Any Of “Us, the American People” who are of inquiring mind, like puzzles, like riddles, would like wherewithal to improve how econo0mics comes to bear o n us would, more than likely, benefit from taking in a media article with lead-in reading, “Why Can’t the Fed Solve Inflation? The Great Economic Puzzle.” Then, type inflation in any Internet search engine, press ‘Enter’ key. And chase elusive tails.

Anyone Who's Every Spent Serious Time in basic economics knows inflation is as impossible to predict, much less control, than virtually any economic phenomenon. Economic understanding is not at all like learning Boyles or Charles laws, or mastering algebraic expressions, chemical formula, or learning finer points of photo synthesis. Economics too vulnerable to psychic-driven pronouncement.

Picture in your mind, if you will, the image of President Trump emerging from behind the podium in Butler, Pennsylvania; bloodied and disheveled, he arose with his fist clenched high in the air as he yelled... **“FIGHT, FIGHT, FIGHT!”**

My question today; “Do Americans know how to fight?” Do we understand the complexity and urgency of the situation this country is in; financially, economically, mentally, physically and regarding our national security? If we want America to be great again we better learn how to fight and where to fight, and we better learn quickly!

By we, I mean **We the People!** Americans need to realize this fight is ours!

I was sitting at a high school performance last evening, enjoying some Java and Jazz, however, I could not get the troubles of this nation off my mind. I was disturbed by comments and actions being taken by republicans. Okay, disturbed is putting it mildly; I was really ANGRY! I read the intended actions and critical words of republicans, as they objected to President Trump's tariffs, and I couldn't get it off my mind.

As I sat there enjoying the music, I had this notion – not really an epiphany, for it was knowledge I already knew, however, the reality of its truth is upon us now! I'm not a fear monger, I'm a realist, and the truth is that our nation, our beautiful

America, is just a nano-step from total collapse. I believe in President Trump and I believe in his administration (thus far) but they alone, cannot Make America Great Again.

**Upgrade to paid**

**Upgrade to paid**

America will not be great again until Americans are tough again, until **We the People** realize and accept that this is our Fight! This fight requires vigilance and determination. This fight requires time and personal involvement. This fight requires a lot of prayer, patience and tough love. This fight requires Americans firing, recalling and impeaching those officials holding positions and working against our wishes; "Consent of the Governed." To use the words of Elon Musk, this fight requires that **We the People Care!**

**We the People need to learn to FIGHT, FIGHT, FIGHT!**

When I read that Senator Rand Paul (R-KY) along with Tim Kaine (D-VA) sponsored a resolution that would block President Trump's tariffs on imports from Canada, I was furious! Of course the democrats were good with going against the President, but I felt betrayed by Senator Paul. He did have RINO

support from older than dirt-spaced-out, Sen. Mitch McConnell (R-KY), along with Sen. Susan Collins (R-ME) and Sen. Lisa Murkowski (R-AK).

Yes, the RINO horns came out to gore President Trump's tariff plan and block him from doing what **We the People** elected him to do.

Senator Paul made the absurd comment that these tariffs were taxation without representation. That is a lie and Rand Paul knows it!

**We the People** absolutely knew that Trump was going to implement tariffs in order to bring fairness to American trade. We all know, and farmers should know better than anyone how NAFTA, CAFTA, GATT AND THE FREE TRADE agreements or treaties destroyed America's economy and crippled us in the global markets. These policies not only didn't work for America, they worked against Americans! They took us in the opposite direction of what our leaders told us. Industry rapidly started heading South and to the Far East; our jobs were gone, our factories were closed, Mom and Pop shops couldn't survive. County Seats throughout the heartland began to crumble; America was failing and falling fast! These same globalist-elitist-experts (republicans and democrats) ushered in the climate change hoax. They began wheeling and dealing (a lot of lobbying and insider trading), they created more bureaucrat-departments of alphabet, which in turn began regulating, mandating, forcing permits, licenses and fines upon **We the People**, on our businesses, our schools, and our communities. Nothing is out of their reach. We didn't elect a single one of them! All those permits, fines and licenses are taxes upon **We the People**...and that Senator Paul, is the true taxation without representation!

#### **Upgrade to paid**

Everything these idiot politicians (on both sides of the aisle) have done; their policies, bills they've enacted and the trade deals they've approved have destroyed our own economy, putting America's middleclass on life support.

Perhaps we are the rubes and the deplorables, but Middleclass America is the lifeblood of this nation. So as the heartland began to crumble so followed the

rest of America. It is a curious thing, however, while American's were working harder and getting poorer, all these deals being cut, made D.C. the new boomtown; yet they don't produce, they extract.

Nothing these politicians have EVER done has improved our nation, our economy or safeguarded our national security. That being said, why should we listen to their advice against President Trump's Make America Great Again strategies?

It was just this week, when nine republicans decided voting by proxy was more important than election integrity (SAVE ACT), reigning in the rogue judges who are usurping the power of the President of the United States or repealing ridiculous regulations initiated by the Biden Administration. Seems to me those members in the house were putting themselves first, not Americans.

Yesterday's Substack - Was The Proxy Voting Standoff A Ruse? "Why did this proxy vote bill all of a sudden become more important than America?"

They think they put on a great show of strength...

Senator Booker is hailed a hero by some for his jabberwocky of 25 hours. He rambled, ranted, spewed accusations and continued with name calling of our President. He thought, perhaps that he was issuing a rally cry; a call to action, but Senator Sparkleless' nonstop rambling was a huge nothingness...

**Upgrade to paid**

Absolutely NOTHING President Trump has done... is **Hitlerish**. However, the democrats are such, as they demonize and mutilate human beings with their experimental sex changes and the sterilizing of American children. They have a joyous obsession with murdering unborn human beings and selling the body parts of babies. They will fight to save so called endangered species and then turn around and fight to kill human beings in the womb, and destroy them outside the womb.

These career politicians are not watching out for America or protecting Americans. They basically stayed silent when President Trump was being crucified by the democrats through lawfare. They basically did nothing while bureaucrats ran this country and the installed president napped on the beach. Now that was a constitutional crisis... but, other than noise, the republicans did nothing; no resolutions, no impeachments, no real objections were displayed. Yes, they were in the minority in the House, but so are the democrats now and they are making lots of trouble, curtailing and obstructing the President's every effort to Make America Great Again. Yet, the republicans on Wednesday, decided Proxy voting was an issue they would stand on, instead of voting to protect our elections, stop rogue judges and end ridiculous Biden regulations.

**We the People** need to believe in the man we elected and let us back him up! President Trump needs us to **FIGHT, FIGHT, FIGHT!**

**America, this is our Fight!**

**We the People** must know and understand where and who to fight.

FIGHT – the democrats

FIGHT – the woke anti-Christian movement

FIGHT – the republicans

FIGHT – the lying media

FIGHT – the bureaucrats (Senator Booker aka *Sparkleless* said bureaucrats are the most noble of Americans. What do the bureaucrats produce?)

**Upgrade to paid**

For American jobs and businesses

For our children and the future generations of this nation

**FIGHT, FIGHT, FIGHT!**

**Liberty** is always in the hands of the people, but first it must be a longing and a LUST within their hearts.

We need to take charge and stand up to our obligations as "Consent of the Governed."

approve. Boycott the media that refuses to give you the truth. Be proactive in seeking the truth! Always VOTE!

America will not be GREAT again until Americans are tough again. We must be vigilant and determined, and we must be protective of our Constitutional Republic and **FIGHT, FIGHT, FIGHT!**
