As you know the **Department of the Consent of the Governed** is the largest and most powerful department in the United States of America; over 330 million people. DOCG is also known as **We the People!**

DOCG, We the People, can no longer take a back seat to our obligations to our nation.

I have a crazy idea... by-gosh and by-golly, I think it just might work. I also confess that I stole this idea from DOGE.

However, this is the most perfectly perfect idea.

DOCG, We the People, (as many of us as possible) need to send our congresspeople an email... **So... let's start monitoring their work!**

Perhaps an email that sounds like this:

Dear Legislator, Honorable whoever (name of your elected official) ...

I thank you for your service to me and to our country. As you know, you've been at your job for quite some time now, and it is my obligation to monitor your work according to our contract, The Constitution of the United States of America.

In the past I have shirked my obligation, believing that I could trust you to honestly represent me, but in the past several decades it has become obvious that you are not able to personally hold yourself strictly accountable to your constituents.

Please reply to this email, personally, do not delegate it to one of your staffers, as I did not elect one of them to represent me.

Please answer the following questions:

- 1. What constitutionally sound job did you accomplish this past month and how many days did you actually work while in the office?*
- 2. How many constituents did you personally meet with this past month?*
- 3. How many lobbyists did you personally meet with this past month?*
- 4. How many staffers do you employ? (As DOCG are the ones paying their salaries.)*
- 5. Have you had any additional revenue in the last month, such as speaking engagements, book sales, new stock market investments, etc.?*

These emails will become a routine check-in, and your job will be analyzed accordingly come November 3, 2026, and November 2, 2027. I'm certain you already have these dates on your calendar, however, filling out each email you receive and returning them could present you with a positive resume for your next possible November hiring.

Answering this email should take only a moment of your time; and to be honest, you work for me! With that being said, I do appreciate you taking the time to respond to the Department of Consent of the Governed.

Sincerely,

We the People (DOCG)

I have to laugh inside; if you think the government employees went ballistically sideways with such a demand as answering an email with one question, wait until the congressional members in the House and Senate start squealing as to the audacity of being asked to answer five questions.

Why shouldn't they be DOGED? They work for **We the People** and never seem to answer for their transgressions and/or lack of accomplishments. Congressional members always get richer while their constituents struggle.

What is the use of a congress who...

CAN'T BALANCE A BUDGET?

Have staffers who write laws / bills, for which they never read and then rubberstamp pass them.

IGNORE AND / OR ABUSE the Power of the purse, for which they are accountable for all the spending in this nation, while never carefully guarding the hard-earned dollars of their constituents.

While the Constitution does not specifically mention “balancing a budget,” there is such a thing as commonsense and integrity, for which all of Congress seem to be lacking.

Congress (the House and the Senate) does not have the right or power to bankrupt this nation, commit fraud, launder and funnel money, tax us into oblivion, or borrow and spend us into an unsustainable debt.

We the People want less spending and more America FIRST ... and WE MUST DEMAND IT! Our elected officials protect the establishment of government and ignore **We the People**. Our elected officials believe themselves to be above the law, and their constituents end up paying for their transgressions (slush fund of congress). Our elected officials exhibit a lack of integrity and honesty, and when corrupt people are leading in our government, our government becomes corrupt!

DOGE CONGRESS!

John Adams stated: *"Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other..."*

- **Benjamin Franklin:** "Only a virtuous people are capable of freedom."
- **George Washington:** "Virtue or morality is a necessary spring of popular government."
- **James Madison:** "If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary."

CONGRESS HAS NO ANGELS!

Our Declaration of Independence said this about the corrupt tyrannical king:

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. **A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.**

Democrats and Republicans have ignored their responsibilities to the Constitution of the United States of America and to **We the People.**

Congressional members of Congress (the House and the Senate) have turned the People's House into a den of thieves, perverts, prevaricating money makers: Corruption!

It's time the Department of Consent of the Governed took the time to **DOGE CONGRESS!**

All American crops were harvested without illegal immigrants. No problem.

"Our, the American People's" Dow Jons Industrials Stock Average (DJIA) is up from its low of last five years to a high by a factor of 2.12(+). Not bad for investors with a long-term outlook. By contrast, nervous investors might be thinking of bolting, given DJIA drop of 9 or so percent last few weeks. A 30-year investor would have made some 10%/year since 1920, depending on reference referenced.

"In dealing with the State, we ought to remember that its institutions are not aboriginal, though they existed before we were born; that they are not superior to the citizen; that every one of them was once the act of a single man; every law and usage was a man's expedient to meet a particular case; that they all are imitable, all alterable; we may make as good; we may make better."

~ ***Ralph Waldo Emerson***

That son of a bitch Trump just called me "Low IQ Maxine"?? Wants me to take an IQ test?? What kind of man tells an elderly woman of color she needs to pee in a cup to prove how smart she is? #INPEACH

Doesn't Take A PhD Mathematician to see how well off a patient investor can benefit from long-term DJIA investing. A 9% paper loss in a few weeks can try one's patience. President Donald J Trump detractors are, more than likely, apt to use recent DJIA losses to condemn President Donald J.'s economic acumen, and demand he be drawn and quartered posthaste; Trump backers would say nay.

"Liberty is a slow fruit."

America - Love It Or Leave It

DOGE is on the move, enacting a "more aggressive" schedule as President Trump requested.

DOGE Congressional Audits Scheduled for This Week:

Jamie Raskin: Entered Congress \$40K in debt, now has a \$36 million stock portfolio

Jasmine Crockett: Lived on welfare before Congress, now owns a \$25 million Manhattan penthouse

Elizabeth Warren: Net worth has increased by \$105 million in 8 years

Democrats faked sexual assault to destroy a Supreme Court nominee

They are the most corrupt political party in US history

"He should be forced to pass an IQ test because he is a low IQ individual... He is an **embarrassment to Congress** but a much bigger embarrassment to the Democrats."

President Trump

“We, the American People” would be smart, investor-wise, to ignore President Donald J. Trump detractor and fan. There is scant evidence to pinpoint stock market performance as a function of who happens to bed down at 1600 Pennsylvania Avenue. Facts and fiction, though, strong marriages don’t make. As bad, is recognizing fact from fiction in one’s personal attitudes, values, and beliefs (PAVB).

"A man's library is a sort of harem."

~ **Ralph Waldo Emerson**

It's Entirely Possible Financial Advisors Might mislead “Us, the American People” when it comes to predictable, reliable, PAVB financial investment retrns. Those of us who are nervous investors can bank on one thing, provided a business with our money doesn’t take a disastrous turn and close doors. Our ownership share remains intact regardless stock market temporary trend. Stay on course good bet.

"Nothing is more disgusting than the crowing about liberty by slaves, as most men are, and the flippant mistaking for freedom of some paper preamble like a Declaration of Independence, or the statute right to vote, by those who have never dared to think or to act."

~ *Ralph Waldo Emerson*

People Electing To Live In Liberty do not allow legislators – or other public officials within These United States of America, to offer amnesty to illegal aliens. They protect against intrusion on their homes and homeland.

~ *Pythagoras*

“Our, the American People’s” media have been reporting Congressional Senate minority leader Chuck Schumer, having voted with Senate GOP legislators on a budget continuing resolution, caused a near revolt by democrat legislators is an indication of near complete disarray. Never are they who seek lawful power over their fellow human beings in disarray. If anything it’s a sign of their power lust.

"When the tyrant has disposed of foreign enemies by conquest or treaty, and there is nothing to fear from them, then he is always stirring up some war or other, in order that the people may require a leader."

~ *Plato*

"How many times have you thought about quitting your job today?"

Me:

"We, the American People" can take odds Congressional legislators are not nearly as angry with fellow legislators giving way to other legislators, as they are angry they have too few legislative votes to stop it. Legislators in Congressional minority will not stop till they convince voters they (voters) must put them in majority status if America is to have any hope of preventing democracy from disappearing.

"The people have always some champion whom they set over them and nurse into greatness...This and no other is the root from which a tyrant springs, when he first appears he is a protector."

~ *Plato*

President Donald J. Trump, With His Fast-paced initiative to radically reform federal government has put Congressional legislators, used to having their way, back on their heels. Doesn't mean they are belly-up. Means only they will put new energy into breaking President Donald J.'s hold on doing things his way, meaning, breaking their hold on bureaucracy and causing them to rethink their tactics.

"The end move in politics is always to pick up a gun."

~ ***R. Buckminster Fuller***

How to quit your job like a pro

Coming Midterm Election 2026 Will Be a serious test of President Donald J. Trump's MAGA vision. Particularly so, regarding department Of Government Efficiency (DOGE) slicing away at jobs DOGE marks as unnecessary taxpayer expense. Undercutting one's livelihood, for whatever reasons, doesn't sit well with anyone who views their job as valued enough to be kept. Elections validate public whim.

"The more power a government has the more it can act arbitrarily according to the whims and desires of the elite, and the more it will make war on others and murder its foreign and domestic subjects. The more constrained the power of governments, the more power is diffused, checked, and balanced, the less it will aggress on others and commit democide."

~ ***R.J. Rummel***

People Planning To Live In Liberty do not allow legislators - or other public officials within These United States of America, to public (government) schools to delve into their children's attitudes, values, or beliefs. They school their children to become independent thinking sovereign citizens.

"Today, in contrast, if we dare to startle the more panicky among us by buying a good rabbit gun, the government's there at the cash register to check our papers and seize \$46 on every \$100."

"There is a wonderful mythical law of nature that the three things we crave most in life -- happiness, freedom, and peace of mind -- are always attained by giving them to someone else."

~ *Peyton Conway March*

"We, the American People," if we are to have any chance of living in freedom under Liberty's principles, must recognize politics is coercing people to do a coercer's bidding. Preferably by lawful force. Lawful force is intimidating to people not aware of their ability, as sovereign citizenry members, to resist tyrannous government. Even so, it takes proactive, persistent pressure to suppress tyranny.

"The law is an adroit mixture of customs that are beneficial to society, and could be followed even if no law existed, and others that are of advantage to a ruling minority, but harmful to the masses of men, and can be enforced on them only by terror."

~ *Peter Kropotkin*

Tyranny Does Not Always Come By Design. Tyranny amounts to denying choice. Law, because it entails coercion, denies choice. It would not be wrong for "Us, the American People" to view legislators as sincere in their effort to make law work in society's better interest. Ultimately, society, if society is to be free, must be able to decide society's better interest. For legislators to decide courts tyranny.

"We've given up nearly every personal liberty in the name of a false sense of security sold to the masses by the same type of maniacal government about which you warned us and against which you fought so bravely. We now have to ask permission to take a leak on an airline flight. We never deserved you."

~ *Phil Murphy*

Legislators, All Said An Done, are people occupying positions of lawful authority. Since there are no incontrovertible standards in legislative-judicial matters, legislators legislate, and magistrates adjudicate based on their personal attitudes, values, and beliefs (PAVB). PAVB are laced with prejudice. Prejudice clouding one's ability to be objective. PAVB-driven laws and justice are biased.

"Whatever power you give to the good cops, goes to the bad ones, too. Never forget that."

~ *Phillip Birmingham*

YOU ARE **NOT** FREE TO USE

Legislative And Judicial PAVB Work to make legislator and judge PAVB lawfully compulsory. As such, law and court act to negate sovereign citizenry PAVB when sovereign citizenry PAVB clash with legislative/judicial PAVB. Civil discord becomes inevitable. Who is right boils down to who has greater power to prevail. No election has resolved this. Elections merely decide whose tyranny wins.

"Pity the poor opponents of the right to keep and bear arms! They must distrust just everybody except criminals and except the tyrant to whom they concede the armed monopoly of their protection."

~ *Pierre Lemieux*

People Determined To Live In Liberty do not allow legislators - or other public officials within These United States of America, to offer amnesty to illegal aliens until those illegal aliens agree to become and become United States citizens. They use their citizen sovereignty to protect their lives, their property, and their future.
