

“Those who expect to reap the benefits of freedom, must, like men, undergo the fatigue of supporting it.”

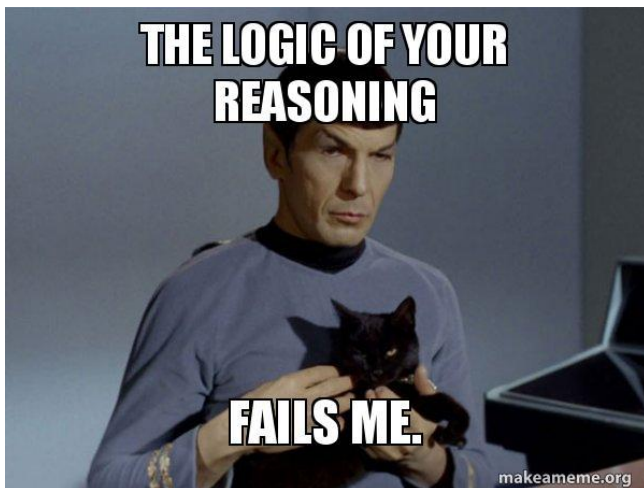

~ *Thomas Paine*

“We, the American People” would be smart to let our erudite legislators know America’s SAVE Act, apart from introducing, ostensibly, some serious wickets to pass before one’s citizenship assertion can be accepted by America’s renowned bureaucrat practitioners, will bestow prospective voters with citizenship certification, has little to do with bracing American Liberty. Our resolve overweighs law.

“Liberty is always dangerous, but it is the safest thing we have.”

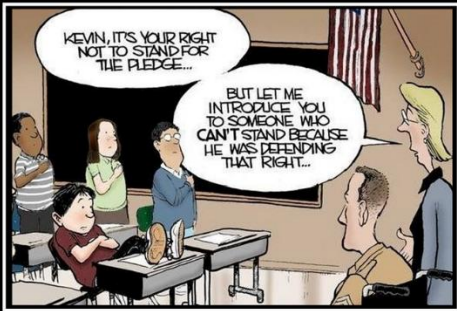

~ *Harry Emerson Fosdick*

It Would Not Be Beneath SAVE Act disciples to demand of “Us, the American People” who present citizenship proof to render evidence our proof is not fraudulent. Such is how they inflicted with power lust addiction are inclined. Birth certificate possession, before SAVE Act bother, constitutes citizenship. No overwhelming reason why a birth certificate in one’s hot little hands would not suffice indefinitely.

“The state in which the rulers are the most reluctant to govern is always the best and most quietly governed; and the state in which they are the most eager, the worst.”

Logical Fallacy

You have a right not to do something unless someone fights for you to have that right

Despite Noisemaking Over SAVE Act, voting is no assurance America's government will not become more corruptly adulterated with more radical selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) brought on by people who want their personal attitudes, values, and beliefs (PAVB) made lawfully compulsory. PAVB-driven SADLT&R is our thoughtful enemy.

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to infringe upon Americans' 1st Amendment rights or other Bill-of-Rights protections; nor do they allow blame for another person's behavior to be ascribed to their freedom to exercise their rights. They retain their heritage of self-government.

Grim News From Pretty Much all corners today. Markets down, Department Of Homeland Security (DHS) funding awaiting Congressional go ahead, inflation still nagging, and Safeguarding American

Voter Eligibility (SAVE) Act mimics Jim Crow days. “Our, the American People’s” President Donald J. Trump is to blame. Extraordinary how one person can have so much clout over everyone else.

People With Power To Usher In socio-economic black clouds were supposed to be gone with Hitler, Stalin, and Mussolini style bad actors ushered out. Not so, though. Always another would-be fanatical despot lurking and waiting for a turn at nastiness. “We, the American People” can blame ourselves if we’re looking for culprits. We’re America’s 4th government branch. We’re blaming our other three.

SEN. KENNEDY'S BILL MOVES FORWARD PROPOSING NO PAY FOR SENATORS! DURING GOVERNMENT SHUTDOWNS IF THEY CAN'T KEEP THE GOVERNMENT OPEN, WHY SHOULD TAXPAYERS KEEP PAYING THEM? DO YOU FIRMLY SUPPORT THIS?

If, In Fact, President Donald J, Trump is responsible for “Us, the American People” being in a pickle, then it’s because we are not doing our job to keep government from getting us in trouble. We are more

than amply armed to storm government houses and send President Donald J. on his merry way. Trouble is, we're not steeped in enough duress to make us toss caution aside and stomp our sovereign feet.

America’s Independence And Liberty Are Hanging In The Balance.

It is up to us to write the “future” history of America!

If our American Constitutional Republic survives this totalitarian regime, what will the future history books record?

George Washington stated, ***“The marvel of all history is the patience with which men and women submit to burdens unnecessarily laid upon them by their government.”***

Thomas Sowell, in a more modern verbiage of the same statement put it this way, ***“Historians of the future will have a hard time figuring out how so many organized groups of strident jackasses succeeded in leading us around by the nose and morally intimidating the majority into silence.”***

Recently the socialist Governor of California, Gavin Newsom stated in an interview and has posted the following on his Facebook page:

*“No president in **modern** American history has been more effective in two years than President Joe Biden.*

A historically low unemployment rate. 12+ million jobs created. More people with health insurance. Massive infrastructure investments across the nation. Strengthened protections for the LGBTQ+ community. Aggressive action to mitigate climate change. Meaningful gun violence prevention legislation. The list goes on.

*Today, America is facing a threat to our **democracy**. Authoritarian leaders in state after state are dismantling our core freedoms right before our eyes. There's no one better to lead the fight for America than President Joe Biden."*

All these things Gavin states are lies! He rattled off a list without any evidence of truth! Where are these 12+ million new jobs? Investing in infrastructure isn't the same as construction! Climate Change is a hoax crisis and is nothing more than an excuse to control people and land. As far as the LGBTQ+ community, they have not been in grave danger! Biden has gone along and encouraged the gender dysphoria mentally ill and removed the rights of women in their own sports! He has approved and allowed pornography, and the sexual abuse of American children. He has allowed 7-10 million illegal aliens into this nation, placing all Americans in danger; whether identified as the right, the left-woke-doped-democrat, republican or those Americans with no political affiliation, it doesn't matter, Danger is Looming! We have more homeless people than ever on the streets. Where's their healthcare? Where are their newly created jobs? Of course the majority of homeless Americans are in Gavin's state of California!

Yes, they will fight for "American democracy", but they will oppress Americans and ignore the Constitution and deny the Bill of Rights as being important, in fact Joe Biden said they are not "absolute." They seldom if ever use the word Liberty. America is not a democracy it was established as a Constitutional Republic. The Constitution is a contract between **We the People** and our elected officials. President Biden has ignored and broken that contract,

violating his oath of office and putting Americans in great danger. Congress too is guilty of violating the contract.

Unemployment is still not where it was pre-Covid! What new jobs have been created? Do more people have health insurance? Is that because he's giving FREE healthcare to millions of illegals now in the country? Let me remind us all, that forcing people to buy insurance is not making healthcare affordable, it's removing health decisions from the patient and the doctor and putting those decisions regarding your health into the smooth hands of someone sitting behind an office desk in a high-rise insurance building. They aren't so much managing your healthcare as much as they are managing your, (now theirs) money!

When it comes to dismantling freedom the democrat regime, calling Biden their President, are the most abusive against our Constitution.

Headlines like this: **“A ‘Serious Violent Incidents’ Spike To Highest Recorded Levels In K-12 Public Schools!”** This is happening under Biden's regime, as he continues to divide America with his speeches of hate and racism. He also encourages the mentally ill and the seizing of our children.

Under this Biden regime, Americans are told you have to use different pronouns and if you don't, you can be terminated from your job. We have been forced to go along with their absurd rhetoric of men can be women, and women can be men, but they cannot define a woman. Child molesters are no longer pedophiles but are termed MAPs, *minor attracted persons*. Biden and the “state” have placed our children in great danger and I would say they are attempting to make them slaves. Under Joe Biden, America is now number one in human and sex trafficking!

*“No president in **modern** American history has been more effective in two years than President Joe Biden.”*

Perhaps the key word in Gavin's statement is the word "**modern.**" What is modern American history? While we cannot blame just Joe Biden, it has been during his presidential term that America has been put on Obama policy steroids. They are in a hurry to destroy America. Perhaps this **modern American** history is the "new" America, fundamentally changed and brought to its knees by haters of America and Americans.

Deep state America is very deep but it is not only inhabited by democrats. I said long ago, President Trump was the first "working" president this nation has seen in a very long time. You see, he wasn't a part of the "state." I believe President Reagan tried, but the "state" controlled his governing too, just as they attempted with Trump in his first term. When they realized they couldn't control and manipulate President Trump, they went after him and they are still going after him.

The state, simply put, is a large, centralized government that is out of control with power. It no longer works for the people but controls and limits their freedoms. If we continue this systematically corrupt form of government, America the land of the free and home of the brave will be buried in history, along with Rome, and we will be seen as another failed nation.

Electing President Trump alone, is not the cure to America's failing, but it is a start. President Trump cannot "fix" things without the help of many, including you! Four years are not enough to undo all the damage that the "state" has done to our Constitutional Republic. **We the People** must get involved! We must bring in statesmen and stop the "state" from being a corporation for career "politicians." **America needs statesmen!** America needs active Liberty loving citizens.

Liberty is always in the hands of the people but first it must be a longing and a lust within their (our) hearts.

It is up to us to write the “future” history of America! **Bring America Home**©

Federal Versus Commonwealth/State/Local voting laws may end up having as much controversial staying power as right-to-life versus abortion. “Our, the American People’s” media reports Supreme Court of the United States (SCOTUS) Justice Sonja Sotomayor rebuffed a lawyer arguing in favor of a southern state voting law rejecting mail-in votes following election day. Power lust is infectious.

EVERYTHING THAT'S GARBAGE IN THE WORLD DEMOCRATS LOVE. OPEN BORDERS, DEFUNDING THE POLICE, STORES CLOSING DOWN DUE TO SHOPLIFTING GANGS, FLOODING IN ILLEGALS WHO TAKE ALL THE AFFORDABLE HOUSING TURNING OUR CITIES INTO HOMELESS CAMPS, CALLING WHITE MEN THE BIGGEST THREAT IN AMERICA EVEN THOUGH WE PAY MOST THE TAXES AND COMMIT LESS CRIME, IT REALLY IS A DISGUSTING PARTY OF BAD IDEAS

“We, the American People” are stuck with a jurisprudence system permeated by judicial personal attitudes, values, and beliefs (PAVB). SCOTUS Justices are as prone to rule based on PAVB as most anyone makes decisions based on PAVB. PAVB subjectivity power skews judicial prudence away from sovereign citizenry objectivity. Inherent judicial lack of clear standardization underpins PAVB bias

It Would Be Myopic for "Us, the American People" to presuppose voting laws underwrite freedom in free societies. Laws, despite societal desperation to have laws protect people from people, are no more than PAVB made lawfully compulsory. Given PAVB variation prevalent in societal make-ups similar to America's cultural divergence, it is no surprise there is stark competition for behavioral authority.

“No one can read our Constitution without concluding that the people who wrote it wanted their government severely limited; the words “no” and “not” employed in restraint of government power occur 24 times in the first seven articles of the Constitution and 22 more times in the Bill of Rights.”

Prosecutors say a car-theft ring based in Dearborn, Michigan, has been busted. The group, including Mohammed Al Hilo and Mohammed Al Ali, is charged with stealing 400 vehicles valued at \$40 million from 2023 to 2025 and shipping them to the Middle East.

Courts Are Powerless to bring about societal accord. Courts have no enforcement power, regardless how judges might rule on cases. Enforcement rests with America's governmental executive branches. Government executives are no less influenced by their political ideologies, inherent in their PAVB, than are people who constitute America's sovereign citizenry. We can, at best, seek least societal discord.
