## **America Has Spirit**

“We got spirit, yes we do, we’ve got spirit how about you?”

2-17-2025

President Trump, who is free and eager to speak openly, granted an interview while he was waiting for the NASCAR Daytona 500 to begin. A FOX reporter, Jamie Little, noted, “We *were here 5 years ago and you’re back today.*” To which he made several comments, but the one I want to write about is when he stated, **“Our country is doing well again, and we have spirit all over the world. We brought it back, and it’s been less than four weeks.”**

**Upgrade to paid**

We all feel the American Spirit rising within this nation and it is sending ripples around the globe, from the Gulf of America and beyond.

On the other side of the spectrum, there is the Democrat Party and their mouthpieces in the media, without spirit, but full of anger and desperation.

Today’s Democrat Party is holding protests, calling for violence, cursing and disrespecting the President of the United States. They were perfectly fine with a man posing as President, breaking laws, ignoring the Constitution and Supreme Court rulings, and allowing our

enemies to float spy balloons over our nation. They were not a bit concerned when their installed impaired DEI president stumbled through reading teleprompters and note cards and finding his way off stage. But now, when we have a President of sound mind, who has an unwavering love for America and **We the People**, a man who loves our Constitution, honors our flag and mourns our fallen, a President who actually wants to Make America Great Again, the Democrat Party comes completely unglued and is left in complete disarray and despair.

After the huge election victory in November and after the fun, fanciful and beautiful inauguration of President Trump, it was as if **We the People** woke up from a very dark nightmare. However, as President Trump went straight to work to right the wrongs of the previous corrupt administration; as he is attempting to find the lost money and figure out how America can climb out of the huge debt we find ourselves enslaved to, the Democrats became immediately enraged!

The democrats would have us believe that all Americans feel the way they do, but how can that be when President Trump was elected by a large majority of electoral college votes and a large majority of the popular vote? Honestly, they are either lying (which they do a lot) or they are living in some alternate universe.

#### **Upgrade to paid**

I don't believe the Democrat Party truly cares, but their complete idiocy and support of the absurdities (men are women etc.) lost them a lot of voters. An AXIOS' reporter asked a woman named Alex why she voted for President Trump. You would think her answer would make the Democrat Party take notice and pause, but it has not. Alex answered: ***“There’s a lot of reasons, but I would say the biggest reason was what was done to my children during the Biden years regarding masks and vaccines and coming after parents. A lot of what was going on in the schools. And I basically wanted a return to the late ‘90s and Trump, to me, seems like a return to the late ‘90’s. I want inappropriate jokes. I want fun.”***

She was outraged at Attorney General Merrick Garland issuing a memo on Oct 4, 2021, directing the FBI to use its authority in response to the so-called, “disturbing spike in harassment, intimidation, and threats of violence against school administrators, board

members, teachers, and staff.” His memo came as a result of a letter from the National School Board Association that requested the federal government get involved in the “immediate threat” from parents who spoke and protested at school board meetings. The National School Board Association claimed the incidents could be “the equivalent to a form of domestic terrorism and hate crimes.” Alex went on to say, ***“To see that come from our Justice Department, attacking everyday Americans that were just trying to do right by their kids, was so all-encompassing as a parent you’ll never know... as a person who saw that and reacted to it, it was the government coming against their own and attacking their own people for something I think is absolutely outrageous.”*** Alex voted against President Trump in 2016 and in 2020 but supported him in 2024.

### **Upgrade to paid**

The Democrat Party is actually driving their voters into the arms of President Trump and his MAGA Americans. I find the following new-Trump-Supporter statement hilarious, enthusiastic, encouraging and ***spiriting***. A women named Jackie told AXIOS’, ***“I actually love him now. Like, it was, ‘I’m gonna hold my nose and vote for him.’ And after the last four years... I like everything about him.”***

Regardless of losing American democrats to President Trump, the Democrat Party will continue to protest and... lordy, I wish they’d stop the singing!

True MAGA supporters such as me, just sit and smile each time the Democrats scream another protest. However, we are not smiling as they continue to pull unconstitutional lawfare against President Trump and others in his administration. As they scream “Elon is not elected,” they turn to unelected Federal Judges to do their unconstitutional bidding.

America should have had a DOGE a long time ago! Democrats are protecting their fourth branch of government (bureaucracy) and that my friend you will ***not*** find in the Constitution of the United States of America.

Lest you think me all-in republican, I am not! I don’t trust either party. This nation was never to have career politicians; we were never to be run by lawsuits and Executive Orders... but here we are, and it is time that we restored our Constitutional Republic.

President Washington warned us: ***“However [political parties] may now and then answer popular ends, they are likely in the course of time and things, to become potent engines, by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion.”***

I think we can see that the stronger the political parties become, the less **Liberty for We the People**.

### **Upgrade to paid**

Since January 20, 2025, America is back to winning, and our spirit, that Great America Dream Spirit has returned. The more the democrats groan the more we grin!

Newt Gingrich made a statement that I think is worth pondering, ***“We’re living through a genuine revolution, and it’s important to recognize that. All republicans have done so far, is they’ve earned a ticket to the dance... now we have to dance ...If President Trump is successful, this is the end of their world.***

***After 90 years of the Roosevelt machine, after all the efforts of the LEFT to make America radically different, after all the efforts to bribe and corrupt big cities, teachers unions, etc. If Trump succeeds, they are all gone. And so what you’re seeing is almost sort of a paroxysm of rage, because they’re terrified. They don’t know how to deal with it and frankly... he will have done more in his first month than Roosevelt did in one hundred days. The most aggressive revolutionary presidency in modern times. It is a mortal threat to all those folks who you have been singing and using the F word. They don’t know what to do, they are totally bewildered. They are watching the country move towards Trump...”***

The nation is turning toward President Trump because President Trump is restoring our Constitutional Republic form of government and handing it back to **We the People**. He’s taking away the bureaucratic branch, stopping the idiotic spending, as well as the funneling of tax dollars from bureaucrats to NGOs to politicians and back around again! President Trump has already made America stronger just by standing tall.

The more the LEFT screams the more energetic the American Spirit rises!

When we see little X in the oval office hanging on to his daddy Elon, and when we see President Trump holding the hand of his little granddaughter while standing on the track at the Daytona 500... YES, our spirit doth rise! When Canadians boo our National Anthem, we kick their behinds in Hockey... and the American Spirit doth rise a little higher. **We the People** LOVE the Gulf of America; it makes our American Spirit rise! The thought of making Greenland a new American territory sounds like America is growing greater... and the American Spirit gets higher!

***“There is a certain enthusiasm in Liberty, that makes human nature rise above itself, in acts of bravery and heroism.”*** Alexander Hamilton

When I was a teenage cheerleader in high school, there was a chant we exchanged with the opposing team’s cheerleaders. The goal was to get your crowd of fans to out yell their crowd of fans. **“We’ve got spirit, yes we do, we’ve got spirit how about you?”**

So, for all those negative, anti-American folks - the Rachel Maddow’s, the Joy Reid’s, the Democrat Party protestors, the Anderson Coopers and Jake Tappers... I say to you...

***“We’ve got spirit, yes we do, we’ve got spirit... and we’re done with you!”***

~ ***R.J. Rummel***

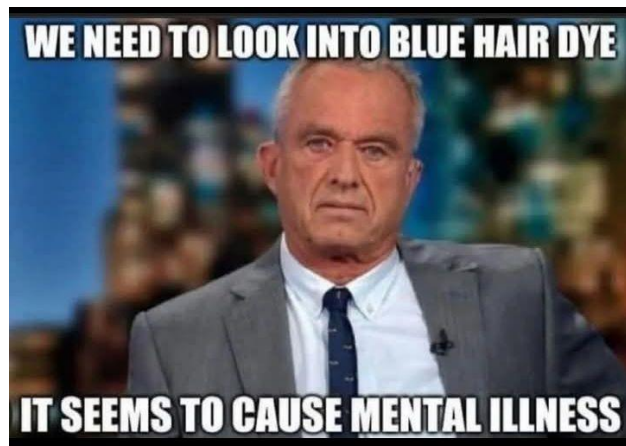

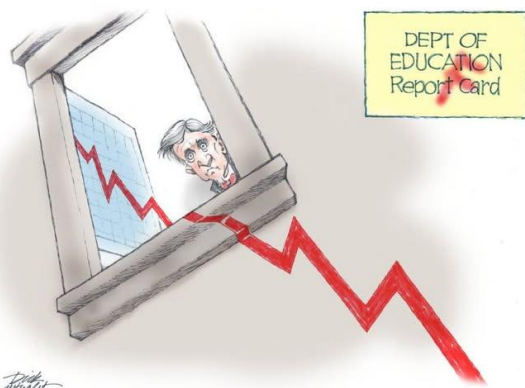

"We, the American People" may not be coming up on a recession, after all. Not if former federal Treasury Secretary, Steve Mnuchin has his proverbial ducks in a row. Reaction to President Donald J Trump tariff (trade tax) policies has, media reports accurate, prompted a consumer confidence decline, along with stock prices trending negative. Negative markets are investment opportunities for some.

"For our Founding Fathers, a level of taxation of only a few cents on a dollar, siphoned off to a faraway and arrogant bureaucracy, was enough to ignite a revolution enough to grab the trusty musket off the wall. Today, in contrast, if we dare to startle the more panicky among us by buying a good rabbit gun, the government's there at the cash register to check our papers and seize \$46 on every \$100."

~ *Ralph Reiland*

**Provided Related Businesses Don't Shut** their doors, stock price declines are seen by some investors as buy low time. Stock ownership is company ownership. Buying into a business means one owns part of a company. People, mostly buy stocks with an eye toward future worth. Return on-investment (ROI measures how company ownership gets bigger or smaller over time. Much like sowing seed.

"In dealing with the State, we ought to remember that its institutions are not aboriginal, though they existed before we were born; that they are not superior to the citizen; that every one of them was once

the act of a single man; every law and usage was a man's expedient to meet a particular case; that they all are imitable, all alterable; we may make as good; we may make better."

~ *Ralph Waldo Emerson*

**Democrats showed the world tonight that they are the party of hate, rage, and tantrums. Not standing for American Citizens brutalized by murderers, the family of a slain Police Officer, and a child cancer survivor?! We the People are DONE with Democrats!**

**Tariffs (Trade Taxes) Are, Push Come** shove, a cost of doing business. A cost of sales. Increasing taxes is not a certainty sales will drop off. Tariff costs are like any other cost. One way or other, consumers tell tariff (trade tax) tale. It all comes down to consumer willingness to surrender property (wealth) in return for goods or services. Price, we pay, value, we get, said one Warren Buffett.

"Liberty is a slow fruit."

~ *Ralph Waldo Emerson*

Democrats are poor leaders and sore losers.  
They push hatred and class warfare as they  
denigrate BILLIONAIRES who actually provide  
jobs, innovation and make America great! The  
average Democrat voter hates billionaires  
because?

I just turned off the news and  
put on a serial killer documentary  
to relax.

But Democrats will kneel for a criminal

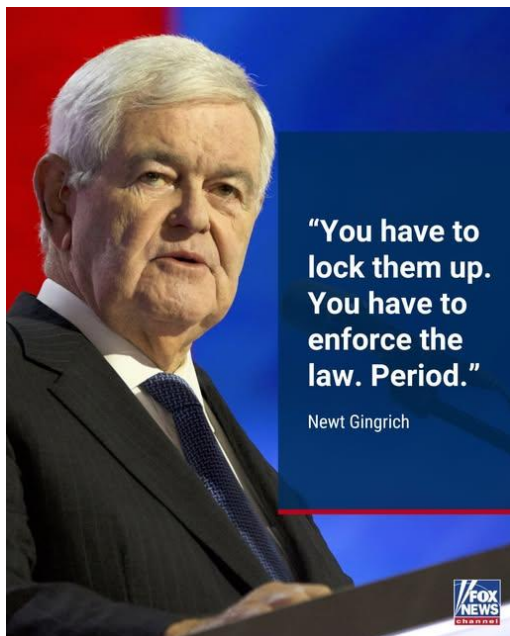

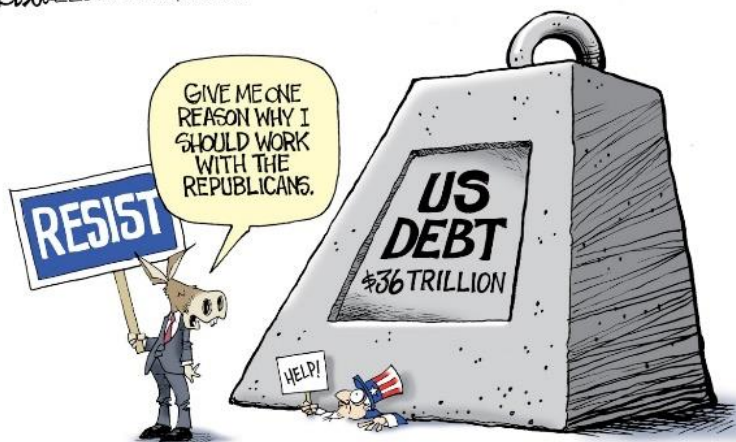

**President Donald J. Trump Tariff** (trade tax) media coverage could easily be seen as Planet Earth's economy in free-fall while governments trade tariff (trade tax) blows in efforts to impress their nations with bravado in face of Trump political deal-making. We – and every nation's citizenry – would have greater stability by forcing government to stop meddling in trade. Let business do business with buyers.

"When the tyrant has disposed of foreign enemies by conquest or treaty, and there is nothing to fear from them, then he is always stirring up some war or other, in order that the people may require a leader."

~ *Plato*

"Our, the American People's" President Donald J. Trump is taking steady heat for Trump/MAGA/Musk Department Of Government Efficiency (DOGE) pink slips for federal workers. President Donald J, added salt to job loss wounds by claiming many workers fired were not working at all or doing poor work. Said assertion was echoed, media report, by a Trump Cabinet Secretary.

"Justice will only exist where those not effected by injustice are filled with the same amount of indignation as those offended."

~ *Plato*

It Is Unlikely "We, the American People" will be close to unanimous on government workers losing jobs based on DOGE firing standards. We can not, however we see DOGE just or unjust operation, get around who funds every penny used by government, at all levels, for any purpose, good, bad, or, indifferent. It is America's consumers, by way of taxpayers. Not discounting government worker taxes.

Some of "Us, the American People" might look on President Donald J.'s foregone salary as a snub, Donald J. Trump having a personal worth in billions.

"The people have always some champion whom they set over them and nurse into greatness...This and no other is the root from which a tyrant springs, when he first appears he is a protector."

**It Would Be Foolhardy** for us to expect government to guarantee jobs for anyone, public or private sector. All government expenditures are taxpayer-funded. Exceptions being fees, and like receipts. All taxes are paid, directly or indirectly, by confiscating wealth, one way or other. All wealth comes, directly or indirectly, from sales. **"Our, the American People's"** media reports a federal judge has temporarily blocked a presidential Executive Order (EO) revoking an American business's employee security clearances. EO, had it not been blocked, would have prevented employees of business in question from entering federal buildings and other government jurisdiction access. Gives cause to pause over who oversees security clearances.

"The law is an adroit mixture of customs that are beneficial to society, and could be followed even if no law existed, and others that are of advantage to a ruling minority, but harmful to the masses of men, and can be enforced on them only by terror."

~ ***Peter Kropotkin***

**It Is Fair To Say America's Governmental** Executive Branches are tasked. Constitutionally speaking, with upholding America's laws. With such tasking responsibility, goes accountability. Accountability without authority makes it, at very least, cumbersome when meeting one's responsibility. "We, the American People" are blessed with three federal government branches, each wanting conclusive say.

"There is a wonderful mythical law of nature that the three things we crave most in life -- happiness, freedom, and peace of mind -- are always attained by giving them to someone else."

~ ***Peyton Conway March***

**Case At Hand Is Characterized,** by article title, if nothing else, as prevailing federal judge blocking retribution visited on business at hand by President Donald J. Trump's related EO imposed on business free speech protection. How case might be viewed by a randomly selected group of "Us, the American People" is hard to say. Odds are, we'd have less inclination, group-wise, to be judicially prejudicial.

"We've given up nearly every personal liberty in the name of a false sense of security sold to the masses by the same type of maniacal government about which you warned us and against which you fought so bravely. We now have to ask permission to take a leak on an airline flight. We never deserved you."

**Judicial Prejudice, Like Legislative** prejudice or governmental executive prejudice, grows out of personal attitudes, values, and beliefs (PAVB) held by those with power to make their PAVB lawfully compulsory. Given people are inclined to hold varying PAVB, it would stand to reason a jury would be less inclined to be PAVB-prejudicial in rendering a verdict, than would a judge or judicial body.
