What is Wokeness, an Ideology or a Tactic?

The WOKE attacked American culture in order to destroy our very foundation.

Is wokeness all about transgender awareness and acceptance?

Is wokeness abortion?

Is wokeness population control?

Is wokeness the protecting of criminals over their victims?

Is wokeness the inability to “define a woman?”

Is wokeness holding on to the lies of climate change?

Is wokeness convincing all people that CO2 is a toxic gas, even though most of us know without CO2 there would be no life whatsoever?

Is wokeness the hatred of one’s own country?

Is wokeness the hatred of the Creator God?

Is wokeness the hatred of family?

Is wokeness the removing of all individuality and identities?

Is wokeness drag queens influencing minors?

Is wokeness identifiable to only one political party, or is wokeness the process to make all people unidentifiable? (Wokeness allows no individualism)

Does wokeness achieve greatness or does the WOKE ideology stifle competition and discourage innovation.

Is wokeness the lack of true compassion for others?

Is wokeness the enemy of Conservative Americans?

Does the wokeness ideology parallel with the United States Constitution: Life, Liberty and the pursuit of Happiness?

How do we perceive this wokeness that the LEFT has embraced? Wokeness in and of itself is a lie!

WOKE certainly has many distractions but WOKE, in my opinion, is a strategical tactic for destruction and the gain of absolute power. This tactic has been significantly successful, as it has drawn Americans to several different battlefronts: Women's sports, college campuses, our southern and northern borders, the public school bathrooms, the public school libraries, local libraries, our churches and synagogues, America's sports, American businesses, our military, our clothing, our hospitals; the WOKE's tactical attacks are everywhere.

It's as if the WOKE took those things they knew would be the most abhorrent to most Americans; particularly conservative-commonsense thinking Americans, Christian Americans and Jewish Americans, and then crammed it down our throats. They attacked our children, women, and American families. The WOKE attacked all that we would consider wholesome. The WOKE perverted all that was good about the United States of America; they attacked our history and began removing all evidence of it and led a movement to replace our history; such as the 1619 project. The WOKE attacked American culture in order to destroy our very foundation.

What most honest, decent Americans would call good, the WOKE call evil and what most honest, decent Americans would call evil, the WOKE define as good.

The WOKE hate all that is American, including baseball, moms and apple pie. (...and apparently Chevrolet)

Recently the Transgender Dem. Representative from Delaware, (Mr. Tim) Sarah McBride made the comment that republicans are obsessed with a culture war. However, WOKE is a tactical movement against the very core of American culture. I'm sorry to explain this, but the once Tim, now Sarah McBride, is mentally ill; transgenderism is a mental illness. Society does, them-him-her or others, no favor by playing along with their perverted vision of themselves.

WOKE is a strategic political tactic to distract and destroy. Those who promote the WOKE agendas are literally using and abusing the mentally ill. The WOKE do not want freedom. The WOKE do not want equality; **au contraire**, the left prefer equity, which is the opposite of equality. Their forced DEI (diversity-equity-inclusion) solution to make all people equal only puts employers, companies, and our nation at a disadvantage; competition and production becomes stifled and the work inferior. "*Just good enough*," is not a slogan for those who want to prosper or succeed in life.

WOKENESS, and it's many corners of distractions, is a tactic; surging ahead with its goal to destroy our nation! While we're putting out all the fires of wokeness, chasing pronouns and second guessing *who's on first*, the WOKE keep lighting more fires in other camps, all the while owning the deep-state actors and directing them to continue with the plan of their war on our culture and spend the USA into oblivion.

The WOKE do not care about the Constitution of the United States; it is laughable to even think that they do. The WOKE are not compassionate and accepting of transgenders, they are using them and their mental illness as a convenient way to "*stick it to*" conservatives.

Yes, WOKENESS is a tactic to destroy, and the Republicans seem to be fanning the flames with rhetoric, rather than drowning their fires with truth, reality and sound Constitutional doctrine.

I'm not sure republicans have much backbone for truth and Liberty! They don't know how to act when they are the winners and have control.

No, it isn't because they are "gentlemen," they are either cowards or they are the quiet WOKE who sit and complain. They might rage a battle or two, hither and yonder, but nothing ever changes, and the democrats seem to be in charge, even when they are the minority party in Congress.

Right now, as President Trump and his administration work their hardest to "drain the swamp," the LEFT-WOKE continue to bring forth unelected judges to usurp the authority of the President of the United States. President Trump might eventually win at the Supreme court level, but in the meantime... draining the swamp becomes difficult, as the drain is clogged with anti-Constitutional WOKE creatures. Remember when republicans did that with Biden? No, me either!

For the last several decades the LEFT have infiltrated our learning institutions to brainwash our children so that the WOKE will own the next several generations of American leaders. We must stop them now!

How do we stop the tactics of the WOKE? First we must recognize our own authority as the “people in charge.” Then we need to accept the call to action and contact our local, state and federal officials. If the elected officials want to be reelected, perhaps they should start listening to their constituents. We also need to begin petitions to recall officials who are unconstitutional and petition for certain judges to be impeached.

The United States of America is a Constitutional Republic! We elect our representatives and senators; the Constitution of the United States of America is a contract between **We the People** (Consent of the Governed) and the elected officials. This contract is to keep them from usurping the freedoms and Liberties of **We the People**. Congress is not elected to micro-manage our lives!

Liberty is always in the hands of the People, but first it must be a longing and a lust within their hearts.

Earlier this week, I said “November 5, 2024 was **too close for comfort.**” We are not out of the woods of “absolute tyranny” just yet. The democrats continue to push their WOKE tactics and force crazy-culture ideologies at us, and it is time that **We the People** pushed back with our authority under the Constitution to...

"If a thousand [citizens] were not to pay their tax-bills this year, that would not be a violent and bloody measure, as it would be to pay them, and enable the State to commit violence and shed innocent blood. This is, in fact, the definition of a peaceable revolution, if any such is possible."

~ **Henry David Thoreau**

"We, the American People" face a serious dilemma. Whether places of Faith shall be havens for people fleeing lawful apprehension. Specifically, media report judicial OK for ICE to enter places of worship to apprehend undocumented immigrants. It would not be surprising for leaders of Faith – some leaders of some Faiths, at any rate – to denounce authority for ICE to arrest in places of worship – or anywhere.

"It is not the business of government to make men virtuous or religious, or to preserve the fool from the consequences of his own folly."

Unwarranted Search And Seizure is not part of America's governmental system. Neither is harboring those who are law-breakers. Dilemma arises when enough of "Us, the American People" stand in opposition to laws we consider unnecessary or contrary to, say, human rights. America's legislators are empowered to make laws of their choosing; magistrates are empowered to negate those laws.

"If I have worked harder and built myself a good house while you have been content to live in a hovel, the tax gatherer now comes annually to make me pay a penalty for my energy and industry by taxing me more than you."

**AND 2000 YEARS LATER, PEOPLE ARE

Between Legislators And Magistrates are America's Chief government Executives. Chief Executives, in their law enforcement role, can be friend or foe of either legislator or magistrate, or both legislator and magistrate. Undocumented immigrants (part of illegal immigrants, migrants, and refugees (IIMR)) have little chance with legislator, magistrate, or chief executive, unless one, some, or all are empathetic.

"Most of the major ills of the world have been caused by well-meaning people who ignored the principle of individual freedom, except as applied to themselves, and who were obsessed with fanatical zeal to improve the lot of mankind."

~ *Henry Grady Weaver*

"Our, the American People's" legal system can little afford to harbor IIMR people en masse. It becomes an unreasonable burden for Americans who foot all bills incurred by government. There are, more than likely, some IIMR people who are IIMR by no fault of their own. Best we can do for those here is spot them during deportation. For others enroute, entry by uncompromising process their option.

"Most of the major ills of the world have been caused by well-meaning people who ignored the principle of individual freedom, except as applied to themselves, and who were obsessed with fanatical zeal to improve the lot of mankind-in-the-mass through some pet formula of their own."

~ **Henry Grady Weaver**

People Prepared To Live In Liberty do not allow legislators - or other public officials within These United States of America, to impose direct taxes of any kind. They refuse to allow government to confiscate private property.

"The harm done by ordinary criminals, murderers, gangsters, and thieves is negligible in comparison with the agony inflicted upon human beings by the professional do-gooders . . . "

"Disobedience is the true foundation of liberty."

~ *Henry David Thoreau*

"We, the American People," if we are inclined to assign blame for cost-of-living increases to tariffs (trade taxes) would be smart to look in mirrors and see who looks back. We will look back in every case. Anyone who sees President Donald J. Trump looking back would do well to get help. Tariffs (trade taxes) are paid by importers who, to stay in business, pass tariffs (trade taxes) to consumers.

"If I deny the authority of the State when it presents my tax bill, it will soon take and waste all my property, and so harass me and my children without end. This is hard, this makes it impossible for a man to live honestly, and at the same time comfortably, in outward respects."

~ *Henry David Thoreau*

If A Country Wants To Have its residents buy products made in such country, rather than comparable products from other countries, such country makes other country products more expensive to residents. Customers,

ultimately, decide if tariffs (trade taxes) will work. Tariffs are more effective when countries produce comparably fewer items than produced in other countries. Food prices are critical.

"A wise man will not leave the right to the mercy of chance, nor wish it to prevail through the power of the majority."

~ *Henry David Thoreau*

Economic Theory Has A Concept known as marginal propensity to consume (MPC). It's how much of one's income is spent on given goods or services. Price goes up, MPC goes down – in theory. Tariffs (trade taxes), in theory, can force import consumption down, making exporting less profitable for exporting countries. "Our, the American People's" legislators can use tariffs (trade taxes) politically.

"The fate of the country does not depend on how you vote at the polls,—the worst man is as strong as the best at that game; it does not depend on what kind of paper you drop into the ballot-box once a year, but on what kind of a man you drop from your chamber into the street every morning."

~ *Henry David Thoreau*

It Would Be Smart For “Us, the American People” to view tariffs (trade taxes) as part of selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) we are forced to deal with when legislators, judges, and government chief executives make their personal attitudes, values, and beliefs (PAVB) made lawfully compulsory. PAVB-driven SADLT&R sap wealth and Liberty.

"I left the woods for as good a reason as I went there. Perhaps it seemed to me that I had several more lives to live, and could not spare any more time for that one."

~ ***Henry David Thoreau***

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility for public debt for reasons other than to defend These United States. They uphold self-government and their option to protect their property and financial security as they see fit.

"It is not desirable to cultivate a respect for the law, so much as for the right. The only obligation which I have a right to assume is to do at any time what I think right."

~ *Henry David Thoreau*

Famous And Infamous (Now Departed) radio talk show host, Rush Limbaugh, claimed if someone wanted to know who was behind something, follow its money trails. "Our, the American People's" federal government Social Security Administration (SSA) budget is a bit less than 11% of our federal government's total budget. SSA is changing its public reporting to social media's X, rather than mail.

"Law never made men a whit more just; and, by means of their respect for it, even the well-disposed are daily made the agents of injustice."

~ *Henry David Thoreau*

Social Media Platform X Is Owned by Planet Earth's richest man, one Elon Musk. Elon Musk has had about as much press coverage running Department Of Government Efficiency (DOGE) as anyone in America's government circles other than President Donald J. Trump. "We, the American People" might be moved to inquire as to how it is SSA would do business with Mr. Musk. Inquire.

"Any fool can make a rule, and any fool will mind it."

~ *Henry David Thoreau*

DOGE Came About As A Byproduct of America's Election 2024. DOGE is supposed to peer into how America's federal government does business, and find ways to save "Us, the American People" money we surrender to pay for our federal government operations. In theory, SSA would not do business with Elon Musk's X, unless doing business with X meant a cost-saving measure, a DOGE program goal.

"Gardening is civil and social, but it wants the vigor and freedom of the forest and the outlaw."

~ *Henry David Thoreau*

SSA, As Part Of Going To X as a public information tool, will not, for example, be sending out dear colleague letters. Meaning, something on order of 50 million SSA letters will no longer be sent. Can't

be pocket change money in cost of producing such letters and sending them out by U.S. Postal bulk rates. Doubtless, there will be no shortage of complaints letters will not show up in people's mail boxes.

"Under a government which imprisons any unjustly, the true place for a just man is also a prison."

People Determined To Live In Liberty do not allow legislators - or other public officials within These United States of America, to permit public (government-"State") schools to delve into their children's attitudes, values, or beliefs. They protect their children's privacy and teach them to be thinking individuals.
