PI2025 #0332 – Something Must Be Done

"I think that every true reformer, every real friend of liberty, will agree with me in saying that if we must erect safeguards, they should be rather for the security of the individual than of the mass, and that our chiefest care must be to train the majority to respect the rights of the minority, to prevent the claims of the few from being trampled underfoot by the caprice or passion of the many."

~ *Richard John Cartwright*

For Those Of "Us, the American People" who are not at all happy about how President Donald J. Trump, Department Of Government Efficiency (DOGE), MGA Cabinet Secretaries and sundry other policy wonks are running America, there must be something to blame, and someone to blame. Might as well be America's Supreme Court of the United States (SCOTUS) and America's courts and more.

"[It is a basic principle of a tyrant] to unarm his people of weapons, money, and all means whereby they resist his power."

~ *Sir Walter Raleigh*

"We, the American People" dissatisfied with President Donald J. Trump and company's handling of America's business can add America's legislators who back President Donald J.'s leadership. Then, there are academics who back DOGE nonsense, along with virtually everyone else who doesn't see errors of Trump ways, and doesn't rise up to take him down with no mercy. Finally, Trump voters.

"My mental faculties remained in suspended animation while I obeyed the orders of the higher-ups. This is typical with everyone in the military."

~ *Smedley Butler*

Possibly Worst Among Trump/MAGA thing irritating us anti-Trump patriots who see President Donald J. as out to round us up and lock us away, is “Our, the American People” (aware of Trump villainous aim to ruin America’s democracy) having no way to rescue America from Trump clutches. It is beyond comprehension for us Trump-haters to know we’re helpless till another unrigged election.

"War is just a racket. A racket is best described, I believe, as something that is not what it seems to the majority of people. Only a small inside group knows what it is about. It is conducted for the benefit of the very few at the expense of the masses."

~ ***Smedley Butler***

It Is Absolutely Maddening to think America's SCOTUS will not deal with Trump madness. More so, is President Donald J. Trump, in his brash arrogance, calling on SCOTUS to help him deal with pesky lower court judges with audacity to think they can order President Donald J. around. Something must be done about people who vote likes of Donald J. Trump into office. Something has to be done.

"Let him who would move the world, first move himself."

~ *Socrates*

When people tell you to drop the
negative people in your life but you are
the negative people in your life

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond Constitutional constraint. They exercise self-government to preserve their life, liberty, pursuit of happiness, and property.

"He who regulates everything by laws, is more likely to arouse vices than reform them."

"Deep down in our hearts, we know that we have bankrupted America and that we have given our children a legacy of bankruptcy. ... We have defrauded our country to get ourselves elected."

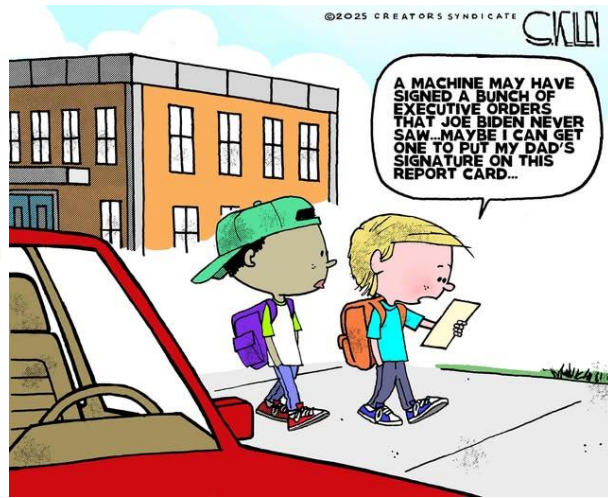

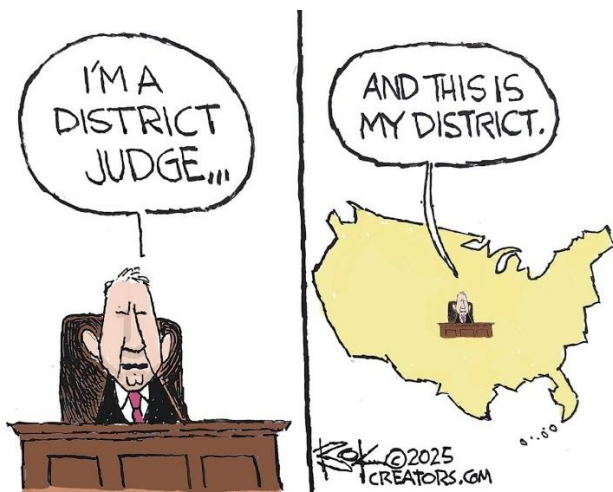

~ *Sen. John Danforth*

"Our, the American People's" President Donald J. Trump's MAGA/Musk program volleys with America's courts could be characterized as testing America's three-branch, check-and-balance government system heart. A media outlet article reports America's Supreme Court of the United States (SCOTUS) could be on verge of rendering a concept called nondelegation doctrine to theoretical dust.

"Laws do not persuade just because they threaten."

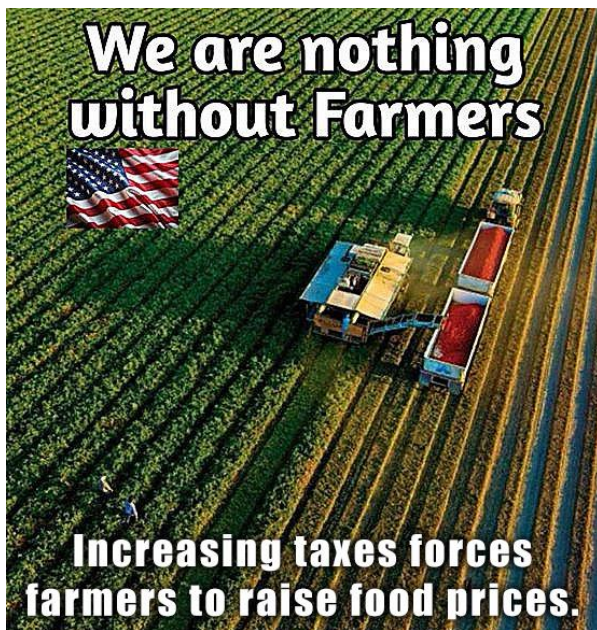

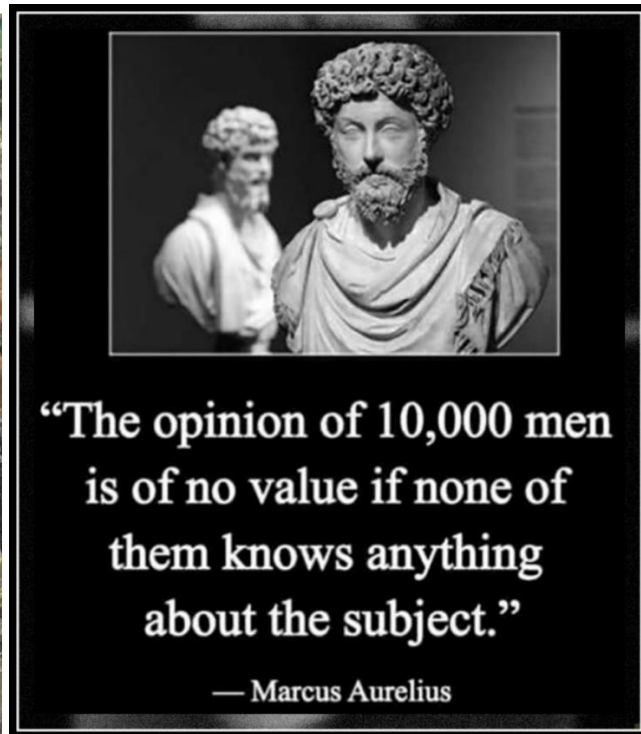

~ Seneca

Non-Delegation Doctrine Holds No government branch may relinquish its responsibility to another branch, or anywhere else. Nice words, even reassuring words, for “Us, the American People” who expect government to work as we are taught. Namely, legislature makes law, executive branch carries out law, judicial branch weighs law. No matter who might construct law, signatures assign charge.

"Do we desire to be cradled, and then carried throughout life to our graves by this partisan propelled bureaucratic monstrosity? ...as individuals of sovereign dignity, are we now so terrified, bewildered, and impotent that our main purpose is to seek asylum from the potential hazards of freedom? Have we no faith in our natural strengths and abilities?"

~ *Sergei Hoff*

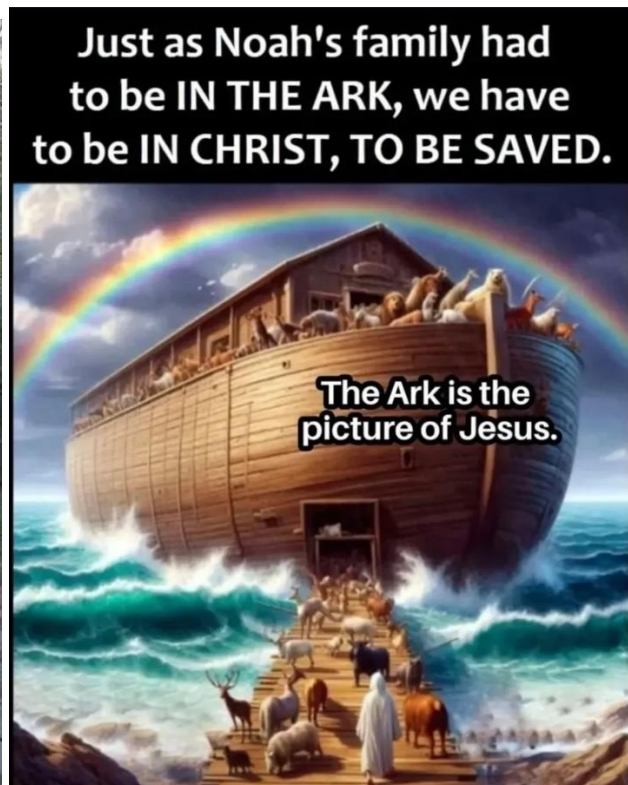

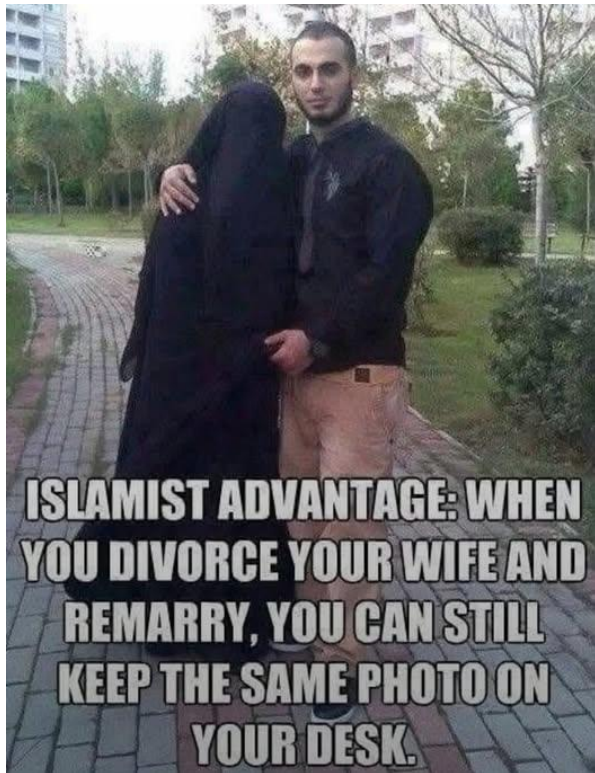

"We, the American People," much as we might think otherwise, are saddled with a governmental system whereby nobody, even SCOTUS, is in charge. Trump/MAGA/Musk program, run in large part by Department Of Government Efficiency (DOGE), has taken steps some people find objectionable, and have brought suit. Courts restrain DOGE seps, interpretation/enforcement authority is contested.

"Do we desire to be cradled, and then carried throughout life to our graves by this partisan propelled bureaucratic monstrosity? ... as individuals of sovereign dignity, are we now so terrified, bewildered,

and impotent that our main purpose is to seek asylum from the potential hazards of freedom? Have we no faith in our natural strengths and abilities?"

~ *Sergei Hoff*

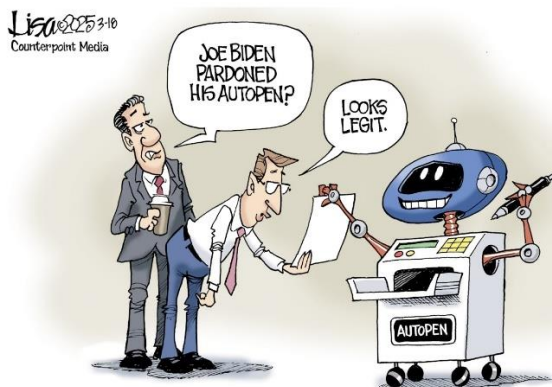

Non-Delegation Doctrine Notwithstanding, each branch claims ultimate authority to render final say on matter(s) at hand. Reality is, laws have no more permanency than sitting legislators, executives, and

jurists decide shall be attributed to a given law. We, a sovereign citizenry, are caught in a stalemate. We, a sovereign citizenry, have power to break such stalemate, should we choose to so do. Decide.

"Fascism will come wrapped in a flag and carrying a bible."

~ *Sinclair Lewis*

People Determined To Live In Liberty do not allow legislators - or other public officials within These United States of America, to interfere in health matters between private citizens and their physicians. They prohibit government from intruding on their privacy.

"Do what thy manhood bids thee do; From none but self, expect applause; He noblest lives and noblest dies, Who makes and keeps his self-made laws."

Beware Of The Oligarchywocky My Son

Skritch scratch swish, skeer, down the swampilish creatures went.

BETH ANN

MAR 21

PO Box 73, California, MO 650

The rhetoric of today is nonsensical. Crying Chuck was complaining that Americans (in particular working, conservative Americans) have an attitude. In a sit down on The View, Schumer stated, *“And you know what their attitude is? ‘I made my money all by myself. How dare your government take my money from me, I don’t wanna pay taxes.’ Or, ‘I built*

my company with my bare hands, how dare your government tell me how I should treat my customers, the land and water that I own, or my employees.’ They hate government.”

Crying Chuck and the majority of the DC Occupiers believe they can “handle” our money, our lives, our families, and our businesses better than we can. However, government (elected and or bureaucrats) do not produce anything.

DC is not a producer... DC is a taker, a taxer and a bureaucrat master.

Government has become a monster ruling over us, thieving from, and fearmongering **We the People**. While the majority of Americans are excited that President Trump is using DOGE to clean up the swampy DC Occupiers, the democrat-curmudgeon party and their “groupies” just don’t get it!

One of my sons sent this comment in a text to me earlier this week, “Watching the DOGE **vorpel blade go snickery-snack**, is my new favorite American pastime.” Of course, this phrase is from the old poem “Jabberwocky.” Thus, my son then challenged me to create a modern-day version of this nonsensical poem... Challenge accepted.

With all the seriousness and all the craziness of today’s politics, I hope you enjoy. The monster is no longer the Jabberwocky, he is a three-bough beast named “Oligarchywocky.”

OLIGARCHYWOCKY

by beth ann

‘Twas dirthy grithy the poves did lay,

The dillers swill along the pedway.

Kaolin pantheon darkened insay,

The taxious spendocious do stay.

Beware of the Oligarchywocky my son!

The mendacious fuehrer doth squuakupiey,

Swampilish creatures venomus guwons,

Slitherly slothfully they all occupy.

Alone they are not, for jurats there too.

Black raiment, sharp pen, alcaide they shway,

Territorial squuakupiers dodgy crew,

Cheering-sneering-convoleering their prey.

Beware of the Oligarchywocky my son!

In the muck-yucky polluted shrine,

Dwell far more than just one,

Three boughs are unified in crime.

Alas, otnay afraid, his saber he raised;

Fight, Fight, Fight sternly he decreed!

Swiftly soundly he rose unphased;

I the Hosencay son, stand for Liberty.

Chaotic-despotic-like-lightning his swing.

Head on he did battle, he took them on all.

Three boughs; the Bureauratsquawky,

The sqwuakupiers, and the jurats did fall.

With Admin and DOGE, Hosencay stood straight!

Together sturdy and tall they did soar.

Vigorously, vivaciously for MAGA they oughtfay

The house of the people to restore.

Around the world all could hear,

Shrill his MAGA saber spent.

Skritch scratch swish, skeer,

Down the swampilish creatures went.

What son did slay the Oligarchywocky?

Hither now our Hosencay son; let us celebrate,

As we say goodbye to all the fake-talky,

The spoils of winnings now ours to confiscate.

Victory was HUGE and meant for all to confess,

For our Life, Liberty and for happiness!

‘Twas dirthy grithy the poves did lay,

The dillers swill along the pedway.

Kaolin pantheon darkened insay,

The taxious spendocious do stay...

Never More!

"The liberties of our country...are worth defending at all hazards; it is our duty to defend them against all attacks."

~ *Samuel Adams*

"Our, the American People's" Congressional minority legislators are in deep trouble with their voters. Provided media-reported polls are not disinformation, misinformation, distraction, or fake news. Media report confidence polls are at their lowest in recent decades. Curious, given not a few reports have President Donald J. Trump's MAGA/Musk/Vance initiatives on unsteady public forum ground.

"If ye love wealth greater than liberty, the tranquility of servitude greater than the animating contest for freedom, go home from us in peace. We seek not your counsel, nor your arms. Crouch down and lick the hand that feeds you; and may posterity forget that ye were our countrymen."

~ *Samuel Adams*

Motivational speakers : "Failure is the first step for success".!

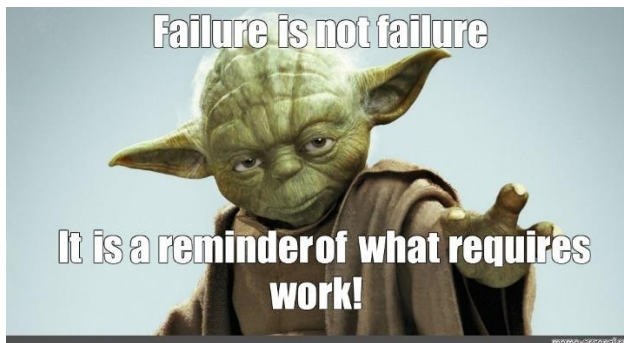

Me who is in 2000th step:

"We, the American People," if we're looking for signs of assurance from government halls America's future is on track to a wondrous future, will not hear it. Or, if we do, we'll not be able to glean how it is government is positive when, say, America's DOW Jones Industrial Stock Average (DJIS) is not adding leaps and bounds to people return on investment these days. Not to mention cost of living.

"The liberties of our country . . . are worth defending at all hazards; and it is our duty to defend them against all attacks. It will bring an everlasting mark of infamy on the present generation, enlightened as it is, if we should suffer them to be wrested from us by violence without a struggle, or be cheated out of them by the artifices of false and designing men."

~ *Samuel Adams*

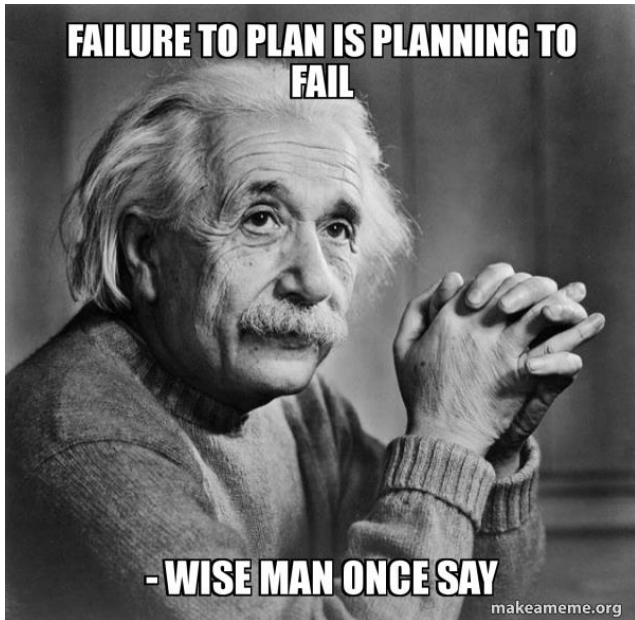

President Donald J. Trump and his MAGR/Musk/Vance team can be characterized as populist. Heavily voted into office. Reality of reported anguish over Department Of Government Efficiency

(DOGE) agency cuts might be taking an emotional toll. Average folk feeling a sense of empathy for people losing their jobs abruptly. Patience wanes when friends or family are coping with income loss.

"The Militia is composed of free Citizens. There is therefore no danger of their making use of their Power to the destruction of their own Rights, or suffering others to invade them."

~ *Samuel Adams*

It Might Be Somewhat Comforting for "Us, the American People" to not forget every government job lost to DOGE cutbacks is/was paid for by consumers paying taxes – all taxes – directly or indirectly. If consumers subsidize all government employment, then it follows private enterprise is capable of hiring people whose government jobs go away. Private jobs might be less secure, there, nonetheless.

"The worst crime against working people is a company which fails to operate at a profit."

~ *Samuel Gompers*
