

BIZ vs GOV'T.

In A Somewhat Related Article, there's word of a study indicating Golden State fast food workers who are working for \$20/hr. are worse off than before their \$20/hr. rate settled in. "We, the American People" would be smart to be skeptical whenever government mandates how America's socio-economic undertakings are undertaken. Socio-economic dynamics and legislative dictate clash.

"Liberty is always dangerous, but it is the safest thing we have."
~ *Harry Emerson Fosdick*

Sooner Or Later, Those of "Us, the American People" who are dubbed as ultra rich or have holdings at, or in excess of, some other arbitrary number will be hit with lower and lower exemptions to satisfy government need for evermore tax revenue to feed ever expanding government supervisory control over Americans' lives. They who press for greater property (wealth) confiscation shake wasp nests.

“The state in which the rulers are the most reluctant to govern is always the best and most quietly governed; and the state in which they are the most eager, the worst.”

~ *Anonymous*

America's Government Has Myriad financial troubles for one reason. We, a sovereign citizenry, do not stop it. There is no reason for us to think government would not take control of ever dollars' worth held by us if we allowed it. Government has no restraint from creating laws allowing government to take people's private property (wealth) if government says it is necessary. Tyranny is relentless.

“It is much more important to kill bad bills than to pass good ones.”

The two-party system leads to permanent despotism! I told you that 200 years ago! Think, America, think!

Safeguarding American Voter Eligibility (SAVE) Act verbal war is consuming its more than fair share of oxygen. Media report typical controversial thinking whereby A Congressional senator theorizes passing SAVE Act should be straightforward but said senator is not prepared to dump Congressional Senate filibuster rule to ram SAVE Act through. Dichotomy thinking. Tests logic. Doesn't pass test.

“The desire to rule is the mother of heresies.”

~ *St. John Chrysostom*

"We, the American People" would be smart to dismiss SAVE Act maneuvers as so much political theater. Expecting antics like SAVE Act to fix America's socio-economic troubles by cleaning up presumed election fraud is not much different than expecting fox to guard hen houses without having an occasional leg or thigh. We will secure Liberty by reining in government authority and budgets.

"Can our form of government, our system of justice, survive if one can be denied a freedom because he might abuse it?"

~ *Harlon Carter*

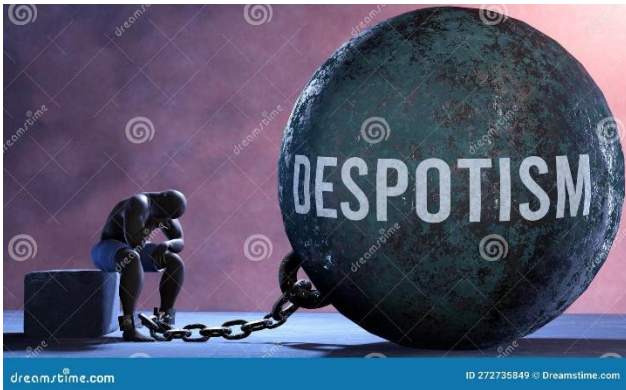

"Sorry about the oppression and the despotism, folks, but it's all part of my plan to return government to the people."

"Our, the American People's" government officials will do their jobs as their personal attitudes, values, and beliefs (PAVB) dictate. We are not so smart to expect government officials to check their

PAVB at their workplace doors. Legislators write laws by their PAVB; legislation has no immutable standards. Government executives and judges cater to their PAVB similarly. Voters bear PAVB brunt.

“No one can read our Constitution without concluding that the people who wrote it wanted their government severely limited; the words “no” and “not” employed in restraint of government power occur 24 times in the first seven articles of the Constitution and 22 more times in the Bill of Rights.”

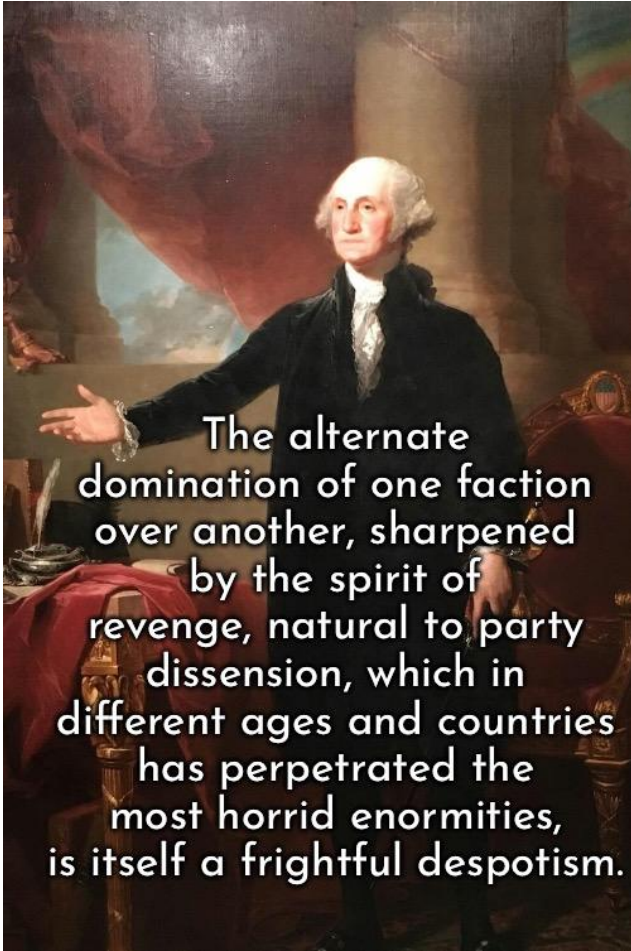

~ *Edmund A. Opitz*

Expecting Government To Be Devoid of PAVB bias is a fool’s errand. America’s three-branch (triumvirate) governmental system is wide open to endless bickering over who in government shall have final say on property (wealth) confiscation and choice (Liberty) restriction. Our 4th government branch, i.e. us, a sovereign citizenry, restrains government zealotry, or government becomes despotic.

“The government was set to protect man from criminals – and the Constitution was written to protect man from the government.”

~ *Ayn Rand*

People Committed To Liinge In Liberty do not allow legislators – or other public officials within These United States of America, to interfere or impose in any way with how responsible citizens choose to use their private property. They protect their property against government intrusion – with force if necessary.

“The only difference between a tax man and a taxidermist is that the taxidermist leaves the skin.”

I know most of you, at one time or another in your life, have read and studied the Constitution of the United States of America and the Bill of Rights. You have probably also read, studied and celebrated the Declaration of Independence. Knowing that our Founding Fathers actually lived under a king-dictator-tyrant... and knowing they were longing for Liberty, Freedom and Independence, as a nation and a people, it is now vitally important that we understand the original intent of our Founding Documents.

I believe that our Founding Fathers' vision for this nation was something very special, as they believed **We the People** should be allowed to govern ourselves. **“Consent of the Governed.”** Our Founding Fathers were also believers in God and believed that our Rights come from Him, not from government.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life,

Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed...

Recently the Director of National Intelligence (DNI) Tulsi Gabbard released numerous documents exposing the truth about “**Russiagate**” exposing former President Obama as the ring leader of a sting operation to frame the incoming President, Donald J. Trump. There were many involved in this years-long coup against President Trump; their original intent was to completely disrupt and cripple his Presidency.

When asked by a reporter as to whether or not Obama will be held accountable, President Trump said that as a past president he has “immunity,” which helps him a lot and probably gets him off the hook; he added, “*Obama owes me big!*” **Which brings to mind and begs the question, can Obama be sued civilly by Donald Trump or his family?** President Trump also explained that Obama’s immunity does not apply to his cohorts; such as James Comey, John Brennan, James Clapper, Hillary Clinton and many others.

Does a president have immunity over treason?

Obviously when Obama, Hillary and the institutions of FBI and CIA “went after Trump,” they were going against their oath to the U.S. Constitution; they were committing crimes against our election process and against **We the People**; after all **We Are** the government! Comey, Brennan and Clapper were always more interested in “protecting” the “institutions,” not our Constitution, not national security and certainly not Americans.

My understanding is that “immunity” is for acts perpetrated while in the official capacity of President. It is also my understanding that these crimes went beyond Obama’s time in office... he was just a “simple civilian” while still leading and orchestrating the attacks on President Donald J. Trump, as well as many of President Trump’s family.

Using a bit of downhome common sense; Obama should have lost immunity protection after January 20, 2017.

Russiagate cost the American People a lot of money; two special councils and millions of dollars. Russiagate wasted the valuable time of Congress, cost many of President Trump’s

people their jobs and their livelihoods, and now we find it was all for naught and it was all a huge setup and lie; meant to usurp the election and the will of the people.

The LEFT (aka Democrats) call President Trump a fascist. Yet, it is their party, their president (Obama) who refused to let go of power; which leads us up to the 2020 election.

Covid and Blue-State Covid mandates showed all Americans how tyrannical the Democrat Party truly runs. Restrictions, shutdowns, and mandates plagued the nation, especially in democrat run states. They forced vaccinations, mask wearing, 6-foot distancing, no family gatherings, no outings to the great outdoors; Americans were tyrannically deposed! Churches were closed while liquor stores were opened, Mom and Pop shops were closed while mega stores such as Walmart, Cosco and others remained open. It was during these school shutdowns when parents were made aware of the poor teachings and porn teachings in their children's public school.

Desperate to return to power, the Democrat Party concocted a plan to steal the 2020 election.

Covid was convenient and throughout the democrat-run states, ignoring their own state election laws, new election rules were made unconstitutionally. Mail-in ballots for everyone... Literally!

In my opinion:

The democrat party primaried Joe Biden as the most likely to be used for their plans to continue Obama's tyrannical policies to "fundamentally change America's government." (The true insurrection) Using COVID as their reasoning and knowing Biden was declining cognitively, they kept him out of the public limelight as much as possible. Biden campaigned from his basement or in small public groups who submitted to social distancing by standing in "Hula-hoop" circles, which were strategically set apart. The lamestream media helped them hide the Hunter Biden Laptop story, while continuing the **Russiagate** lie. Then **51 has-beens** from the CIA and other "institutions" signed a fraudulent letter stating that the "laptop from hell" was more Russian propaganda. During the debates, the lamestream media continued to protect Biden and directed their own

narrative against President Trump. It was *“the mother of all coups”* perpetrated against the American people and orchestrated by the infamous community organizer, Barack Hussein Obama. Obama could not allow President Trump to “dismantle” his destructive policies against America.

After the fraudulent election (we will not cover January 6 in this article), Biden and Obama’s VP pick Kamala Harris immediately began undoing the positive policies and Executive Orders put in place by President Trump. Biden and Harris opened our nation’s borders and allowed an unprecedented dangerous invasion into our country. Illegal aliens from over 120 countries crossed into our nation, in fact, Bidens administration flew many of them in and even distributed many into the interior of our nation.

The entire Democrat Party have gone “nuclear-Marxist!”

It is, however, a curious thing for which I cannot comprehend; why are so many media outlets anti-American? I think the one thing we need to understand is that the hate directed at President Trump is truly their hate for the American people; you and me! They see us average hard-working-dirt-under-our-finger-nail-productive Americans as trash. However, we are the Americans that make America-America! Those commentators (especially the liars) produce nothing, in fact, they undercut the very fabric of America’s Constitutional Republic.

Marxism cannot survive in a Godly nation or a nation who’s foundation is marinated in truth; for there is no truth within a Marxist, which we can attest by the lying-conniving-corrupt-anti-American-democrats. ***“Our Constitution was made for a moral and religious people; it is wholly inadequate to the government of any other.”*** John Adams

The original intent of our Founders and our Founding documents was not to allow such tyranny to survive in America, but for Americans to be united for Liberty. While all Americans will never agree on everything, we should agree on Making and Keeping America Great. Great meaning, clean, safe, healthy, productive, prosperous, free and Independent!

What if Trump deranged anti-Americans actually evacuated this nation?

I am not bothered nor is there any great loss when those who call themselves “anti-Trump” leave America. I actually believe that is part of the original intent and beginning foundation of this nation. What did America lose when Rosie O’Donnell moved to Ireland? There is no hole in Liberty because Ellen DeGeneres and her lesbian lover moved to England. And the only thing America would lose if Jimmy Kimmel went to live in Italy is a lot of obnoxious night-time noise; ***nobody misses the cicadas when they are gone!***

I’m serious about this; we should not allow politicians who do not believe in the Constitutional Republic to serve in any capacity pretending to represent our governing documents when they legislate against them and chip away at our Bill of Rights. The runaway Texas democrats should be FIRED!

Because of the FAR LEFT Marxist agenda of the Democrat Party, the party is no longer representing America or honoring their oath to our Constitutional Republic but are defiant to all things American!

After we won our independence from Brittain:

Loyalists leave America: January 1782

The evacuation of loyalists begins. Largely unwelcome in the new United States, about 100,000 Americans who remained loyal to the crown find new lives in Britain, Canada, and British colonies in the West Indies. Among them are about 15,000 African Americans, some of whom end up helping to found the country of Sierra Leone in Africa. The loyalist experience will have a profound effect on the development of Canada's national identity.

The democrats, the lying media, the screaming celebrities, are ignorant of our Constitutional Republic, it’s documents and they are loyal to a foreign style of governing that simply does not support...

Life – Liberty or the pursuit of Happiness.

They may choose to leave and they will not be missed.

Their disruption and destruction of our Constitutional Republic form of government is not an unintended consequence; they are intentionally dismantling our nation and I say... They can all leave with the illegal aliens and... with loyal American loving patriots left... **We the People** will...

Any Hope For "Us, the American People" to live in socio-economic bliss is fading. If media reports on Supreme Court of the United States (SCOTUS) descending into chaos because some SCOTUS Justices are complaining about their Justice colleague as are getting more attention are accurate. Not befitting us, given we're supposed to be an upbeat society catering to people's more positive bents.

Vanity Is An Erosive State of mind. Some scholars conclude Biblical references to vanity are focused on meaninglessness. "We, the American People" would be smart to keep a clear head 'chaos' in American political realms comes down to struggles for lawful power over how one's fellow Americans shall live their lives. If we are to live happily in Liberty, we had better admit people's differing ideals.

"The United States is a nation of laws, badly written and randomly enforced."

“Our, the American People’s” commonwealth, federal (U.S./National), and state Constitutions, in theory, at least, articulate how we are to be governed in terms of fairness and justice. Our Constitutions, whether we like it or not, are open to interpretation. Our Constitutions empower legislators to craft and apply laws for America’s citizens to behave consistent with Constitutional percepts and protections.

“Liberty lies in the hearts of men and women. When it dies there, no constitution, no law, no court can save it.”

~ *Justice Learned Hand*

PICTURED: Democrat leaders deliver prepared remarks on war with Iran.

America's Constitutional Precepts And Protections do not necessarily mesh well with how people's personal attitudes, values, and beliefs (PAVB) urge them to live. PAVB motivate people's behavior in ways not implicitly congruent. We would be smart to confine our laws to matters not likely to prompt adversarial PAVB interaction. Laws are incapable of altering PAVB. Laws do prompt PAVB to clash.

"It is sobering to reflect that one of the best ways to get yourself a reputation as a dangerous citizen these days is to go about repeating the very phrases which our founding fathers used in the struggle for independence."
