“We, the American People,” along with people taking sides against Iran in American/Israeli Iranian 2026 conflict, would be consummate fools to think Iran – Muslims world around – are going to forgive and forget damage done in American/Israeli Iranian 2026 war-making. Would be no surprise retribution planning is underway, even now, with passionate intensity aimed at exacting well over a pound of flesh.

“I favor free trade in drugs for the same reason the Founding Fathers favored free trade in ideas: in a free society it is none of the government’s business what ideas a man puts into his mind; likewise, it should be none of its business what drugs he puts into his body.”

Christianity Is Planet Earth's largest religion, followed by Islam. Together they account for some 6.2 billion congregants. More than half of Earth's population. It would be folly for "Us, the American People" to think or expect there will not be sizable numbers of Earth's 2 billion-odd Muslims who will not find it in their heart of hearts Islam was unduly made to suffer by American/Israeli weaponry.

We Can Expect Sometime In Not Too Many distant years Americans, Israelis, and other people Muslims hold in account for suffering visited on Iran by American/Israeli-Iran 2026 conflict will be attacked on some level. Stopping Iran from having nuclear capabilities will not stop Iran – any country – from deciding it has as much right as any to have nuclear capability or anything it is able to come by.

PATRIOTPOST.US: ANALYSIS FROM OUTSIDE THE BELTWAY

"We, the American People" are moving closer to electing America's presidents by popular vote. If and when we do, America's esteemed and controversial Electoral College (EC) will be a footnote in history. There is a strong argument for electing America's presidents by popular vote, rather than having EC delegates decide if there has been election fairness manifested by other than popular vote.

PATRIOTPOST.US: THE BEST COMMENTARY & ANALYSIS

“Our, the American People’s” one person, one vote idea has been around long enough to be institutionalized. One person, one vote idea is even a matter of Supreme Court of the United States (SCOTUS) affirmation. Constitutionality is subject to change based on how America’s sovereign citizenry decides if Constitutionality, as expressed by writers, applies to Americans and their consent.

“Armed people are free.”

~ L. Neil Smith

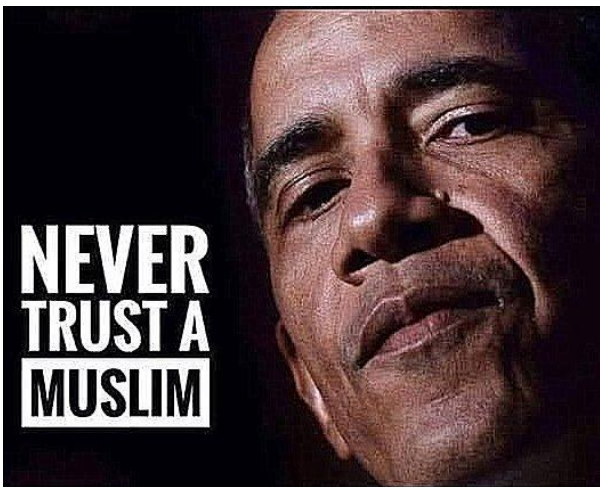

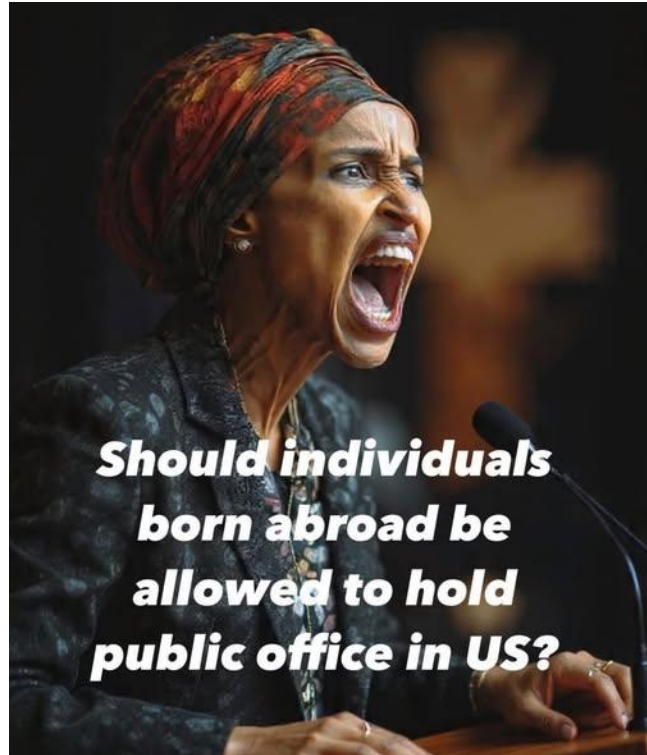

Media Coverage Notes Two 21st century presidents were elected by EC vote after having lost electorate popular vote. Would be reasonable to say EC system affords some voters more than one vote by overruling popular vote. It must not be a serious concern to “Us, the American People,” or we would force EC dissolution in favor of strict adherence to one person, one vote idea. Mist not be serious.

“Let him who would move the world, first move himself.”

~ *Socrates*

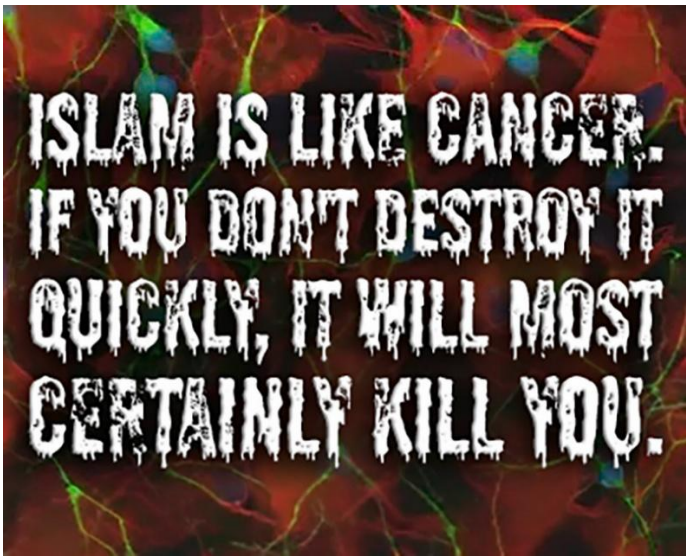

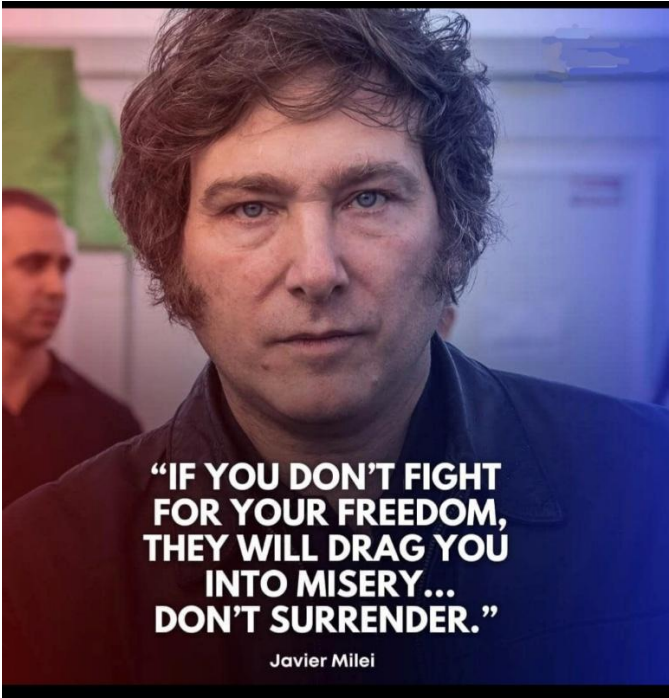

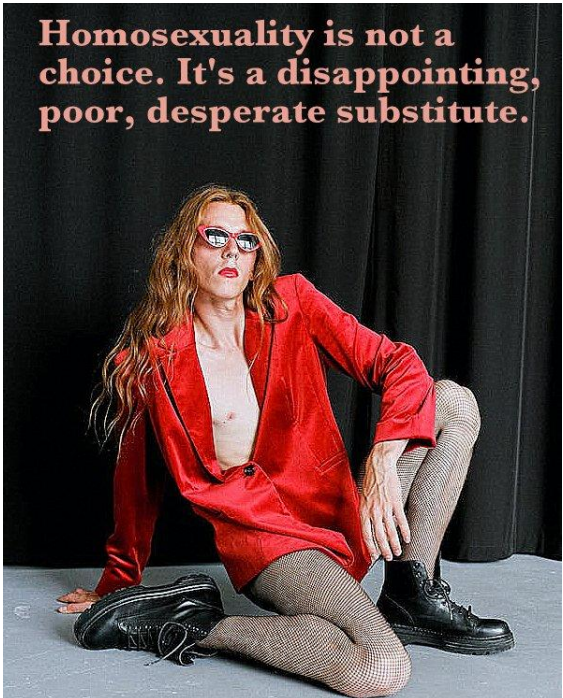

AMERICANS SHOT IN WAR ZONES THIS YEAR:

America's Commonwealth, Federal (U.S./National), and state Constitutions are statements of ideas, not laws. Exceptions are notions of supremacy and treason. Even those notions are subordinate to public will – if a sovereign citizenry or SCOTUS means anything. Two-term presidents can be more than two-term presidents if voted so by “Us, the American People.” Or, write-in voting must be banned.

“What is ominous is the ease with which some people go from saying that they don’t like something to saying that the government should forbid it.”

People Daring To Live In Liberty do not allow legislators – or other public officials within These United States of America, to remain in office if they break their word to their constituents. They dismiss remiss elected officials without hesitation.

The American Crisis – Part 2

TYRANNY!

(*The American Crisis* by Thomas Paine, December 23, 1776)

Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly: it is dearness only that gives every thing its value. Heaven knows how to put a proper price upon its goods; and it would be strange indeed if so celestial an article as FREEDOM should not be highly rated. Britain, with an army to enforce her tyranny, has declared that she has a right (not only to TAX) but "to BIND us in ALL CASES WHATSOEVER" and if being bound in that manner, is not slavery, then is there not such a thing as slavery upon earth. Even the expression is impious; for so unlimited a power can belong only to God.

(*The American Crisis Continues* by Beth Ann)

Tyranny! It always exists in the hearts of evil men and women, therefore, is tyranny ever truly conquered? We were once oppressed by the king of Britain, but we are now oppressed by our own elected officials. We did not heed the

warnings of President George Washington as he explained the problems of strong political parties:

“However [political parties] may now and then answer popular ends, they are likely in the course of time and things, to become potent engines, by which cunning, ambitious, and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government, destroying afterwards the very engines which have lifted them to unjust dominion.” George Washington’s Farewell Address | Saturday, September 17, 1796

As we watch in horror, the battles that rage between the two political parties in America, we can see the wisdom of his statement. The Democrat Party will do anything for power; they will practice cruelty, they will assassinate those they disagree with, they will obstruct a duly elected President. It seems the Republican Party will shrink and step aside as their opposing party inflicts chaos and violence upon Americans. Both parties, however, will abuse our tax dollars, obstruct justice, and then legislate social programs promoted as assistance, but exist only for the purpose to control.

We no longer have a king to tax us into oblivion, we have a Congress. It is this same Congress who established a large bureaucracy, whose purpose is not to make our lives better, but to manipulate, restrict and regulate **We the People** at every turn.

Congress has managed to put our nation in an unsustainable debt of over \$33 trillion. Is that not slavery? Is that not tyranny?

Again I refer to the words of Thomas Paine...

...tyranny, has declared that she has a right (not only to TAX) but “to BIND us in ALL CASES WHATSOEVER” and if being bound in that manner, is not slavery, then is there not such a thing as slavery upon earth...

Tyranny is a vicious enemy; limitless with its tactics to subdue a people and conquer their land. Tyranny is cunning and deceitful, never hiding its face just its intentions. Disguised as a do-gooder, Tyranny preys on our emotions and uses our own system of governance against us. Tyranny changes the rules, amends the contract, ignores the rule of law, spreads falsehoods, and sows discord among the people.

Media Coverage Not Distraction, Misinformation, disinformation, or fake news, 60% of “Us, the American People” are of a mind taxes are too high. Main reasons include: (1) Taxes become policy enforcement tools; (2) How government defines income; (3) cost to prepare and file returns; (4) Withholding hides government spending. Agreement on tax cost has not moved us to force tax reform.

“It rankles me when somebody tries to force somebody to do something.”

~ *John Wayne*

“We, the American People,” if we decide AI knows why people are taxed, will be fed myriad reasons justifying taxation. Distilled, reasons for taxing people amount to government’s legal authority to tax people and power to collect taxes. AI includes reasons for taxing people necessity for funding government services. We, a sovereign citizenry, have not made government exclude needless spending.

“The supreme power in America cannot enforce unjust laws by the sword; because the whole body of people are armed, and constitute a force superior to any body of regular troops that can be, on any pretense, raised in the United States.”

~ *Noah Webster*

It Is Safe To Say “Our, the American People’s” government will be forever alert to capitalize on novel ideas for getting hold of people’s property (wealth). Selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) allows government to confiscate property (wealth) and restrict choice (Liberty) as government sees fit. Our reluctance (shown by our behavior) chokes alteration.

“Only in a police state is the job of a policeman easy.”

~ *Orson Welles*

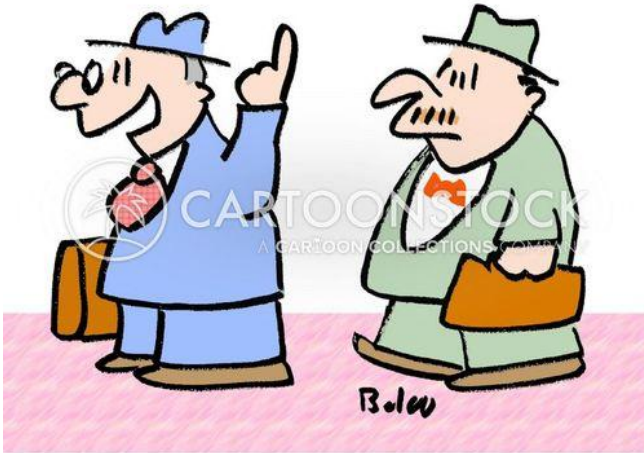

All Taxes Tax (Deplete) Wealth. Wealth is created, mainly, by profit from sales. All taxes are paid, directly or indirectly, from income. Income is produced, directly or indirectly, by sales. We could, were we willing, do away with all SADLT&R taxes save taxes on commerce approved by local voters and applied to local sales. No other taxes, bona fide emergencies withstanding. We show not such will.

“The compelling issue to both conservatives and liberals is not whether it is legitimate for government to confiscate one’s property to give to another, the debate is over the disposition of the pillage.”

~ *Walter Williams*

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to interfere or impose in any way with how responsible citizens choose to use their private property. They protect their heritage to use their property as they see fit.
