"If there be any among us who wish to dissolve the Union or to change its republican form, let them stand undisturbed, as monuments of the safety with which error of opinion may be tolerated where reason is left free to combat it."

~ *Thomas Jefferson*

"We, the American People" must not have elected President Donald J. Trump on a proverbial up-and-up basis. Otherwise, President Donald J. would not issue and Executive Order (EO) requiring, amongst other things, prospective voters offer proof of citizenship before getting ballot booth access. An outrageous EO demand, no doubt, in some people's minds. Proving we are who we are is very stressful.

"Experience [has] shown that, even under the best forms [of government], those entrusted with power have, in time and by slow operations, perverted it into tyranny."

~ *Thomas Jefferson*

American Election Tampering Has been a hot media topic a while. Understandable, given legislative office elections offer "Us, the American People" a chance to decide who among us will be seated in positions of lawful authority to confiscate Americans' property (wealth) and restrict Americans' choice (Liberty). Strong temptation it would be, to control legislative office election outcomes. Strong.

"The ground of liberty is to be gained by inches, and we must be contented to secure what we can get from time to time and eternally press forward for what is yet to get. It takes time to persuade men to do even what is for their own good."

~ *Thomas Jefferson*

Exactly How “Our, the American People’s” elections are to be kept tamper-free is elusive. How might not be nearly so important as who shall be in charge of thwarting election tampering. Looks as though President Donald J. Trump, media reports accurate, has appointed himself Election Tampering Prevention Commander-in-Chief. Curious, since we, as a sovereign citizenry, have ultimate say.

"If people let the government decide what foods they eat and what medicines they take, their bodies will soon be in as sorry a state as are the souls who live under tyranny."

~ *Thomas Jefferson*

Ordinary (Sovereign) American Citizens could do a lot to prevent election tampering by poking around poll places and casting watchful eyes on who gets access to ballot booths. Wouldn't be surprising if those of us who decided to be poll watchers would be called on to show proof of citizenship to poll watch. We could also see to it there is less at stake for those who successfully tamper with elections.

"Dependence leads to subservience."

~ *Thomas Jefferson*

It Is Axiomatic Business Doesn't stay in business without business. Principle applies to government programs and projects. "Our, the American People's" MEDICARE would go out of business, were there no Americans in need of government health care. There would be no need for MEDICARE, were MEDICARE recipients to procure their own health insurance. No need to tax to fund MEDIACARE.

Media Is Letting "Us, the American People" know Blue Hen State (one of nine nicknames sourced) is taking legislative pains to keep corporations from going to more tax-friendly places to incorporate. Private businesses work to attract customers. Government is no different. Government, like private sector business, keeps doors open by having money come in to cover costs. For government, tax money.

“We, the American People” looking to incorporate business would, in interest of minimizing tax cost of sales, would look for commonwealths/states where incorporation costs less by way of taxes. There would be no need for businesses to incur costs to minimize incorporation taxes if corporations were not taxed. Consumers pay all taxes. Eliminating corporate taxes would lower tax-related cost-of-sales.

It is my duty to inform you that we are in a civil war! Some might call it a cold civil war but when we have enemy operatives throwing bombs (Molotov cocktails) into buildings, that fire is hot! Democrat Hakeem Jeffries said of President Trump's administration, in particular DOGE, ***"We are going to fight it legislatively. We are going to fight it in the courts. We're going to fight it in the streets."*** This statement is coming from the same party that claimed the word *fight* was proof that Donald Trump called for violence on January 6, 2021, even though President Trump said to *protest patriotically and peacefully*.

Fighting legislatively is more difficult at this time for Hakeem, as **We the People** did not allow the radical-unamerican-democrats to again have the majority legislatively. (Although, I will admit it is too close for comfort, since we cannot trust all the republicans.) So, what did Hakeem mean when he said, “fight in the streets”? Was he calling for the attacks on all Tesla dealerships? What did he mean when he said, “fight it in the courts”? Was he unleashing rogue lower-level judges to begin blocking and micromanaging all of President Trump’s orders? Maxine Waters screamed, regarding Elon Musk’s DOGE, “*We didn’t elect you; we didn’t appoint you and we don’t want you!*” Really Maxine? Let me explain to Maxine... **We the People** elected President Trump on the promise that he would establish a way (DOGE) to search out all the wasteful spending and fraud from the bureaucratic departments. However, Maxine seems to think she is above **We the People**... *au contraire* Mad Max, this is a Constitutional Republic, and you work for **We the People**; we can fire you, and if your constituents find the truth of your involvement in a great fraud and its coverup, you will probably need to retire.

Something has been very wrong for a very long time. Our Constitutional Republic was seized and buried under a mountain of bureaucrats and their alphabet departments of mandates, licenses, permits, regulations, the theft of taxpayer dollars, and the redistribution of wealth.

The enemy combatants include elected officials from the local levels, the state levels and on up into the federal levels, DC Occupiers. I call them enemy combatants because they are acting in opposition to their own duties as elected officials and it’s as if they are spies infiltrated into our government offices for the purpose of distraction and disruption.

With trillions of dollars spent and our nation in such deep debt - it’s too big to be paid - the only way out is to prune, or chop down, those trees of bureaucracy.

There seems to be a disturbance in the force of the Democrat-curmudgeon-party, but I'm not sure if this bickering will continue. If it does, the democrats will more than likely lose a few more seats in the house and in the senate.

Democrats have long been the party of violence and intimidation. Democrats used to burn crosses in the yards of blacks to intimidate them. Today, however, democrats are burning Teslas in the owner's yards and parking lots of dealerships for the same reason. They are also damaging Teslas by keying them wherever they are parked. Nothing has changed about the democrat party in over a century. The tactics are still the same! *Oh yeah, they used to wear hoods, but now they wear masks...* If their violent protests are not stopped soon, we will have a more violent heated up mess than the "summer of love" in 2020, which the democrats promoted and organized. Billions of dollars in damages and many deaths and injuries were the result of the 2020 "summer of love." Attorney General Pam Bondi assures us that criminals will pay for their crimes; there's a new sheriff in town!

Upgrade to paid

The Democrat Party was the loser of the November 2024 elections. They lost the presidency (Bigly), they lost their majority footing in the Senate, as well as experienced an increased minority in the House. However, even though there were many fake polls of close races, the democrats knew they were going to lose, so while **We the People** were distracted, and the republicans claimed helplessness, the Senate majority leader, crying Chuck Schumer, was making sure radical LEFT-leaning federal judges were being appointed. In fact, Schumer admitted this during an interview on PBS. According to Schumer, *"We" put progressive federal judges (235 progressive judges he stated exactly) who are not under the control of Trump. We put them in place to stop Trump.*" So, these 235 lower court unelected federal judges do not plan to uphold their oath to the Constitution of the United States, but to override it by usurping and thwarting President Donald Trump's every Executive Order and every policy he implements to *Make America Great Again*.

For the past two weekends, Mark Levin on his “Life Liberty and Levin” show (Saturdays and Sundays) has been delving into this progressive behavior and the history of why we are in a mess with these federal appointed (not elected) judges. I encourage you to look up his shows from this weekend and last weekend; very informative.

Again, I say, while the democrats seem to be wandering in the wilderness as a party, they have some things quite together and organized, such as rogue unconstitutional judges infringing upon and impeding the will of **We the People**.

Federal Judge’s Oath of Office

The oath is a combination of the judicial oath of office required of every justice and judge of the United States under **28 U.S.C. § 453**, and the general oath administered to all federal government officials, provided in **5 U.S.C. § 3331**:

I, _____ [*insert federal judge’s name*], do solemnly swear (or affirm) that **I will administer justice without respect to persons, and do equal right to the poor and to the rich, and that I will faithfully and impartially discharge and perform all duties incumbent upon me as _____** [*insert office*] under the Constitution and laws of the United States; and that **I will support and defend the Constitution of the United States against all enemies, foreign and domestic**; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. **So help me God.**

Upgrade to paid

Every judge that is participating in the obstruction of the Executive Branch, for which President Donald J. Trump is Executor, are guilty of breaking their oath of office. This seems reason enough to impeach them, however with a slim majority in the House and Senate that is not likely to be successful. Instead of impeaching these judges, just remove their positions? It would be interesting to know just how many cases these judges preside over each year. Cut their

salaries? It is up to Congress to act; I doubt there's any Constitutional compassion or assistance coming from the Democrats in office.

For a greater understanding of how we got here today, study the **Judiciary Act of 1801** and **Marbury v. Madison 1803**.

Per the question in the title of this Substack article; **“Has the shooting already begun?”** How many government institutions are involved in “Fundamentally changing America?”

One of my favorite western stories is, **“Who Shot Liberty Valance?”** This old movie had both John Wayne, Jimmy Stewart, and Lee Marvin as the main characters. *Liberty Valance was one bad dude!* The answer to the real shooter is unveiled; had the truth been revealed earlier for all to know, the destiny of the characters might have been changed, except for the bad dude, Liberty Valance, he was destined to die. (...and so it was written)

The JFK assassination files have recently been made public. It would appear that the CIA was involved. I would guess that they were also involved with the assassination of RFK. While we have a name of the shooter of President Trump, Thomas Matthew Crooks, why was he allowed to roam around free? Why was the roof he was on not under surveillance? Did he act alone? Ryan Wesley Routh was the would-be shooter waiting to get President Trump in his rifle sites at Mar-a-Lago. We have little to no real knowledge of this man. Has the shooting begun? Shots have been fired into some of the Tesla dealerships.

The LEFT claim Constitutional citizens are the violent ones. They will demean us and call us names; deplorables, rubes, irredeemable... and apparently we live in baskets. They call us Nazis, racists, homophobes, Xenophobes... the insults continue with women who are uneducated and only do as their husbands say. These people have not met many country gals, have they? Every noun, pronoun and adjective they sling, boomerangs back to who they truly are.

The bureaucratic state we now find ourselves battling to downsize is being strategically protected by the Democrat Party, many republicans, the media, and yes, the unelected judiciary.

Depending on your definition of shots fired, yes we are currently in a civil war... cold or hot, it is still a war!

The powers have united, (perhaps there are a few hold outs) and that is tyranny and that is why they are uniting in a front against President Trump, Elon and the current administration.

*“The accumulation of all powers, legislative, executive and judicial in the same hands, whether of one, a few, or many, and whether hereditary, self-appointed, or elective, may justly be pronounced the very definition of **tyranny**.”* James Madison, Federalist No. 51, 1788

The beauty of America is that **We the People** hold the power, but sometimes we need to actually exercise our power. Write and call your congressional representatives and senators; let them know **We the People** expect them to reign in the rogue judges and push forward with President Trump’s agenda to **Make America Great, Safe, Prosperous and Constitutional again!**

Liberty is Always in the hands of the People. We are the “Consent of the Governed” and we do not consent to rogue judges, thieving bureaucrats and lying politicians!

Anyone Interested In How "Our, the American People's" judicial works would be dazzled from information available in write-ups on innumerable Internet sites. All it takes is a simple query on most any Internet search engine. Something like, 'Trump deportation agenda stymied by judicial orders. References lead to references leading to little more than opinions and arguments on court authority.

"[T]he flames kindled on the Fourth of July 1776, have spread over too much of the globe to be extinguished by the feeble engines of despotism; on the contrary, they will consume these engines and all who work them."

~ *Thomas Jefferson*

“We, the American People” would be hard put to come up with a line of enforceability when it comes to, say, federal court orders versus executive branch compliance. President Doanld J. Trump’s deportation initiative, for example, has been blocked by a federal judge; deportation flights are said to continue. President Donald J.’s border czar is on record saying flights will go on as they are needed.

"I tolerate with utmost latitude the right of others to differ with me in opinion without imputing to them criminality. I know too well all the weaknesses and uncertainty of human reason to wonder at its different results."

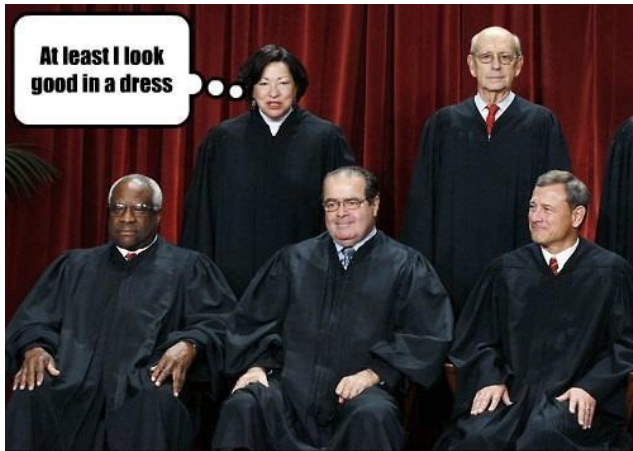

~ **Thomas Jefferson**

Administration Battle With Judiciary has, if nothing else, highlighted to “Us, the American People” how murky is practicality of America’s three, co-equal governmental branch system to act in a predictable manner. Constitutionally speaking, for example, only Congress can slap a federal Judge’s wrist, even if America’s Supreme Court of the United States (SCOTUS) overruled a federal judge.

"The most awful tyranny is that of the proximate utopia where the last sins are currently being eliminated and where, tomorrow, there will be no sins because all the sinners have been wiped out."

~ **Thomas Merton**

President Donald J. Trump's Deportation initiative is likely to go on until Election 2026 legislative winners take office. Given President Donald J.'s steady standoff with America's judiciary/SCOTUS, deportation will proceed till General Election 2028. Should Vice-President J.D. Vance be Donald J's successor, Congressional majorities remain in GOP hands, deportation will go on, despite judicial acts.

Than bow the head and bend the knee
In the proudest palace of slavery."
