

I captured these words from a young woman on X. In a video she read each of these campaign promises from Trump's website. (condensed of course) The young woman read each as if they were horribly bad things. The person who shared her video on X said her video would probably be a great campaign tool for President Trump; upon which I agree.

I took the liberty of putting my own interpretation of what the democrats want in opposition to what President Trump has listed.

Read Trump's plans in detail and understand how his Agenda 47 will be good for all Americans, even those who simply have no clue.

<https://www.donaldjtrump.com/agenda47>

These are the first 15 promises President Trump plans to implement when he is re-elected. After each one I have included my own interpretation of what democrats would do with the same topic or issue:

Trump: He promises that he will carry out the largest domestic deportation operation in history.

Democrats: They're ok with 10 million PLUS illegal aliens, criminals and psychopaths entering our nation. They have no problem with the rise in crime, murders, rapes, human trafficking or the taking of American jobs. They're perfectly fine using your tax dollars to board, feed and educate illegal aliens. While democrats are in control, illegals will not be required to adhere to the same rules and laws as you and I do. They are even good with illegal aliens owning and carrying guns; but democrats do not believe citizens should have the right to carry.

Trump: He will also ask for the death sentence for anyone convicted of human trafficking.

Democrats: Democrats are always against the death penalty! Human trafficking is the worst kind of slavery, but it seems evident that democrats and

their buddies such as Jeffrey Epstein, believe their “pleasures” should come before the rights of others, young girls or young boys. Democrats, if you’ve noticed, seem to be sexual predators and perverts; Bill Clinton was and is guilty; Joe Biden is guilty of this as well. Remember creepy Anthony Weiner? How about those two capital-congressional staffers filming themselves having homosexual sex in the capital? Maybe it was the first time they released the footage, but I doubt it was their first time to denigrate “The People’s House.” There was nothing really done about them, and of course, Congress has their very own slush fund! It’s past time for Americans (with Trump’s help) to clean up Dodge and get strict with those who would enslave others; after all, we did fight a war over such!

Trump: He will close the Department of Education and return all education standards to the states to decide.

Democrats: Oh how the democrats hate States’ Rights and love big federal government! The democrat regime will continue to add alphabet departments of control; you see, they believe in controlling every part of your life, your health, your land, your family, your education, your jobs, etc. The Dept of Education needs to be in the hands of each state, not the federal government. The same is true from most all other bureaucratic departments of tyranny. I personally believe that it’s time Americans ripped off the government dependent band aid.

Upgrade to paid

Trump: He will put prayer back into schools.

Democrats: They stand on and promote the lie of separation of church and state. Democrats are raging a war against Christians. They keep using the phrase, “White Christian Nationalist,” and deeming us domestic terrorists. (I didn’t know all Christians were white, did you?)

Apparently, if you believe in “thou shalt not kill,” you’re a bad guy; if you believe in “thou shalt not steal,” you’re the bad guy; if you believe in God, you’re the bad guy. Prayer is offensive to those who hate God, and democrats have made it

very clear that they hate God. *We should make them tremble more; by praying more!* The Democrat's interpretation of our First Amendment is that it should be "monitored" by government, which is not free speech at all! It is safe to say, that democrats do not believe in the true Liberty of the First Amendment.

Trump: He will criminalize any race-based advantage programs.

Democrats: They push DEI and they push affirmative action – they believe NOT in equality but in equity. Democrats are racists and push this theology. It is a huge part of their communistic control policies. If, and when they gain absolute control, this will not just end, but it will end badly. Their ideals are not about helping people, but are about controlling people, and keeping the populace uneducated, etc. (They believe in dumbing down America)

Trump: He will end the Affordable Care Act.

Democrats: While they will continue to push "socialized medicine" and force you to buy insurance and call it affordable, you will have less say in your own healthcare. What is it about Obamacare that is affordable? What is there about the so-called Affordable Care Act that makes it affordable? It is only affordable for those in charge of your healthcare and that is not you or your doctors. "Control the healthcare system" is #1 on the Rules for Radicals' list of things they will use to completely change us into a socialistic state! Government does not belong in your healthcare. Democrats only believe you have a choice in your "health" if you are choosing to kill an unborn baby. Abortion. They also believe in the right to choose to have transgender surgeries; perverted healthcare and mutilation of young people. They do not believe in Parents Rights! Why is that ok? Because democrats want complete control over America's children and youth. They want to weaken American's posterity, our children.

Trump: He will ban gender affirming care for adults and children.

Trump: He will ban any federal dollars from going towards gender affirming care, which means anyone with government provided healthcare will no longer be able to access gender affirming care.

Democrats: I addressed this earlier. Democrats like playing Doctor Frankenstein, so did Hitler, if you'll remember your history!

Trump: He will propose a constitutional amendment that gives a term limit to Congress.

Democrats: We must ask democrats, "Why is this a bad thing?" Democrats want limits on you, but not on them. In fact, we can see this idea will fail in both parties. Why not put this to a vote of We the People? I think we know the answer to that. It was Congress, back in 1951, that limited the terms of the presidency, but they will not consider the same for their positions. I'm not one for changing our Constitution, but I believe, in this day and time, and after seeing the corruption and damage their long legacies have caused, it's time to limit their service. I believe there needs to be this amendment. I have stated for years that, "Presidents come and presidents go, but Congress stays and stays and spends and plays." It's time **We the People** restored our rightful place; "Consent of the governed."

Trump: He will deploy the Department of Justice to investigate the Biden crime family and any of his adversaries or political rivals.

Democrats: Democrats only believe in framing Trump! As I've said all along, they aren't protecting Joe Biden, they are all connected and corrupted. There are many elected and unelected getting rich from influence peddling and insider trading. They get extremely wealthy and the citizens suffer. Their greed has diminished our Liberty and placed our national security in America at great risk.

Upgrade to paid

Trump: He will immediately pardon all of the January Sixers.

Democrats: Democrats are all about jailing Americans who speak against them or protest peacefully. In my opinion, there's only one reason they are so adamantly anti-free speech regarding the 2020 election; **THEY ARE GUILTY!** Guilty of a great election fraud. (Including many RINOs) As far as the J6ers, many have been given stiff sentences, while others are currently in jail but have not yet been charged or have not had their day in court. Is that the democrat's idea of democracy? It certainly is not **Liberty!** The J6ers are political hostages of the democrats. Many are being abused and tortured. We have a rigged government system, for which **We the People** now find ourselves captive.

Trump: He will create a task force to investigate anyone who arrested, charged or imprisoned any January sixers.

Democrats: Democrats hate justice, especially if they're caught UP IN IT! This is why they keep crying about Trump having revenge. Democrats (and many republicans) are guilty of many abuses and injustices; so are certain members of the capital police. We've watched videos of several capital police officers kicking and brutally beating unarmed citizens (women) on that day.

Trump: He will increase the penalties for underage criminal offenders.

Democrats: They need their thugs to cause violence and chaos, it's how they maintain and force control. Does a 15-year-old, or 16-year-old not know it's wrong or unlawful to sell drugs, rob stores, rape young women, beat policemen, hijack cars and more? Do their victims not deserve justice?

Trump: He will strengthen immunity for police officers.

Democrats: They demean local police. Obama caused a great many riots with his lack of support for the police in Ferguson, Missouri. He was dead wrong, but nary an apology did we hear. Democrats prefer a federal police force, over which they will have absolute control.

Trump: He will deploy the National Guard to patrol woke cities.

Democrats: Dems need crime and violence to gain control. The more violence there is, the more likely you will be to approve of a federal police force!

Trump: On day one he will reassess our participation in NATO, and he says that every European country needs to pay the United States for protection.

Democrats: In the eyes of democrats, NATO and the U.N. can do no wrong. Democrats expect (demand) that the American people foot the bill for their global agendas.

Trump: He will also restore the wonderful travel ban for Muslims coming to America.

Democrats: This has been a democrat lie and deception since before Covid in 2020. There was never a total ban on Muslims. There was, however, a ban on people coming from certain hostile and enemy nations! This was due to the threats against our nation by these enemies, but democrats are not concerned with the safety of Americans, this is evident with their unlawful open-border policies.

Trump: He will build freedom cities - these are 10 new cities built on federal land. He will award them to areas with the best development proposals and he will prioritize moving young families to these freedom cities.

Democrats: They do not want to give up land; they want to take more land; your land!

Trump: He will kill all E vehicles and E vehicle legislation, seeking to replace that with the development of a flying car.

Democrats: Democrats will continue to stand by the lies and hoax of climate change. Their threats of doom are false and not one of their predictions of “the end of the earth” have ever been true. NOT ONE! There is no existential threat due to mankind and climate change. They are, however, taking tax dollars and propping up their green agenda and paying (subsidizing) the green industries; all

the while they invest and profit from their dirty-green-new-deals! They invest your dollars and then reap the profits – it is green-greed-corruption. Besides, who wouldn't like a flying car?

Trump: He will remove all of the limits on American natural gas exports and “drill baby drill” for oil domestically.

Democrats: The democrats make no pretense of their hate for American independence. Democrats are working “fast and furious” to BREAK America and Americans. They serve the world elites, not We the People of America. This is why they are so anti-MAGA; they are all globalists!

Upgrade to paid

Trump: He will impose a tariff of up to 60% on Chinese imports.

Democrats: Oh how the democrats do love China! Did you ever ask yourself why? Democrats claim Americans pay the cost of tariffs, but they don't think we inherit the taxes on big corporations. Tariffs are a good and honest way to protect America's industries and our economy from enemy nations, such as China. Tariffs can be used to punish nations who have abused or attacked America, such as Communist China. Since democrats are communists, they disapprove of punishing China.

Trump: He will extend the 2017 tax cuts and drop the corporate tax rate from 21% to 15%.

Democrats: Democrats never want to cut your taxes. They always lie about taxing the rich!

Trump: He will push Congress to pass legislation that would give every American the right to carry concealed anywhere at any time.

Democrats: Democrats absolutely hate the 2nd Amendment. I have often stated, “There's only one reason for a government to want to disarm their citizens.” The real reason for the anti 2A ideology is not for your safety but theirs,

the rigged government system. Open borders proves they don't care about the safety of Americans!

Trump: He will revoke any gun restrictions or legislation that seeks to inhibit people's ability to own guns.

Democrats: They want no guns in the hands of citizens. While they have bodyguards, you are not allowed to protect yourself. They simply do not understand, "SHALL NOT BE INFRINGED!"

Trump: He will demand that Europe pay back all the money we gave Ukraine and then he will use all of that money to recruit for the American military.

Democrats: Oh how democrats and our established elites love war and yet they hate our military. America hasn't won a war in years! President Eisenhower warned us: ***"In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist."***

Trump: He will take billions and billions of dollars from private university endowments by taxing, fining and suing the universities - he specifically names Harvard in this one - and then he will use that money to create the **American Academy**, a free online college that will be free of wokeness.

Democrats: Democrats currently have control of our universities and that's how they like it! They continue to "pay off" the universities for following their communist agenda. These universities are sitting on large endowments, while receiving large amounts of taxpayer dollars to push un-American propaganda. THIS IS NOT LIBERTY!

Breaking it all down, it's obvious who it is that stands with the American Citizens, and it is not the Democrat Party!

Keep this **Agenda 47** list handy as you watch the Republican National Convention this week. Then keep it in mind in August when the Democrat Party starts duking it out and arguing about how they can best steal another election with the weakest candidate of all!

"We, the American People" are nearing a tipping point on dissatisfaction with how President Donald J. Trump and GOP legislators are running things. According to a well-known journalist-commentator who expresses a rare kind word for anything GOP legislators – or, voters – do, or say, Given said journalist-commentator is objective, reasons for American's reaching a tipping point are loss of rights. Shortly After is 2009 Inauguration, President Baack Obama famously let his opposition party legislators know elections have consequences, and he'd won. Accepting his Nobel prize, President Obama noted force is sometimes necessary. Legislators, to a legislator, make it their business to have their personal attitudes, values, and beliefs (PAVB) be lawfully compulsory – by laws. Laws are force. We err if we presume otherwise.

"I wouldn't call it fascism exactly, but a political system nominally controlled by an irresponsible, dumbed down electorate who are manipulated by dishonest, cynical, controlled mass media that dispense the propaganda of a corrupt political establishment can hardly be described as democracy either."

It Would Be Smart For “Us, the American People” to sit back, draw a deep breath, and ponder how it is legislators are so intent on having their PAVB lawfully compulsory. Not much of a stretch to figure legislators want their PAVB lawfully compulsory for no other reason than President Taft’s observation of how there’s no stronger human urge than to lay down rules of conduct for other people. Other people. Always other people.

This should infuriate anyone who has worked all their lives and paid into Social Security.

Ilhan Omar: "USAID is the reason I am here and not in Somalia."

We Go From Legislative Election to legislative election hoping against hope to seat proverbial right people so our lives will be less disruptive by laws, more tranquil by choice. There are no right people for legislative office. Every legislative office candidate is after lawful force. Safe to say voters want their PAVB enshrined in law by those voters seat in lawful authority. We get exactly our vote's choice. And we resort to blaming our choice.

Articles On Trump Versus America's courts keep showing up in America's news. "We, the American People," would be smart to glean from such articles, if nothing else, how America's politicians-legislators are in a furious struggle to have lawful control over Constitutional authority. America's commonwealth, federal (U.S./National), and State Constations leave final authority unwritten.

"Our, the American People's" Executive, legislative, and judicial governmental branches are supposed to be coequal. Congress, For Now, Has Voting majorities favoring President Donald J. Trump's GOP. So, Congressional leverage is on President Donald J.'s side – unless Congressional GOP legislators are not happy with how President Donald J. and his executive level Department Of Government Efficiency (DOGE) ruffle too many feathers, including feathers worn by America's federal magistrates. Risky.

One's Authority, Lawful Authority, in particular, means little if enough people get their backs up over how people in authority handle authority. Meanwhile, it's "Us, the American People" who feel results. We can run DOGE and all.

Dear Ms. Leffel,

I am in receipt of your email of March 1, 2024.

I am attending the clinic under the supervision of Dr. Berkowitz on the 5th floor due to the callous indifference of both Dean Charles Bertolami and Dr. Byrd, the director of the General Dentistry Clinic on the 4th floor, to even acknowledge receipt of my emails since the first one on December 10, 2023, reproduced hereunder and downloadable through the email address below[‡], let alone address the issue of the public humiliation and abuse of power that Dr. Byrd inflicted upon me.

I, as a prudent and responsible person, chose to attend Dr. Berkowitz's clinic thereafter in an effort to deescalate and avoid the risk of retaliation if I kept going to Dr. Byrd's clinic.

If you are a genuine patient advocate, then I already 'reached out directly to you' by emailing to you too that 10 December email et seq. and stating the concrete action that I requested be taken. Yet, when we subsequently spoke on the phone, you had not even read my emails and did not know what issues I had raised therein.

E.g., as a result, I had to reach out to my health insurer at the time, EmblemHealth, to request that it cause the withdrawal of a \$105 bill so capricious and arbitrary that it lacked a description of whatever was billed for, its medical billing code, its date of provision, the identification of the billing department, etc.

If you are the advocate of Dr. Bertolami, Dr. Byrd, and the rest of the College staff, you knowingly mislead me with the pretension of your being my advocate; and have already left me alone to fend for myself. In that event, you have no standing to ask that I "reach out directly to [you]" to the exclusion of anybody else.

See the Patients' Bill of Rights for Diagnostic & Treatment Centers (Clinics) >entry 12.

Dear Dean Bertolami and Associate Dean Bloom,

1. In your "" on your School website, you invited your readers to ". (emphasis in the original) So, imagine yourself living the experience that I had in your School on December 8. As you read its description, ask yourself: [Message from the Dean](#). Imagine a world in which everybody smiles....The core

aspiration that makes NYU Dentistry different...is that indefinable **something more** that people expect in a doctor, such as being ethical, sympathetic, and caring in their relationships

a. Would you have felt then and still feel now that the doctors and staff that you met had been "sympathetic and caring in their relationship" to you, never mind "ethical", when an attending doctor authorized panoramic and bitewing X-Rays, but then arbitrarily cancelled the bitewings and when you tried to find out why the director of the clinic, with whom you had never spoken, came to the registration area angry at you, refusing even to state her name, and publicly instructed the registrants to call security to remove you forcibly therefrom?!

b. How humiliated would you have felt as the victim of such outrageous public abuse of power? Would you have come out of your School 'smiling' or rather shocked by such blatant denial of your right to "be treated with consideration, respect and dignity" † 10 NYCRR, §751.9?

2. A brief statement of facts follows: I am a patient of your School; my chart number is 537687. Sometime ago, a crown was set by your students and doctors on tooth # 19. It came off. A panoramic and bitewing X-rays taken at the time showed that the root had cracked and the alveolar bone was infected. The Periodontology Clinic estimated that extracting the root, performing curettage, reconstructing a base, and making and setting a crown would cost upwards of \$6,000.

3. My HMO refused to pay. Worse yet, at the last moment, it has informed me that it is terminating at the end of this month the health insurance plan that covers me and that I it is up to me to find a similar one with another HMO. The new HMO requires a panoramic and bitewings to conduct its own evaluation of my condition and determine the necessary treatment and what it would cover, which will not exceed a meager \$1,500. To leave that amount available for treatment, the panoramic and bitewings have to be taken in December so that the current plan may pay for them.

4. On Friday, December 8, I went to the General Dentistry Clinic on the 4 floor to be treated on an emergency basis so that your students and doctors could determine the gravity of the infection that was causing the flair-up of pain in # 19 and take the necessary diagnostic X-Rays that I could submit to my new HMO for it to start an evaluation process that in any event would take weeks. th

5. Student doctor Diana Alomaja was assigned to me. She remarked that the gum was growing over the root of tooth # 19; and using a mirror, showed me that when she pressed it down with a scaler, blood came out. I told her that while I understood that she could not perform a transplant in one visit, at least she could take the required X-Rays. Student Alomaja was sympathetic enough to consult with her attending, Dr. Robin. The latter realized my physical and financial predicament and authorized the panoramic and the bitewings.

a. Student Alomaja took me to the Periodontology Clinic. Clerk Ms. Jones told us that just the preliminary process of assigning a student to my case would take two weeks. She suggested that I be taken to the 1 floor for the panoramic to be taken. We went to there. After a long wait the panoramic was taken. But Student Alomaja said that she was late for her next appointment and could not take the bitewings. I was left to fend for myself.

6. I went to the Periodontology Clinic and appealed to manager Whitney to take the bitewings. She repeated what Clerk Ms. Jones had said. So, I went back to the General Dentistry Clinic and showed clerk Desirée the printed panoramic and asked that she have another student take the bitewings, a process that I knew from experience would take only some 15 minutes. She refused, arguing that protocol only allowed for one procedure to be performed in an emergency visit.

a. Would you have felt it "sympathetic and caring" to be told that protocol had to be given precedence over your well-being as a patient so that your physical predicament would prolong for weeks and your financial one become permanent?

b. Did her statement show "consideration"‡? That cannot be imagined.

c. I asked to speak with the office manager. Clerk Desirée walked to her manager and talked to her.

7. The manager walked up to me. I asked her name, but she refused to state it. She asked me to step with her outside into the registration area. She said that no further treatment would be given to me and no appointment would be made for me because she had found that there was an unpaid \$105 bill on my account.

a. I asked her what the bill was for; what its medical billing code was; what was the date of service. She did not know anything about it. She even ignored that I had not been to the School in more than two years! I told her that whoever was the issuer of that bill had to submit it to my HMO, which had paid for all the treatment that I had received in the School over the years.

b. As we were talking, Dr. Robin walked in front of us. We both called out to her. But Dr. Robin walked past us. When she walked back, we again called out to her. But again Dr. Robin ignored us.

c. I asked the manager to let me speak to the Clinic director. She went to speak with the director.

8. The manager came back with a person in a white coat and both stopped by registrant Ms. Syreeda. I walked up to them.

a. The person in white said that no further treatment would be given to me and that I had to leave. I asked her name. She would not state it. She said that she was the director and that I either made an appointment or she would call security to remove me! I tried to explain to her that the manager had said that no appointment would be made until I paid the outstanding bill. She threatened me with calling security if I did not leave. I tried to explain that Dr. Robin had authorized the bitewings and that a panoramic had been taken. The director said that Dr. Robin had not authorized such thing. Instead of hearing my side of the story, the director instructed Ms. Syreeda to "call security to remove a person that refuses to leave!"

b. Trying to deescalate, I asked Ms. Syreeda to give me an appointment; she did. I had not given the director, whose name Ms. Syreeda said was Dr. Byrd, any motive to treat me with such 'disrespect and lack of dignity', let alone do so in public. †

c. Dr. Byrd humiliated me with her abuse of power against me. She defamed me by acting as if I presented such a threat as to justify calling security on me.

d. How does a person so intemperate and biased treat students, Joe, and Jane if she so treats a doctor of law? Dr. Byrd is now your liability.

9. **Action requested:** I respectfully request that you exhibit "[moral clarity](#)" regarding your "core aspiration...that your doctors be ethical, sympathetic, and caring", and cause before the term ends:

- a. Dr. Byrd to recognize that she treated me wrongfully and apologize publicly;
- b. Dr. Robin to state whether she unethically denied her X-Rays authorization and, if so, apologize;
- c. I be called and asked to go to the School for the bitewings to be taken by December 15th;
- d. the \$105 bill be withdrawn as stale and lacking essential information to be valid;
- e. I be assured that there will be no "reprisal"[‡] against me when I am treated at your School.

I look forward to hearing from you in a timely fashion.

Sincerely,

Dr. Richard Cordero, Esq.
