~ *Randolph Bourne*

"Our, the American People's" media has an article in circulation with an intro line saying President Donald J. Trump tariffs (trade taxes) can not be reviewed by America's judges. America's courts can review anything

America's Courts chose to review. America's Courts are not obligated to review anything America's courts choose not to review. Anyone thinking otherwise went to marginal schools.

"Monetary policy today is guided by little more than government fiat -- by the calculations, often mistaken economic theories, and whims of central bankers or, even worse, politicians. "

~ *Raymond J. Keating*

"We, the American People," if we are getting nothing else from President Donald J. Trump's on-going battle with who in government has authority, are getting a healthy dose of civics. We are finding out America's much proclaimed three, coequal branch representative Constitutional republic government form is fraught with lack of finality when it comes to legislating, adjudicating, and executing.

"There are three schoolmasters for everybody that will employ them--the senses, intelligent companions, and books."

~ *Henry Ward Beecher*

America's 'No-Government-Branch'-has-final say' system can leave "Us, the American People" in a state of socio-economic limbo when we allow government to exert legal authority over how and with whom we shall be allowed to do business or interact. Court authority, such as it is, amounts to opinions. Law enforcement is left to America's third, coequal, executive branch. There may be action, may not.

"Government is saying to the average citizen every January 1: 'For the next five months you'll be working for us, for goals we shall determine.'"

~ **Richard Armey**

America's Courts, Including America's Supreme Court of the United States (SCOTUS) have no final say on anything. If final say is taken to mean do as a court says. Roe v Wade is categorical evidence SCOTUS can do, SCOTUS can undo. Courts say; people do. We, as sovereign citizens, all said and done legitimize court rulings by our adherence, or, by our dismissal. Government, at best, is imperfect.

"It has to happen. Free people can put up with such laws only for so long."

~ *Richard Armey*

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to require parents to enroll their children in public (government) schools. They protect their children's intellectual freedom and raise them to be thinking adults.

For some reason when Biden was firing federal workers for refusing the vaccine, not one Democrat spoke up. But firing federal workers for wasting taxpayer money is the end of democracy as we know it according to the democrats.

Malia Obama received \$2.6 million for "consulting" from USAID

There's no record of who or what she consulted.

Nothing More Than An Amateurish would-be dictator, is "Our, the American People's" President Donald J. Trump. According to a media contributor from a nation tossed from American soil a quarter millennium ago. Might be general sour grapes. Media contributor has it President Donald J.'s political objectives are valid, more-or-less consistent with voter hopes expressed in America's Election 2024.

"Monetary policy today is guided by little more than government fiat -- by the calculations, often mistaken economic theories, and whims of central bankers or, even worse, politicians."

~ **Raymond J. Keating**

Media Contributor Notes While President Donald J. Trump's deportation initiative has been largely successful, President Donald J's trade policy has been a disaster. Wouldn't be too hard for readers to conclude contributor just doesn't like how President Donald J. is handling tariffs (trade taxes). President Donald J.'s approach is too short-fused, not thoughtful and strategized for transition ease.

"If nearly half of what you make is spent by someone else, that means that half your work time is spent working for someone else. Call me a radical, but I think that comes dangerously close to being a form of indentured servitude."

Media Writer Unhappy With How President Donald J. Trump is handling tariffs (trade taxes) argues President Donald J. should have put together a multi-year, multi-decade program with tariffs (trade taxes) targeting specific products and countries. Writer's view, arguably, is precisely how tariffs (trade taxes) end up distorting trade principles in favor of furthering political goals, namely, economic clout.

~ **Richard Armey**

America is not a nation “built by immigrants.” America was built by settlers. There’s a difference. Settlers ventured out into the wilderness to build a civilization from scratch. The modern immigrant comes to a place that is already built. Settlers planted the trees. The modern immigrant comes to eat the fruits. If you cannot see the difference, I don’t know how else to explain it.

from people simply because wealthy people have more wealth than some other people is stuff for resentment and resistance. So easy to demand other people be forced to do as told.

HOW LOW CAN THEY GO?

The one who goes the lowest wins in the old game of limbo, but in politics... well, what do you think?

Did the democrats go too low?

I could be overestimating the average Americans out there who vote democrat (you know, because their grandparents voted democrat), but I believe they have higher standards than their elected representatives and senators. Tuesday evening, the Democrat Party (now known as the **Curmudgeon Party**) hit rock bottom, as they choreographed their display of contempt, not just for President Trump, which there is no secret of their loathing, but their disregard for all

Americans. They exhibited no feelings and zero compassion for any of the Americans present that evening.

Ok, so they believe in “illegal immigration,” does that mean they also believe in the murdering of American citizens by immigrants? Maybe they are too shallow to admit their policies are killing Americans. Because they hate President Trump does that mean they should show contempt for a 13-year old young man battling cancer? Do democrats voters never get cancer and never fall prey to violent crimes?

I’ve heard it said, sometimes you have to be in the gutter, “rock bottom,” before you look up and reanalyze your situation. However, I don’t think that’s happening to the Curmudgeon Party. They relish in their hate and always seem to double down on their bad, ridiculous and foolish behavior. I’m not sure who makes the decisions for the democrats.... Uhm, I mean curmudgeons, but they certainly aren’t out to boost their popularity or make them seem patriotic for America or sympathetic to Americans or even make themselves seem wise.

We’re no longer in the political game of things where both parties have the same goal BUT different paths to that goal. Of course that goal should be keeping America safe, free and prosperous. It could be the two parties never did have the same goals for our nation; which is extremely sad to conclude.

I will say, however, that their behavior this last Tuesday evening, was no different than their behavior January 2018 OR January 2020. It was only five years ago when Pelosi stood as the “*Ripper of the House*.” She arrogantly and disrespectfully tore the President’s State Of The Union speech in half; one section at a time. Ok, she hates President Trump, but that was also a reflection on her hate for the office of President, all Americans, as well as her disdain for Rule of Law and the Constitution of the United States of America. She should have been severely reprimanded, kicked out of the chamber and heavily fined! ... but nothing happened.

Remember their booing? Remember their wearing white? Remember how they loathed Rush Limbaugh being honored with the Medal of Freedom? There were other Americans there who had overcome great triumphs, including children, but the defiant democrats did nothing and Nancy ripped all their names in two. Even back then, the Curmudgeons were only moved by their own anger and defiance. If their party doesn't have complete control of all branches of government, they will rebel and cause chaos and violence. Remember the dreadful deadly summer of love in 2020!

Many believe the "anti-Trump" crowd of curmudgeons suffer from a mental illness, which many call Trump derangement syndrome (DTS), but I believe it's way more serious than that.

They hate this country. They've made that quite clear with their rhetoric and with their lies. However, they do love their scheming ways of governing when they (not just the curmudgeon party) created a 4th branch of government called bureaucracy. This fourth branch is used, in large, to enrich politicians, NGOs, department heads, grant recipients, and other groups, for which **We the People** have no knowledge. Yet, we are the ones paying the bill!

The Curmudgeon Party is full of female Debbie-downers and their males are a bunch of "Walter" characters... just like Jeff Dunham's puppet; happiness displayed by anyone... *"ticks them off."* (I know they don't believe in males and females, except when talking about abortion)

With all the hating and threatening speeches, the Curmudgeons are declaring a civil war against our Constitutional Republic; a few of them have actually used such language. Their supporters are going on TikTok and Instagram threatening to buy a gun and kill MAGA supporters.

Limbo can also mean things are on pause; that is not the case with the democrat-curmudgeon party. Even though they have zero leadership, there are numerous single curmudgeons vying for attention and status; the more they try, the more foolish they appear. They are all haphazardly running around doing

crazy off-the-wall antics. The Curmudgeon Party are like chickens running around with their heads cut off. ***Speaking of chickens***, someone needs to inform the curmudgeon-democrat party that YES, the chicken came first and when you slaughter 100 million chickens, you collapse the egg market.

While the democrat-curmudgeon party is in chaos, do not be fooled, they are extremely dangerous. The younger curmudgeon females dance-fighting is hilarious, but the fact that they are serious about “fighting” is something we should take very seriously. They are currently calling for violence against our President and against supporters of his administration. The only way to put an end to the democrat-curmudgeon party... is to stop electing them, and begin recalling all who are currently in office. This will need to be done on the state level.

Liberty is always in the hands of the people and if the democrat-curmudgeon party is allowed to continue, we will never again feel peace or have safety in our homeland.

"Nothing is more disgusting than the crowing about liberty by slaves, as most men are, and the flippant mistaking for freedom of some paper preamble like a Declaration of Independence, or the statute right to vote, by those who have never dared to think or to act."

~ *Ralph Waldo Emerson*

If "We, the American People" keep at it, we'll be seeing America's courts get so far entrenched in mindless detail, reason will have found an escape route from people's ability to function without instructions from on high on when and how to have breakfast. America's Supreme Court of the United States (SCOTUS) has seen fit to rule on action to be taken if business hours are not open.

"Liberty is slow fruit."

~ *Ralph Waldo Emerson*

Why “Our, the American People’s” SCOTUS needs to rule on when to do business if one doesn’t get to a business during business hours is more than a little perplexing. Business hours signs on business storefronts are common; people can figure out not to come for breakfast on Sunday if their favorite greasy spoon has a sign saying, Sunday – Closed. Stressful not to have bacon and eggs when one wants.

"Democracy becomes a government of bullies tempered by editors."

President Donald J. Trump’s First 100th day into his second term happened Tuesday. President Donald J.’s fan club touted President Donald J.’s myriad achievements, not least his record-breaking Executive Order (EO) list. They not happy with President Donald J, in office, therefor not happy with people who put him in office, voters, make President Donald J. America’s worst EO president ever.

"Man exists for his own sake and not to add a laborer to the State."

~ *Ralph Waldo Emerson*

How President Donald J. Trump's achievements, or, lack thereof, will bear on fortunes for "Us, the American People" remains to be seen. We can bet we'll claim it President J;'s fault if we don't think our lot has improved by, say, Election 2026. We'll let President Donald j. know we're content or discontented. We'll discount any possibility it is us, not President Donald J., who seal our fate.
