## Trump Leaves Presidency To Become Even More Powerful District Court Judge

**"Our, the American People's"** Congressional Senator, John Fetterman is coming under hot and heavy criticism from his democrat party for his, reported, lack of opposition to some of President Donald j. Trump's MAGA/Musk/Vance agenda. Senae legislator Fetterman has riled his fellow democrats so much they are calling for his resignation. Senator Fetterman can thumb his nose at 'em,

"Wars in old times were made to get slaves. The modern implement of imposing slavery is debt." ~ Ezra Pound United States of America, to interfere or impose in any way with how responsible citizens choose to use their private property."

Your periodic reminder that a cow cannot add a single atom of carbon to the atmosphere that wasn't previously removed from the atmosphere by a plant.

So, cows cannot increase atmospheric CO<sub>2</sub>, they merely recycle CO<sub>2</sub>. It's not a new source of carbon.

And without cows, bacteria would, over time, rot plant fibers and return the exact same amount of carbon to the atmosphere.

But grazing cows help grass sod fix carbon in the soil, thus increasing soil fertility over time.

The climate crusade is built on scientific fraud.

**"We, the American People"** would be smart to let America's legislators know they, legislators, work for no one, have no obligation to anyone, but those voters who put them in office. And, as a sort of positional onus, to their constituents. Legislators who maintain legislators have obligations to fellow party legislators abrogate their duty to be clear-minded, neutral, independently-inclined thinkers.

**There Is No Better, No More Consequential** authority to assess a representative to America's government for Americans, than "Us, the American People." Legislators are in office at our pleasure, may be retained in office, or removed from office at our pleasure. Should legislatures decide legislators are to be thrown from office without our approval, then we may, if we choose, toss out perpetrators.

"It seems that wherever the Welfare State is involved, the moral precept, 'Thou shalt not steal,' becomes altered to say: 'Thou shalt not steal, except for what thou deemest to be a worthy cause, where thou thinkest that thou canst use the loot for a better purpose than wouldst the victim of the theft'."

~ *F.A. Harper*

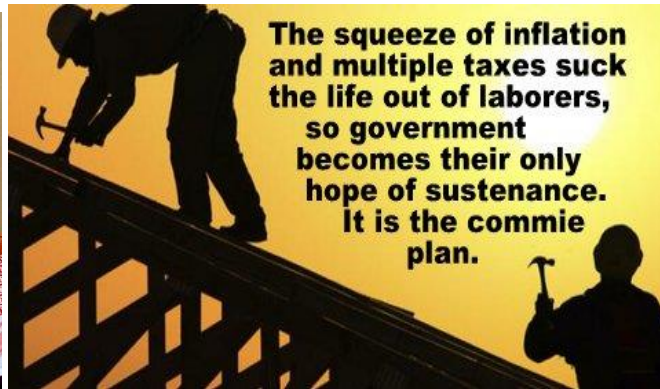

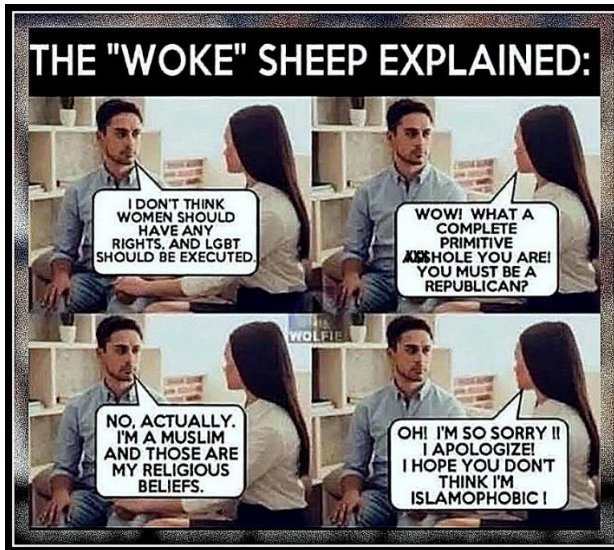

*America's Legislators, Chief Government* Executives, and Judiciary (LCJ) have, arguably, come to act as though it is they who decide how ordinary Americans – who are a sovereign citizenry – shall be allowed to live our lives. LCJ have come to act this way because we have tolerated their action since America's founders created America's Constitutions, and LCJ presumed to be Constitutional arbiters.

"Perhaps the fact that we have seen millions voting themselves into complete dependence on a tyrant has made our generation understand that to choose one's government is not necessarily to secure freedom."

~ *F.A. Hayek*

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to interfere or impose in any way with how responsible citizens choose to use their private property. They protect their property against government intrusion – with force if necessary.

**French writer Alexis de Tocqueville, after visiting America in 1831, said: “I sought for the greatness of the United States in her commodious harbors, her ample rivers, her fertile fields, and boundless forests—and it was not there. I sought for it in her rich mines, her vast world commerce, her public school system, and in her institutions of higher learning— and it was not there. I looked for it in her democratic Congress and her matchless Constitution—and it was not there. Not until I went into the churches of America and heard her pulpits flame with righteousness did I understand the secret of her genius and power. America is great because America is good, and if America ever ceases to be good, America will cease to be great!”**

*I’m all in* for **Making America Great Again**, but what do you think Alexis de Tocqueville would find in America’s churches today, should he visit? I was taught as a very young girl that the church is the people; are the people of America attending church as they once did? America too, is **We the People**.

Several years ago Joe Biden made this statement, “We’re fighting for the very soul of America.” Joe wasn’t talking about restoring our churches or standing on those words from our Declaration of Independence, “*We hold these truths to be self-evident, **that all men are created equal, that they are endowed by their Creator** with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.*” In fact, when Joe tried to quote that, he could not say creator... he said, “**you know, the thing...**” Really? The thing Joe?

That being said, I believe you should realize that we are in a war in America; I believe that is absolutely true! We are in a war to save the very foundation and

soul of America, to restore the foundation, which is the acknowledgement of Creator God and His laws and blessings.

**Upgrade to paid**

**~ The battle lies within the souls of each American ~**

Satan hates what America once stood for; what many of us still believe America should stand for; God, Life, Liberty and Happiness. The Democrat party also hates what America once stood for, and they are the political party that refuses any greatness America once had, and they refute any move to restore those lost principles that once made America great. They've said it out loud, *"We're not going to make America great again. It was never that great,"* New York Governor Andrew Cuomo.

The Democrat Party stands for deception, destruction and absolute despotism. The Democrat party denies the Creator God, they abhor Life, and they despise Liberty. They will protect the life of a murderer, rapist, kidnapper or human trafficker, while fighting to murder the innocent life growing in the womb.

America is most definitely in a war, a war for the very soul of our nation. There are many battlefronts: the ballot box, in our state capitals, our city councils, and perhaps most importantly on our knees.

**Did you know that today is National Transgender Day of visibility?** What does that tell you about the health of America? I'm not sure who it is that makes up these days, hopefully Hallmark isn't selling special cards for this "special day" in our nation. Such tolerance, acceptance and acknowledgment is proof that this nation is spiritually anemic.

Because we are spiritually weakened, we are mentally unwell and openly accepting abnormal as normal. We are physically weakened because of gluttony and addictions. Because we focus not on what is righteous, our minds are distracted and naïve. Mankind was created to worship; therefore we seek to worship some-THING! The earth, ourselves, our favorite sports team, our home,

our cars, even our families... We seek pleasure and satisfaction in things that have absolutely no power and give short-time limited pleasure that soon leaves us empty.

I am no saint, for sure and for certain, but I felt God tugging at me to start each of my radio programs with prayer, and I have done so since Sept 26, 2018. It was then He directed me to pray for President Trump's protection. Let it be known that I did argue with my Heavenly Father about this idea, but he won out! I have not felt the call to stand down either. In fact, lately, I have realized the need to openly pray for the lost who are in high places in our government, which is something I should have always been doing in daily prayer time. Like most, I get lost in my "shopping list" of prayers.

As Americans, we have had life quite easy in comparison with most. However, we are spoiled and ignorant of our spiritual responsibilities, we are also ignorant of our responsibilities as citizens of this nation. We fail to study and obey the Scriptures, and we also fail to study and understand our own Constitution. If we do not prepare and equip ourselves with these tools and knowledge, we will be at a great disadvantage in the battles before us.

Yes, we are in a civil war here in America. The shooting has begun, the attacks are on many fronts; fires, bombings, attempted assassinations, the calling for more assassinations, and lawfare, as unelected judges puffed up to believe they can usurp the authority of the President of the United States. Judges, who took an oath to uphold and protect the Constitution of the United States of America, have now broken their oath and are participating in acts of treason.

CSC Talk Radio is not a Christian radio program; at this time, I get no funding or assistance from any church or Christian organization. I am not a preacher here to give sermons, I'm just a simple Christian woman who happens to own a radio program.

Much like my experience in 2018, this weekend I was again slapped in the head (figure of speech) ... regarding my beautiful country, America! I often think that I'm not accomplishing much because I'm no Sean Hannity or Mark Levin, and I don't write as eloquently as Victor Davis Hanson, I "just" have a small network of radio stations and internet medias that air CSC Talk Radio. However, I have often believed this is my mission, "*For such a time as this,*" and it's more important for me to press on and obey what I feel God is asking and leading me to do at this time.

America was established as a Christian nation. I pray often that we can once again be His beacon throughout the world. **"Go unto the world and preach the gospel..."** *How can we go unto the world, when our own house is in shambles?*

The secret of American Greatness is **We the People!** When we realize that we are, **One Nation, One people**, and when we once again find ourselves willing servants (as a nation) Under God, we will again be a great nation.

**America we are in a war:**

It is a culture war, a political war, a war against our Founders, a war against our Constitution...it is a war against our families, against life in the womb, it is a war against women. It is a war against private property, your money, a war against education. It is a war to condemn you and to demean and blaspheme our God.

**Scripture tells us to be prepared:** *“Put on the whole armor of God, that you may be able to stand against the wiles of the devil. For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places.” **Ephesians 6:11-12** ...above all, taking the shield of faith with which you will be able to quench all the fiery darts of the wicked one. **Ephesians 6:16***

Our war is a holy war. While others will not say this, I am not afraid to speak the truth. When there are those screaming for death and violence, you must conclude this is war, it is not peace. The Democrat Party promotes policies that bring about slavery and death! Their principles are not that of righteousness or Constitution. The LEFT – the WOKE, the Democrats promote Totalitarianism and Marxism; they do not believe in the “separation of powers;” they do believe in separation of church and state; meaning no God is allowed. As I stated earlier, they want absolute; in one party rule; despotism!

Yes, we are in a holy war, and just because many Americans on the so-called “RIGHT” will not admit or do not believe we are in a war.... does not make it so.

**Well – Satan might have a hold on many, but he has no ownership of us, and he will not win this war. Remember these are just battles, the war has already been won!**

**We the People** serve a sovereign God, we are a Sovereign People and **We the People** will... Bring America Home, back to God!

Dear President Mills and Provost Dopico,<sup>1</sup>

1. In your oral "[Message of the President](#)", you say that you have "insatiable curiosity" and are in quest of "what justice could look like". This is an appeal for you to direct those drivers of your personal and professional character so that as university president and social worker you "tackle the issue [not] of domestic violence", but rather of public abuse of power by the

director of the NYU General Dentistry Clinic, Dr. Byrd, et al.; and its condonation by Dean Charles Bertolami and Public Affairs Dean Elyse Bloom. The details are provided in the attached letter, summarized thus:

2. Put yourself in the social situation of a patient and like you a doctor of law. You go to your dental clinic with an emergency and a financial constraint to document to you HMO "medical necessity" and receive preauthorized service before the end of the year. You obtain from the attending doctor -Dr. Robin- the authorization to have X-Rays taken: a panoramic of all your teeth and a bitewing series of individual teeth.

a. You have the first taken downstairs and come back up to have the second taken. But the director, who has never spoken to you and you have never seen, comes to the public area, the reception, and orders you to make an appointment or she will call security to have you removed. You try to explain your medical and financial situation...and she actually orders a receptionist to "call security to remove a person that refuses to leave!"

b. To de-escalate, you make the appointment, upon which you leave humiliated and abused. Are you shocked by being treated in public, with no discussion of reasons, as threatening clear and present violence so that removal by security is warranted? Your family history may make being publicly humiliated and abused painfully realistic.

3. That happened to me at the NYU College of Dentistry on Friday, December 8, 2023. I wrote the attached letter and on the 11<sup>th</sup>, faxed and emailed it to Dean Bloom, and called Dean Bertolami's office at (212)998-9205 to ask for his fax number. There Ms. May said that he did not have a fax number and in any event, he did not deal with such matters. She put me on hold.

When she came back, she said that Clinical Affairs Manager Janice (Jana) at (212)998-9217 would deal with the matter.

a. Mgr. Jana took my call and after I told her that I had described the incident in a letter and would like to email it to her, she gave me her email address as [Dental.ClinicalAffairs@nyu.edu](mailto:Dental.ClinicalAffairs@nyu.edu). I gave her the link to the letter with exhibits<sup>2</sup> and she downloaded it. I stressed the urgency of taking action before the close of the College on December 15. She said that she would review the matter and have a resolution of it before that date.

b. In each of the following days, I emailed and faxed my letter to Mgr. Jana and Deans Bertolami and Bloom; and called them, including Ms. May, but my calls went straight to voice mail, where I recorded messages. They did not respond to me at all.

4. On December 15, at 5:56 p.m., after the College had closed and I would foreseeably have left my office, Director of Patient Advocacy and Social Work Alyson Leffel (tel. (212)998-9875), who had not spoken to me, stated in her first email to me "Please allow 7-10 days for us to investigate these issues and get back to you." Her email was not sent after exercising due diligence: At the top of my letter, I had written in bold "**Re: Urgent matter to investigate while memories are fresh and a remedy is possible.**"

a. Had they proceeded in good faith, they would have walked on Monday, December 11, to the General Dentistry Clinic on the 4<sup>th</sup> Floor and talked to the people identified by name and/or title in my letter as well as receptionists and students. It is reasonable to expect that after two and a half weeks of Christmas recess, people may allege that they do not recall such incident or its details. Dir. Leffel's 'advocacy' was for her colleagues, not me, part of a cover-up.

5. Financial abuse is shown by the attached bill: Two years after my last visit to the College, a bill was generated out of the blue, for it states that on four occasions the "current balance" was \$0.00. It has no date or medical billing code; no American Dental Association (ADA) code; no indication of the tooth and surface treated; no procedure description; not even an NYU charge; merely a capricious and arbitrary \$105 Patient Balance.

a. On that basis, the General Dentistry Clinic manager, who refused to state her name but others called her Desiree, denied me further service on December 8 and any appointment until I had paid the bill. I asked to see the director. The latter, who also refused to state her name -Dr. Byrd-, ordered me to make an appointment or be removed by security!

6. The HMO EmblemHealth (Emblem) supervisor of the Grievance and Appeals Department, Sean Hillegass, tel. (646)447-0617, essentially repeated in his letter to me of 19 December 2023, what he had stated after I first lodged a complaint with him about this bill and had to resubmit it:

In regard to the bills you received, we contacted all the providers related to the bills you forwarded to me, and we have ensured they all have your correct Medicaid information so they can bill Medicaid for the cost share applied to our EmblemHealth claims and cease billing you. All bills have been adjusted, and you should not receive any further invoices for the dates of service provided.

One caveat to the above was the bill you received for \$105 from the New York University College of Dentistry. I have made repeated attempts to contact them to identify what date of service this bill was related to, and whether a claim was

submitted to DentaQuest, our previous dental vendor. I was able to confirm that this was for periodontal services you received in their periodontal division on November 15, 2021, but I was not able to identify any claims that were submitted for these services.

I have left repeated messages with the practice manager in the periodontal division, requesting that they cease billing you, and to return my call to discuss this issue. To date, I have not received a response. I will continue to follow up with their office, and if you receive any additional bills, please forward them to my attention.

7. The College's handling of the bill and its failure to respond to Emblem's inquiries and to my calls, emails, and faxes<sup>2</sup> evince a pattern of indifference and financial irresponsibility, aggravated by balance billing, i.e., the illegal practice of a medical provider of charging the patient for the amount of its bill in excess of what the provider agreed to accepted as full payment from, and as a condition of membership in, Medicare, Medicaid, and insurance companies, whose schedule fees may be a fifth of what the provider bills for.

a. When balance bills are received by regular patients, who are neither lawyers nor want to challenge authorities and defend their rights, they either pay or receive no further medical services; are sued; have their credit bureau reports impaired for years by a delinquent notation; and may have to cut back on food, medication, and rent. That is the path to medical bankruptcy. Those patients are abused.

b. Such abusive billing together with the humiliation and abuse above-mentioned are condoned by Deans Bertolami and Bloom. Their unresponsiveness to my daily communications since December 11 show that they do not care about patients and are inapt to instill in students responsibility for patients. You have notice. They are now your liability.

2 [http://Judicial-Discipline-Reform.org/NYUSD/23-12-11DrRCordero-NYU\\_School\\_of\\_Dentistry.pdf](http://Judicial-Discipline-Reform.org/NYUSD/23-12-11DrRCordero-NYU_School_of_Dentistry.pdf)

8. Your understanding of "trauma, resiliency, and recovery" should guide your response to "what justice *should* look like", not just for me, but for all patients and NYU's public image. It should include taking the **Action Requested** in ¶9 of my letter, with the bitewing series taken at no cost to me or my HMO. In your Message you said "I want to hear from you...to listen and ask questions". I can meet you in your office or via video conference, when we can decide whether I should keep my January 11 appointment without fearing more abuse and retaliation.

PI2025 #0369 – Need Do No More

**ASK A HORSE**

**(Liberty Over License)**

"Human history begins with man's act of disobedience which is at the very same time the beginning of his freedom and development of his reason."

~ **Erich Fromm**

"It is incredible how as soon as a people become subject, it promptly falls into such complete forgetfulness of its freedom that it can hardly be roused to the point of regaining it, obeying so easily and willingly that one is led to say that this people has not so much lost its liberty as won its enslavement."

~ *Etienne de la Boétie*

"Our, the American People's" legislators and heterogenous other groups are insistent America's elections be fair and accessible to all legitimate voters. Unless election rules are promulgated by opposing or rival legislators who are in positional authority and whose election regulation do not sit well with legislators not calling election shots. Election regulations matter less than who has power.

"Resolve to serve no more, and you are at once freed."

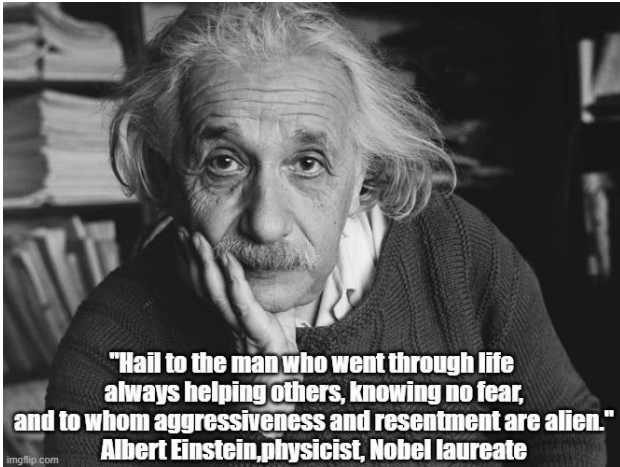

~ *Etienne de la Boetie*

Media Articles Tell "Us, the American People" America's Democratic National Committee (DNC) and various other groups are suing President Donald J. Trump's recently issued election rules. Not surprising, litigation claims President Donald J. election rules re unConstitutional, and President Donald J. is exceeding his authority. Handling absentee ballots is another point of contention.

"Resolve to serve no more, and you are at once freed."

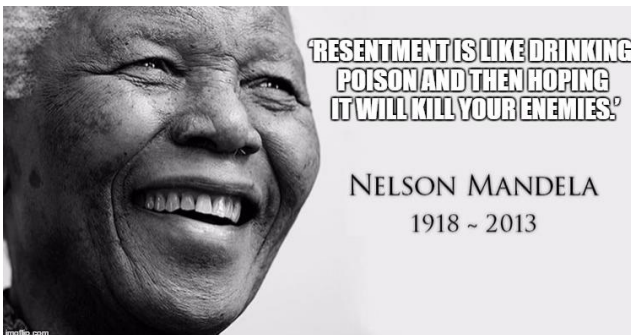

~ *Étienne de la Boétie*

**It Would Not Be In Error** for “Us, the American People” to consider litigation over elections, whether brought by DNC or other interested parties, has one overriding objective. To give those bring suit greater odds election results will be in their favor. There is too much at stake by way of government entitlements and other government benefits to allow election control in rival/opposition party hands.

"The only thing that saves us from the bureaucracy is inefficiency. An efficient bureaucracy is the greatest threat to liberty."

~ *Eugene McCarthy*

**America's Legislative Office Elections** are opportunities for legislators to gain power to make their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. Ordinary people, sovereign citizenries, can minimize chances comparatively high-level PAVB legislatures have excessive authority over lower-level legislatures. We need do no more than decentralize lawful power to local levels.

"Talk sense to a fool and he calls you foolish."

~ *Euripides*
