"Donald Trump Has Repeatedly Demonstrated" that he is unfit to serve as President and represents a clear and present danger to our nation's constitution and our democracy." A media-run quote attributed to a Congressional legislator who's crafted impeachment articles against President Donald J. Trump. Media reported President Donald J.'s reply, in part, as, "What the hell did I do? Here we go again."

"When all government, in little as in great things, shall be drawn to Washington as the Center of all power, it will render powerless the checks provided of one government on another and will become as venal and oppressive as the government from which we separated."

~ *Thomas Jefferson*

There Is A Strong Likelihood, More than a few of "Us, the American People" would like President Donald J. Trump to be gone from 1600 Pennsylvania Avenue. However he can be forced to move his household goods. Because he is unfit to be America's President, due to his effort to do things not in line with those of us who want him out. Presidential fitness is not linked to Constitutional adherence.

"Let your gun, therefore, be the constant companion of your walks."

~ *Thomas Jefferson*

"We, the American People" are divided with regard to how we expect America's government to meet expectation we put on their positional lawful authority. Never has there been a president – a government – capable of making everyone happy. Always there has been government based on government officials' personal attitudes, values, and beliefs (PAVB). Citizenry PAVB are too diverse.

"I am not a friend to a very energetic government. It is always oppressive."

~ *Thomas Jefferson*

"Our, the American People's" representative Constitutional republic governmental form does not lend itself to universal approval by a sovereign citizenry. Candidates for public office, as a result, work to come up with a campaign profile acceptable to enough voters to bring about a majority vote. Thereafter, winning candidates claim their performance in office is based on their mandate as rendered by voters.

"Single acts of tyranny may be ascribed to the accidental opinion of a day. But a series of oppressions, begun at a distinguished period, and pursued unalterably through every change of ministers, too plainly proves a deliberate systematic plan of reducing us to slavery."

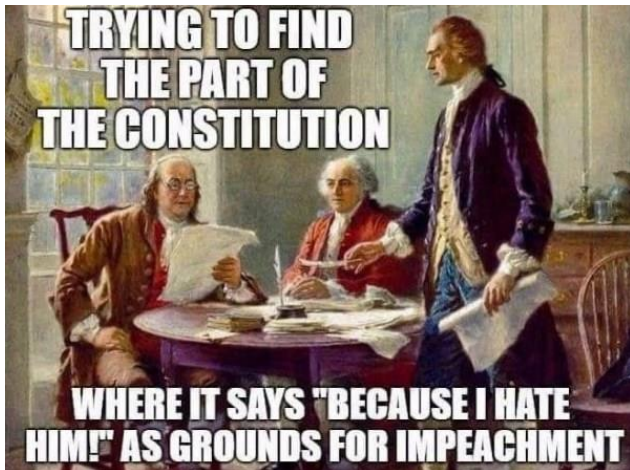

~ **Thomas Jefferson**

People Intending To Live In Liberty do not allow legislators – or other public officials within These United States of America, to give quarter to, offer sanctuary to, or negotiate with terrorists. They dismiss elected leaders who put them at risk.

"The principle of spending money to be paid by posterity, under the name of funding, is but a swindling futurity on a large scale."

"I hold it, that a little rebellion, now and then, is a good thing, and as necessary in the political world as storms in the physical."

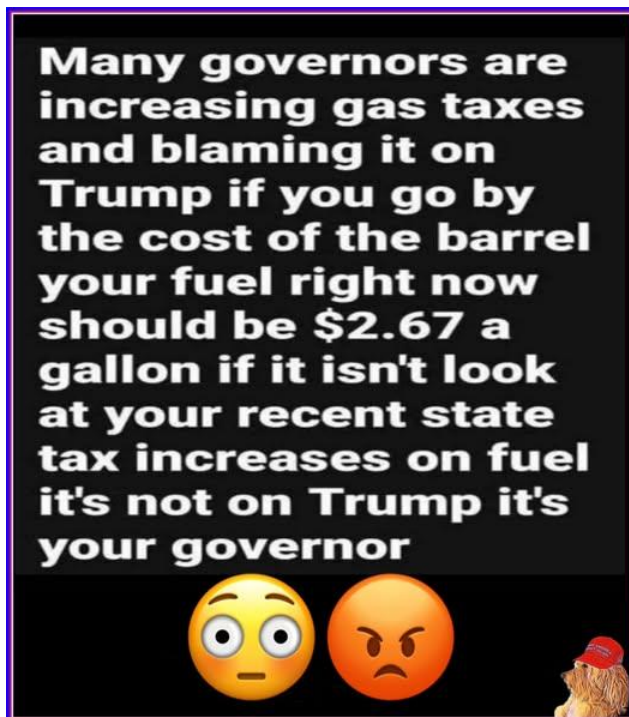

~ *Thomas Jefferson*

“Our, the American People’s” media tell anyone who cares to know President Donald J. Trump Administration is looking hard at imposing price controls. Media have it America might as well have elected democrats if they wanted price controls. Price controls, are, in brief, government telling producers how much they may charge, and letting consumers know least price when shopping.

"The spirit of resistance to government is so valuable on certain occasions, that I wish it always to be kept alive. It will often be exercised when wrong, but better so than not to be exercised at all. I like a little rebellion now and then."

~ *Thomas Jefferson*

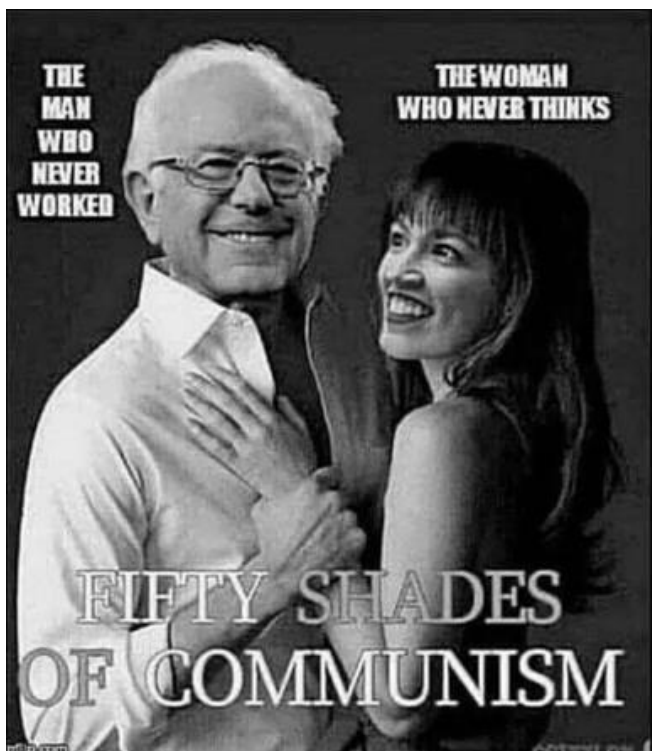

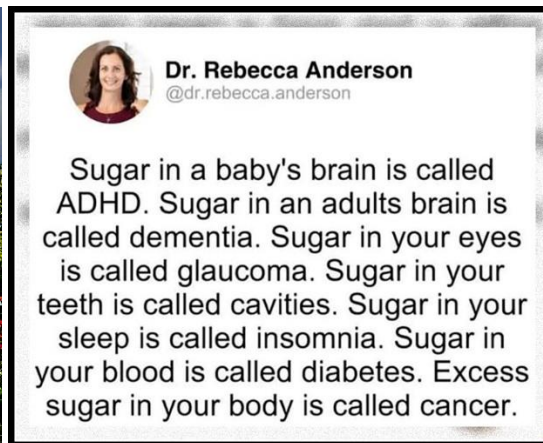

County governments are raising all kinds of tax--because they can.

"We, the American People" are supposed to live in freedom under Liberty, and be able to exchange goods and services for goods and services in a free market economy. There is no such thing as a free market when

government steps in and decides how much producers may charge and consumers must pay at a minimum. Government always has lofty reasons for taking decisions out of people's hands.

"When all government...in little as in great things...shall be drawn to Washington as the center of all power; it will render powerless the checks provided of one government on another, and will become as venal and oppressive as the government from which we separated."

~ *Thomas Jefferson*

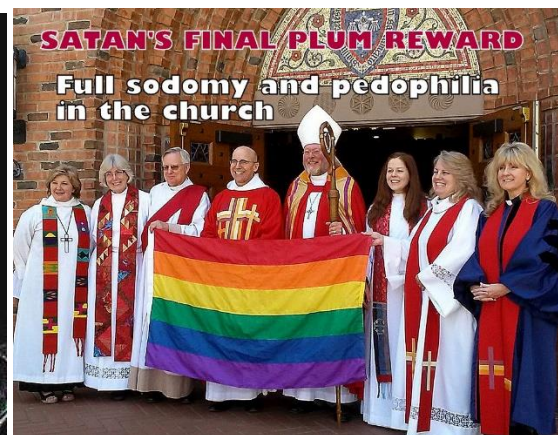

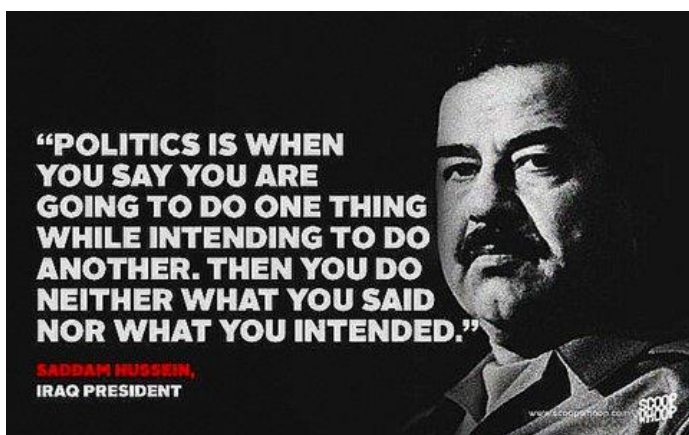

Governments Make Laws, Adjudicate Laws, tax, and regulate based on personal attitudes, values, and beliefs (PAVB) held by government decision-makers. Such things are done, in free societies, with public blessing. Government decision-makers are not so much concerned about upholding public PAVB as they are about getting elected and staying in office. Elected officials say getting elected is a mandate.

"Peace, commerce and honest friendship with all nations; entangling alliances with none."
~ *Thomas Jefferson*

Election Mandates Are Nothing More than a majority of voters casting more votes for some candidates than others. It takes no extensive research for "Us, the American People" to come with media articles claiming President Donald J. Trump has nowhere near an Election 2024 mandate for radical policies he is now working to thrust on us with no concern for our approval, or, for our dissent or resistance.

Yesterday there was another assassination attempt on President Donald John Trump. In my lifetime, I have never seen another person (in the political arena) that is willing to sacrifice so much for his country. Patrick Henry's great speech is remembered for that famous last line, **"Give me Liberty or give me death."** It would appear to me that is exactly the way President Donald Trump is living his life. While all the democrats and never-Trumpers want you to believe he is nothing but selfish, he is the only President in my lifetime that left the presidency with less wealth than he had when he became president. President Trump is the only president, to my knowledge, who did not accept a salary during his time in office. President Trump has endured a great deal of political abuse and has been subject to lies and false charges, yet he continues to make himself available to help lead this nation back to prosperity. Unlike his adversaries, he loves this nation and respects all the people. Claiming Trump is mean, they continue to hurl insults at him and all Americans who believe in God, Country, Family and who respect Life, Liberty and the pursuit of Happiness.

Liberty doesn't come easy my friends, it requires commitment and dedication, it requires bravery, it requires action, diligence, and perhaps some stubbornness; Liberty is always in the hands of the people, but it requires a lust in the hearts of mankind, yearning to live free! As Alexander Hamilton put it; **"There is a certain**

enthusiasm in Liberty, that makes human nature rise above itself, in acts of bravery and heroism.”

“Tis the business of little minds to shrink, but he whose heart is firm, and whose conscience approves his conduct, will pursue his principles unto death. Those who expect to reap the blessings of freedom must, like men, undergo the fatigue of supporting it.” Thomas Paine

Can you imagine just how President Trump must feel each time he steps out into the open? His family, I'm sure, are anxious with each event, until he returns home. Exercising freedom, in Trump's situation, is a dangerous thing to do.

Many would have him stay out of sight and exercise all kinds of precautions, but is that freedom? Is that how Americans behave? It was after 9/11 when then President GW Bush told Americans to go out and be about your business and your play; hold those high school ballgames and congregate!

Does America not have a security force capable of keeping one man safe?

On December 23, 1776, Paine wrote:

“THESE are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands by it now, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly: it is dearness only that gives every thing its value. Heaven knows how to put a proper price upon its goods; and it would be strange indeed if so celestial an article as FREEDOM should not be highly rated.”

I was talking on the phone last week to one of my radio listeners, she paid me a great compliment as she referred to me as a “winter soldier.” Of course, she was taking that thought from Thomas Paine’s **“The Crisis.”** If I am a “winter soldier,” then surely President Trump is my Commander in Chief, leading me and all of us to a victory that will indeed be a glorious one for this country.

But my friends, we cannot allow our Commander in Chief to stand alone.

Perhaps today’s modern Americans take too lightly the Liberty we received from the pain and sufferings of long ago. What sacrifices have the average Americans made in today’s crisis?

Are Americans willing to stand up for Trump during these trying and dangerous times?

Trump is standing up for you!

Are Americans willing to sacrifice?

Trump obviously isn’t hiding from danger!

Are Americans willing to speak out?

Trump is speaking up for all Americans!

Freedom is truth and truth will set you free. I stumbled upon this quote a week ago, **LIES: “If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such a time as the State can shield the people from the political, economic, and /or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”** Joseph Goebbels

The truth is the greatest enemy of the state! Say it again, **“The Truth is the greatest enemy of the state.”**

Because truth is the enemy, the state (deep state, Democrat Party, RINOs...) will keep the truth from the American people and they will continue to fill the news media with lies and propaganda.

There has been very little truth told about the January 13th assassination attempt on President Trump. Will we ever know the truth of the September 15th assassination attempt? They caught the man, but will that make a difference? They had Lee Harvey Oswald in custody too...

As Liberty loving patriots we cannot rest, and we must demand protection for President Trump, and truth about what has already taken place. **We the People** must unite, we must exercise our free speech and speak up, tell the truth and not be afraid; our Commander in Chief should not be carrying this burden alone.

One man cannot save or restore our great Constitutional Republic. We must work together. Calvin Coolidge once said, **“Unless the people, through unified action, arise and take charge of their government, they will find that their government has taken charge of them. Independence and Liberty will be gone, and the general public will find itself in a condition of servitude to an aggregation of organized and selfish interest.”**

There is No Rest For A Patriot...Liberty Doesn't Come Easy My Friends.

“Eternal vigilance is the price of Liberty.” Let us now commit to one another to stand with President Donald John Trump for truth and freedom, and to **Bring America Home.** ©

Never Hurts When "*We*, the American People" are tasking brain power to learn essence of politician-legislator ramblings. Media report Congressional GOP legislators are daring to disagree with President Donald J. Trump over impoundment. Impoundment consists of detaining something due legal dispute. In media report on GOP legislators' disagreement with President Donald J. Trump it's freezing funds.

"I have no fear that the result of our experiment will be that men may be trusted to govern themselves without a master."

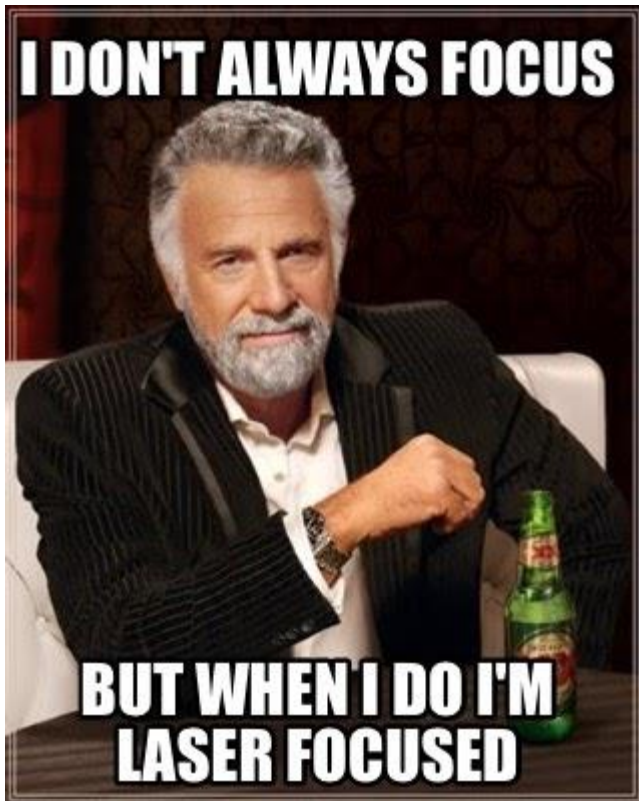

~ *Thomas Jefferson*

Given On-Going Tug-Of-War over legality between President Donald J. Trump's myriad initiatives and related court rulings, we can expect more legal encounters to come. All costing taxpayer money and doing little to nothing to clear up how America's no-one's-in-charge-because-everyone's-in-charge government system of much heralded checks and balances leaving ordinary people evermore divided.

"A democracy is nothing more than mob rule, where fifty-one percent of the people may take away the rights of the other forty-nine."

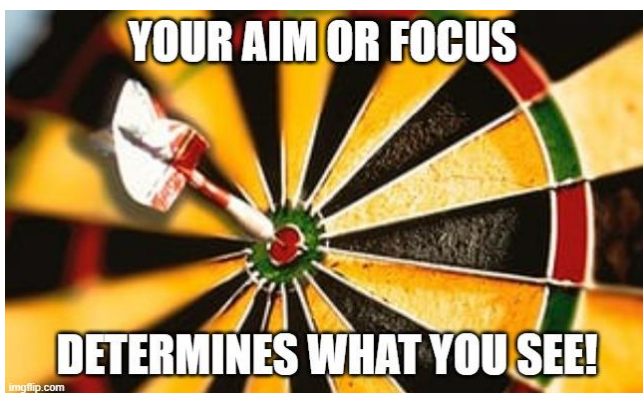

~ *Thomas Jefferson*

There Is Nor Specified Way for “Us, the American People” to stop our three, co-equal government branches chasing each other’s tails to outmaneuver each other striving for lawful power. Our legislators, elected-appointed magistrates, and chief executives are driven by making their personal attitudes, values, and beliefs (PAVB) lawfully compulsory. So doing, they dismiss sovereign citizenry PAVB.

"The majority, oppressing an individual, is guilty of a crime, abuses its strength, and by acting on the law of the strongest breaks up the foundations of society."

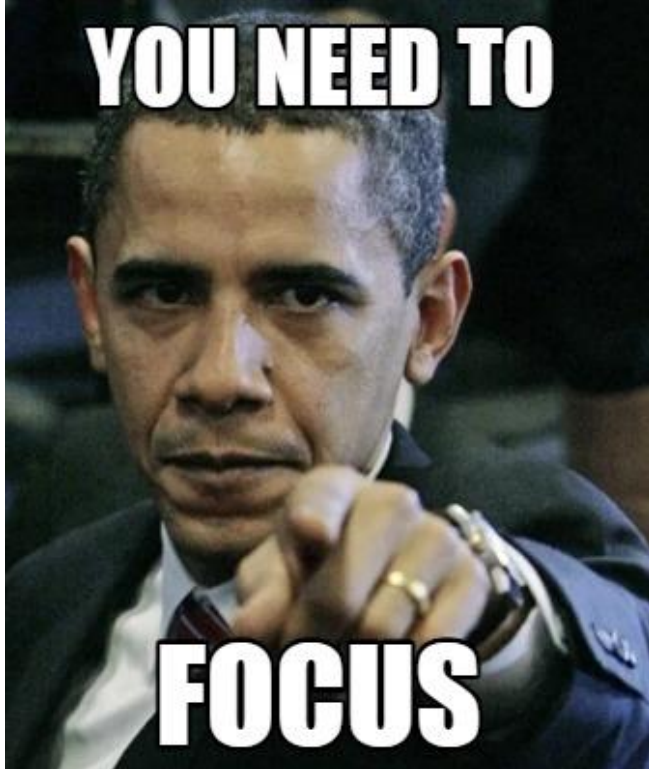

~ *Thomas Jefferson*

We, Acting As A Sovereign Citizenry, have no obligation to abide by any law, any court ruling, any government chief executive’s executive order (EO). EOs, court opinions, and laws are, in finality, subject to public deference. Making a politician-legislator’s proposal into law means nothing without people backing it. Likewise, for court opinions and EOs. We, a sovereign citizenry, are final arbiters.

"It is error alone which needs the support of government. Truth can stand by itself."

People Determined To Live In Liberty do not allow legislators – or other public officials within These United States of America, to cause any citizen to be drawn into an obligation to assume responsibility for public debt for reasons other than to defend these United States.
