast.

"Here's what we're not taught [about the Declaration of Independence]: Those words at the time they were written were blazingly, electrifyingly subversive. If you understand them truly now, they still are."

“Our, the American People’s” tendency be short-term reactive can lead us to impulsive decisions committing us to situations we can’t reverse because we act too quickly. Tariff’s (trade taxes) exemplify. President Donald J. Trump has repeatedly said his tariff (trade tax) policies are to get America in line with foreign tariff (trade tax) practices. Naysayers say he’s ruining our economy.

“Our, the American People’s” Executive Orders (EOs) are doing more than aggravating people they affect. President Donald J.’s EOs are challenging how America’s federal government does business. More than a few people in legislative-judicial positions are faced with finding other work, or, going to some length to stop President Donald J, from interrupting their job normalcy. Protest Against President Trump's LGBTQI EO found fault with EEOC administrative judges not standing up against President Donald J.'s illegal LGBTQI EO. So far, consequential public protest against EOs has been inconsequential.

The Democrats Move to Cancel Women

I think it's time that we ask ourselves just exactly what it is that the Democrat Party has against women.

"They're gonna put y'all back in chains," Joe Biden stated in a speech several years back, as he was trying to win over the votes of black Americans.

PO Box 73, California, MO 65018

Nothing can enslave a human being more than removing their humanity, which is what the Democrat Party is attempting to do regarding women. The democrat's Supreme Court Justice, Ketanji Jackson Brown, could not define a woman, because as she explained with a smirk, "*I'm not a biologist.*" If a Justice on the Supreme Court cannot define a woman, how can she uphold and protect the rights of women? The answer is that **she can't**, and she **will not!** The LEFT-democrat-Marxists have zero intentions of protecting anyone's rights, in particular women's! By the way, I have noticed they never ask anyone to define a man.

The LEFT-democrat-Marxist-party is anti-family, anti-God, and apparently anti-women. Now, they will fight for your right as a "woman" to kill your unborn child... but they will not protect your young girls from confused males pretending to be females in sports. They will not shield young children, of either gender, (there are only two: male and female) from pornography, or protect them from pedophiles, perverts and drag queens. They will not protect the rights of free speech for women either. They prefer to enable the mentally ill, who can be quite sexually violent toward others.

The state of Maine's predominately democrat legislature refused a female Republican Representative her time on the floor. Rep. Laurel Libby was preparing to speak out and defend the rights of female athletes in Maine from the idiocy and dangers of having to compete with males who are suffering from gender dysphoria. Maine's democrats censored Rep. Libby and denied her First Amendment Right, and in doing so, they also denied the voice of all the young female athletes of Maine. Maine's governor, Janet Mills, disrespected President Trump when he hosted a luncheon for all governors. Basically, she told him she would defy federal law and continue to deny women and Title IX, and recognize transgenders as women. (writer's paraphrase)

Wisconsin's Governor has reduced women who are pregnant to "person inseminated," and the owner of the sperm is the "natural parent." I ask you, isn't that dehumanizing both women and men? To me, it also seems that the

woman has no true right in the childbearing; just the “natural parent.” There is no mother and there is no father in their language as they erase humanity from their political world of Marxism.

Gender-confused people are mentally ill; they are not a new gender or race of humans. I do not advocate cruelty or meanness, but I do believe honesty is better than enabling them.

There’s another factor to this, and that is money! Experimenting on the mentally ill and performing barbaric, mutilating, irreversible, experimental surgeries has been raking in huge dollars for certain hospitals and greedy doctors. The pharmaceutical business is doing well, as they sell the experimental hormones and hormone blocker medications. It is a racket for which human life is reduced to nothing! The LEFT-democrats love throwing the words Nazi and Hitler around, but it was Hitler that had doctors performing experiments on children, the elderly, the physically impaired and the very ill; humans who were, in his opinion, of no value to his society.

In 1972 Title IX was passed to protect women’s rights in sports, the work field and in the military; protecting females from sex discrimination. There are many that claim transgenders cannot be discriminated against because of their sex; but they deny their birth sex and Title IX is not about protecting all the made-up sexes or genders by the LEFT-democrat-Marxists. At the time it became a “law” it was specifically referring to the XX chromosome beings; females!

There is an easy commonsense-science approach to this constant rival regarding sports; DNA testing!

Women fought long and hard to have their own sports. Young girls train hard throughout their lives to earn college grants, positions on teams and many make sports a career. Your DNA cannot be altered regardless of the surgeries, the makeup, the clothes and other outward changes a transgender person attempts to make. Young children will usually outgrow this confusion, but those who are truly mentally ill, need help (where are you, parents?) to overcome and

understand; they do not benefit from radical trans surgeries and dangerous hormone medications.

Caitlyn Jenner will always be Bruce Jenner. He can grow his hair out, wear a wig, wear beautiful dresses, put on some *very large* high heels and paint his fingernails, but Caitlyn will always have the *man-hands* of Bruce, and his DNA will always and forever be XY. Jenner has no intentions of returning his Olympic Gold Medal for the decathlon or any of his other athletic awards and trophies. He can claim his preferred pronoun to be her, he can legally change his name from Bruce to Caitlyn, but he cannot change who he was created to be. He can look at himself in the mirror and deny who he was at birth, but he cannot change his DNA. Caitlyn is at least honest regarding his stance and belief that “biological” males should not be allowed in female sports, but he is not honest with himself. I’m not intending to pick on Caitlyn; I feel sorry for her/him.

It appears that the LEFT-democrat-Marxist party would rather support and defend illegal alien rapists than protect American girls and women by allowing mentally ill males (transgenders) to beat up our young women on the basketball court, give young women concussions on the volley ball court, use their XY chromosome “male strength” to take all the blue ribbons and trophies away from female athletes and destroy their chances for sports scholarships.

The Democrat Party wants transgender males to use the female bathrooms, even if that means a young girl will be raped and sodomized by a mentally ill male. Of course, after such a crime takes place, they will attempt to hide it from the public and ignore the physical and mental needs of the young female with XX chromosomes; after all, they are incapable and unwilling to define her as a female.

They’d rather spend billions of dollars for foreign LEFT agendas than stand for the freedom and safety of America’s women and young girls.

The Democrat Party will censor you and ignore your First Amendment right (which is a real right, under our Constitution) if they disagree with what you are about to say, or if your words might expose their hypocrisy.

Democrats cannot define a woman and therefore they cannot and will not protect women's rights. The only right (which is their own preconceived right) they ever intend to defend is that of sacrificing babies in the womb. (abortion) Destruction of any life is not listed in the Constitution of the United States.

I think it's time that we ask ourselves just exactly what it is that the Democrat Party has against women, and why it is so important to dehumanize American women. The Democrat Party, the party of slavery, is moving to put us all back in chains, as they move to Cancel Women!

"Our, the American People's" Congressional House legislators Al Green was censured by his legislative colleagues for his outburst during President Donald J. Trump's speech to Congress some days ago. One has to wonder how it is Congressional legislators can censure Congressional legislators who are elected by America's voters. One would think members answer to constituents, not members.

"Freedom is not worth having if it does not connote freedom to err. It passes my comprehension how human beings, be they ever so experienced and able, can delight in depriving other human beings of that precious right."

THE ONLY PEOPLE THAT SUPPORT CENSORSHIP
ARE THOSE THAT FAIL AT LOGIC

“We, the American People” are advised, courtesy media, there has been some foul play cries because another Congressional House legislators blurted out during President Donald J. Trump’s speech to Congress, and was not censured. Despite routine talk among Congressional legislators about fairmindedness and level playing fields, it’s not hard to conclude Congress operates by majority vote.

"Freedom is the emancipation from the arbitrary rule of other men."

~ *Mortimer Adler*

It Would Not Be A Bad Move for “Us, the American People” to lower our sovereign citizenry boom on Congressional legislators to let them know there shall be no penalties for heckling America’s presidents when they blather before Congress. Never hurts for us, America’s bill-payers, to get an unvarnished look at how America’s legislators behave when their proverbial decorum gloves are off.

"Human rights are not a privilege conferred by government. They are every human being's entitlement by virtue of his humanity."

~ *Mother Teresa*

Our Legislators Seek Lawful Power over all else. It is by lawful power to confiscate people's property (wealth) and restrict people's choice (Liberty) legislators are able to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Legislators will fight legislators to have PAVB-driven lawful power. We, if we value being a sovereign citizenry, will put our PAVB over theirs.
