

Media Has An Article Running on “Our, the American People’s” Supreme Court of the United States (SCOTUS) possibility of coming to terms with being a bit too tolerant of presidential prerogative. Impetus for SCOTUS reckoning speculated as SCOTUS Justice Ketanji Brown Jackson’s persistence of her peculiar argumentative imperative. SCOTUS is no more neutral than anyone seeking deference.

“War is just one more big government program.”  
~ *Joseph Sobran*

“We, the American People” would be smart to consider America’s SCOTUS as susceptible as anyone or any cohort to bias borne of personal attitudes, values, and beliefs (PAVB). Nothing insulates

legislators, government executives, or judiciary members from PAVB subjectivity any more than clerics or academics delving in other than purely factual disciplines like mathematics or unalloyed science.

“Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet that did not commit suicide.”

~ *John Adams*

*There Are No Incontrovertible* legislative or judicial standards apart from legislative or judicial precedent. Near as we are to come to a nation of uniform regard for each other is for “Us, the American People” to be a proactive sovereign citizenry with a taught bearing rein on government authority. We may not be able to stop legislators from passing bad PAVB laws, or judges adjudicating by PAVB.

“They that can give up essential liberty to obtain a little temporary safety, deserve neither liberty nor safety.”

~ *Benjamin Franklin*

# "Tyrant?"

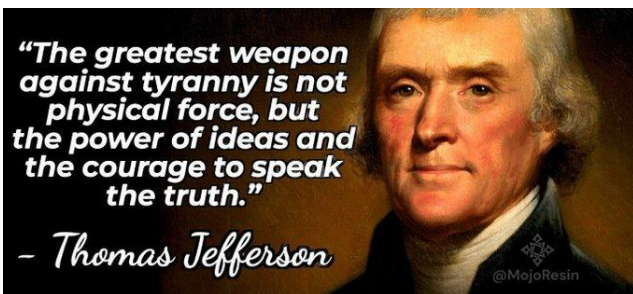

**You keep using that word about the President. I do not think it means what you think it means.**

While Our Legislators, Government Chief executives, and judges are likely to carry on their jobs with PAVB influence, we can, as a sovereign citizenry, nullify their actions we find not in our better interest. Not easy. Least of effort would be on levels akin to Dr. Martin Luther King's civil disobedience. If we, however, do not arbitrate as a sovereign citizenry, we stand to be manipulated by arbitrary government.

"One of the greatest delusions in the world is the hope that the evils in this world are to be cured by legislation."

~ *Thomas B. Reed*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility for public debt for reasons other than to defend these United States. They prohibit government from putting them at financial risk.

Given Media Reports On SAVE Act are accurate, prospective voters will need to offer up proof of citizenship. Should SAVE Act become law. There are no reported exceptions. No exceptions, no matter America's federal (U.S./National) Constitution doesn't stipulate voters must be citizens. "We, the American People" would be smart to force government to prove citizens are not citizens.

"As a governor, I am naturally inclined to focus on the domestic side of protecting the United States."

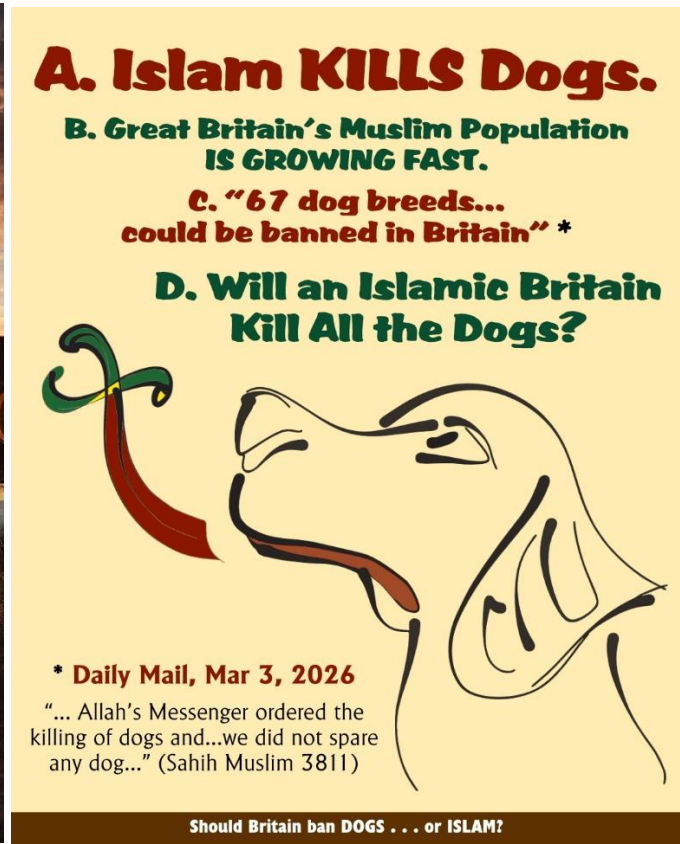

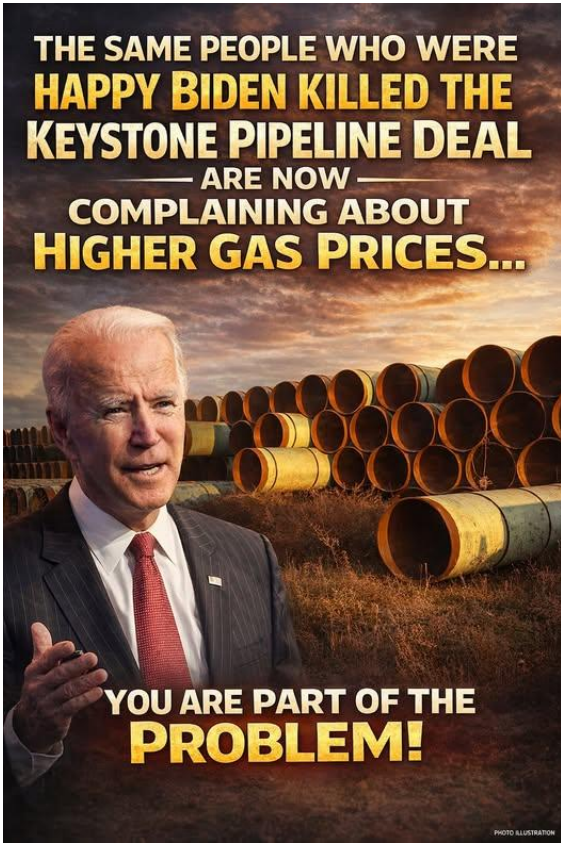

~ Bill Owens

Given SAVE ActMedia Requirement Reporting is not distraction, misinformation, disinformation or fake news, then it will be incumbent on us bona fide citizens, who expect to vote, to prove we are, in fact, bona fide American citizens. We, as a sovereign citizenry, would be within our rights to force government to prove would-be voters are not innocent. And exempt those not shown to be fraudulent.

~ Dale Dauten

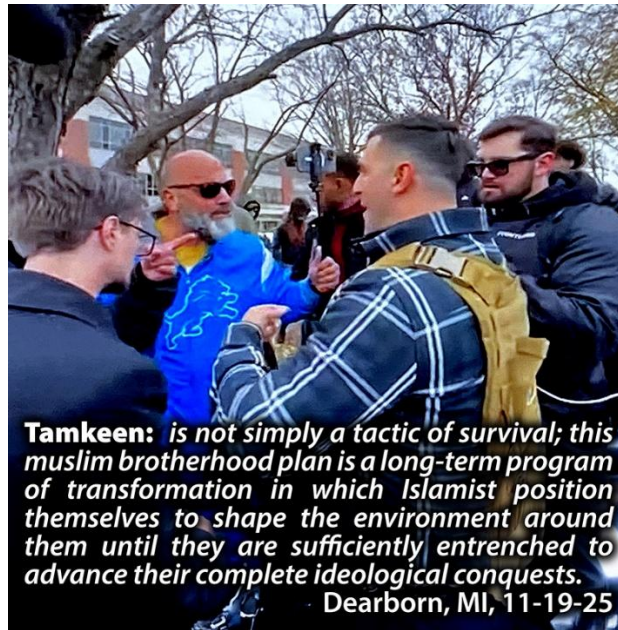

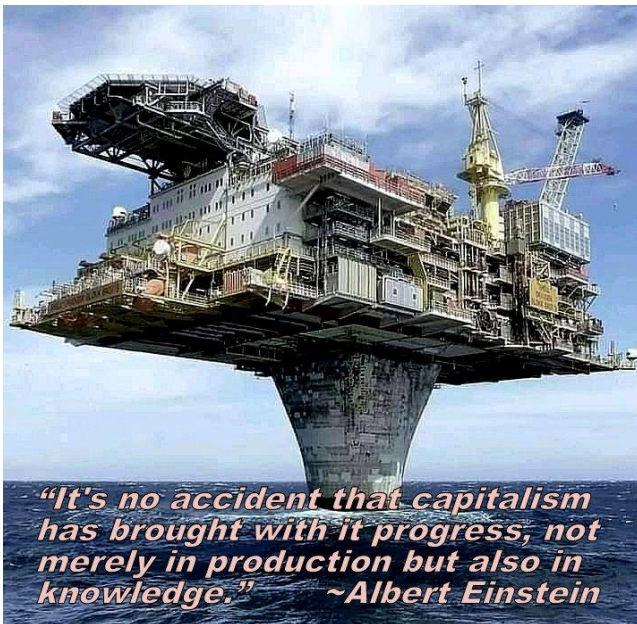

**SAVE Act Requirements, If Reported Accurately** on citizenship proof for voter eligibility, are a prime example of government using selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) to require people to undergo needless procedures to exercise their fundamental right of voter franchise. Forcing SAVE Act SADLT&R on bona fide citizens would constitute tyranny.

# The Demonic Democrats vs. The Passive Republicans (Part 2 of 2)

Republicans are content to wear their suits and feel important, while making noise but getting nothing done.

Whether they be RINO republicans or some other form of a republican, it would seem this particular party are the slackers and always slow to act, when it comes to Liberty. Many times I compare them to the Tories in the days of our Revolution. Oh, how Thomas Paine detested those Tories! If you remember, the Tories were sympathizers and unpatriotic toward the revolution for Independence; they were not fighters! I feel that the Republicans are somewhat similar in today's world of politics.

**While the demonic Democrats are anti-God-nasty-mouthed-violent-dirty-lawfare-attackers-liars-immoral-anti-America-anti-Constitutionalists...at least we know who they are.** The passive Republicans, however, seem to fake conservatism, while they vote the nation further into debt. They pretend to be MAGA supporters, when it suits their reelection purposes. They will don their nice suits, maybe cause a lot of noise, but **We the People** never see justice and the obstruction of President Trump continues to go unchecked. Senator Thune, the Majority Leader who can't seem to lead the majority into passing the SAVE America ACT, needs a new pair of shoes. He's worn the toes of his shoes

out dragging them along as he as a “*Stepin Fetchit*” attitude to passing conservative, commonsense-Constitutional-legislation in the Senate.

So, are the Republicans actually working for **We the People**, or are they just playing some political charades? I do grow weary of their “righteous speeches” while they continue to cast their unrighteous governing actions.

I’ve also grown quite weary of all the politicians and their attitudes toward their jobs. Our national debt is an emergency; it is a national security issue, yet, the politicians have a great amount of time to do interviews, host their own podcasts and campaign to keep their jobs. While the democrats continue to condemn ICE for enforcing the immigration laws, which were written and passed by Congress, neither the democrats nor the republicans make any effort toward “immigration reform.” There’s more camera time in protests and hyperbole.

When the democrats were in charge there was a great deal of lawfare against Donald Trump. We now know the truth of these attacks; it was a coup against #45 President Donald Trump, orchestrated by President Obama and his administration; there was no such thing as a peaceful transfer of power from Obama to Trump. We know, without a doubt, that Hillary paid for the Russian Dossier and that it had zero credibility. The Ukrainian phone call from President Trump to Zelensky (the then newly elected president of Ukraine) was nothing more than an election congratulations and then an inquiry into the reasons and/or rumors regarding the firing of a Ukrainian Prosecutor, who happened to be investigating Hunter Biden; there was no quid pro quo by President Trump. Yet President Trump was attacked, obstructed and impeached twice. We know it was all a lie, not just a denial of an election but a malicious framing of a US President. One would think, after all the evidence, that **We the People** would see justice for the traitorous and tyrannous ways of the democrats... but so far, lots of noise but no prosecutions, no fines, and no prison time!

The democrats are vowing to go after (arrest) everyone in President Trump’s administration as soon as they take power again. They’ve also promised to punish corporations who followed Trump by cancelling their DEI practices, or any who contributed to his

administration in any way, including the “Ballroom” donors. Illinois Governor, JB Pritzker says arrests need to be made as soon as democrats take power again.

Democrats are very unpopular these days. This would be an excellent time for the republicans to push forward and restore our Constitutional Republic, yet... they drag their feet and tell Americans that politics is complicated. Politics is only complicated if you're trying to hide your own corruption or protect the bureaucracy and the swamp.

The democrats are fully aware of their unpopularity, so, they fight to keep illegal aliens voting, and hundreds of thousands of dead Americans on the voter rolls.

It is a very serious situation the democrats are suggesting or promising. So, why are the republicans so passe in safeguarding our elections? After all the truly unlawful behavior of the democrats against Donald Trump, why are the republicans making noise but getting nothing done? Why has there been very little investigation done regarding the assassination attempt in Pennsylvania?

The dirty-demonic-democrats all stick together and fight. The republicans always seem to rollover.

But who do they serve? Are they the modern-day Tories, sympathizers to government bureaucracy and afraid to stand up for Liberty? The democrats are hot with their fight; the republicans are like a cold fish handshake.

### **Revelation 3:15–16 KJV**

*I know thy works, that thou art neither cold nor hot: If would thou wert cold or hot. So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth.*

We don't need republicans to scream louder on their podcasts; we need them to get in the fight and get something done for **We the People!**

There is a great fight going on now in our congress. The democrats are fighting to protect illegal aliens; they've made that loud and clear with their obstruction of the SAVE America ACT. They also made it perfectly clear the night of the State of the Union Address that they

do not believe their job is to protect American citizens. BUT...What is it and who is it that the republicans stand for?

**The answer should be...**

**LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS...**

**ALONG WITH PROPERTY AND PROSPERITY**

**FOR WE THE PEOPLE!**

That's what our document (The Declaration of Independence) says!

**Upgrade to paid**

Think about the policies and the compromises we have endured in just the last 20 or 30 years. Going back 100 years, with the creation of the Federal Reserve, and the passing of federal income tax, we find the beginning of the end for our **We the People's** pursuit of happiness. Our established government began taking more and more from **We the People** and leaving us with less and less Liberty.

How have any of these policies (compromises) secured and protected your Life? Your Liberty? Your Freedom? Your Property? Your Happiness?

Democrats know that what they stand for is contrary to their base, yet they will fight to the death for their unpopular policies... Why? Because they're getting paid or compensated for those far-out policies with guarantees of campaign money and power. (my opinionated observation)

Republicans, on the other hand, continue to protect themselves as they charade as conservatives. When President Trump tries to lead them as to the wants of **We the People**, they cheer, but then they go back to their offices and sneer. Republicans are passive regarding our Liberty and content to wear the suits and feel important, as they seem to vow to punish no other politician, even if there was a coup against a sitting President of the United States, which is pretty darn serious!

I view politics as the avenue to compromise. Every time there is a compromise, **WE THE PEOPLE...** seem to get the “Short Straw.” Our elected officials get richer and **We the People** struggle to make ends meet!

I had a horrible thought occur to me last evening. The democrats want desperately to disarm the American people... and there's only one reason to do that. We've watched how the Iranian regime murders its own citizens; we watched as the democrat regime locked up American citizens after January 6... I believe had the American people not had a Second Amendment, that would have been much-much worse.

***Liberty is always in the hands of the People; but first it must be a longing and a lust within their hearts.***

**We the People** need to demand republicans stop being passive and start fighting for the Liberty of **We the People...** and YES, it's time we punished those who are defrauding America, causing violence, calling for the assassination of our president and are (speaking of those currently in government positions) Anti-American and Anti-Constitution.

Best Wishes,

**Proposed Safeguarding American Voter Eligibility (SAVE) Act** can be characterized as a classic nanny government example. Doubtful SAVE Act supporters would agree. SAVE Act supporters would likely argue SAVE Act will lessen “Our, the American People’s” vulnerability to they who would undermine our freedom by taking over our legislative, judicial, and law enforcement foundations.

“Government is not reason; it is not eloquence; it is force. Like fire, it is a dangerous servant and a fearful master.”

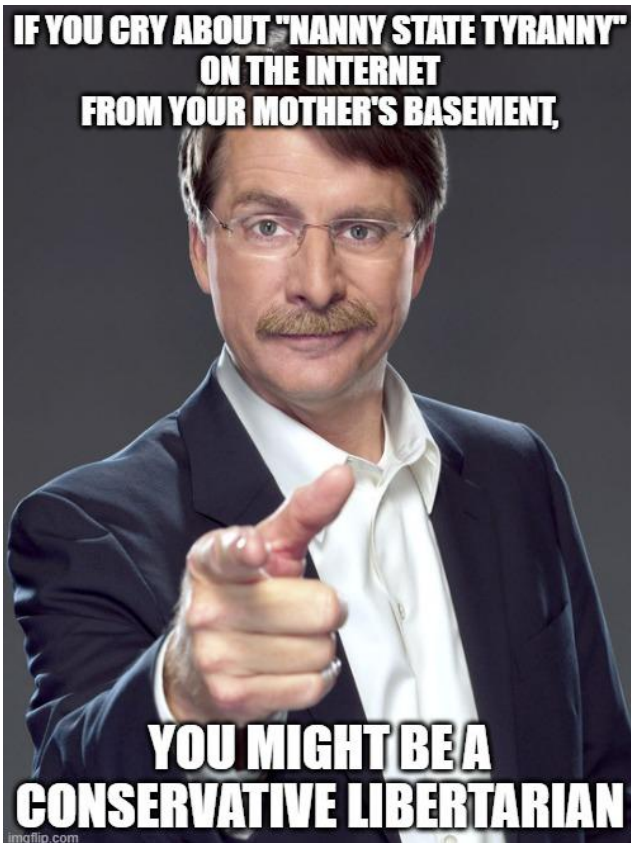

~ *George Washington*

**“We, the American People”** would be fools to deplore measures like proposed SAVE Act in favor of a haphazard voter fitness system. We’d be equally foolish to let legislators, government chief executives, and judges ride free rein over our ability to live our lives without government supervision, provided we stick to principles of Liberty requiring we treat others as we expect to be treated. Sensible civility.

“No man’s life, liberty, or property are safe while the legislature is in session.”

References Referenced On SAVE Act accurate, SAVE Act provision are, not unexpectedly, open to interpretation. For example, SAVE Act registration requirements are applicable only under certain conditions. Whether registration authorities would agree on re-registration specifics in differing voter districts or precincts is up for grabs. Should be no doubt in anyone's mind over SAVE Act details.
