During the 2024 election season we heard President Trump, then candidate, use the phrase, “Too big to rig.” He was calling for Americans to get out and vote; if enough Americans did that, there’s no way to cheat that “bigly.”

Most Americans, even democrat voters, believe that our American government is a leviathan of bureaucracy. Many believe it has become such a machine that it cannot be tamed. Most people think that our American government has grown too BIG!

Big government allows fraud, crimes, and all over corruption to be practiced and virtually undetected by the average American citizen. We can suspect, but knowing the truth of the criminality that rises from D.C., is next to impossible.

I’m here to confirm the fact that our government is corrupt and the corruption runs “deep and wide.” Not only is the corruption deep, but the corruption is criminal and heinous. Not only are “they” thieving from all Americans, but they

also disrespect us and discount our Liberty for their preferred bureaucratic control. When such laws, mandates, regulations, as well as demands for permits and licenses rise from unelected bureaucrats, we have “taxation without representation,” which is a breach of our Constitution.

If we are to Make America Great Again, and become the nation we were designed to be, we must recognize the depth of the corruption that our government institution has become.

Upgrade to paid

Too Deep to Keep! We cannot allow our government to continue growing; we absolutely must prune it back. Pruning means you cut away the branches, the suckers, and even the dead blooms that are keeping the vine from flourishing, as it should.

“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.” **Thomas Jefferson**

Last Friday I wrote an article titled, **“We The People Do Not Trust You, Because You Are Not Trustworthy!”**

We the People do not and should not trust our government officials. After all, they are human, and they have some pretty large temptations while in office. Another reason, perhaps, **We the People** should insist on term limits for all congressional members, but that’s a topic for another day.

Department of Government Efficiency, known as DOGE, revealed large amounts of corruption and inefficiency throughout the bureaucratic branch, which is not a constitutional branch of the U.S. Government. Money that belongs to **We the People** was being handed out like candy to illegal aliens and people who were older than Social Security itself! Our tax dollars were being spent to prop up democrat agendas, for which **We the People** would never approve, elections in foreign countries, perverted sex programs, democrat elections, and much more.

Bureaucrats with absolutely no integrity and no conscience willingly stole or “reallocated” funds that were not theirs to abuse but were theirs to guard and protect. Like many, they assume it is “government money,” but government earns no money; all money belongs to **We the People**... the taxpayers! These funds should be considered **sacred**. Basically, certain bureaucratic departments were being used to “launder” our tax dollars for the benefit of the democrat-globalist-communist agendas.

(Note: We need to prune back the bureaucratic departments; the more departments we have, the more corruption can grow and hide.)

Sacred is an odd word to use when you find out that your own government has been collaborating in human trafficking. While the democrats had control of our government, the Department of Health and Human Services was collaborating in child trafficking for sex slavery and for work slavery. Yes, the same party that screams for reparations for black Americans, who were never slaves, has no problem selling humans for sex and for work. Robert Kennedy Jr., the current Secretary of HHS announced the findings and said it “stops now!” He also promised to aggressively search for the thousands of migrant children, who were “lost” by the Biden administration. Reminder: the Biden Administration “lost” over 300,000 migrant children... you do not lose thousands of children unless you are attempting to lose them!

In my [article last week](#), I mentioned that former Secretary of Health and Human Services, Xavier Becerra and his then Deputy Secretary, Andrea Palm along with mentally deranged, Rachelle Levine, who was Assistant Secretary for Health and the Admiral in charge of the United States Public Health Services Commissioned Corps, should all three be arrested for the crime of human trafficking.

Taking this a little “deeper,” whoever allowed the border to be open and encouraged the invasion of criminals, and whoever ignored the fact that criminals were entering our nation, and whoever lied to the American people

assuring us all that “the border is secure,” are all equally guilty of this human trafficking ring that has been run by the U.S. bureaucrat cartel.

AG Pam Bondi, FBI Director Kash Patel, and Director of National Intelligence Tulsi Gabbard, need to file arrest warrants for all, regardless of how high and how deep they have to go... for the arrests of Alejandro Mayorkas, former AG Merrick Garland, former VP Border Czar Kamala Harris, and former President Joe Biden. If this investigation finds that former AG Bill Barr was involved or turned his head away and allowed this to happen, he too should be brought in for questioning.

We do not know how long these horrific crimes have been going on, but we do know that former AG Bar was quick to accept suicide for the human sex trafficker Jeffery Epstein. (By the way, AG Bondi and Kash Patel need to produce an unredacted list of Epstein’s clients.) AG Barr also did nothing about the findings that President Trump was being framed by Hillary Clinton, Barack Obama, James Comey, John Brennan, along with numerous others, including Joe Biden.

There is no doubt that Joe Biden was not running this country during his term in office. We do not know for sure who it was, or how many others were making decisions regarding our national security. There should be a serious investigation into this issue and then... arrests need to be made.

Without **Real** accountability we will never be able to Make America Great Again and we will not be able to restore our Constitutional Republic. We must **remove the corruption**, as Thomas Jefferson stated.

The difficult part of this is that the corruption runs quite deep and it isn’t just the unelected bureaucrats; they are, after all, receiving their marching orders from someone!

Removing the corruption entails punishment for the offenders.

Benjamin Franklin told Mrs. Powell, ***“You have a republic, if you can keep it.”***
Keep it, we did not! **We the People** must now restore it.

There is no such thing as just a little corruption, perhaps it began small...but just like one spoiled apple destroys the basket of apples, so goes our Republic when once corrupted. After all, when you have a glass of clear water and someone walks up to it and puts only a small “pinch” of manure in it... you don’t say it’s only a little contaminated; the entire glass of water is now contaminated.

The corruption is **Too Deep to Keep!** Americans must demand the removal of all the corruption and then work to restore our lost principles... it is up to **We the People to...**

“Our, the American People’s” media report Southeast Asia’s Viet Nam is emerging as a global power fifty years after its civil war. Viet Nam’s principal allies are communist bloc countries. Given South Viet Nam’s capital city is Ho Chi Minh City, named so after South Viet Nam fell to North Viet Nam, signifying an end to war mid-1970s, Viet Nam’s global diplomacy is more likely to reflect communism.

I am a Iranian by birth and of my Islamic faith. I am also an American Citizen and I seek to help change America to be a more Islamic country. My faith guides me and I feel like it is going well in the transition of using freedom of religion in America against itself.

How “We, the American People” will be impacted by Viet Nam’s global emergence is likely to be minimal for some time. Aligned with other communist/socialist or communist/socialist-leaning nations, Viet Nam would fall into an adversary category when viewed as a potential threat to America’s global security. Viet Nam watching would, necessarily, be part of America’s strategic security plan.

"Single acts of tyranny may be ascribed to the accidental opinion of the day; but a series of oppressions, begun at a distinguished period, and pursued unalterably through every change of ministers (administrators) too plainly proves a deliberate, systematic plan of reducing us to slavery."

Biden, Blinken, Milly, and Austin left \$188 Billion in military assets to the Taliban, with 13 Americans dead, and you Libtards want Hegseth to resign over a text?

Viet Nam Government Consists of a one-party state, with a president elected by delegates to a national assembly. Practically speaking, government would have maximum control over public policy with minimal serious opposition from ordinary people. Were Viet Nam's population called on to take sides between, say, a U.S.-Israel alliance and a Sino-Russo alliance, Sino-Russo alliance would win out.

"A departure from principle in one instance becomes a precedent for [another]... till the bulk of society is reduced to be mere automatons of misery... And the fore-horse of this frightful team is public debt. Taxation follows that, and in its train wretchedness and oppression."

Transgenders should be barred from public office.

Why do people want the mentally ill to make legislative decisions for all of America?

President Donald J. Trump's Tariff (trade tax) policies are bound to have some effect on Viet Nam imports. Viet Nam exports to U.S. markets come to well under 4% of U.S. total imports. It is doubtful there would be much impact, were all Viet Nam imports cease. President Donald J. Trump, in his inimitable way, is sure to boost Viet Nam imports for "Us, the American People." If he can swing it.

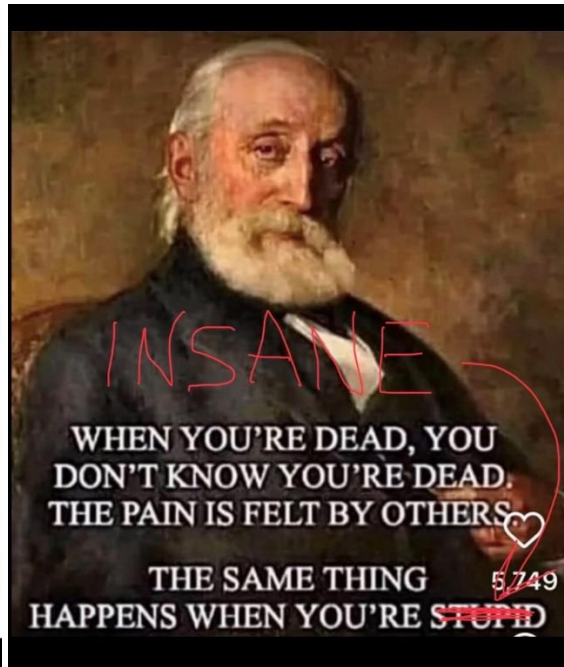

"I sincerely believe that banking institutions are more dangerous than standing armies; and that the principle of spending money to be paid by posterity... is but swindling futurity on a large scale."

Unlimited Power Is President Donald J. Trump's aim, say they worry President Donald J. Will make a third (fourth) attempt at being "Our, the American People's" president. "Our, the American People's" dilemma over power attributed to America's justice system – America's courts - goes on. Media report America First Legal Foundation (AFL) seeks to cull court power whenever courts find in favor of left-wing cases. Left-wing, broadly considered, refers to democratic socialism/progressive aims, and greater government control over socio-economic complications.

"One of the greatest delusions in the world is the hope that the evils in this world are to be cured by legislation."

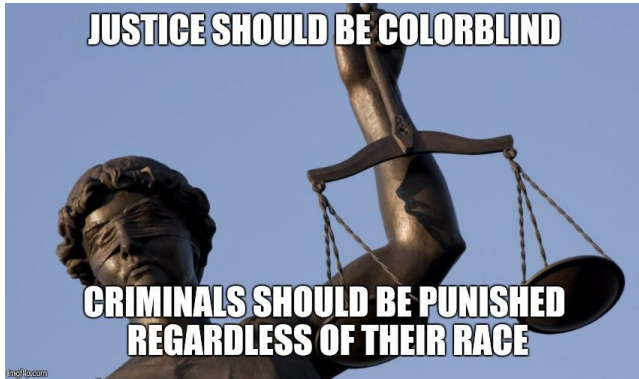

~ *Thomas B. Reed*

How An Organization Like AFL hopes to counter court decisions by bringing litigation against courts is curious. Reminiscent of foxes serving as chicken house guardians. "We, the American People" are, as a sovereign citizenry, arbiters of court decisions. Appealing to courts to overrule courts may be, in some views, novel, even essential. Practically speaking, America's appellate system would negate it.

"One of the greatest delusions in the world is the hope that the evils in this world are to be cured by legislation."

~ *Thomas B. Reed*

Much As Some Of "Us, the American People" would like, justice is not finite. Might be so in terms of Faith. Not as though Faith advocates and zealots have not brought strife on humanity throughout history. Even a sovereign citizenry is bound to have myriad personal attitudes, values, and beliefs (PAVB) permeated through sovereign citizenry makeup. Slim chance PAVB universal pollical harmony.

"And to say that society ought to be governed by the opinion of the wisest and best, though true, is useless. Whose opinion is to decide who are the wisest and best?"

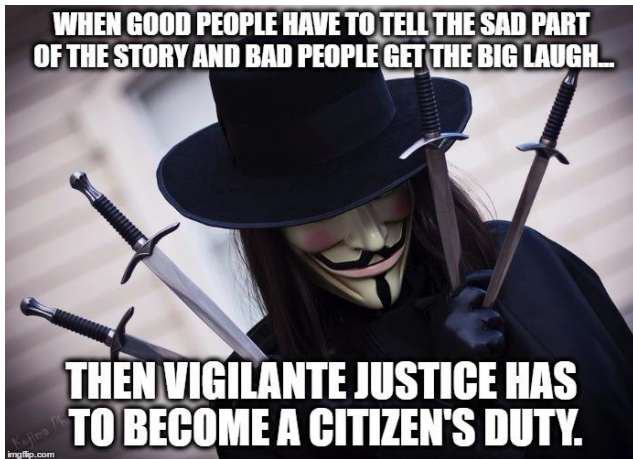

~ *Thomas Babington Macaulay*

Organizations – Or Movements – Like AFL, while appearing as a cure-all for politically-influenced court outcomes, are as likely to have contrasting PAVB with their groups as exist when two or more people seek socio-economic problem solutions. AFL might have more success by advocating and lobbying for broad-scale lawful authority decentralization to local levels with comparative autonomy.

"Men are never so likely to settle a question rightly as when they discuss it freely."
