“Our, the American People’s” Supreme Court of the United States (SCOTUS) Chief Justice John Roberts, according to media word, maintains SCOTUS in not political. Chief Justice Roberts states his case by saying SCOTUS decisions are based on Constitutionality, but there are times when SCOTUS Justices disagree. Chief Justice Roberts noted SCOTUS must make unpopular decisions.

“If the rich could hire other people to die for them, the poor could make a wonderful living.”

~ ***Yiddish proverb***

“We, the American People” would be nuts to be deluded into thinking SCOTUS is not political. SCOTUS Justices are nominated and confirmed by first-order politicians, namely, America’s Presidents and Congressional legislators. Laws are made by legislators who interpret Constitutionality after their personal attitudes, values, and beliefs (PAVB). Judges adjudicate after their contradictory PAVB.

“Money, not morality, is the principle of commercial nations.”

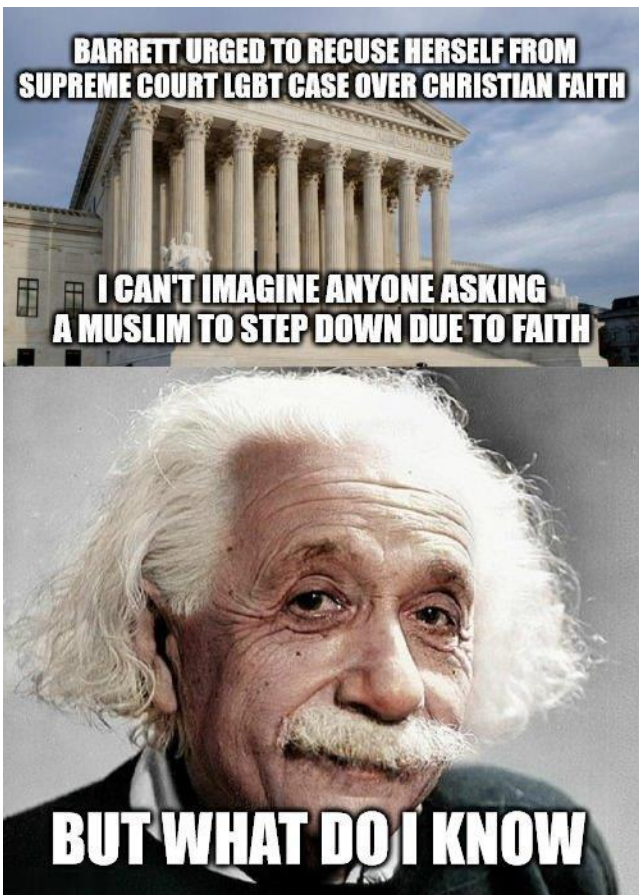

~ ***Thomas Jefferson***

People In Government Are People. It would be wildly naive for “Us, the American People” to expect people in government do not make decisions like any other people make decisions – by basing their decisions on their PAVB. There are no unchallengeable legislative or judicial standards. When SCOTUS Chief Justice John Roberts claims SCOTUS is not political, he claims people are not political.

“It is a socialist idea that making profits is a vice; I consider the real vice is making losses.”

~ *Winston Churchill*

Courts Decide Who Wins and who loses. We, as a sovereign citizenry, have power to minimize court decisions whereby people win or lose based on judiciary political predisposition. We'd be smart to hold ourselves in check to avoid passing judgement on courts based on our PAVB. No small chore. We have a semblance of resolution in principles of Liberty. Liberty by PAVB law invites arbitrary decree.

Bengaluru City Police:

One Of “Our, the American People’s” major city public officials is up in arms over a merchandiser closing its store in a crime-ridden city area. Dispute, media accurate, is over crime related safety and security concerns. City official in question maintains merchandiser should be charged with first degree corporate abandonment. Public safety and security are a public sector responsibility, not commerce.

“I fear for our nation. Nearly half of our people receive some kind of government subsidy. We have grown weak from too much affluence and too little adversity. I fear that soon we will not be able to defend our country from our sure and certain enemies. We have debased our currency to the point that even the most loyal citizen no longer trusts it.”

Expecting A Business To Absorb Cost of crime is a dubious expectation. Securing a business after hours is normal, including typical measures like lock-and-key systems, and monitoring systems linked to law enforcement or fire departments. Public safety from a crime standpoint is up to law enforcement. City official charging merchandiser closing might check on corporate abandonment being a crime. It's not.

“The Social Security system did not begin as an attempt to sabotage people’s ability to plan for retirement, but it has worked out that way. But today’s politicians know the system is rotted, and yet they refuse to make the changes necessary to free the American people from it. Instead, they make it worse.”

“We, the American People” would be nincompoops to think a business vacating a premises has committed a crime. Particularly so, should a vacating merchandiser not own business premises location. They looking for someone to blame, though, may not be concerned with justice, rather, with appearance of public mindedness. Never hurts for a public official to have public concurrence.

“While the feds ... leave Social Security off their books, the government’s obligation to make benefit payments to current and near-term Social Security recipients is certainly no less real than its obligation to pay interest on its Treasury bonds.”

Crime Prevention Is All But Impossible for law enforcement alone. Some areas are so crime-ridden police would be taking undue risks just by making an appearance. In such cases using national guard forces to complement local and/or state/commonwealth law enforcement would be not only reasonable, but smart as well. In any case expecting business to finance crime prevention is cost prohibitive.

People Epecting To Live In Liberty do not allow legislators - or other public officials within These United States of America, to define or limit their 10th Amendment powers beyond specific Constitutional constraint. They exercise their citizen sovereignty to protect their life, liberty, and pursuit of happiness - by forceful means if necessary.

“A government is the consensual organization by which we adjudicate disputes, defend our rights, and provide for certain common needs ... A state on the other hand, is a coercive organization asserting or enjoying a monopoly over the use of physical force in some geographic area and exercising power over its subjects.”

DON'T!

The Consent Of The Governed Say, DON'T!

“Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master.” George Washington

Surely by now you realize that the DC Occupiers (every side of every aisle) are not working for us, but are working against us! They are the dangerous servant and have become a fearful master of **We the People**.

The disappointment, disgust and even anger that I have for all these politicians continues to mount! Must **We the People** endure such oppression before **We the People** take a stand to right their wrongs?

“Consent of the Governed” should be our battle cry! No matter your skin color or religion, if you want to live in America as a free person you need to understand one thing, these elected officials are not working for us, they are working against us!

The republicans in the house once again failed to elect a speaker. The result of the first vote, 20 RINOs voted against Jim Jordan. On the second round of votes

there were 22 who voted against Jim. Today, on the third vote there were 25 RINOs who refused Jim Jordan as Speaker of the House.

What does that tell us America? Are they working for us? Is this fight amongst the republican party a fight for our wellbeing and Liberty? Or are we witnessing the power struggle within the *deep state* trying to maintain the “normal” order of the House?

If it is so vital to America, if not having a speaker of the house is so detrimental to our national security, WHY do they sleep? I’m ok with some squabbling BUT this battle is a battle for the party, not for the good of America. The RINOs are out for revenge. I say, if McCarthy is such a great leader, why isn’t he able to unite this party? It was divided when he was elected and it has stayed divided. It appears that Representative Steve Scalise has been the force behind the move to prevent Jim Jordan from becoming Speaker. Why? According to The Gateway Pundit, Scalise took money from Sam Bankman-Fried’s Illegal FTX Campaign Finance Operation, as did 13 of the 22 RINO holdouts.

<https://www.thegatewaypundit.com/2023/10/exclusive-13-22-rino-holdouts-derailing-jim-jordan/>

These people are not working for the good of **We the People** or the safety of this nation; they are all about keeping their positions and growing wealthy, no matter from where they receive their funds; they have no morals!

After thousands of phone calls from constituents, supporting Jim Jordan as Speaker, as well as a personal endorsement from President Donald J. Trump, the house still refused to elect Jim Jordan. Who are they working for?

Can you name anything, any one thing the “government” has actually done to fix any of our problems? The immigration crisis didn’t just happen, it’s been going on for years, through both republican and democrat regimes. Regarding the immigration problem, which is now a crisis that has put our National Security at high risk, congress keeps saying, “We need immigration reform!” Well, whose

responsibility is that? Theirs! The laws that are in place, which the current installed president is ignoring, were put in place by congress.

What about inflation? Inflation isn't a virus that attacked the land of America, it is a hidden tax which was intentionally created by government policies!

Instead of fixing problems, government creates them, and they keep them in place, for they serve their purpose. They campaign to fix them, but that is never their true intention.

The tough word of the "day" is **DON'T!**

To the war which is not just looming but is in real time quickly stirring up to be World War III, installed President Biden's message to Iran and other nations surrounding Israel is a single word, **DON'T!**

Consent of the Governed, let us make this word our own warning to D.C.

D = DC

O = Occupiers

N = No

T = TYRANNY

So, to raising taxes and sending more money to Ukraine; the Consent of the Governed say **DON'T!**

To open borders and welfare to illegals; The Consent of the Governed say **DON'T!**

To passing another omnibus bill, the Consent of the Governed say **DON'T!**

To riots and protests in favor of death to Israel and Christians, the Consent of the Governed say **DON'T!**

To Government controlled healthcare; The Consent of the Governed say **DON'T!**

To Palestinian (Gaza) refugees; The Consent of the Governed say **DON'T!**

To defunding police; The Consent of the Governed say **DON'T!**

To mail-in ballots; The Consent of the Governed say **DON'T!**

To electronic-internet-connected voting machines; The Consent of the Governed say **DON'T!**

To government funded abortions; The Consent of the Governed say **DON'T!**

To government funded sex change surgeries; The Consent of the Governed say **DON'T!**

To equity and diversity policies; The Consent of the Governed say **DON'T!**

To higher taxes; The Consent of the Governed say **DON'T!**

To pornography in our schools; The Consent of the Governed say **DON'T!**

To more American dollars to Ukraine and to Gaza; The Consent of the Governed say **DON'T!**

Remember: ***“Government is not reason; it is not eloquence. It is force. And force, like fire, is a dangerous servant and a fearful master.”***

Government is not self-funded.

Government produces nothing, but extracts from **We the People.**

Government did not fight for your Liberty!

Government gives you nothing without first taking it away from another!

Government is not freedom!

Government is not Life!

Government did not fight for you.

Government did not bleed for you.

Our government was established as a Constitutional Republic. Government has only 4 major responsibilities:

- 1) To protect citizens from foreign invasion.
- 2) To protect citizens from crime and maintain peace at home through law and order.
- 3) To provide justice in the courts.
- 4) To keep the people free (Liberty).

To all things outside of their given responsibilities; The Consent of the Governed say, **DON'T... DON'T TREAD ON ME!**

The DC Occupiers are supposed to work for us. Their behavior is the opposite of their duty and job description, according to our Constitution. Government is here for these purposes; to secure safety and peace in our nation and to make sure our economy stays strong and viable to the American Dream.

To share the message of **DON'T** to your congressional representatives, call: 202-224-3121.

It is up to us; The Consent of the Governed to.... **“Bring America Home.©”**

“Single acts of tyranny may be ascribed to the accidental opinion of a day. But a series of oppressions, begun at a distinguished period, and pursued unalterably through every change of ministers, too plainly proves a deliberate systematic plan of reducing us to slavery.”

~ *Thomas Jefferson*

Spirit Airlines didn't shut down just because of the war in Iran, as the democrats want us to believe. Since 2020, Spirit lost \$2.5 billion dollars. Spirit filed for bankruptcy twice. Spirit was looking for a \$500 Million bailout from the government. But the democrats rejected that. Then Spirit wanted to merge with Jet Blue. But democrat Elizabeth Warren sued to stop the merger. Spirit laid off workers and reduced routes, but that didn't help. In the end, the democrats, the party who claims to support the average worker, allowed 17,000 people to lose their jobs and shut down an airline. Good going dems!

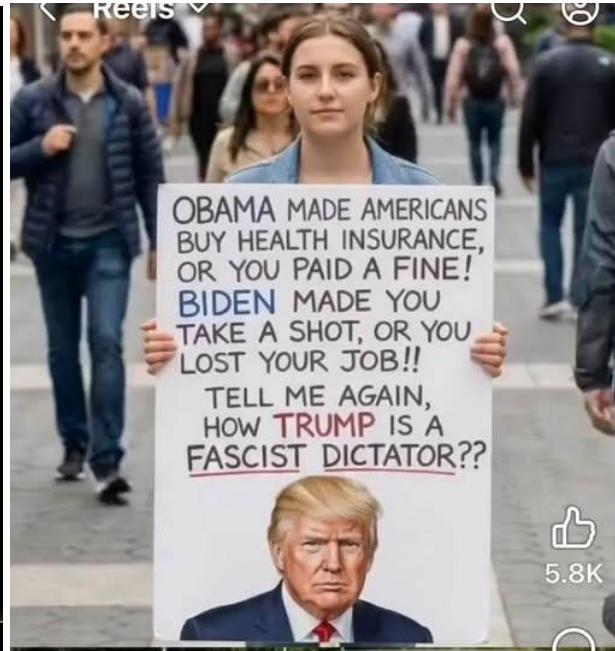

Not A Few Media Articles have it Safeguard American Voter Eligibility (SAVE) Act will give GOP legislative candidates a decided advantage in Election 2026 and beyond. SAVE Act is purported to weed out voter fraud, including ineligible voter participation by requiring positive identification to gain ballot box entry. Why "We, the American People" would oppose voter fraud elimination is perplexing.

"The ideal tyranny is that which is ignorantly self-administered by its victims. The most perfect slaves are, therefore, those which blissfully and unawaredly enslave themselves."

~ Dresden James

Argument Against SAVE Act Centers on suppressing disadvantaged/minority voter opportunity. Related arguments include burden of verifying voter eligibility when a voter's name changes. Voting, in theory at least, is consequential because deciding who sits in legislative, executive, and judicial seats, also in theory, determines how public resources shall be obtained and allocated amongst Americans.

“I am unable to accept the idea that I should be an obedient subject of a gang of corrupt, unprincipled thugs who pontificate about freedom while enslaving the population.”

~ *John Pugsley*

"Higher taxes will not reduce the deficit, except for a brief interval. They will simply increase government spending. That is the lesson taught by past experiences."

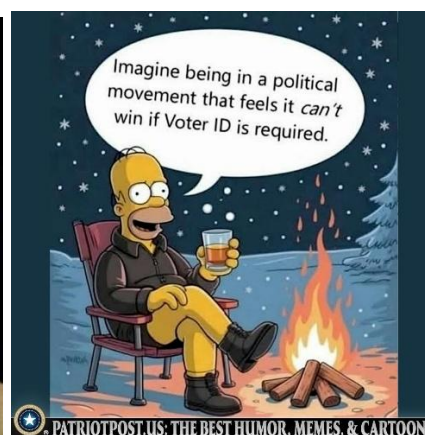

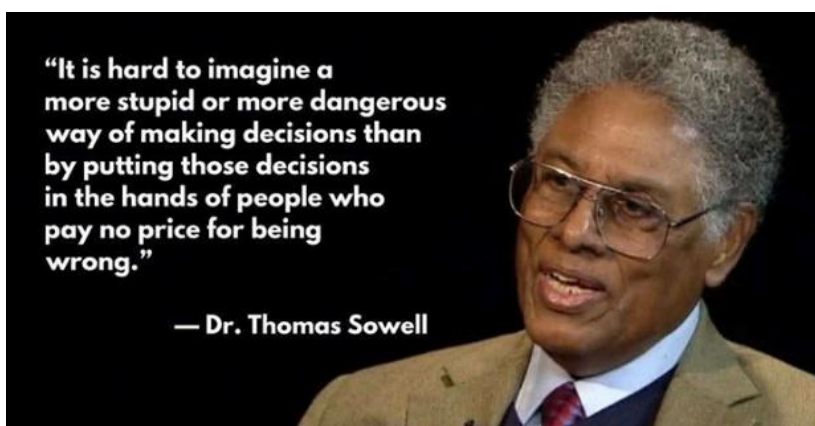

— Milton Friedman

"Our, the American People's" governmental framework, despite rhetoric aimed at how rights are Constitutionally protected, amounts to legislative, executive and judicial public officials exerting their personal attitudes, values, and beliefs (PAVB) through selective, arbitrary, and discriminatory legislation, taxation, and regulation (SADLT&R). PAVB-driven SADLT&R is lawfully compulsory.

“By the year 2012, projected outlays for entitlements and interest on the national debt will consume all tax revenues collected by the federal government ... There will not be one cent left over for education, children’s programs, highways, national defense, or any other discretionary program.”

~ *Bipartisan U.S. Commission on Entitlement and Tax Reform*

It Is Entirely Possible For A Representative Constitutional republic government system to be corrupted by voters seating legislators, executives, and judges with subjective PAVB influencing how Constitutional precepts and protections are interpreted. There are no immutable standards for public officials to apply governing. Only precedent. It’s up to “Us, the American People” to assure neutrality.

“Christmas is a time when kids tell Santa what they want and adults pay for it. Deficits are when adults tell the government what they want and their kids pay for it.”
