“Our, the American people’s” President Donald J. Trump’s jurisdictional war with America’s judiciary is becoming more commonplace media daily news. President Donald J’s judicial tug-if-war new is closely followed by on-going articles on tariffs (trade taxes) and how Americans will be in a state of feat or famine if tariff (trade tax) struggle goes on. Both battlegrounds illustrate .

"Civil disobedience becomes a sacred duty when the State becomes lawless or, which is the same thing, corrupt."

“We, the American People” would be smart to consider fundamentals when, or if, deciding on assessing merits of judicial action and tariff (trade tax) consequences. America’s courts have no direct enforcement power. All law enforcement, one way or other, is carried out by America’s executive government branches. Sheriffs and Constables differ in law enforcement roles, are elected or appointed.

"Truth resides in every human heart, and one has to search for it there, and to be guided by truth as one sees it. But no one has a right to coerce others to act according to his own view of truth."

~ ***Mohandas Gandhi***

Tariffs (Trade Taxes) Are, first and foremost, taxes. As such tariffs (trade taxes are used by government to implement and enforce public policy through property (wealth) confiscation. It would be smart for "Us, the American People" to not forget it is consumers who, when all is said and done, decide taxation monetary worth to government. All taxes are paid. directly or indirectly, by consumers consuming.

"Freedom is not worth having if it does not connote freedom to err. It passes my comprehension how human beings, be they ever so experienced and able, can delight in depriving other human beings of that precious right."

Tariffs (Trade Taxes) Are Not applied at cash registers, even though tallies from cash registers include money to pay tariffs (trade taxes). Tariffs (trade taxes) are collected at points of entry. Governments seeking to have greater economic influence over governments use tariffs (trade taxes) to improve their economic competitiveness against other countries. Citizens, not governments, pay tariffs (trade taxes).

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility for public debt for reasons other than to defend these United States. They prohibit government from putting them at financial risk.

“Our, the American People’s” media report a Sunshine State state Senator decided to switch political parties on Sunshine State senate floor. No reason for a public display, apart from letting said Sunshine State state Senator’s constituents know said senator had abandoned ship to cut for cover, Party affiliation means nothing when legislators legislate. Votes count. Perceived image, though, serves vanity.

"Adam Smith's key insight was that both parties to an exchange can benefit and that, so long as cooperation is strictly voluntary, no exchange can take place unless both parties do benefit."

~ ***Milton Friedman***

“We, the American People” would be smart to not get caught up in party politics when considering whom we shall seat on legislative office. Legislative office candidates have one overriding goal, once they’ve fooled enough people to get elected. Their foremost seated goal is power to confiscate property (wealth, followed by restricting choice (Liberty. Otherwise, they’re much like dogs howling at moons.

"When a man spends his own money to buy something for himself, he is very careful about how much he spends and how he spends it."

~ ***Milton Friedman***

A Somewhat Related Media article tells “Us, the American People” a federal judge who’d previously blocked President Donald J. Trump’s deportation flights on a national level has denied hearing (trying) a case calling for him to do so again. Judge in question said America’s Supreme Court of the United States (SCOTUS) ruled he had no such power. Not to say other judges might claim they do have power.

"Every friend of freedom must be as revolted as I am by the prospect of turning the United States into an armed camp, by the vision of jails filled with casual drug users and of an army of enforcers empowered to invade the liberty of citizens on slight evidence."

~ **Milton Friedman**

There May Come A Time When it dawns on us, a sovereign citizenry, has power to nullify laws, judge judges, and turn away chief government executive directive. Meanwhile, we trudge along, waiting to be told how we may use our property (wealth) and how much choice (Liberty) we may exercise. We are a self-governing people only when we do not exert citizenry sovereignty against authoritarianism.

"The use of force to achieve equality will destroy freedom, and the force, introduced for good purposes, will end up in the hands of people who use it to promote their own interest."

~ **Milton Friedman**

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to prohibit or restrict private ownership of firearms and ammunition from any citizen of good repute and responsible standing. They uphold their Constitutional protections – by force if need be.

What is Wokeness, an Ideology or a Tactic?

Is wokeness all about transgender awareness and acceptance?

Is wokeness abortion?

Is wokeness population control?

Is wokeness the protecting of criminals over their victims?

Is wokeness the inability to “define a woman?”

Is wokeness holding on to the lies of climate change?

Is wokeness convincing all people that CO2 is a toxic gas, even though most of us know without CO2 there would be no life whatsoever?

Is wokeness the hatred of one’s own country?

Is wokeness the hatred of the Creator God?

Is wokeness the hatred of family?

Is wokeness the removing of all individuality and identities?

Is wokeness drag queens influencing minors?

Is wokeness identifiable to only one political party, or is wokeness the process to make all people unidentifiable? (Wokeness allows no individualism)

Does wokeness achieve greatness or does the WOKE ideology stifle competition and discourage innovation.

Is wokeness the lack of true compassion for others?

Is wokeness the enemy of Conservative Americans?

Does the wokeness ideology parallel with the United States Constitution: Life, Liberty and the pursuit of Happiness?

How do we perceive this wokeness that the LEFT has embraced? Wokeness in and of itself is a lie!

WOKE certainly has many distractions but WOKE, in my opinion, is a strategic tactic for destruction and the gain of absolute power. This tactic has been significantly successful, as it has drawn Americans to several different battlefronts: Women's sports, college campuses, our southern and northern borders, the public school bathrooms, the public school libraries, local libraries, our churches and synagogues, America's sports, American businesses, our military, our clothing, our hospitals; the WOKE's tactical attacks are everywhere.

It's as if the WOKE took those things they knew would be the most abhorrent to most Americans; particularly conservative-commonsense thinking Americans, Christian Americans and Jewish Americans, and then crammed it down our throats. They attacked our children, women, and American families. The WOKE attacked all that we would consider wholesome. The WOKE perverted all that was good about the United States of America; they attacked our history and began removing all evidence of it and led a movement to replace our history; such as the 1619 project. The WOKE attacked American culture in order to destroy our very foundation.

What most honest, decent Americans would call good, the WOKE call evil and what most honest, decent Americans would call evil, the WOKE define as good.

The WOKE hate all that is American, including baseball, moms and apple pie. (...and apparently Chevrolet)

Recently the Transgender Dem. Representative from Delaware, (Mr. Tim) Sarah McBride made the comment that republicans are obsessed with a culture war. However, WOKE is a tactical movement against the very core of American culture. I'm sorry to explain this, but the once Tim, now Sarah McBride, is mentally ill; transgenderism is a mental illness. Society does, them-him-her or others, no favor by playing along with their perverted vision of themselves.

WOKE is a strategic political tactic to distract and destroy. Those who promote the WOKE agendas are literally using and abusing the mentally ill. The

WOKE do not want freedom. The WOKE do not want equality; **au contraire**, the left prefer equity, which is the opposite of equality. Their forced DEI (diversity-equity-inclusion) solution to make all people equal only puts employers, companies, and our nation at a disadvantage; competition and production becomes stifled and the work inferior. “*Just good enough*,” is not a slogan for those who want to prosper or succeed in life.

WOKENESS, and it’s many corners of distractions, is a tactic; surging ahead with its goal to destroy our nation! While we’re putting out all the fires of wokeness, chasing pronouns and second guessing *who’s on first*, the WOKE keep lighting more fires in other camps, all the while owning the deep-state actors and directing them to continue with the plan of their war on our culture and spend the USA into oblivion.

The WOKE do not care about the Constitution of the United States; it is laughable to even think that they do. The WOKE are not compassionate and accepting of transgenders, they are using them and their mental illness as a convenient way to “*stick it to*” conservatives.

Yes, WOKENESS is a tactic to destroy, and the Republicans seem to be fanning the flames with rhetoric, rather than drowning their fires with truth, reality and sound Constitutional doctrine.

I’m not sure republicans have much backbone for truth and Liberty! They don’t know how to act when they are the winners and have control.

No, it isn’t because they are “gentlemen,” they are either cowards or they are the quiet WOKE who sit and complain. They might rage a battle or two, hither and yonder, but nothing ever changes, and the democrats seem to be in charge, even when they are the minority party in Congress.

Right now, as President Trump and his administration work their hardest to “drain the swamp,” the LEFT-WOKE continue to bring forth unelected judges to usurp the authority of the President of the United States. President Trump might eventually win at the Supreme court level, but in the meantime... draining the swamp becomes difficult, as the drain is clogged with anti-Constitutional WOKE creatures. Remember when republicans did that with Biden? No, me either!

For the last several decades the LEFT have infiltrated our learning institutions to brainwash our children so that the WOKE will own the next several generations of American leaders. We must stop them now!

How do we stop the tactics of the WOKE? First we must recognize our own authority as the “people in charge.” Then we need to accept the call to action and contact our local, state and federal officials. If the elected officials want to be reelected, perhaps they should start listening to their constituents. We also need to begin petitions to recall officials who are unconstitutional and petition for certain judges to be impeached.

The United States of America is a Constitutional Republic! We elect our representatives and senators; the Constitution of the United States of America is a contract between **We the People** (Consent of the Governed) and the elected officials. This contract is to keep them from usurping the freedoms and Liberties of **We the People**. Congress is not elected to micro-manage our lives!

Liberty is always in the hands of the People, but first it must be a longing and a lust within their hearts.

Earlier this week, I said “November 5, 2024 was **too close for comfort.**” We are not out of the woods of “absolute tyranny” just yet. The democrats continue to push their WOKE tactics and force crazy-culture ideologies at us, and it is time that **We the People** pushed back with our authority under the Constitution to...

~ **Milton Friedman**

"Our, the American People's" Chief of Executive Orders (EOs), President Donald J. Trump, has added to his EO list. This time President Donald J.'s EO deals with Historical Black Colleges and Universities (HBCUs). President Donald J.'s HBCU EO states intent to Preserve HBCU national interest value, and improve infrastructure including technology insertion. Critics are likely to think other reasons.

"Economic freedom is an essential requisite for political freedom."

~ **Milton Friedman**

President Donald J. Trump's HBCU EO, while stating improvement objectives, media report, rescinds President Donald J. predecessor EOs President Donald J. determined to be harmful. President Donald J.'s Predecessor EO nullification should make it obvious to "Us, the American People" there is no such thing as permanency in government. Elected officials have all but condition-free redecoration option.

"The essential notion of a capitalist society is voluntary cooperation, voluntary exchange. The essential notion of a socialist society is force.

~ *Milton Friedman*

"We, the American People" will, like as not, continue to live in politically disruptive socio-economic circumstances as long as we allow government to undermine socio-economic stability through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R) SADLT&R is brought about by government corrupted by officials' personal attitudes, values, and beliefs (PAVB).

"The voluntary transfers strengthened the bonds of the family; the compulsory transfers weaken those bonds."

~ *Milton Friedman*

One Of America's Safeguards against polluted PAVB-driven SADLT&R government is America's 10th Amendment. America's 10th can be seen as making sure Americans, a sovereign citizenry, never fall prey to despotic, overreaching government. We can rest assured; however, federal legislators, judges, and chief executives will declare all jurisdiction, including America's 10th, federal business.

"If an exchange between two parties is voluntary, it will not take place unless both believe they will benefit from it."

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to overrule Commonwealth/State (10th Amendment) Sovereignty as determined and defined by citizens of those respective Commonwealths and States. They dismiss and recall elected leaders who put them at risk.
