@realDonaldTrump • 8h

A HUGE THANK YOU to all the “No Kings” protesters yesterday! I was very concerned a king was trying to take my place, but thanks to your tireless efforts, I am STILL YOUR PRESIDENT! Great job all!!! 

Just because you are broke doesn't mean your only recourse is government fraud. There is always honest labor.

“Our, the American People’s President Donald J. Trump is out to solidify presidential power to decide who has birthright citizenship, who does not. It would be foolish for Americans who have read America’s federal (U.S./National) Constitution to presume birthright citizenship is established by America’s federal (U.S./National) Constitution. Some folks prefer to focus on their notion of ‘intent.’

“We, the American People” have, for nigh on two-hundred, fifty years, been subjected to bristled debate over how Constitutionality shall be interpreted by legislator, government chief executive, judiciary member, academic, and scholars of every stripe. Never has someone ambitious with lawful authority wanted less. If anything, they want more, more being better. And too much being not enough.

"You are NOT ALLOWED to criticize Islam! I forbid you!"

- Virginia State Senator Saddam Azlan Salim

If America's Representative Constitutional republic governmental system has anything going for "Us, the American People," Liberty-wise, it is decentralization of lawful power. For lawful power decentralization to work in Liberty's interest, Americans, as a sovereign citizenry (not as in rejection of law and government) need to ride herd on officialdom to prevent power lust from taking over.

"These rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations."

America's Constitutional Fabric Can Come Apart at its proverbial seams if America's common people (America's sovereign citizenry) does not act to assure Liberty, despite Constitutional turf war. We are at risk when federal (U.S./National) Constitution provisions are at odds with commonwealth or state Constitutional provisions. Federal Supremacy Clause clashes with people having ultimate power.

Generation Z People Are Said to be socially mindful, digitally adept natives, and sensible. With those praiseworthy attributes are a questionable fading skill. Handwriting. Handwriting, media coverage accurate, came to be some five millennia back. Good thing, not good thing, rests with sociologists passing judgement. Island-marooned, might be nice, able to write when your PDA battery runs out.

"I have sworn upon the altar of god, eternal hostility against every form of tyranny over the mind of man."

~ *Thomas Jefferson*

THIS IS ACCURATE

There's Something To Be Said for polished handwriting skills. In some ways, akin to hearing an accomplished musician tickling ivory keys, serenading with a coronet, or touching a soul with a classic aria or ballad. A fine hand conveys refinement, a thread of order in chaos, a beckoning to attain. Well-practiced penmanship instills a quiet sense of confidence, of knowing misapprehension is overcome.

“I believe we are on an irreversible trend toward more freedom and democracy – but that could change.”

Client: So can you paint cats?

Artist: Cats are my passion

Hand-In-Hand With Skilled Handwriting goes skilled communication. As a poet once observed, an ability to enter quickly into another's thoughts. Fair to say marginal communication, marginal comprehension. With marginal comprehension comes marginal competence, with marginal competence, heightened dependence. A skilled hand bears trustworthiness, brightness where it's dim.

“If you have ten thousand regulations, you destroy all respect for the law.”

Generation Z Folks Are Reputed to be imbued with practicality. Might be because of their keyboard dexterity. No signature evidence gone with. Unfeeling electro-mechanical impulses transformed into heartless impressions gone in an instant were their power source to fail. Not so with signed parchment. More durable is handwritten fact and figure. More lasting impressions on one's mind.

Early this morning there was a release of a video put together by the Biden
campaign team to announce that he is running for a second Presidential
term. The video is packed with numerous lies and false inuendoes but lurking
within the political jabberwocky he made a couple of comments worth delving
into deeper.

**As always, Biden rails against and warns Americans about the evil MAGA
movement.** In reality MAGA is anyone who believes in America as a free and

independent nation, is proud of our heritage, believes in self-governance and not a dictator-oligarch government. By the way, you do NOT have to be a Trump supporter to believe in MAGA. You just have to believe in American greatness!

MAGAs are always accused of wanting to destroy democracy. **FIRST**, America is not a democracy and never was. **We the People** must know and understand the fundamentals of this nation. We were established as a **Constitutional Republic**. Are we still that form of government? No! But that is only because the politicians on the left and the right both got greedy and grew their positions of power and reduced the power of **We the People**. They established and continue to establish bureaucratic offices to chip away at the Liberty of Americans. They do not believe in a government of the people, by the people and for the people.

The politicians say *democracy* because they cannot say that MAGA wants to destroy the *Republic*, for they have already accomplished that! If they were to speak truth and blurt out that MAGA wants to destroy America's Marxism, people would say, "**Well, YEAH!**"

I am a MAGA American who rejects democracy and believes we should ALL work to restore our Constitutional Republic. Democracy is mob rule. The heart of our Constitutional Republic was stated in our Declaration of Independence (which the LEFT hate!) "**Governments are instituted among Men, deriving their just powers from the consent of the governed... We the People** govern, not democracy mob rule. **We the people (the Constitutional Republic)** protect individual sovereign citizens.

The most important hidden and twisted truth that Biden spoke was his comment, "**We are in the battle for the very soul of America.**"

YES, WE ARE!!!

Remember the song "*The Devil Went Down to Georgia*," by Charlie Daniels? The devil was behind his quota for the stealing of mankind's souls; he was

desperate to get one more. So, the devil went down to Georgia to bet his golden fiddle against **Johnny's** soul. It turned out in that ballad the devil had underestimated Johnny's talent and his will.

The LEFT – is here to strip the very soul of America and Americans and in truth, **that is the battle for America's soul.** They set out long ago to fundamentally change America and they are doing just that!

Biden said republicans have banned books, which is not true; they're just removing inappropriate pornographic books and literature from the children, not adults.

The LEFT – want our children... If you listen, they are telling you that and have been for a long time. Yesterday in a speech Biden said, *“There is no such thing as someone else's child. No such thing as someone else's child. Our nation's children are all our children.”* Back during the Obama administration days, there was a LEFT talking head who said, “Children belong to the community” and of course, Hillary Clinton told us “it takes a village” to raise children. Remember Nazi Germany? George Soros is a product (or victim) of this ideology...

The LEFT – Want to banish your **First Amendment** as well as restrict news sources that disagree with them. Just recently, Chuck Schumer and AOC both were calling for the censorship of FOX News and suggesting Tucker Carlson be fired. (Are you pondering that one? You should be!)

The LEFT – because they know you might not accept the next taxation without representation act, or the next infringement upon your inalienable rights, are moving forward with a complete repeal of your **Second Amendment.** There is no doubt that the LEFT is a threat against this nation's security, and they are out to remove your Second Amendment rights! There's only one reason for a government to want to disarm its citizens...so that you, the citizen, will not rebel against their tyranny.

The LEFT – want to remove GOD from all things. His laws were the foundation of our Constitution and He is the one who **created us all equal**; **The LEFT** cannot have us thinking we are equal. They must keep us at odds with one another, so that their power over us will grow. This is the reason for them to continue to introduce, and force upon us, the most horrific and absurd things and call them natural. Their stand for gender dysphoria, reimagining pronouns, their war against women, and their policies to hurt children are all absurd and unnatural, yet they are being forced upon the general public and we are being threatened if we do not accept and go along with their evil.

You see, we truly are in the battle for the soul of this nation. **The LEFT** does not want America to be that shining city on a hill; they hate that thought.

They are communists promoting Marxists ideology, which is pure evil! We witnessed evil! During the Roe v Wade protests, we saw a person or persons who were perhaps demon possessed. The most obvious and concerning to me was a woman who wore a white robe or garment smeared to look bloody, while she was grabbing rag dolls (representing dead babies) from between her legs. Was I to believe she was peacefully protesting and promoting women's rights for "healthcare?" **No, she and the majority of them, were blatantly after the souls of women and their babies!** I was shocked and couldn't believe the display of evil I was witnessing!

Yes! We are in a battle for the very soul of America, which includes the souls of Americans, especially our children!

The devil must have once again fallen behind on his soul stealing, so he showed up in America. Will we, "Johnny America," accept the challenge and beat the devil? **YES, WE WILL!** The devil has already been defeated and this taking of America is a desperate move on his part. Desperate always makes a mistake and his followers are making plenty of them. (Budweiser is feeling the sting!)

We should not feel defeated or desperate, America. The spiritual war is over, and the victory is ours for the taking! Do not be discouraged!

United we stand, divided we fall! **We the People** must stand determined, confident, deliberate, and remain diligent, all the while knowing that Americans standing together, will **Bring America Home.** ©

Louisiana officials charged in immigration fraud and money laundering scheme

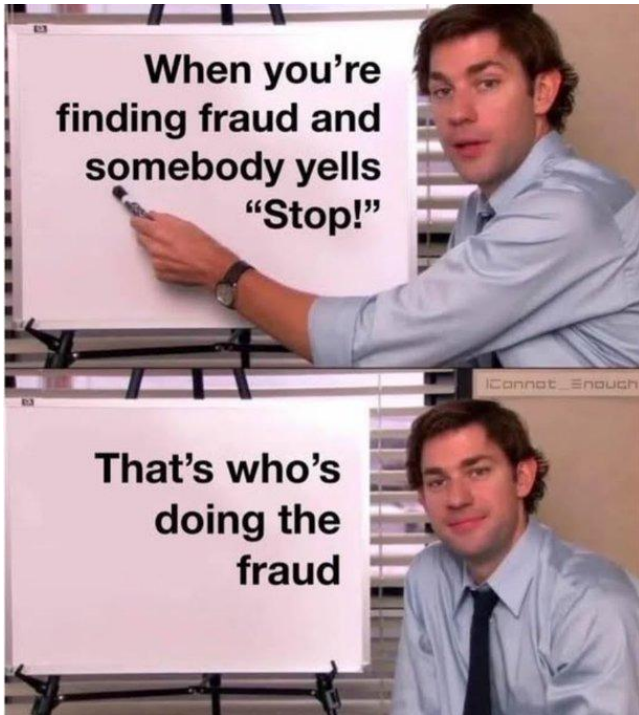

Feds say businessman paid police
chiefs to falsify crime reports for
immigration benefits

“***Our, the American People’s***” media report Vice President JD Vance and Federal Trade Commission (FTC) Chairman Andrew Ferguson have declared war on fraud. President JD and FTC Chair Ferguson are said to allow no government stone unturned in their quest to reduce cost of government. Fraud is a cost of government, a cost taxpayers, ultimately, shoulder. Avoiding fraud won’t necessarily drop cost.

“The best government is the one that charges you the least blackmail for leaving you alone.”

~ ***Thomas Rudmose-Brown***

Were “We, the American People,” in our unquenchable thirst for fraud elimination, to key up some AI dope on fraud cost to taxpayers, would find AI, by source, to put fraud estimate between \$233-\$521 billion per year. Works out to, nominally, \$689 - \$1,541 per red-blooded American Yank per annum. Hard to imagine anyone who wouldn’t like \$689 - \$1,541 more in their pockets. For burgers.

“If you think health care is expensive now, wait until you see what it costs when it’s free.”

~ *P.J. O’Rourke*

Should Vice-President JD Vance and his fraud assault buddy, FTC Chair Ferguson, find out who’s been taking “Us, the American People” for \$689 - \$1,541 per capita per annum, it would be smart for us to hold reins on expanding government spending by \$689 - \$1,541 per capita per annum because fraud is reduced to dust. Unnecessary spending is tantamount to fraud to taxpayers footing fraud bills.

“The Government is like a baby’s alimentary canal, with a happy appetite at one end and no responsibility at the other.”

~ *Ronald Reagan*

The Trump admin has OFFICIALLY called for Gov. Tim Walz to RESIGN after the BILLIONS stolen by Somali pirates under his watch.

Caught in yet another fraud scandal! Educ. Sec. Linda McMahon just found an education fraud scheme in MN.

We Could Give Vice-President JD Vance and FTC Chair Ferguson a helping hand by requiring every government disbursing official to open money books. No great task to compare public money in versus public money out. Also no great task to reconcile federal/state money received versus federal/state/local money paid out. Fraud is never more than a good audit away. Beat down fraud, raise public trust.

“Americans have the right and advantage of being armed – unlike the citizens of other countries whose governments are afraid to trust the people with arms.”
