

indicate America's courts, as a rule, do not have 'opt out' powers except for extraordinary circumstances where defendants are unable to get a fair trial. Prudent jurists might recuse themselves.

"The issue today is the same as it has been throughout all history, whether man shall be allowed to govern himself or be ruled by a small elite."

~ *Thomas Jefferson*

"We, the American People" live under a jurisprudence system where juries have power of nullification. In short, jury nullification is power to set laws aside if jury members decide so. We would be a foolish sovereign society, were we to exclude jury nullification from our justice system. We are supposed to be a self-governing people. We can not be so if we are prohibited from holding court on our laws.

"With respect to the two words "general welfare," I have always regarded them as qualified by the detail of powers connected with them. To take them in a literal and unlimited sense would be a metamorphosis of the Constitution into a character which there is a host of proofs was not contemplated by its creators.

~ *James Madison*

It Would Be Smart for “Us, the American People” to look on ourselves as America’s fourth branch of government. Our triumvirate (three ‘checks-and-balances’ branch) government system has shown it can be all but ineffective when burning socio-economic concerns are deliberated by legislators, chief government executives, and magistrates. They tail their personal attitudes, values, and beliefs (PAVB).

"Congress has not unlimited powers to provide for the general welfare, but only those specifically enumerated."

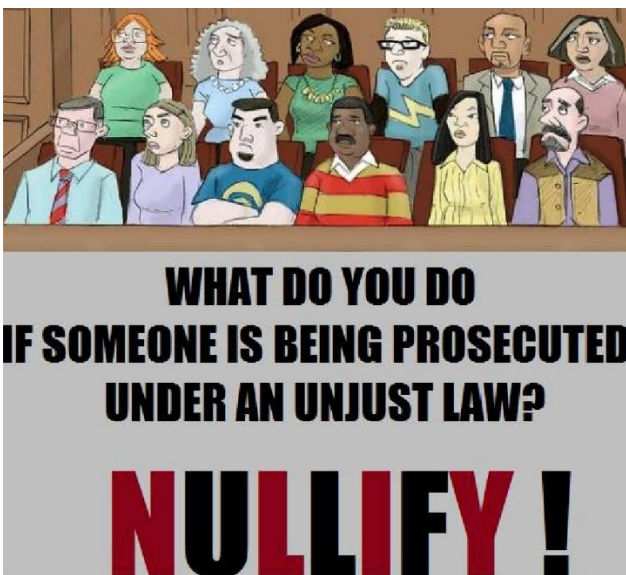

~ *Thomas Jefferson*

Laws Are Not Immutable. Laws are fashioned from people's PAVB, 'people's' including government officials or virtually anyone through history who, one way or other, exercised lawful authority over other people. Despite religious claims, laws stemming from divine intervention are based on followers' commitment to their Faith and interpretation of its tenets. Interpretation, like PAVB, is not error free.

"That no free government, or the blessing of liberty, can be preserved to any people but by a firm adherence to justice, moderation, temperance, frugality, and virtue, and by frequent recurrence to fundamental principles."

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to interfere or impose in any way with how responsible citizens choose to use their private property. There Is, “Our, the American People’s” media accurate, a Congressional Senate bill, if enacted law, would force large investors to sell off single-family homes intended as rentals. Bill in question would, ostensibly, increase home ownership opportunities. Bill in question, given stated purpose is verifiable, is an example of government stepping in to set socio-economic values by force of law. Force of law.

"If Congress can do whatever in their discretion can be done by money, and will promote the General Welfare, the Government is no longer a limited one, possessing enumerated powers, but an indefinite one...."

~ *James Madison*

Your report on *government regulation updates* is good, but does it comply with all *government regulations*?

How “We, the American People” would come down on government forcing people to sell houses is hard to say. Poll and survey outcomes are always questionable. Media coverage on Congressional Senate bill at hand has pro and con predicted effects on economy and housing prices. Stands to reason potential investors would not be too happy to have government tell them how they may invest.

"I cannot find any authority in the Constitution for public charity. [To approve the measure] would be contrary to the letter and spirit of the Constitution and subversive to the whole theory upon which the Union of these States is founded."

~ **Franklin Pierce.**

It Would Be Smart For “Us, the American People” to bear in mind legislators, government chief executives, and judges carry on their jobs based on their personal attitudes, values, and beliefs (PAVB). When their PAVB are ingrained in laws, like setting single family home investor limits, government is, arguably, influencing free market activity. Free markets let traders to trade based on mutual benefit.

"Is life so dear or peace so sweet as to be purchased at the price of chains and slavery? Forbid it, Almighty God. I know not what course others may take, but as for me, give me liberty or give me death."

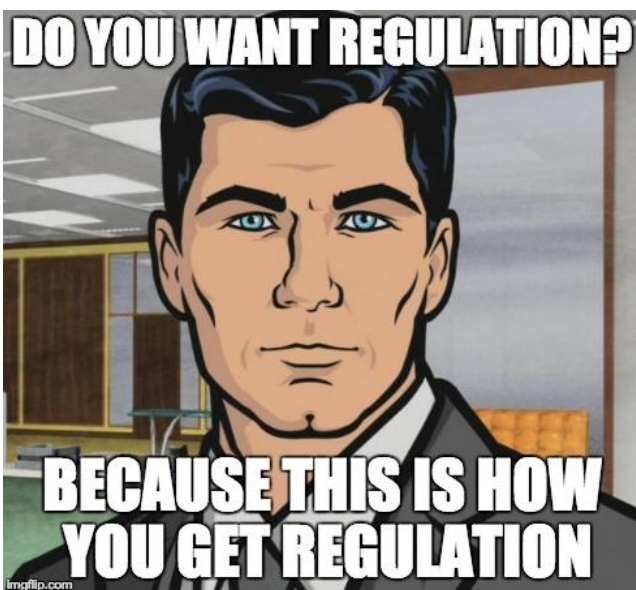

~ *Patrick Henry*

When Government Intervenes in free markets, markets are no longer free. Government intervention predisposes who amongst traders is more likely to benefit than others. They thinking they will have more opportunity to benefit will, more than likely, support government intervention. Those less likely will protest government intervention. Free societies bolster choice; regulated societies suppress choice.

"Where an excess of power prevails, property of no sort is duly respected. No man is safe in his opinions, his person, his faculties, or his possessions."

~ *James Madison*

People Committed To Living In Liberty do not allow legislators - or other public officials within These United States of America, to interfere in business matters between private citizens in any way so long as those dealings are free of fraudulent behavior by all parties and do not encourage threats to national security by foreign powers or known enemies of These United States of America. I've been paying attention to the **New World Order** rhetoric for a very long time. Rural Americans know all too well how the NWO folks started "laying tracks" to control and take the land. You see, the New World Order is worldwide Communism, and it's headed up by the world's elitists.

By now most people know (maybe not all the protesting college-youth-city-folks) that Agenda 21 and Agenda 2030 were plots to destroy Liberty in America. No longer would people own their own land.

Whenever you hear those words used, you need to realize that is the language meant to intentionally destroy Freedom in America.

The language of tyranny hasn't really changed much.

Our Founding Fathers knew what tyranny was, they felt the sting of a tyrant. They knew what it was like to live under a king, who considered all property to be his own, even in a land he'd never stepped foot upon, America!

I was shocked several years ago when I read these particular words written by Sir William Blackstone in 1783: *“So great moreover is the regard of the law for private property, that it will not authorize the least violation of it; no, not even for the general good of the whole community.”*

The words “whole community” jumped out to me. That’s what we hear today; they even try to convince us that our children belong to the “community.”

These tyrants speak of population control; they are anti-Christian and anti-God. **The Democrat Party has revealed itself as Anti-God under Barak Hussein Obama.** His lies attempted to destroy our very foundation; “America is not and never was a Christian Nation.” That, of course, is untrue! He also declared he would “fundamentally” change America. His attempt to remove God was just a part of that “change.”

“Spiritual freedom is the root of political liberty...As the union between spiritual freedom and political liberty seems nearly inseparable, it is our duty to defend both.” Thomas Paine-1775

The sick ideology of the New World Order is nonpartisan, as the Bush’s have displayed their true colors and contempt for American Freedom, Independence, Sovereignty, Consent of the Governed, Life, Liberty and the pursuit of Happiness, along with personal individuality! Such characteristics, along with Christianity, were the very essence of America’s strength. The NWO tyrants tell us those attributes are racist, white supremacist, homophobic, and other slurs that are simply not true.

Some say it out of habit BUT it has been a brainwashing of sorts. Using the term democracy when describing our government is simply a wrong analogy. We were established as a Christian Nation and a Constitutional Republic.

Those who believe in a constant wrong interpretation (democracy) and who believe in constantly amending or ignoring the “Contract,” have been intentionally shifting or mutating our governance into something our Founding Fathers never intended! Our Founding Fathers despised “democracy” forms of government.

“Our real disease...is democracy.” Alexander Hamilton

“One of the worst forms of government is a pure democracy, that is, one in which the citizens enact and administer the laws directly. Such a government is helpless against the mischiefs of faction.” James Madison

“Remember democracy never lasts long...there never was a democracy yet that did not commit suicide. It is in vain to say that democracy is less vain, less proud, less selfish, less ambitious, or less avaricious than aristocracy or monarchy.” John Adams

Perhaps I’m hitting this too hard, but I believe it’s important to understand, democracy is only one step into communism, for it relies on MOB rule and soon that MOB is ruling and it becomes a dictatorship, or an Oligarchy. During Biden’s regime it was not the man, who was sick and lost, in fact, it was never the intention of the Democrat Party for Biden to actually be the one “calling the shots” and leading this nation. We do not know all the names (there were many) however, there was an oligarchy, not a President and not a “Commander in Chief,” running this nation. There was a communist MOB leading America, and they were intentionally leading us into destruction. The open borders, the failed Afghan withdrawal, the denials of Biden’s health issues and then there was the non-primaried Kamala Harris dubbed the presidential candidate for the Democrat Party; **not incompetence... Intentional.**

The many failures of the Biden-oligarchy-regime were not simple incompetence. Though the majority of them were seemingly DEI hires, the outcomes of disaster were absolutely intentional!

Pelosi referred to the January 6 attack (not insurrection) as an attack on the **“Temple of democracy.”** She was wrong as well as lying, but that is how they see America; they refuse to acknowledge our Constitutional Republic.

Liberty is always in the hands of the people, and **We the People** have an obligation to protect and preserve Liberty in America.

“They” hate President Trump for his Love of America’s Greatness and they hate **We the People** for electing him three times!

“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.” Thomas Jefferson

Trump is doing his part, and he has to fight at every turn to bring the real new world order together... The America Freedom order!

It’s time we take our part seriously and make sure the democrats do not return to a majority in Congress but increase their “minority” status. Vote every democrat out of office (except maybe PA Senator Fetterman...although he’s still for abortion). Protect President Trump’s last two years! Let’s do our part to remove the corruption, Make America Great Again and...

There Is No Paucity Of Wealth Inequity coverage by “Our, the American People’s” media and elsewhere. A big driver for progressive wealth (property) confiscation is public (government) debt. Any number of reasons are proffered for how it is governments are unable to meet their stated budgetary needs. Fundamentally, officials claim they need greater taxation power to serve public need adequately.

"The supreme power in America cannot enforce unjust laws by the sword; because the whole body of the people are armed, and constitute a force superior to any band of regular troops that can be, on any pretence, raised in the United States."

Were “We, the American People” to peer into a handy-dandy thesaurus, we would find several alternative words for inequity. Examples would include bias, discrimination, disproportion, imbalance, inequality, injustice, unfairness. We could conclude, based on alternative words for inequity, existence of inequity equates to deprivation. Probing wealth inequity causes reveals curious theoretical thought.

" ... instituting a Congress with power to do whatever would be for the good of the United States; and as they sole judges of the good or evil, it would be also a power to do whatever evil they please."

Still waiting for them to explain why "Putin's Puppet" keeps supporting Israel's demolition of Putin's closest allies in the Middle East.

 **PATRIOTPOST.US: OBJECTIVE AND UNCENSORED ANALYSIS**

Given AI Sources Addressing Wealth inequity are accurate, it would not be in error for "Us, the American People" to find efforts to accumulate wealth is a primary reason why wealth inequity occurs. Given wealth inequity's mere existence is its root cause, then we have a glimpse of why they out to eliminate wealth inequity are prepared to confiscate wealth (property) from those who accumulate it.

"The issuing power should be taken from the banks and restored to the people, to whom it properly belongs."

Now watch how quickly this story disappears

We Who Do not Blame Wealth Inequity for its existence could make a case wealth (property) confiscation is an unworkable solution for eliminating wealth inequity. Wealth (property) can only be confiscated if people have it. Moreover, if wealth (property) confiscation from those who accumulate it is perpetuated, then we can say, with all but no ambiguity, such confiscation becomes slave labor.
