

Safeguard American Voter Eligibility (SAVE) Act continues to ruffle political feathers for “Us, the American People.” Media word is Congressional democrat legislators are using their filibuster option to keep SAVE act from going to President Donald J. Trump for his signature to become law. Democrat legislator filibuster action could be interpreted as an effort to thwart America’s voting public will.

“We, the American People” would be smart to take note of one reason, in particular, a Congressional Senator maintains how it is Senate majority-holding GOP senators do not have required sixty votes to break a filibuster hold. Reason stated is some GOP senators have their own agenda and will not follow GOP party leadership. Elected officials have no obligation to follow ‘leadership.’ They do to voters.

"You have to first understand the two fundamental laws that make civilization possible. The first being 'You should do all you have agreed to do,' which is the basis of contract law. The other is 'Do not encroach on other persons or their property,' which is the basis of tort law and some criminal law."

~ *Richard Maybury*

"*Our, the American People's*" legislators have no Constitutional or legal obligation to kiss political party rings. Might come as a surprise to those of us who would like all elected government officials to

genueflect to Donald J. Trump or Alexandra Ocasio-Cortez or some other perceived or designated legislative tyrant. We ask for nothing less than legislative tyranny when we call for legislative unity.

"We need to recognize one salient fact: national currencies are being destroyed and their purchasing power eroded by misdirected government policy. Consequently, gold and silver are safe havens and the best way to protect your wealth."

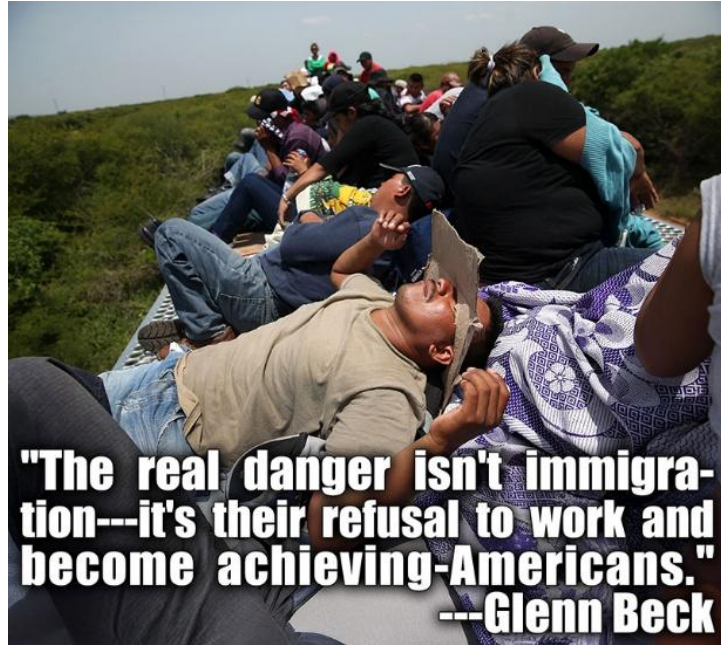

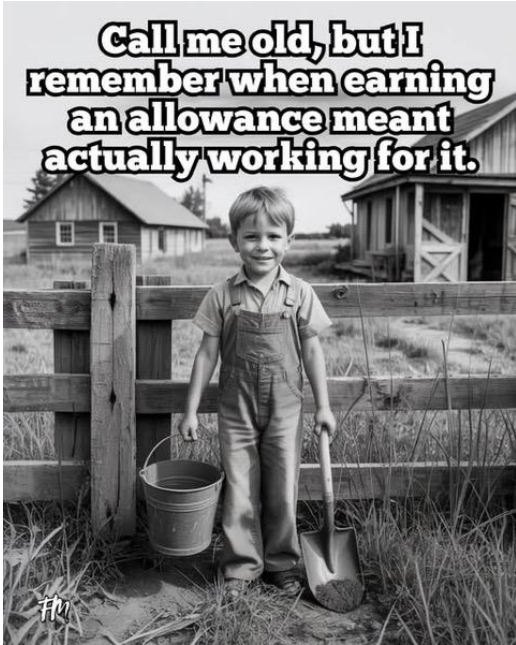

~ James Turk

It would Not Be A Bad Idea for us, a sovereign citizenry, to send packing elected officials who demand party members kowtow to party leadership. Elected officials are seated by voter authority, nothing more. Even America's presidents could hold office more than three terms if voters so elect them, Constitutionality negation notwithstanding. America's laws and Constitutions defer to Americans.

EXPENSES

EXPENSES EVERYWHERE

President Donald J. Trump's Tariffs (trade taxes) have cost automakers billions. So, asserts media coverage. Lest "We, the American People" lose sight of who pays tariffs (trade taxes) on imports, it is Americans who purchase imported goods and services, including motor vehicles. Media focus on automakers getting hit by tariffs (trade taxes) misdirects thinking from cost-of-sales components.

"Men occasionally stumble over the truth, but most pick themselves up and hurry off as if nothing had happened."

~ **Winston Churchill** -

"Our, the American People's" grasp of taxation is grossly misunderstood if we think businesses absorb tariff (trade tax) costs because businesses write checks paying tariff (trade tax) bills. Business profits available for research and development (R & D), along with all profit sharing, is whatever amount is left over when subtracting cost-of-sales from sales. If tariff (trades taxes) go up, money for R&D drops.

"The ultimate result of shielding men from the effects of folly is to fill the world with fools."

~ *Herbert Spencer*

Ultimately, It Is "Us, the American People," as consumers, who drop gavels on tariff (trade tax) costs. We, thus, have direct control over tariff (trade tax) costs by deciding not to buy imports. Not straight and narrow because some products are manufactured with some imported components. It, thus, takes some digging to figure out if those products we are considering include imported components.

"We actually can return to the prosperity of the past, by replacing debt and austerity with freedom and independence."

Have you wondered why it is that democrats (the Marxist-democrat party) prefer and protect criminals over honest law-abiding citizens?

I think we're all familiar with the old saying, **"Birds of a feather flock together..."**

The Marxist-democrat party is the leading criminal-cartel in our nation. They speak lies, they promote violence and they abscond with our money for the use of their agendas, which is why they went ballistic against DOGE for downsizing USAID. It wasn't because they wanted to save democracy; they wanted to preserve their bureaucratic autocracy.

They promote criminals because *they are* criminals... and birds of a feather do flock together!

So why such a visceral consistent hate of President Donald J. Trump?

Until this morning, I didn't realize there was a second part to that little saying, "Birds of a feather flock together..... **until the cat comes.**"

UNTIL THE CAT COMES... MAGA... DONALD TRUMP..... WE ARE THE CATS!

So, in exposing the Marxist-democrats for the anti-Americans that they are, for exposing their lawfare and crimes against American Citizens and against our Constitution, those democrat birds...well...

They hate and fear the cats!

When over 80 million Americans reelected Donald Trump as president (not king), the Marxist-democrats began shaking with fear. The house of bureaucratic-autocracy was about to come tumbling down.

Those rallies, those MAGA rallies, where tens of thousands of Americans showed up free of will (not paid), did not go unnoticed by the flocks of Marxist-democrat-birds. We'll call them the Marxist vultures. Vultures circling and waiting for Liberty to die; for the death of the American spirit built on freedom and Independence. Instead, Donald Trump's MAGA speeches of common sense and encouragement awakened the masses of Americans, who had felt discouraged and nearly ready to accept the old saying, "*You can't beat city hall.*" BUT **We the People** own city hall! **We the People** longing for peace, for LIFE, for Liberty, for the pursuit of Happiness, Prosperity and Private Property, were awakened by the words of this wealthy businessman, Donald J. Trump. **We the People** rallied on the promises of President Trump. It was starting to look as if the vultures might starve as American enthusiasm grew once again with the hope of restoring our American Constitutional Republic.

These Marxist-democrat-criminal-vultures are like cornered wounded animals; they are vicious, violent, and yes, murderous. They have many followers, who are their *useful idiots*, but be assured, they do not outnumber MAGA Americans!

The Marxist-democrats have been patiently and methodically consuming our rights and indoctrinating our youth, teaching them false history and grooming them to hate America, while ignoring all that it once stood for.

The only way these Marxist-democrat-vultures have power, is by taking it away from **We the People**. Now that “**We the People**” have realized that through leadership of people like President Trump, who wants to restore the Constitutional Republic and return power back to the people (Consent of the governed), the democrats are desperate. Their desperation is the reason for their want of violence and chaos, thus the need to attempt to rule this nation by district judges obstructing and micromanaging the Executive branch, President Trump.

While President Trump is the target of their attacks and hate, it is actually **YOU**, America... **We the People** they fear the most.

Think it Through, See It Through

"I gave my life for freedom -- This I know; For those who bade me fight had told me so."

~ ***William Norman Ewer***

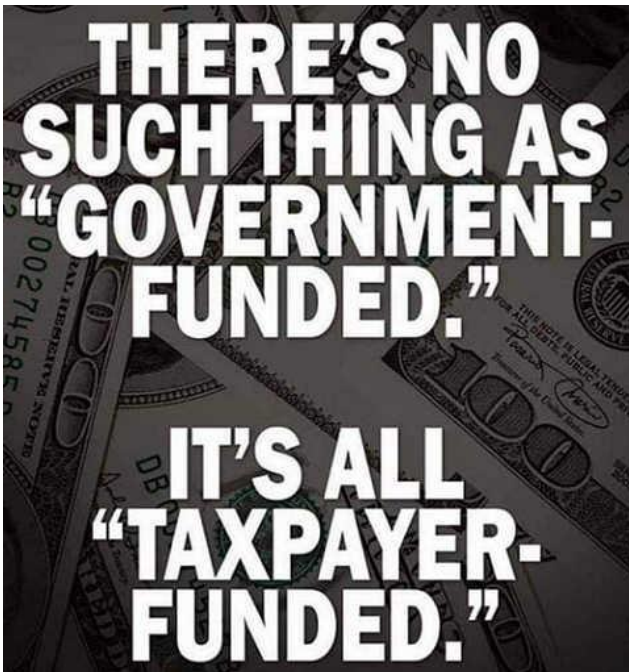

• It's your property, not "State" property.

"A limited government is a contradiction in terms."

~ ***Robert LeFevre, The Fundamentals of Liberty***

Let Freedom Ring – **Abolish** Direct Taxation

Require Citizen-Controlled Taxation

"Our, the American People's" media report Big Apple Mayor Zohran Mamdani is out to make Big Apple estate tax so bad bequeathed owners would have to sell properties to pay estate taxes. Some three million owners would be affected by Mamdani's 90%-odd decrease in real estate exemption tax. One media article questions Mamdani's sympathetic stance on Hamas and Hezbollah terrorist groups.

"Taxation with representation ain't so hot either."

~ *Gerald Barzan*

Media Report Voters Have Ushered In Mamdani's ardor. "We, the American People" would be smart to see Mayor Zohran Mamdani's power lust is no different than near all legislator-politicians; effort to

make their personal attitudes, values, and beliefs m(PAVB) lawfully compulsory. It's only a matter of degree and how much property (wealth) confiscation and choice (Liberty) restriction we will tolerate.

“Taxes, after all, are dues that we pay for the privileges of membership in an organized society.”

~ *Franklin D. Roosevelt*

How the government taxes you

If Self-Government Is To Prevail in America, it is up to “Us, the American People” to make self-government a bedrock institution we will not surrender to formal government to any degree. Law takes away choice. Selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) is how our legislator-politicians kidnap choice with their PAVB-driven ideology. Lawful despotism.

“The taxpayer - that's someone who works for the federal government but doesn't have to take the civil service examination.”

~ *Ronald Reagan*

My taxes
when my
accountant
does them

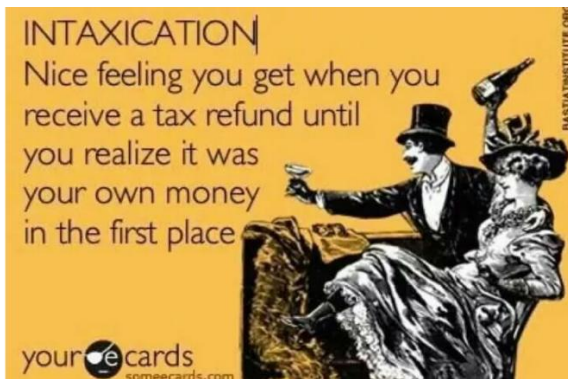

My taxes
when I do
them

There Is A Foolproof Remedy for PAVB-driven SADLT&R. It is citizen-controlled taxation. Taxation is government's principal means of funding. Citizen-controlled taxation, in short, prohibits all taxation except taxes on commerce approved by voters at America's lowest political subdivisions. Government has no other taxation power. There is no reason why we should not adopt citizen-controlled taxation.

"America is a land of taxation that was founded to avoid taxation."

~ ***Laurence J. Peter***

People Determined To Live In Liberty do not allow legislators - or other public officials within These United States of America, to enter into defined-benefit contracts with collective bargaining units to confiscate American's property. They exercise citizen sovereignty to protect their property.

"I'm proud to pay taxes in the United States; the only thing is, I could be just as proud for half the money."

~ ***Arthur Godfrey***
