In the hearings earlier this week, democrats once again showed their contempt for the American people as they grilled CIA Director John Ratcliff and Intelligence Director Tulsi Gabbard. The line of questioning was more about grandstanding and attempted gotcha moments than it was about truth seeking and “caring” about this nation and its people.

The line of questioning that California Dem. Rep. Jimmy Gomez chose was inappropriate for sure, but more than that, it was accusatory and was intended to imply something that was new to the conversation.

Gomez asked, “Was Secretary Hegseth drinking at the time the text messaging was going on?” However, when Director John Ratcliff attempted to answer the question, Gomez screamed over him and declared, “I’m reclaiming my time!”

“RECLAIMING MY TIME?” – Exactly whose time is he reclaiming?

Congressional members (particularly democrats) are always protesting answers to their own questions by, “reclaiming their time.”

Whose time exactly are they reclaiming?

Are not such hearings supposedly being conducted so that the People can watch, know, and understand? That’s quite laughable, isn’t it! Laughable to think they even consider **We the People** at all! Representative Gomez was not at all concerned about truth, only about sensationalizing the moment and *claiming* his few minutes of time as fame.

I want to tell these so-called representatives right now, that’s MY *time*; the time belongs to **We the People**, not you. If your question isn’t intended for answering, then SHUT UP!

Now hear this! **We the People** are reclaiming our time and our country. We are done with your ignorant conceited grandstanding and your constant lying and thieving.

YOUR TIME IS UP!

We the People are reclaiming our time!

We the People took back our time and decided the direction we wanted for our country. Were you paying attention November 5, 2024? You lost, your oligarchy is being called out and **We the People** are reinstating our Constitutional Republic.

No more corruption, your time is up! **We the People** are working to remove you from any position of significance and power. I believe the terminology is, “you will be primaried out.”

No more fraud! **We the People** are also reclaiming our money! We are no longer going to fund your anti-American agendas.

We elected President Trump on the promise he would search out the corruption, fraud and incompetent use of our tax dollars. You are doing your best to distract and obstruct his every effort. DOGE wasn't literally on the ballot box, but it was a promise that we want President Trump to initiate. **We the People** want the swamp drained. Do you hear that sucking sound? It's you and your reptilian *swampaticians* heading down the drain and out to the sewer.

We the People are reclaiming our documents. The Constitution of the United States of America is not a living breathing document. It is a contract that is no longer to be ignored or misinterpreted. Your handpicked rogue judges intentionally misinterpreting the Constitution are about to be shown the exit door. They need to be removed from the bench and disbarred. They practice not to insure any Constitutionality but they practice perverting the true meanings of the laws. Their primary goal is to protect the oligarchy from the Constitution.

We the People will no longer listen to your lies! We are reclaiming truth and transparency from the elected officials and their medias.

We the People are done with all the nonsense of gender-confusion, racism and Nazi-name calling. **We the People** demand common sense be the criteria for all laws and policies.

We the People reclaim our rightful position! There is a pecking order; and you the elected officials are not at the top of the chain. I know it's a document you dislike, but the Declaration of Independence gives **We the People** the top billing, under God. We demand now, He be put back on top, then the Consent of the Governed (**We the People**) and then...the elected officials. Unelected officials, such as your rogue judges do not have jurisdiction or authority over the Executive Branch, the President of the United States!

You need to learn to respect and accept the will of the people. **Consent of the Governed** was brought back to life November 5, 2024; it was a warning to all democrats and RINO republicans; your positions are only one election away from being lost.

We the People are:

Reclaiming our time

Reclaiming our Country

Restoring our Constitutional Republic

All those opposing the will of the people are now put on notice!

We the People are Bringing America Home©

My final comments regarding all the craziness of these times and the despotism of the LEFT and the Democrat Party:

What is always the most obvious to those of us who use common sense and the Constitution to view the policies of today, is completely oblivious to the LEFT or... to the democrats!

District judges do not supersede the President of the United States.

DOGE seeking out fraud and bureaucratic incompetence is not a Constitutional Crisis... however, fraud is a crime.

Gender dysphoria is a mental illness; there are only 2 sexes, male and female... the DNA cannot be altered.

Illegal aliens have committed crimes; that's why they are called illegal! Non-citizens do not rate higher than citizens and non-citizens are not allowed to vote and interfere in our elections. Seems I remember when the democrats were against Russia for election interference... now they want illegal aliens of all nationalities to vote and influence our elections.

About these judges who see themselves as the oligarchy gods:

Bad Judges making bad decisions and purposefully misinterpreting laws and the Constitution, do not deserve protection~ after all

“No one is above ‘THE LAW’”

Rogue judges are blind:

Blind to the truth of original intent of the Constitution

Blind to all things pertaining to truth

Blind to justice pertaining to all persons; conservative, republican or

any and all Trump things

They are monkeys in black robes as they,

Hear no justice, See no justice, and Speak no justice.

As I said earlier, they should be disbarred, impeached and heavily fined!

We the People are:

Reclaiming our time

Reclaiming our Country

Restoring our Constitutional Republic

All those opposing the will of the people are now put on notice!

We the People are Bringing America Home©

"Our, the American People's" Resident Donald J. Trump is preventing a larger-than-ever credit crisis than America has ever seen. A crisis amounting to some \$70T, media coverage accurate. Simply put a credit crisis comes about as a result of cash flow disruption. People, in effect, can't pay down their loans. America's nation debt could be considered a credit crisis because it just gets bigger and bigger.

DOGE would like former FBI Director James Comey to explain why he authorized a \$6 million payment to himself in 2016...

And when he plans to pay it back.

Way Back When, “We, the American People” had government cost paid largely by tariff (trade taxes). So important were tariffs (trade taxes), America’s Coast Guard, early on., was charged with assuring tariffs (trade taxes) were paid, by clamping down on smuggling. By and by, government costs went up and tariff (trade tax) revenue, allegedly, couldn’t keep pace. Government needed more money.

It's Anyone's Guess How Government costs were allowed to increase so much government had to levy taxes on "Us, the American People," directly or indirectly, to make government ends meet. It is arguable government costs went up and taxes were levied because we, a sovereign citizenry, did not say, 'No!' Ironical, since it is us - us as consumers, who end up paying every tax penny levied for any reason.

It Is Axiomatic We, Ordinary People, "a sovereign citizenry with more than adequate say-so to stop government excess, have not stopped government from amassing crisis-level credit one Donald J. Trump is reported to be at work attacking. As axiomatic is this – not President Donald J. Trump, not anyone can get America's credit crisis under control if we, a sovereign citizenry, do not collaborate.

“We, the American People” would be smart to bear in mind tariffs (trade taxes) have nothing to do with business, per se. Tariffs (trade taxes) are a foreign policy tactic. Government use tariffs (trade taxes) to influence how governments frame and implement foreign policy. Countries could do away with tariffs (trade taxes) and stay out of business-to-business affairs. Consumers will normalize.

me thinking about

It Ought Never Escape “Us, the American People” tariffs (trade taxes) are nothing more than a political tool. Governments are after one thing more so than any other. Power. Power over governments and people who live in those governments. Fair trade has nothing to do with getting consumers a good deal. Consumers, though, can get themselves good deals. Stop buying. Watch how prices change.

"To be happy one must be (a) well fed, unhounded by sordid cares, at ease in Zion, (b) full of a comfortable feeling of superiority to the masses of one's fellow men, and (c) delicately and unceasingly amused according to one's taste. It is my contention that, if this definition be accepted, there is no country in the world wherein a man constituted as I am — a man of my peculiar weakness, vanities, appetites, and aversions — can be so happy as he can be in the United States."

~ ***H.L. Mencken***

Stock Market Reaction To President Donald J. Trump tariff (trade tax) policy, as reflected in Dow Jones Industrial Stock Average (DJIA) is thought by some critics/analysts, as an indicator of America's financial health. Investors have their own ideas on financial health, Financial managers point out for every sale, there is a buy. We can be sure there are millionaires-in-making in today's DJIA frowns.

Kick Them While They're Down. Is how critics are treating "Our, the American People's" Democrat party's communications managers. “We, the American People” would be smart to keep in mind politicians-legislators are after, more than anything when it comes to Democrats – or, ordinary people – votes. Because votes mean lawful authority over people. Lawfully authority over people means, to legislators-politicians, power to make their personal attitudes, values, and beliefs (PAVB) lawfully mandatory. Controlling people’s behavior.

"A censor is a man who knows more than he thinks you ought to."

It Could Be, Given, President Donald J. President Donald J. Trump, So, say his supporters, was elected to fix America's governmental flaws brought on by bloated bureaucracy and frivolous treatment of taxpayer money. President Donald J. is facing heavy resistance from those whose jobs depend on confiscating other people's property (wealth) and restricting their choice.
