

*There Is Media Word* “*Our*, the American People’s” GOP will lose a Congressional Senate seat because our President Donald J. Trump and state governor don’t get along. Don’t get along. Comes as a bit of a surprise, given legislators, all said and done, manage to come together when property (wealth) confiscation and choice (Liberty) restriction are at hand. Then, they manage to get along.

**Why “We, the American People”** have to give a Tinker’s Damn who happens to be elected is a testament to our lack of willingness to be a proactive sovereign citizenry government officials are supposed to answer to – if “We, the People” means anything in America’s federal (U.S./National) Constitution preamble. **If “We, the American People” Expect** our government to refrain from acting as referees in who wins versus who loses when government confiscates Property (wealth) and restricts choice (Liberty), then we had better see to it government gets out of who wins versus who loses business. Doing so will mean culling government lawful authority and cinching government purse strings. Will take gumption.

America's Government Offers Voters an opportunity to profit by voting people into office who will enact legislation letting come voters take other voter's property (wealth) and restrict other voter's choice (Liberty). Indirectly. It's a convenient way to have one's ideas of how other people should live be made law. Free societies, in theory, don't victimize. Doesn't mean people won't try to ill-treat.

“We, the American People” have never been on election ballots. Nor, will we be, if legislators-politicians can help it. Two-And-A Half centuries of representative Constitutional republic governmental form have worked to convince ordinary people representative government is good and proper government. We should be unburdened by those who would destroy our Constitutional Republic

The coup for democracy continues to march forward. Americans' votes apparently are not a part of the "democracy," for which the democrats claim to protect. Democracy is majority rule or MOB rule, but the democrats prefer to be unburdened by a majority of voters and who they might choose or have already primaried to be their presidential candidate. Democrats and politicians in general, despise the phrase, *Consent of the Governed*, as they actually prefer to be unburdened from such a radical idea that *the people should rule over the elected*.

A wise person who admired America wrote, "***When the past no longer illuminates the future, the spirit walks in darkness.***" [Alexis de Tocqueville](#)

A socialist-globalist who actually hates America stated over and over and over again, ***“We have the ability to see what can be, unburdened by what has been, and then to make the possible actually happen.”*** Kamala Harris

Today’s democrat politicians are working to rewrite the past or be unburdened by America’s history, in order to achieve a future that is anti-American and reckless. Be not fooled by the democrats’ chants for democracy, which according to our founding fathers is a bad thing. Democrats will continue to make promises (not keep them) and build bigger government, increasing the bureaucracy. Bureaucracy rules over the people, without the consent of the people; we do not vote them in and they do not represent We the People. The bureaucrats only represent and work for this fake established government system, which the democrats call democracy.

The future of America, which many politicians envision today is the opposite of what our Founding Fathers envisioned and created.

---

Alexander Hamilton wrote, ***“Our real Disease is Democracy, the poison of which by a subdivision will only be the more concentrated in each part, and consequently the more virulent.”*** (infectious)

James Madison stated, **“It is, that in a democracy, the people meet and exercise the government in person; in a republic, they assemble and administer it by their representatives and agents. A democracy, consequently, will be confined to a small spot.** (power will be concentrated not separated) **A republic may be extended over a large region.”**

In the words of James Madison: **“The accumulation of all powers, legislative, executive, and judiciary, in the same hands, whether of one, a few, or many, and whether hereditary, self-appointed, or elective, may justly be pronounced the very definition of tyranny.”**

Democracy, bureaucracy, which wants to accumulate all power is tyranny! I wish the republicans would stop talking about democracy in such a positive way.

The democrats want to continue to accumulate power, thus their intentions to “fix” the Supreme Court.

**“Democracy is nothing more than mob rule, where 51% of the people may take away the rights of the other 49%.”** Thomas Jefferson.... who also wrote:

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. --That to secure these rights, Governments are instituted among Men, deriving their just powers from the **consent of the governed...**”

That was an important and powerful statement found within our great Declaration of Independence. The democrats wish to be unburdened from such words that promote Liberty, Sovereignty and Independence.

In the past, America, as well as other nations, have fought wars; wars fought to unburden people from dictators and ruthless leaders. We see great conflicts going on in this world again today. It is confusing to me that many people can be

fooled into self-bondage to government, but then that is the character of democracy.

*“A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves largesse from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship. The average age of the world's greatest civilizations has been 200 years. These nations have progressed through this sequence: From bondage to spiritual faith; From spiritual faith to great courage; From courage to liberty; From liberty to abundance; From abundance to selfishness; From selfishness to apathy; From apathy to dependence; From dependence back into bondage.”*

— **Alexander Fraser Tytler**

### **Upgrade to paid**

If we listen to people like Kamala, we will learn nothing from our past. Should we not gain some wisdom from past political mistakes and past wars? Many within our government now are openly socialist or communists, and push this idea of government rule, which has never ever been successful in any nation, at least not for the citizens of such nations. They have a globalist plan, which is no less diabolical than Hitler's plan or of other “ambitious” and ruthless leaders of the past.

We should never be unburdened from or unknowledgeable of the past, for the past is always a part of our future, and if it is not, our future will be a disaster in every way.

We should, however, be unburdened by those who would destroy our Constitutional Republic in order to “save their democracy” and rule over We the People. Today's democracy (our established bureaucratic government) is nothing more than an oligarchy-dictatorship set out to rule over **We the People**;

they have no intention of representing the people or protecting our Constitutional Republic form of government.

If there's one thing these last several years has taught us, it should be the ruthlessness of the democrat party or the "established government." They cheat in elections, they hold FAKE trials against a sitting president, they attack political opponents using lawfare to punish, break and destroy. They will even encourage assassinations or attempted assassinations of the political opponent who they see as a threat to "democracy." This is not only democrats; however, they are the ones currently in charge. Liz Cheney, Mitt Romney, and Paul Ryan have all made mention that Trump should not be allowed to ever enter the oval office again, at any cost he must be stopped. Strong and arrogant words; are they such dictators as to overrule the will of the people of the United States of America? Before his passing, the late Senator John McCain helped to distribute the FAKE dossier against President Trump.

**We must unburden this nation**, our beautiful America and make it once again the land of the free and the home of the brave!

Be unburdened from unconstitutional laws.

Be unburdened from the lies and the gaslighting.

Be unburdened from tyrannical leaders.

Be unburdened from those who will steal your elections (for your vote is your personal property, guard it!).

Be unburdened from immorality.

Be unburdened from the tyranny of open borders and illegal aliens taking over our land.

Be unburdened from the climate change hoax.

Be unburdened from “environmental justice,” for it is only economic injustice, as they take your money and invest in lies for their own profit.

Be unburdened from lawlessness.

Be unburdened from dependence on government “social programs.”

Be unburdened from unnecessary taxes.

Be unburdened from bureaucrats ruling.

Be unburdened from this unsustainable national debt.

Be unburdened from this lie of democracy.

Be unburdened from the WOKE virus that is destroying our families and our nation.

Be unburdened America, from politicians who speak out against our nation and plot to “Fundamentally Change America.”

Be unburdened from this oligarchy government and let us once again be a free and independent nation and people.

The past from which we need to be unburdened is the Biden-Kamala-Obama-Clinton-Pelosi-Sanders-Schumer regime. America will not survive another four years of fundamental change.

Hold fast to our Constitutional Republic and reject the gaslighting. Boycott those medias who will lie to you day in and day out. Boycott their advertisers. If you wish to invest, invest in medias and companies who will stand for America! Demand truth from the media and demand truth from your politicians.

Hold fast to God, for He is the one that sets us free.

Hold fast to your country, America; for we were once a great nation because we were a good and exceptional people; don't allow the haters to tell you otherwise.

Hold fast and cling to your family! Teach your children well, teach them truth, instill in them Godly love and principles and teach them love of country. Explain to America's children that our work is also our personal property and it is our work that gives us self-worth and freedom.

In a Constitutional Republic form of government, We the People are the boss! It will only work if We the People are paying attention and being active in our government, local, state and federal government.

We need to be enthusiastically pursuing Liberty!

God is working! He is not done with you nor is He done with America. We are to be His beacon unto all the world. We the People (God's children) are expected to free the captives; those captive in their own sin, those who are ignorantly captive by this tyrannical government and those who are currently victims of human trafficking.

Be unburdened America; but not from our past, be unburdened from the things that are holding America back from being a Great and Godly nation once again.

Be Unburdened from all those Kamalas, Obamas, Clintons, Bidens in this nation... and

Arguments For And Against “Our, the American People’s” Congressional Senate deliberation filibuster are as debatable as points and counterpoints of proposed legislation subject to filibuster. Filibusters are taken up to delay or deny proposed legislation passage. Our Congressional Senate deliberators can end filibusters by a three-fifths senate vote. “We, the American People,” had we our sense at hand over filibuster worth, would be smart to make ending filibuster debate well above three-fifths vote. We are not supposed to be losers or winners where American legislation is at hand. Government is to treat all alike, meaning without discrimination as to our race, ethnicity, political standing, or societal status. But one needs votes to be in office.
