"No drug, not even alcohol, causes the fundamental ills of society. If we're looking for the sources of our troubles, we shouldn't test people for drugs, we should test them for stupidity, ignorance, greed, and love of power."

~ P.J. O'Rourke

**“Our, the American Peoples”** federal government/IRS has turned Americans into surrogate financial regulator enforcers. Tow measures commit ordinary Americans so. Corporate Transparency Act

(CTA). IRS 1099 forms. CTA requires ordinary American who businesses to report information on financial transactions associated with their businesses. Meaning to certify no funds were dishonest.

"There are just two rules of governance in a free society: Mind your own business. Keep your hands to yourself."

~ *P.J. O'Rourke*

**"We, the American People"** who contract with some private business owners for goods and services are required, by IRS regulatory dictum, to serve those we contract with 1099s reporting financial transaction details. Failure to serve those we hire with 1099 forms can result in fines. In neither case, CTA or 1099, are ordinary, reporting Americans compensated for time or financial reporting costs.

"There is no virtue in compulsory government charity, and there is no virtue in advocating it. "

~ *P.J. O'Rourke*

**CTA Requirements Are Held In Abeyance** (HIA) pending further review, possibly, judicial trial. Not to be seen as good news. There is no guarantee magistrates will rule for ordinary citizens and against government. 1099 form submission is not HIA pending review. 1099 form reporting is alive and well, forcing ordinary Americans to become IRS adjunct agents. Adding to satisfying-government burden.

"It is a popular delusion that the government wastes vast amounts of money through inefficiency and sloth. Enormous effort and elaborate planning are required to waste this much money."

~ ***P.J. O'Rourke***

**There Is More Than Ample Information** available to IRS agents and enforcers to deal with tax evasion. No reason why IRS needs to burden ordinary citizens. Credit card receipts and cleared checks are clear audit trails. At very least, we, a sovereign citizenry, ought require IRS to share recovered illicit monies with CTA/1099 providers Shared percentage, say, 40% of recovered funds. Untaxable in any amount.

"You know, if government were a product, selling it would be illegal. Government is a health hazard. Governments have killed many more people than cigarettes or unbuckled seat belts ever have."

~ *P.J. O'Rourke*

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to impose direct taxes of any kind. They forbid government from confiscating their property.

**“Our, the American People’s”** Supreme Court of the United States (SCOTUS) is one fine, fine institution. Over America’s life, SCOTUS has given Americans more than ample court opinions to stimulate our grey matter and send our synapses into firing flurries. Not only over SCOTUS opinions. Lack of SCOTUS weighing in on issues du jour can be as provoking as Roe v Wade decisions.

"Democracy means simply the bludgeoning of the people by the people for the people."

**“We, the American People”** who are SCOTUS enthusiasts might be taken aback to learn SCOTUS is not obliged to pronounce on any case someone wants on SCOTUS docket. SCOTUS can turn away virtually any case. When Scotus does so, litigants are left with dealing with lower court opinions. Not even President Donald J. Trump, with power as he is said to have, can force SCOTUS to convene.

We, despite our supposed power as a sovereign citizenry, have no power to force any court to hear any case. We are stuck if courts turn us away. #### STACEY ABRAMS SCAM UNCOVERED BY DOGE?!

DOGE found \$2 BILLION in taxpayer dollars designated for a fledgling nonprofit called "Power Forward Communities," which had close ties to Democrat Stacey Abrams.

Power Forward Communities was only a few months old with just \$100 in the bank when it received the \$2 billion grant in 2024.

On their website, they listed partnerships with two other nonprofits, both founded by Stacey Abrams. Abrams also serves as senior counsel for Rewiring America, an organization that leads a coalition of groups including Power Forward Communities.

**It's Worth Our Time To Ponder** just how America's Legislative-judicial-executive government works. We can take to reading America's common wealth, federal (U.S./National), and state Constitutions in hopes of getting smart on administering societal justice, only to find justice is served if there are enough people in enough officials on benches to render opinions based on subjectivity.

The **First Amendment** of “the peoples’” **Bill of Rights** states:

***Congress** shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.*

As you can see, the very first word in our First Amendment is “Congress!”

The Bill of Rights, as well as the Constitution of the United States of America restricts the elected officials; they do not restrict American citizens.

This week we have watched democrats literally come unglued when DOGE publicized where the money was going that had been allocated to the department of USAID.

A great deal of this money has gone to support agendas of certain groups on a global level; from LGBTQ, transgender, and other WOKE works of stupidity. A great deal of this money has been funneled to prop up and “buy” certain media

outlets, such as Politico. USAID apparently purchased over \$8 million worth of subscriptions. According to Politico's website, one yearly subscription is \$200 and a two-year subscription is \$350, so USAID paid Politico for an estimated amount of 40,000 to 28,000 subscriptions. Why? I suppose the reasoning is left to our imagination, but one might suspect it is about an agreement; "You scratch my back, and I'll scratch and protect yours."

When politicians pay news outlets to be their propaganda voice, it is no longer free press, it is bought and paid for press; meaning the news is owned by the government. This is a complete violation of the Bill of Rights by government officials.

### **FREEDOM OF THE PRESS:**

The press has the freedom to write the news, even if it is unpleasant to "government" – it is not, however, protected by the First Amendment to knowingly speak lies and distribute false information. Free Speech does not give anyone the right to scream FIRE in a crowded theater or other large body of people, causing a panic and stampede. Freedom of Speech is not a license to threaten others with bodily harm.

Why is perjury a crime? Because it is a lie with the intent to hide evidence, which would lead to the truth regarding a person's criminal actions. Our media has assisted the Democrat Party, by professionally committing perjury against the American people for decades; hiding the truth, slandering the innocent, and interfering with elections. They are no different than the person driving the getaway car from a bank robbery. The media, in my opinion, through their lies and hiding of evidence, has caused great pain and the death of many Americans, such as the brutal murders of Laken Riley and Jocelyn Nungaray, the hundreds of thousands of deaths of Americans by fentanyl, rapes, kidnappings and other nefarious and heinous crimes. In hiding the truth, the media drove the getaway car for the criminals. I for one, believe they should be held accountable and lose their license to broadcast. The First Amendment does not give the

media permission to lie to the American people, any more than it protects the act of perjury when under oath.

#### **FREEDOM OF RELIGION**

The democrats came unglued when President Trump announced he would initiate a ***“New Presidential Task Force to Halt Anti-Christian Targeting and Discrimination Within the Federal Government.”***

The Democrats are screaming that this action is a violation of the First Amendment; as always, they fall back on the false statement of “Separation of Church and State.” Nowhere will you find this phrase in our original governing documents. It was however, in a letter from Thomas Jefferson to the “Messers” of the Dansbury Baptist Church in Connecticut. He wrote:

***To Messers. Nehemiah Dodge, Ephraim Robbins, & Stephen S. Nelson, a committee of the Danbury Baptist association in the state of Connecticut.***

Gentlemen

*The affectionate sentiments of esteem and approbation which you are so good as to express towards me, on behalf of the Danbury Baptist association, give me the highest satisfaction. my duties dictate a faithful and zealous pursuit of the interests of my constituents, & in proportion as they are persuaded of my fidelity to those duties, the discharge of them becomes more and more pleasing.*

*Believing with you that religion is a matter which lies solely between Man & his God, that he owes account to none other for his faith or his worship, that the legitimate powers of government reach actions only, & not opinions, I contemplate with sovereign reverence that act of the whole American people which declared that their legislature should "make no law respecting an establishment of religion, or prohibiting the free exercise thereof," thus building a wall of **separation between Church & State**. Adhering to this expression of the supreme will of the nation in behalf of the rights of conscience, I shall see with sincere satisfaction the progress of those sentiments which tend to restore to man all his natural rights, convinced he has no natural right in opposition to his social duties.*

*I reciprocate your kind prayers for the protection & blessing of the common father and creator of man, and tender you for yourselves & your religious association, assurances of my high respect & esteem.*

Th Jefferson

Jan. 1. 1802.

The Baptists of Danbury were in great fear of persecution, even death. The Biden regime threw Christians in jail and prison for praying in public. Biden's government-cops also sought out Christian parents who protested during school board meetings over the teachings of perverted sex, pornographic literature in the libraries, as well as allowing biological males in the girl's bathrooms, which led to the rapes of young schoolgirls. Thomas Jefferson was

assuring protection to the Baptists of Danbury, and President Trump is protecting Christians and other people of faith from the persecutions of our government, as happened during Biden's bureaucratic regime. Because of the infringements on the rights of people of faith during the Biden regime, President Trump has had to pardon people of faith, many of whom were elderly grandmothers found guilty of praying in public.

The First Amendment forbids government (Congress) from establishing a "state church." President Trump is not establishing a state religion; he is protecting people from being persecuted for their personal faith. Once again, the democrats cry wolf, when they themselves are the wolves who denied Americans Freedom of Religion and **prohibited the free exercise thereof (praying in public)**. President Trump would not have had to make such a task force, except for the unconstitutional actions of Biden and his democrat cohorts.

## **THE RIGHT TO PEACEABLY ASSEMBLE**

The democrats and RINOs want Americans to believe there was an insurrection attempt on January 6, 2021; this is not true. The majority of the J6ers were peaceful; they had no weapons, they were not starting fires, in fact, they were not even "*riled up*" until they were provoked. All the truth has not yet been revealed; however, we do know that there were FBI plants egging on the crowd. We also know that on one side there were Capitol Police waving citizens into the building and on the other side the capitol police shot teargas into a peaceful crowd standing on the lawn outside the capitol building. There is no doubt in my mind that the riot was provoked, unfortunately too many peaceful people reacted! BUT then who wouldn't?

These same democrats are now literally having conniptions over every Executive Order and every one of President Trump's cabinet nominees. I have mentioned before and will again, the democrats are calling for violence. This is the same way they reacted in 2016. Of course, then they claimed Trump was not a

legitimately elected President, because he didn't receive the popular vote; they cannot make the same claim today regarding the Nov. 5, 2024 election.

Democrats, who claimed President Trump called for violence on January 6, 2021 by saying to "peacefully protest" (some weird code?) are now the ones screaming for violence in the streets. They are chanting, **"We will fight them legislatively; we will fight them in the courts, and we will fight them in the streets!"** I wonder, seriously, when was the last time AOC, Bernie Sanders, Chuck Schumer or Mad Maxine Waters were in a street fight... Are these the people who call themselves the adults?

When congressional members are seriously calling for violence against a sitting president; they are not protected under the clause "Freedom of Speech." Calling for violence is not protected by the "peaceably assemble" phrase in the First Amendment. They are Congress members, and the First Amendment restricts them from violence against **We the People**. I believe they have forgotten the Declaration of Independence, consent of the governed! They have also forgotten their own words of "insurrection." Now, they claim President Trump is guilty of a hard coup within U.S. Government. Again, they are wrong, or lying out loud!

They are worried, and they are scared! DOGE is just getting started with its auditing of the deeply seated bureaucratic departments. We know now that at least one department (USAID) has been used as a cover to funnel money hither and yon by democrats.

President Trump says we are entering America's Golden Age, well, we are for sure in the presence of some very interesting times in America!

I encourage all my readers, as I do my radio listening audience, to keep praying, but make sure you are studying our Founding Documents, so you will know and understand your rights.

America, stand fast and vigilant as DOGE marches forward! Let us hold tight to the chain of Liberty and not allow the lying transgressors to continue. Smaller government might mean smaller and fewer grants and subsidies at first, but when government shrinks and the cursed hold of bureaucrats is finally broken, **American Liberty Will Rise!**

**We are here:**

**“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.” Thomas Jefferson**

**Where will we be?**

Where will America be once the corruption has been removed? Home! America’s entrepreneurship, innovation, jobs, and free spirit and Liberty will finally be home! Oh, the Golden Age sounds most beautiful...

"Before a standing army can rule, the people must be disarmed; as they are in almost every kingdom of Europe. The supreme power in America cannot enforce unjust laws by the sword; because the whole body of people are armed, and constitute a force superior to any body of regular troops that can be, on any pretense, raised in the United States."

The two-party system leads to permanent despotism! I told you that 200 years ago! Think, America, think!

**"We, the American People"** are abject fools if we believe we are a self-governing, sovereign citizenry. If self-government exists anywhere on Planet Earth, it is Planet Earth's most well-kept secret. America's politicians-legislators, while claiming to bolster precepts and protections articulated by America's commonwealth, federal (U.S./National), and state Constitutions, seek lawful power over all.

"For those who stubbornly seek freedom, there can be no more urgent task than to come to understand the mechanisms and practices of indoctrination. These are easy to perceive in the totalitarian societies,

much less so in the system of 'brainwashing under freedom' to which we are subjected and which all too often we serve as willing or unwitting instruments."

**"Our, the American People's"** President Donald J. Possible exceptions America's revolutionary and civil wars. Even those wars were examples of how rule-makers seek to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory.

**It Is Up To "Us, the American People"** to keep our legislators, judges, and government chief executives on a short stay, if we expect to have a snowball's chance in hades of having ordinary people's PAVB supersede legislative-judicial-executive PAVB-driven despotism. Self-government is impossible when a sovereign citizenry does not restrain government from restraining Liberty.
