This is Good Friday, a Holy Day for all Christians, as it was the day our Lord Jesus Christ was crucified and died. He was without sin (the perfect lamb of God) but bore all the sins of all the world; He suffered for our own transgressions.

Have you ever been betrayed by a friend, coworker or loved one? It's a personal wound that takes a long time to heal and possibly leaves you with an emotional scar that will inhibit you from trusting in other relationships.

We live in a broken world where sins of all kinds haunt and wound. An old preacher I knew used to say, ***“Sin will take you farther than you want to go, keep you longer than you want to stay, and cost you more than you want to pay.”***

Greed for power or riches can lead one down a road that will do all of the above. Perhaps Judas did not realize what was actually going to happen, but he could not bear the results of what he had done, and took his own life. Greed: thirty pieces of silver brought sorrow and death.

It was one of His own, Judas Iscariot, who sold out our Lord for thirty pieces of silver. The betrayal, however, started before Judas agreed to identify Jesus by placing a kiss upon the cheek of his master and teacher. It began with the religious leaders, the Pharisees and Sadducees.

Jesus had a huge following. The Pharisees and Sadducees were comfortable with their positions and had grown to have beneficial political ties with Roman leaders. Not all, but many of them were participating in corrupt practices within the synagogue, and Jesus had called them out on several occasions. ***“It is written, ‘My house shall be called the house of prayer,’ but ye have made it a den of thieves.”*** Matthew 21:13

Jesus came to earth to die for our sins, it was prophesied, and this is the salvation for all who would believe. ***“That if you confess with your mouth***

Jesus as Lord, and believe in your heart that God raised Him from the dead, you will be saved; for with the heart a person believes, resulting in righteousness, and with the mouth he confesses, resulting in salvation.”

Romans 10:9-10

Corruption is nothing new and it seems to be woven in all governments, because it is in the hearts of men and women. It is a sad truth that there are Judases and Benedict Arnolds embedded within our own government halls and yes, even in our churches.

We are in a battle for the soul of America, but truly the battle is for the soul of every American.

“For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms.” Ephesians 6:12

As I was contemplating what to share with you as we head into Easter, it came to my mind to discuss betrayal and greed. I do not want to take away from the story of our salvation by bringing up politics, however, I do believe that

America's government has been corrupted, and our officials have betrayed Americans.

I'm not comparing President Trump to Jesus, I am comparing our government officials to the Sadducees, Pharisees and corrupt Roman officials.

Our nation is over \$32 Trillion in debt. Money has been spent that we do not have. As both democrats and republicans continue to spend, they are thieving from every American, endangering our nation, and robbing from the future generations of Americans. Our elected officials use their positions and the knowledge they are privy to, to enrich themselves, while average Americans grow poorer.

Democrats deny God, misrepresent the First Amendment, want to disarm American citizens, and actually support illegal aliens. The status of violent gang members is ignored and they turn the other way when American women are raped and brutally murdered. After listening to the democrat outrage over the arrest and deportation of Abrego Garcia, even going so far as to travel to El Salvador to beg for his release, I believe we could say **the Democrat Party calls for the release of Barabas rather than calling on Jesus.**

When Jesus exposed the corruption of the Pharisees it set them to their plot to eliminate this man, who was messing up their comfortable money-making gig, as they took advantage of their fellow Jews. When DOGE, through President Trump, discovered the corruption of the democrat-oligarchy, exposing how they funneled and laundered taxpayer dollars through USAID and other departments of bureaucracy, the democrats came unglued.

The Pharisees and Sadducees plotted to "get rid" of the man from Galilee. The democrats put in place corrupt and compromised judges to obstruct President Trump's every effort to remove the corruption and restore integrity to our Constitutional Republic. They are plotting and scheming to protect their

oligarchy and they certainly don't want the "*Barabas's*" they brought into this nation to be sent back home, regardless of their criminal and violent behavior.

The more the truth is revealed by this administration, the more the democrats push back and the more violent they become. They tried to assassinate Trump twice and they are not above a third attempt.

America was founded on Biblical laws and Godly principles, yet the democrats constantly cry to remove God, and they reject His righteousness. They promote perverted ways and reject common sense. The democrats are anti-women and anti-family.

The United States of America was established as a Constitutional Republic, yet the democrats claim to protect "democracy." Democracy is nothing more than mob rule, and the democrats are encouraging and deceiving the mob to shout "Give us Barabas."

Judas betrayed Jesus for 30 pieces of silver. Our government officials (not just democrats) have robbed the American people and set us on a collision course, as a country, with a \$32 trillion debt, and into an inevitable financial collapse.

Betrayal is nothing new and it is always painful and destructive.

My radio program's tagline at the close of every show is "**Bring America Home,**" which means back home to God, which is what will **Make America Great Again.**

Happy Resurrection Day

There Is But One Thing to stop “Our, the American People’s” out-of-control President Donald J. Trump and his obsession with controlling everyone and everything in sight. Financial markets. According to media coverage of how President Donald J has backed off from his radical tariff (trade tax) weaponization. Media reports claim President Donald J., much as he’d like, can’t bully markets.

"Politicians never accuse you of ‘greed’ for wanting other people’s money—only for wanting to keep your own money."

~ **Joseph Sobran**

"We, the American People" don't need to rely on financial \markets to keep legislators, judges, or chief government executive in tow. Neither, do we need to wait around for elections to exert our influence over errant elected officials. We can, if we have our wits and will in hand, toss out lousy elected officials by organizing ourselves, and, if need be, converging on errant officials' offices and booting them out.

"Democracy has proved only that the best way to gain power over people is to assure the people that they are ruling themselves. Once they believe that, they make wonderfully submissive slaves."

WOW! Egg Prices just CRASHED today and are now down \$2.40 per dozen on average since Trump took office!

It Would Not Be Yyrannous Anarchy for “Us, the American People” to take matters in hand and force elected officials from office. They who contend financial markets are America’s last line of defense against a tyrannous Donald J. Trump are, in effect, conceding Constitutional safeguards against government overreach vested in America’s legislative and judicial branches are just not working.

Know the difference

There Is, Potentially, At Least, a problem of sorts, by storming government offices and ousting errant elected officials. We could create a kind of administrative power vacuum. Such a vacuum could be filled by us by having at hand people to take ousted officials' places pending a next election. And, we could require there be no legislative change until newly elected officials are seated in authority.

"War is just one more big government program."

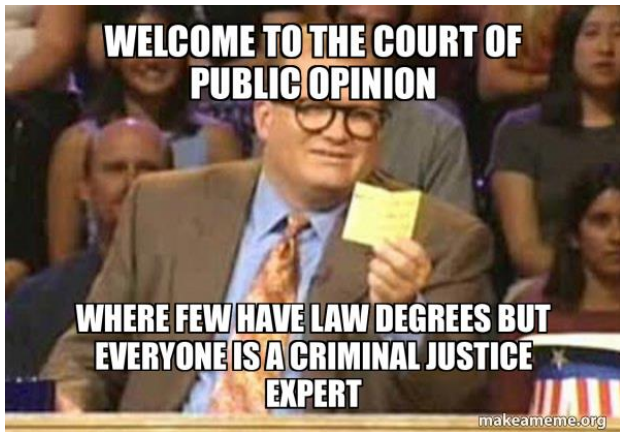

~ *Joseph Sobran*

"Our, the American People's" President Donald J. Trump's battle with America's judicial system rages on. Related Supreme Court of the United States (SCOTUS) decisions have not done much to slow expert and amateur from weighing in to offer their take, and urge our positions on this burning issue to side with theirs. Our chances of an unbiased judiciary rest with our stands on our judiciary being ours.

"Ask not what you can do for your country; ask what your government is doing to you."

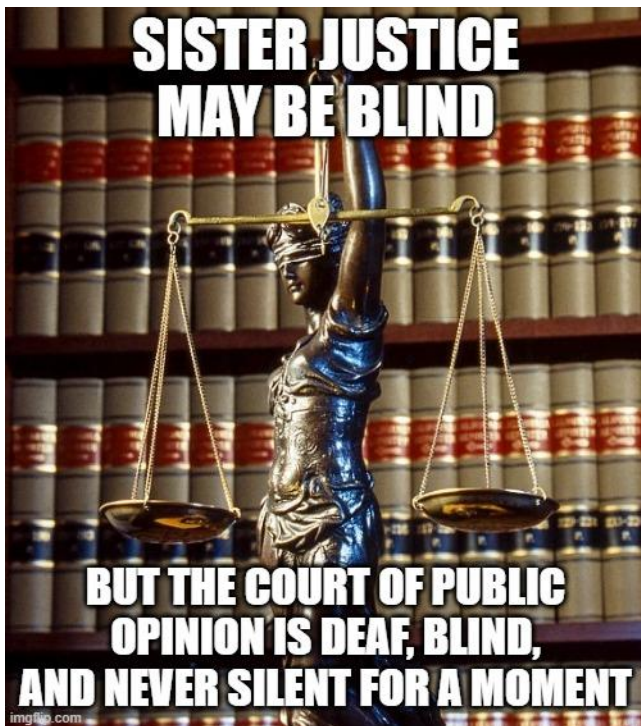

~ *Joseph Sobran*

"We, the American People" might be best served by courts were we to require all judges to be elected. There is no guarantee we, as a sovereign citizenry, will make sound decisions electing judges. We are closer to having objective court decisions when magistrates must answer to sovereign citizenries. No judge, no person, makes decisions devoid of personal attitudes, values, and beliefs (PAVB). Not one.

"War has all the characteristics of socialism most conservatives hate: Centralized power, state planning, false rationalism, restricted liberties, foolish optimism about intended results, and blindness to unintended secondary results."

~ *Joseph Sobran*

PAVB Are No Less Diverse - and divergent - than are people of varied background, education, practical experience, Faith, and political persuasion. Compound diversity with President Taft's observation of people having an overriding urge to make rules for other people, it is no wonder court decisions are met with judgmental disparity from "Us, the American People," an aspirant-varied, sovereign citizenry.

"There is no way to measure the chilling effect on innovation that results from the threats of taxation, regulation and prosecution against anything that succeeds. We'll never know how many ideas our government has aborted in the name protecting us."

~ *Joseph Sobran*

PAVB-Driven SCOTUS Nominations illustrate how political objectives influence SCOTUS nominee confirmation. Congressional legislators who sit in confirmation power may, by definition, vote to confirm only those SCOTUS nominees legislators find beholden to Constitutionality. Constitutionality, though, is interpreted to be Constitutional as legislators' PAVB drive interpretation.

"People who create things nowadays can expect to be prosecuted by highly moralistic people who are incapable of creating anything."

~ *Joseph Sobran*

People Demanning To Live In Liberty do not allow legislators – or other public officials within These United States of America, to permit federal authorities or courts to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They protect their lives and property against government intrusion.

“Let Him Enforce It.” “Our, the American People’s” media outlets are, typically, filled with contr0versial coverage on any given day. Not many are more controversial than stories about President Donald J. Trump’s battle with America’s judicial system. One article reports a reported legal expert claims President Donald J. has won a crucial Supreme Court of the United States (SCOTUS) decision.

"It rankles me when somebody tries to force somebody to do something."

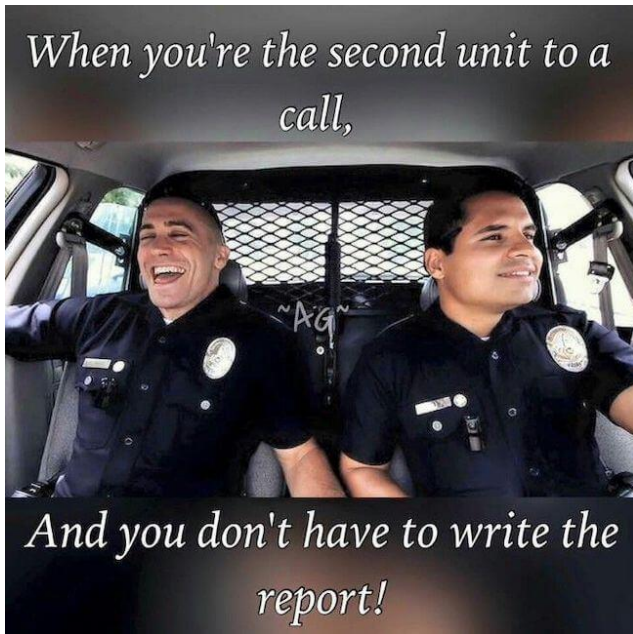

~ ***John Wayne***

SCOTUS Decisions In Question involve reinstating dismissed federal employees, and deportations connected with a gang known as Tren de Aragua. Tren de (train of) Aragua is a criminal-terrorist organization begun in a Venezuelan prison, and is considered a threat in Venezuela and elsewhere. Critics see SCOTUS ruling for President Donald J. deportation initiative a threat to constitutionality.

"A day, an hour, of virtuous liberty Is worth a whole eternity in bondage."

~ *Joseph Addison*

"We, the American People," in electing one Donald J. Trump as America's chief government executive officer, seated someone who does not easily turn his other cheek when faced with political obstacles. President Donald J. fights back with vengeance-like determination. Whether his determination is retaliatory, only Donald j. knows. His actions are, like as not, seen retaliatory by his detractors.

"I do not believe in political movements. I believe in personal movement, that movement of the soul when a man who looks at himself is so ashamed that he tries to make some sort of change - within himself, not on the outside."

~ **Joseph Brodsky**

One media Contributor Sees President Donald J. Trump acting like a president some 200 years back, who said of a SCOTUS Chief Justice, 'he's made his decision, now let him enforce it.' It would be smart for "Us, the

American People” to bear in mind our courts render decisions other parts of government must enforce – if those decisions are to be enforced. SCOTUS decisions in same realm.
