

Constitution 14th Amendment shall be interpreted with respect to birthright citizenship. Our scholarly AI estimates between a quarter-million and three-quarters million babies' status would be affected.

“War is the health of the State.”

~ *Randolph Bourne*

It Would Not Be Unreasonable for “Us, the American People,” as SCOTUS exercises its positional authority to pronounce, to keep in mind children have no control over their parentage or their place of birth. However SCOTUS decides birthright citizenship, it would be smart for us, as a sovereign citizenry, to pass judgement on SCOTUS birthright decision. Nine people decide untold innocents' fate.

“Foreign aid might be defined as a transfer from poor people in rich countries to rich people in poor countries.”

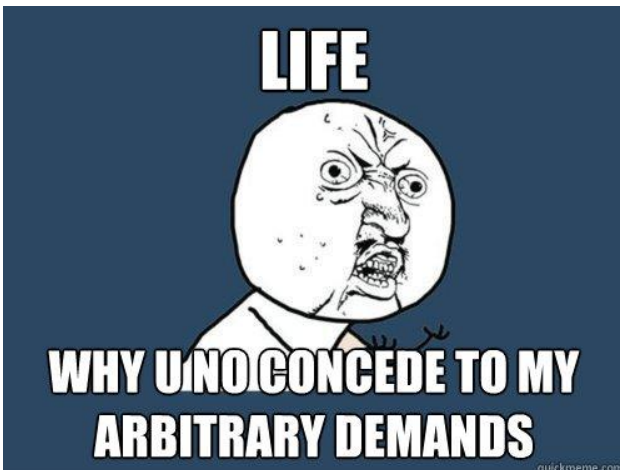

~ *Douglas Casey*

“We, the American People” live under a jurisprudence system whereby we, and anyone who comes under its jurisdiction, stand to have our lives radically altered by lawful power invested in a system operated by people who perform their jobs based on their personal attitudes, values, and beliefs (PAVB). Far cry from a truck driver who backs under a 50-foot-odd trailer and tows it to a prescribed destination.

“If you want government to intervene domestically, you’re a liberal. If you want government to intervene overseas, you’re a conservative. If you want government to intervene everywhere, you’re a moderate. If you don’t want government to intervene anywhere, you’re an extremist.”

~ *Joseph Sobran*

Justice Just Ain’t Universal. We, though, if we are to believe we dwell where justice has above average odds of success, can stand between injustice and people unable to stand against injustice for themselves. We have a capacity to develop a sense of justice in those who, if they are denied birthright citizenship, may be subjected to propaganda aimed at them adopting ideological PAVB, not independent, thinking.

“In general, the art of government consists in taking as much money as possible from one party of the citizens to give to the other.”

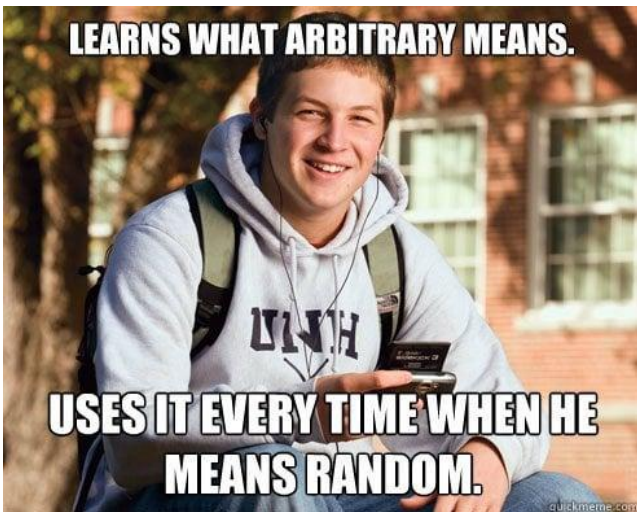

~ *Voltaire*

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10th Amendment) Sovereignty as determined and defined by citizens of those respective Commonwealths and States. They uphold limited government without equivocation.

“Necessity is the plea for every infringement of human freedom. It is the argument of tyrants; it is the creed of slaves.”

~ *William Pitt*

Think it Through, See It Through

"I gave my life for freedom -- This I know; For those who bade me fight had told me so."

~ *William Norman Ewer*

- It's your property, not "State" property.

"A limited government is a contradiction in terms."

~ *Robert LeFevre, The Fundamentals of Liberty*

Media Outlets Run Steady articles on those of “Us, the American People” who are ultra-wealthy, or just multi-millionaires, or substantially above average property (wealth) owners being hit for surtaxes of one sort or other. It’s fashionable nowadays for government and wealth redistribution advocates to demand people with, by definition, more property (wealth) than they need to surrender it by law.

“The ultimate result of shielding men from the effects of folly is to fill the world with fools.”

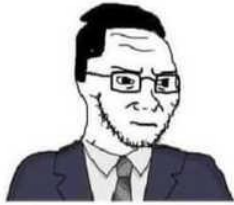

~ *Herbert Spencer*

Property (Wealth) Confiscation is a handy way for government to lay claim to private holdings. Lawful property (wealth) confiscation) is not theft, per se, because having lawful authority to take people’s property (wealth) is not, by definition, a crime. Why government needs to, steadily, take more property (wealth) under guise of public need is, arguably, because government practices deficit spending.

“More laws, less justice.”

~ *Marcus Tullius Cicero*

We will increase the taxes for the rich and for the companies

I'll increase the price of my goods and I'll keep profiting the same

Why is everything so expensive?

Capitalism is to blame!

While “We, the American People” may not universally agree applying discriminatory taxation to inordinately wealthy people is a form of servitude, government having lawful power to take people’s property (wealth) fits servitude definitions and discussion of servitude available by querying our all-knowing AI repositories. Legally, servitude amounts to a burden on property for benefit of others.

“The strongest reason for the people to retain the right to bear arms is, as a last resort, to protect themselves against tyranny in government.”

~ *Thomas Jefferson*

Paying Taxes

Tax Evasion

It Would Not Hurt For “Our, the American People’s” government to be tasked with gaining direct permission from America’s voters before enacting so-called wealth taxes. There may be enough votes

to vindicate wealth taxes. If so, so be it. We can be sure direct voting for wealth taxes would protect against wealth taxes applying to lower and lower wealth amounts – so government can own all wealth,

“Liberty is the only thing you cannot have unless you are willing to give it to others.”

~ *William Allen White*

People Committed To Living In Liberty do not allow legislators – or other public officials within These United States of America, to enter into contracts with collective bargaining units. They forbid government from confiscating their property.

“I have ever deemed it fundamental for the United States never to take active part in the quarrels of Europe. They are nations of eternal war.”

~ *Thomas Jefferson*

Bureaucracy, Fraudaucracy, Somalian Criminalaucracy

By Beth Ann

The Immigration illegal invasion

Has come at a high price to America's inflation.

It's a Somalian "Systemic" American Swindling System.

Their American Dream

Is an Immigration Fraudulent Scheme.

YouTuber Shirley came knockin' -

What he found were doors all lock-ed.

Nary a children could be found

In the Quality Learning Center,

Worth billions now!

Learning not learning seems to say it all,

As Somalian pirates filch large sums, not small.

Bureaucracy equals fraudacracy.

Funneling tax dollars through NGOs

Is a laundering scheme for “billions” to go.

We should not be surprised

As DOGE opened our eyes.

Alphabet departments of bureaucrats

Divvying out our money to NGO dirty rats.

For Americans spurned, there's a lesson to be learned.

Never trust non-profit NGOs or bureaucrats,

They scheme and they plot to take off your back

The money you've earned, and that's just a fact!

FBI investigations

Will soon equal

Mass Somalian Deportations.

You are caught; you must stop!

You've been found out,

Now we'll bounce you out!

Goodbye Omar, we'll miss you not.

Take your dad, your brother and that white guy you bought.

Omar, her lover brother and her dad

On a boat back to Somalia...

Oh so sad!

“We, the American People,” if we consider poverty a measure, are better off today than back when President Donald J. Trump first took office. So, after two presidential terms, one being former President Joe Biden’s, term between Trump then and Trum now, we’re improving. Provided AI sources are accurate, and we accept methods used to measure poverty (official or not) are demonstrable

“I don’t make jokes. I just watch the government and report the facts.”

Terrorists Give Up After Three Hours In TSA Line

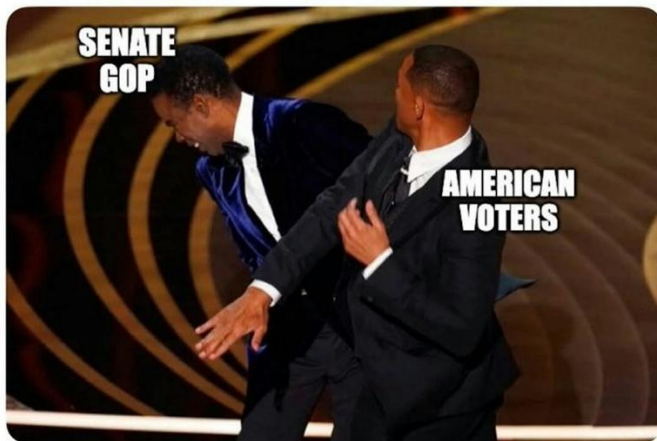

Despite Poverty Dropping, Calls for private and public help to eradicate poverty are no less intense. If emphasis on increasing “Our, the American People’s” ability to withstand tough economic times is a valid indicator, we should be building our cash reserves without limit. Every spare penny to a bank account or mattress stash. Otherwise, we could be in serious trouble when our income is disrupted..

“Nothing is so permanent as a temporary government program.”

~ *Milton Friedman*

"PASS THE SAVE AMERICA ACT!"

I don't want our children living like this in America. If that makes me Islamophobic then I guess I am

It Is Questionable Whether We Are Better off if we look at how government is working on ways to get more private property (wealth) by increasing taxation on people who have comparably more lard in their larders. There is precious little evidence those who want more taken from those who have more will do anything to stop government over-spending to be in check. Easy to spend other people's money.

“The whole aim of practical politics is to keep the populace alarmed – and hence clamorous to be led to safety – by menacing it with an endless series of hobgoblins, all of them imaginary.”

PENALTIES FOR ILLEGAL ENTRY:

- SINGAPORE: 6 MONTHS IN PRISON.
- RUSSIA: 2 YEARS IN LABOR CAMP.
- INDIA: 8 YEARS IN PRISON.
- PAKISTAN: 10 YEARS IN PRISON.
- NORTH KOREA: DEATH PENALTY

USA:

Canada just criminalized the Bible.
Bill C-9 passed by Canada's Lawmakers.

Now quoting Scripture on marriage, sin, or God's design for sexuality can be prosecuted as "wilful promotion of hatred."

It Would Not Be A Strong Argument for “Us, the American People” to say government does not seek more private property (wealth) to subsidize projects and programs government considers imperative. We can be sure government officials will declare their projects and programs to be in public interest and consistent with Constitutionality. Choice, not compliance, is consistent with Constitutionality.

“There are just two rules of governance in a free society: Mind your own business. Keep your hands to yourself.”

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond specific Constitutional constraint.
