~ *G.K. Chesterton*

MAYBE THE REASON  
GROWN ADULTS ARE  
ACTING LIKE  
CHILDREN ABOUT  
PRESIDENT TRUMP

Is because he's stepped up and  
has acted like the "strict parent" to  
a group of spoiled, ignorant, and  
entitled "teenagers" in a  
Government that has been in need  
of a true Father figure for a long  
time!!!!

**Media Reports Are Featuring** “Our, the American People’s” Executive-Order-(EO)-In-Chief, President Donald J. Trump has issued an EO on education involving a variety of matters including discipline and government funding, and safety. EO substance includes a task force aimed at training ‘education’ staffs/faculties on running education programs. Comes across a bit like reinventing wheels.

“The school must be made into a social center capable of participating in the daily life of the community . . . and make up in part to the child for the decay of dogmatic and fixed methods of social discipline and for the loss of reverence and the influence of authority.”

~ ***John Dewey***

**“We, the American People”** would be smart to keep in mind, whenever people in lawful authority or policy implementation talk about education in any sense, education has a singular purpose – to control behavior. They administering education, can not rid their lesson plans or learning objectives of personal attitudes, values, and beliefs (PAVB). Government overseers will infuse their PAVB - implicitly.

“Education then, beyond all other devices of human origin, is the great equalizer of the conditions of men, the balance-wheel of the social machinery.”

~ ***Horace Mann***

**President Donald J. Trump Has,** as has every American President before him, put in key positions those people who share President Donald J.'s PAVB, or, those individuals who have committed to upholding President Donald J.'s PAVB. It doesn't mean President Donald J. and his cohort are out with evil intent. It does mean they are out to have their policies and practices made lawfully compulsory.

“The entire object of true education, is to make people not merely do the right thing, but to enjoy right things; not merely industrious, but to love industry; not merely learned, but to love knowledge.”

~ **John Ruskin**

**Parental Rights And Parental Authority** are sure to come to fore in President Donald J. Trump's education initiatives. Those of “Us, the American People” who are parents, or, who are parental rights and parental authority backers, would be smart to let schools where minor-age students are taught, know parents have final say on subjects involving PAVB. They will, if need be, sit in as class monitors.

“Almost all Governments have therefore made it a principal Object of their Attention, to establish and endow with proper Revenues, such Seminaries of Learning, as might supply the succeeding Age with Men qualified to serve the Publick with Honour to themselves, and to their Country.”

~ **Benjamin Franklin**

## Libertarians when authoritarians try to take over

**People Intending To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to give quarter to, offer sanctuary to, or negotiate with terrorists. They dismiss elected leaders who put them at risk.

"Our, the American People's" media has an article in circulation, if it is not laced with misinformation, disinformation, distraction, or fake news, merits our consideration and retention. Article, in short, reports Americans are wary of President Donald J. Trump's perceived obsession with using residential power. Reasonable concern for anyone with lawful power. There is always potential for abuse.

"Every friend of freedom must be as revolted as I am by the prospect of turning the United States into an armed camp, by the vision of jails filled with casual drug users and of an army of enforcers empowered to invade the liberty of citizens on slight evidence."

**President Donald J. Trump** is not someone to hold back. “We, the American People” stand to be at risk of losing our self-government, self-determination, and ability to live in freedom when ambitious people are elevated to positions of lawful power. America’s legislators are, all chips in, people whose personal attitudes, values, and beliefs (PAVB) come into play when they go about doing their jobs.

"The high rate of unemployment among teenagers, and especially black teenagers, is both a scandal and a serious source of social unrest."

~ **Milton Friedman**

PAVB Influence America's Judiciary and executive government branch as well. America's commonwealth, federal (U.S./National), and state Constitutions, while considered as limiting government, are open to interpretation. It would be smart for "Us, the American People" to keep squarely in mind legislators, judges, and government chief executives interpret Constitutionality.

"Fundamentally, there are only two ways of coordinating the economic activities of millions."

**There Are Readily Available References** addressing government power, not excluding references dealing, specifically with presidential power. Presidential power references, in some cases offer can/can not do lists regarding presidential power. All said and done, America's presidents can do most anything we, as a sovereign citizenry tolerate, or, presidential behavior judges or Congress do not block.

***“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.”*** Thomas Jefferson

**Upgrade to paid**

Should we take this advice from Thomas Jefferson seriously and literally? Because we have not heeded this warning and advice, our Republic is contaminated with an epidemic of corruption. As a parent, I knew that if a young child is allowed to behave badly (throw fits, pout, lie) without discipline, the child would grow to be obnoxious and unable to be productive or to get along with others.

The “lamestream” media and the democrats would have you believe that President Trump is a dictator, however they have no evidence of such, and their reasoning is noisy rhetoric lacking any kind of commonsense reasoning. During Mark Levin’s opening monologue on Sunday evening’s “Life Liberty and Levin,” Mark gave America a rapid-fire history lesson regarding the unconstitutional policies of past U.S. presidents, from Abe Lincoln to Joe Biden. He listed numerous presidents, on both sides of the aisle, that implemented unconstitutional, bad behavioral policies. He claimed too, that President Trump has not acted unconstitutionally. At the end of Mark’s monologue he made a statement that I plan to use repeatedly (thank you Mark); **Trump is not a Dictator, he’s a Liberator.**

**Trump is not a Dictator he’s a Liberator**

Recently President Trump issued an Executive Order to investigate several law firms and strip them of their security clearances. These law firms were quick to assist in the unconstitutional lawfare that was directed at President Trump and his lawyers that assisted and defended him. John Eastman is one of those attorneys and now has little sympathy for these law firms, who now find themselves on the other side of the coin. The law firms now screaming foul play, are the ones who sat silent while others were being censored and threatened with disbarment. Eastman stated, *“Their silence in the face of the same conduct over the past 4 years against lawyers (including me) who represented President Trump is deafening.”*

According to The Daily Caller News Foundation, three firms targeted by executive orders, Perkins Coie, WilmerHale and Jenner & Block have opted to fight back in court. Others, such as Skadden, Arps, Slate, Meagher and Flom; Willkie Farr & Gallagher; Milbank; and Paul Weiss struck deals with Trump’s administration to provide millions in pro bono legal services and avoid diversity, equity and inclusion (DEI) practices.

In 2022 Nayib Bukele, the president of El Salvador commented on X: ***“The most powerful country in the world is falling so fast, that it makes you rethink what are the real reasons. Something so big and powerful can’t be destroyed so quickly, unless the enemy comes from within.”*** And President Bukele was absolutely correct!

**Upgrade to paid**

### **Remove the Corruption**

If after the investigations, these firms and their lawyers are found guilty of corruption; falsifying documents, and unconstitutional procedures, such as knowingly denying President Trump and others due process of law, as well as freedom of speech, then they should be **REMOVED!** By removing, I mean disbarred, fined and serve time. The act of aggressive lawfare is an act against

our Constitutional Republic, and in my opinion, a form of treason. Removing the bad actors, is the act of removing the corruption.

Removing the corruption must be done lawfully and Constitutionally.

Lawfully investigating all those involved in the lawfare against President Trump, as well as those who were a part of his cabinet, even sending several to prison, is a step forward in restoring law and order and in Liberating America.

Those who had “gone after Trump” unlawfully (lawfare) -- slanderously (media) - - those who attempted to assassinate him -- should they go unpunished and ignored, or be **REMOVED?**

If (and we all know it is true) the 2020 election was fraudulently done; should those who were involved be punished and **REMOVED?**

We know they lied and hid information regarding the laptop, we know they lied about the Russia-Russia collusion story and the fact that the Russian dossier was a bought and paid for document intended to frame a sitting president; and we know that Hillary Clinton paid for it and that Barack Hussein Obama knew and approved of the entire corrupt collusion. Should all these bad actors be **REMOVED?**

What about the government being run by unelected officials, while hiding the fact that Joe Biden was totally incapable of being the leader of America? Should that truth not be displayed and should all those behind the coverup be seriously held accountable? Should they all be **REMOVED?**

Trump removed security clearances from previous government actors, who were discovered to have leaked information. Should the 51 CIA agents and other officials who knowingly signed a letter claiming that Hunter Biden’s laptop was “Russia Misinformation” be held accountable and **REMOVED?**

Should all states and local governments who are endangering citizens as they openly defy federal immigration laws and ignore the Constitution be left unchecked? OR should they be **REMOVED?**

Should elected officials be allowed to continually promote violence, even suggesting a presidential assassination and threatening judges (as did Schumer)... OR should they be legally punished and **REMOVED?**

### **Upgrade to paid**

Should the media be allowed to knowingly practice political propaganda, continue to deliberately deceive and lie to the American people, we will never restore our Republic. We must realize their lies and deceit are meant to control **We the People**, for the purpose of keeping power and protecting the government. They are protecting the oligarchy, which replaced our Constitutional Republic.

Should government officials elected or unelected bureaucrats, be “forgiven” for taking money from China? Sleeping with spies? Employing spies? Or for national security purposes, should they be stripped of their security clearances and **REMOVED?**

Should all those who lied to the American people about COVID 19 and China; who lied about the safety of vaccines and then forced Americans to “take the jab,” be forgiven and forgotten, or should they be investigated and if found guilty of willfully deceiving Americans and allowing millions of people to die, be **REMOVED?**

How far should we go to remove the corruption? If we find out that it was former presidents, current congressional members, former DOJ, FBI, CIA operatives, and federal judges who colluded together to thwart an election (or two) and obstruct the office of the President of the United States, should they all be **REMOVED?** According to Thomas Jefferson, unless we remove the corruption and restore the lost principles, the Republic cannot be saved!

**If we remove all the corruption and restore the lost principles, we will Make America Great Again!**

All the actions that President Trump is executing to **Make America Great Again**, are in actuality **Liberating America**:

Deporting illegal aliens

Enacting tariffs for fair trade

Cracking down on crime in the U.S.

Removing unnecessary restrictions and regulations from Americans and their businesses

Making showers fun again

Trump's Tax cuts

Making business profitable again

Investigating the unconstitutional lawfare that has become too frequent in America

Firing an overwhelming number of nonessential bureaucrats and calling the rest of them back to the office to work

Using DOGE to audit the government departments of bureaucracy and eliminating the fraud, updating outdated procedures, and improving efficiency

**"Success will be revenge,"** is a phrase President Trump used on the campaign trail. His tariffs are promoting American prosperity and bringing industries back to America. With Fair Trade leading the way, Americans can once again take pride in their jobs and make a living that will give them some relief, comfort and pleasure to their families.

## **Trump Is Not a Dictator He's a Liberator**

Trump is winning and the enemies within are losing and having meltdowns. When I was a cheerleader and the opposing team at one of our home games was losing badly; we had a chant, "Go start the bus!" The corruption is still here America and it's time we removed it and told them to "Go start the bus!"

## **Trump Is Not a Dictator He's a Liberator**

### **Remove the Corruption**

### **Restore the lost Principles**

### **Success Will Be Revenge**

**Making America Great Again** is the restoration of our lost principles known as; Life, Liberty and the pursuit of Happiness, property and prosperity!

### ***Eternal vigilance is the price of Liberty...***

If we persevere now, generations to come will thank us! ...and then they too must stand the vigilant watch to preserve Liberty...

### **Bring America Home©**

"The worst forms of tyranny, or certainly the most successful ones, are not those we rail against but those that so insinuate themselves into the imagery of our consciousness, and the fabric of our lives, as not to be perceived as tyranny."

~ *Michael Parenti*

"Our, the American People's" media report President Donald J. Trump is categorically against a so-called millionaire tax. Congressional GOP legislators are reported debating millionaire tax idea. It's no new idea. America's legislators have been after upping taxes on People of comparative wealth (property) for about as long as legislators have had power to tax. Kind of an achievement penalty tax.

"It is a thing of no great difficulty to raise objections against another man's oration -- nay, it is a very easy matter; but to produce a better in its place is a work extremely troublesome."

~ *Michel De Montaigne*

Conceptually Speaking, A Millionaire Tax would be inconsistent with President Donald J. Trump's idea to abolish America's federal Internal Revenue Service (IRS) in favor of replacing IRS with an External revenue

Service (ERS). Legislators being legislators, it would not be unreasonable to figure legislators would be more than happy to keep America's IRS working in conjunction with an ERS.

"I am further of opinion that it would be better for us to have [no laws] at all than to have them in so prodigious numbers as we have."

~ *Michel de Montaigne*

"We, the American People" would be smart to bear in mind legislators' stock and trade for getting money is taxation. President Donald J. Trump is pushing tariff (trade tax) reform as a means of financing government, federal government in any case. Legislators who favor ever-bigger government will not, as a rule, be amenable to Americans being taxed less – for any reason. Taxes fund government.

"Liberty is one of the most precious gifts which heaven has bestowed on man; with it we cannot compare the treasures which the earth contains or the sea conceals; for liberty, as for honor, we can and ought to risk our lives; and, on for the other hand, captivity is the greatest evil that can befall man."

~ *Miguel de Cervantes*

*A Millionaire Tax Dovetails* with Communism's core principle of from each according to ability to each according to need. In short, wealth (property) redistribution. There may well be enough of "Us, the American People" who subscribe to Communism's core principle to keep President Donald J Trump's tariff (trade tax)/ERS initiatives from taking root. Easy to long for other people's wealth.

"Freedom, morality, and the human dignity of the individual consists precisely in this; that he does good not because he is forced to do so, but because he freely conceives it, wants it, and loves it."

~ *Mikhail Bakunin*

**People Determined To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to infringe upon Americans’ 1<sup>st</sup> Amendment rights or other Bill-of-Rights protections; nor do they allow blame for another person’s behavior to be ascribed to their freedom to exercise their rights. They retain their heritage of self-government.
