**"Our, the American People's"** media report Colden State legislators are looking at upping Golden State minimum wage/benefits to \$38.35/hr. Average America minimum wage comes to a little more than a fifth of \$38.50, depending on reference referenced. Business labor costs represent on order of 70% of business costs. Takes no genius to see how prices are affected by labor costs, and who pays.

"We, the American People" can figure allowing government to decree wages and benefits is likely to result in higher consumer costs. No legislative office candidate with a functioning brain would tell voters electing them would mean higher prices when candidates vie for higher wages and benefits to a workforce. Voters would be nuts to seat people who say they'd vote for lower wages. Thoroughly nuts.

***"It is a common observation here (Paris) that our cause is the cause of all mankind, and that we are fighting for their Liberty in defending our own."***

Benjamin Franklin

The world looks to America for strength, commonsense, peace and Liberty. Is America failing the world now? My opinion is yes! When I say, 'the world,' I'm referring to all people. Around the globe tyrannical government regimes have enslaved and abused mankind, their citizens. It's been several years ago (under the "reign" of Barrack Hussein Obama's presidency) when a listener from abroad called my office and asked me, "What are you all doing there, we rely on America to show us the way of liberty!" That's probably not an exact quote,

however, she was very concerned as they witnessed America's falling away from Liberty.

The phrase *'to secure the blessings of liberty to ourselves and our posterity'* appears in the Preamble to the Constitution. The last word is posterity, meaning children and future generations.

Our Founding Fathers sacrificed greatly for the Liberty we have today, but we have squandered their sacrifice for our own selfish comforts and conveniences. In doing so, we have ignored the needs of our *posterity*; the future generations. Unwilling to live within our own means, financially as well as personal responsibilities in freedom, we willingly gave up personal independence and Liberty.

**“Posterity! You will never know how much it cost the present generation to preserve your freedom! I hope you will make good use of it. If you do not, I shall repent in heaven that I ever took half the pains to preserve it.”** John Adams

Do their sacrifices mean so little to us that we would not honor them by keeping our Constitutional Republic strong and Free? Are we so selfish as to jeopardize our children's future and let them live as slaves to a tyrannical government?

***“Give me the steady, uniform, unshaken security of constitutional freedom. Give me the right of trial by a jury of my own neighbors, and to be taxed by my own representatives only. What will become of the law and courts of justice without this? I would die to preserve the law upon a solid foundation; but take away Liberty; and the foundation is destroyed.”*** Alexander Hamilton

**“Give me Liberty or give me death!”** Only when **We the People** own our responsibilities today, will we secure Liberty for future generations. ***The future of our children is in the hands of our present!***

**Upgrade to paid**

**Liberty is always in the hands of the people, but first it must be a longing and lust within their hearts.** Remember too, that Liberty comes from God, not from government. God was willing to give us both Liberty and freedom, through the sacrifice of his Son, our Savior, Jesus Christ. He alone is the source of true Liberty and freedom. **“Stand fast therefore in the Liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage”** (Galatians 5:1). **“Now the Lord is that Spirit: and where the Spirit of the Lord is, there is Liberty”** (2 Corinthians 3:17).

Inscribed on the Liberty Bell **“...and proclaim Liberty throughout all the land unto all the inhabitants thereof...”** Galatians 25:10

***“But a Constitution of Government once changed from Freedom, can never be restored. Liberty once lost is lost forever.”*** John Adams

I pray that John is wrong! But I fear that he is correct, and that the only way to restore Liberty and return to our Constitutional Republic will be by the blood of our future generations, unless we take up the torch for Liberty, as did Patrick Henry.

Preserving Liberty for “our posterity,” is in the hands of **We the People.**

Thomas Jefferson stated, **“Eternal vigilance is the price of Liberty.”**

It’s time, today, that “our generation” cared enough for the future generations of America to **Bring America Home. © LIBERTY!**

## **The Desperation of the Democrats**

“Power tends to corrupt, and absolute power corrupts absolutely.” Lord Acton

BETH ANN

5-23-2025

It seems that the democrats choose the opposite of anything that is commonsense. Genders? They aren't limited to two, the sky's the limit apparently. Criminals are not to be punished, laws are not necessarily to be obeyed, the family structure does not deserve respect, gay marriages are to be praised, mental illnesses are to be enabled, regardless of the costs to others and to society. Our nation should have no borders, our Constitution is obsolete, pornography is said to be protected by the First Amendment, but the Bible is rejected, for the lie of Separation of Church and state; there is no place for God in American society... and their insanity continues.

When speaking of God's laws, there is right and wrong (black and white), there is no gray area. The gray we often speak of is when we are trying to cover our own sins or justify wrongdoing.

Just like the many policies put in place by politicians have been destroying the middleclass, the distortion of language and of words such as **far left** and **far right** is removing and destroying moderate America.

There is a lot of talk about a "coverup" regarding Joe Biden's cognitive health and the questions regarding his mental acuity. With the public announcement of his aggressive

prostate cancer having already metastasized, we believe there has been yet another coverup regarding his physical health.

**Upgrade to paid**

## **My Opinion**

While they were going through some motions of hiding his lack of mental acuity, was it really a coverup? I believe what we have witnessed was actually plotted and planned during the primary elections of 2020. Biden was the “chosen” stooge to fraudulently win the election. *(When we stop and think about it, they chose the most unlikely presidential candidate to win an election, and paired him with the least liked VP candidate. It just added a bit of humor and irony to their sinister plan for power.)* Who was running the nation? My guess is that it was an oligarchy of people, but the leader, in my opinion, was Obama. Many of his presidential cabinet members became “his people” in Joe Biden’s cabinet... and it is well known that Obama likes Kamala; she was his choice for Biden’s VP. That was another bit of irony and humor, knowing that Kamala and Jill Biden didn’t like each other, and Biden has long been known as a racist and bigot. Who said democrats don’t have a sense of humor!?

When they could no longer hide or excuse Joe’s feeble ways, they had to change horses in midstream. It was late in the game, but they had to make a change, and they were stuck with the unpopular Kamala Harris. Because the primaries had already elected Joe, and they were running out of options, the democrats had to ignore “democracy” and install their VP as their presidential candidate.

The mountain of lies was growing with new lies to explain the last lie and another lie to justify the latest lie... while the lies still continue, the strategy now is to distract. However, their violence, their rallies, their cursing (please make them stop singing), has only added to the obviousness of their deceit.

They knew during the 2020 election season that Joe was not capable of being president and Kamala would do whatever she was told (after all she’s one of them). Together, the democrats, the RINOs (globalists) and much of America’s media, were working together to

turn this nation over to a one-party rule. Jake Tapper is a fool, but he was not being fooled, he was a part of this plan from the beginning.

Now? The lies and deception are beginning to avalanche on them. The Democrat Party is in complete chaos – or so it seems on the outside watching them curse, rally and riot. Their priorities are misplaced, but then so is their loyalty. Their plan or political goal is still the same; bring a one-party rule and completely change the culture of the United States of America... **Deconstruction!**

**"Deconstruction of a nation"** in a political or social context often refers to the breaking down or dismantling of a nation's structures, institutions, or core values. This can involve various processes like the weakening of central government authority, the rise of regional or ethnic separatism, or the erosion of national identity by way of excessive immigration. (An invasion!)

The oligarchy is not what the democrats are trying to dismantle, in regard to President Trump's administration. The oligarchy is exactly what the democrats and RINOs, along with their cohorts in the media (yes, including Jake Tapper) are trying to protect and keep in power. The oligarchy of hidden, unelected decision and policy makers, who were running this nation during Biden's administration, is the true object of the democrat's affection and protection.

### **Upgrade to paid**

During all this craziness, the democrats and the LEFT have revealed who they truly are. The 2020 summer of love rioting, the lying about George Floyd's death, the framing of President Trump...their J6 involvement, and their willingness to lock up Americans without any due process...exposed them as the tyrants they truly are! Now, the democrats are doing their own rioting and calling it "working for their constituents," and they are holding protests using paid-for protestors; just like the celebrities who were bought and paid to endorse Kamala Harris for President. Part of this is somewhat humorous, when you stop to think about it. However, the barebones truth of it all is, the democrats and the LEFT are attempting to force their will upon **We the People**.

**“When someone shows you who they are, believe them the first time.”** Maya Angelou

The desperate democrats will stop at nothing to continue and finalize their deconstruction of America.

Since the democrats no longer have power in the House or the Senate, and they no longer possess the power in the Executive branch, they have turned to their LEFT leaning, America hating Federal District Court Judges. President Trump had a plan ready to go to undo all the damage the oligarchy of Joe Biden’s administration caused. Without the legislative majority, the democrats summoned their handpicked justices to block and obstruct President Trump’s administration from doing the will of **We the People**.

**Upgrade to paid**

**THE DEMOCRATS HAVE NOTHING BUT DESPERATION...**

They hate this nation.

They do not value human life.

Their hate for President Trump is truly their hate for all Americans.

Without power, they have stooped to violence, cursing and name calling; their desperation has even driven them to two assassination attempts.

Lest we forget, the democrats have help from the “radical LEFT,” media operatives, RINOs and complacent republicans.

As I always say, **“Liberty is always in the hands of the people.”** While the LEFT, the democrats, the RINOs and globalists believe we are all fools, we are not! We have been complacent and overly trusting of their “representation” of Americans, but I believe their “jig is up!”

***“Some battles were fought by great soldiers and others by common people who fought and sacrificed for freedom in their own backyards.”*** (The Miracle of America, Birth of a Nation)

The deconstruction of America is our backyard, my fellow patriots... ***Liberty is always in the hands of the people, but first it must be a longing and a lust within their hearts.***

**Media Noted Vice-President Vance** received only a 17-second Handshake with Pope Leo during a procession, and characterized such greeting as spurning Vice-President Vance and "Us, the American People," by further observing, " ... *deporting people who ... have left their own land for reasons of extreme poverty, insecurity, exploitation, persecution ... particular vulnerability and defenselessness.*"

***"We, the American People"*** would be smart to bear in mind there is a long line of people who deign their views so correct they presume authority to tell – and force, if they can – Americans and everyone everywhere else to live as they, pontificators, demand.
