

*"We, the American People"* see nary a day when media outlets do not carry several articles on taxation. There is no unanimity viewpoint. No article, no study, no two critics or scholarly experts offer meeting-of-mind taxation agreement. Who ought to be taxed how much is a subject of relentless, passionate debate. As bad, if not worse, are attempts by power seekers over who shall have lawful taxation power.

"You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot help the poor by destroying the rich. You cannot help men permanently by doing for them what they could and should do for themselves."

~ *John Henry Boetker*

*It Would Be Smart* for “Us, the American People” to keep foremost in mind consumers pay, directly, or indirectly, every penny of every tax levied for any reason. Taxes, no matter how named or why levied, are taxes on property (wealth). Wealth is created through exchange of goods and services for goods or services in some exchange venue using, typically, some medium of exchange, typically money.

“There is only one success – To be able to spend your life in your own way.”  
~ *Christopher Morley*

Argentinian President Milei has banned the Muslim Brotherhood from his country.

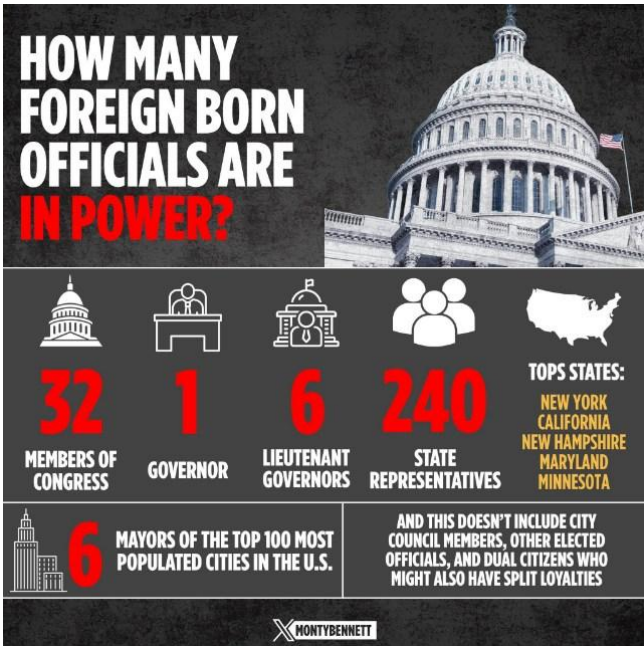

“Read the part about flipping tables again.”

***There Is No Reason, In Spite Of*** demands for and demands against taxation in its many forms exacted from wealth (property) owners by lawful power all government funding needs can not be met through commerce taxation alone. It is no more than a matter of “Our, the American People’s” government being forced by us, a sovereign citizenry, to live with revenue from local voter-approved sales taxes.

“If the only motive was to help people who could not afford education, advocates of government involvement would have simply proposed tuition subsidies.”

~ ***Milton Friedman***

Sovereign Citizenry-Limited (Citizen Controlled) taxation could and would force stability in government inclination to require ever-greater access to private property (wealth). Governments could be tax revenue-constrained from, for example, amounting public debt. As, perhaps more valuable, would be government's money-restricted ability to conduct wealth-sapping wars. More than sensible.

“They told me if I voted for Goldwater, he would get us into a war in Vietnam. Well, I voted for Goldwater and that’s what happened.”

~ *William F. Buckley, Jr.*

# The Constitution is not a living breathing document, it is a contract!

What are the basic duties of government according to the Constitution, which is a contract between **We the People** and the elected officials?

**1. To protect citizens from foreign invasion** (open border policies are

contractual violations)

**2. To protect citizens from crime and maintain peace at home**

**through law and order** (defunding police and releasing violent

criminals without bail are in violation of contract)

**3. To provide justice in the courts** (politicizing justice and

implementing lawfare against opponents and citizens violates contract)

**4. To keep the people free** – (Where's our Liberty?)

These basic truths are actually listed in the Preamble to our Constitution of the United States of America.

**We the People** of the United States, in Order to form a more perfect Union, **establish Justice, insure domestic Tranquility, provide for the common defence,** promote the general Welfare, and **secure the Blessings of Liberty to ourselves and our Posterity,** do ordain and establish this Constitution for the United States of America.

The democrats and many RINOs do not like or appreciate the MAGA philosophy of putting America and Americans first. However, their job as representatives of the people is to conduct their time in office in such a manner as is laid out and instructed by the Constitution.

**"The Constitution is not a document for the government to restrain the people: it is an instrument for the people to restrain the government."**

(unknown)

The democrats promote violence against the American people; we witnessed this during the *summer of love* in 2020. Thugs took over a city and named the city CHAZ for Capital Hill Autonomous Zone. Riots broke out with the burning and looting of businesses as well as a police precinct. Many police officers were injured, maimed, blinded, and killed. However, the government medias called the burning cities mostly peaceful, and the looting was excused as reparations, police of all colors are labeled racists and the LEFT, the democrats, including Kamala Harris and AOC were raising legal funds for the riotous criminals. Of course, there were a few RINOs kissing feet and apologizing for being born with white skin. (Mitt Romney)

The local, state and federal governments failed to keep the people safe! When they attempted to enter and takeover a federal building, President Trump put a stop to it and democrats called him a dictator and disrupter of peaceful protests.

**We the People** have endured a crime rampage throughout this nation while the democrats have been in charge, and when they were fighting to "get" Trump.

President Biden, along with his administration, and congress, are guilty of neglecting their duties as elected officials; they are breaching their contract with the American people.

Allowing open borders, using no-bail policies and releasing violent criminals, and making lawful the looting and ransacking of businesses are all in violation of their contract and oath of office!

We could debate the Ukraine money and other foreign nation “payments” until the cows come home. What would it be like here in the good old USA if we had \$100 billion securing our borders, getting crime off the streets in America, providing for America’s veterans, and dealing with our mentally ill homeless people, who are spread throughout our big cities?

American schools are being closed to accommodate illegal aliens, while American children have to “study from home” – because that worked so well during the 2020-world-wide pandemic, curtesy of the China-weaponized Covid. American children lost out on education; however, we did discover the education was laced with poison; CRT, aka critical race theory, anti-American history, and social ideologies. Biology was discarded from science and replaced with perverted sex indoctrination.

According to AmGreatness.com and author, Eric Lendrum, **A private school in Los Angeles was forced to close due to rising safety concerns as a result of the homeless and drug abusing population in the vicinity.** The school was located in the L.A. Grand Hotel, which is now being used to temporarily house over 400 homeless. These homeless individuals are of the highest-needs suffering from drug illness and drug addiction. Students are regularly exposed to the drug use, human waste, and nudity. In January there was an intruder high on LSD who entered the campus and classrooms. To say the least, this is not a safe environment nor is it an atmosphere that promotes learning.

Dana Hammond, the founder of the Academy of Media Arts claims there has been a **breach of contract**, as the city continues to use the building for the homeless and placing the Academy in an extremely risky and vulnerable situation. He blames Mayor Karen Bass (D-Calif) for failing to adequately

address the homeless and drug crisis. Hammond closed the school in fear that a confrontation would arise and violence would jeopardize lives in the academy.

A breach of contract, Hammond claims! I'm assuming the Academy was under a contractual agreement and paying to use the facility and that the homeless are not! The mayor ignores the safety of the students and cares not about providing help for the mentally ill and addicted homeless in her city.

**We the People** are experiencing this same breach of contract on a much larger scale, as our current administration knowingly and willingly allows the illegal aliens to invade our nation, our cities, and our communities. American citizens must sacrifice safe neighborhoods and our jobs, while our tax dollars are used to provide for these illegal aliens. It is our elected officials who are breaking their contract with **We the People!**

What is to be done when a contract is broken? If it was a place of business, the employee would be fired!

Consider these statements:

**“When once a Republic is corrupted, there is no possibility of remedying any of the growing evils but by removing the corruption and restoring its lost principles; every other correction is either useless or a new evil.”** Thomas Jefferson

**“That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.”** Excerpt from the Declaration of Independence.

**“Who will govern the governors? There is only one force in the nation that can be depended upon to keep the government pure and the governors honest, and that is the people themselves. They alone, if well informed, are**

**capable of preventing the corruption of power, and of restoring the nation to its rightful course if it should go astray. They alone are the safest depository of the ultimate powers of government.”** Thomas Jefferson

**We the People** have been accustomed to take the abuse of our government officials. They, however, are in breach of contract and it is long overdue for **We the People** to remove them from their positions. I also believe that will not be enough to clean up the corruption we are experiencing. **We the People** must demand justice and accountability. Those who have abused their offices should be made to pay restitution; fines and possibly serve prison time. We must make an example of the “little kings” who have practiced tyranny against **We the People**.

**The Constitution is not a living breathing document; it is a contract between We the People and the hired folks; elected officials.**

**We the People** as holders of the contract, should read it and be familiar with its contents, otherwise we fall victim to the corruption of our elected employees.

Our Founding Fathers warned us, it is time we stood up actively to Restore our Republic and **Bring America Home**. ©

Without UBI:

With UBI:

With Universal Basic Needs Guarantee:

**Universal Basic Income UBI Or Guaranteed** Basic Income (GBI) is given to people irrespective of their employment. UBI or GBI, regardless their socio-economic roots or intent, must be derived from something somewhere. “We, the American People” can be reasonably sure there are no GBI or UBI orchards where whoever hands out GBI or UBI goes to pick UBI or GBI money. Money is not free.

“Government-to-government foreign aid promotes statism, centralized planning, socialism, dependence, pauperization, inefficiency, and waste.”

~ *Henry Hazlit*

**"Universal Basic Income"  
fans when capitalists just  
raise prices to adjust to  
people's new income:**

Whether GBI/UBI Are Good Or Necessary is a matter of opinion. When either UBI or GBI is a matter of lawful entitlement, government runs it, one way or other. “Our, the American People’s” sense of individual Liberty is at risk when government has power to assure some people – or everyone – shall receive either or both GBI/UBI. Someone, somewhere, must come up with capital for UBI/GBI.

“Do not consider Collectivists as “sincere but deluded idealists”. The proposal to enslave some men for the sake of others is not an ideal; brutality is not “idealistic,” no matter what its purpose. ”

~ *Ayn Rand*

**GBI/UBI Are, AI Data Reliable, Sometimes** paid out without strings attached. Private contributions to GBI/UBI can, notwithstanding regulation, disburse GBI/UBI however donors choose. It's private money attained by private means. Government UNI/GBI disbursements are another matter. It would be irresponsible for "US, the American People" to allow government GBI/UBI absent accountability.

"Government ought to be as much open to improvement as anything which appertains to man, instead of which it has been monopolized from age to age, by the most ignorant and vicious of the human race."

~ *Thomas Paine*

**It Is Questionable If GBI/UBI** ought be available for, say, people of more-or-less independent financial means. Would not be surprising if some arguments for UBI/GBI contend GBI/UBI ought be funded by confiscating wealth (property) from people who are of some arbitrary monetary worth. We can be sure, however UBI/GBI are handled, there will be power brokers around to say how either shall works.

"It is the Bill of Rights, and only the Bill of Rights, that keeps us from becoming the world's biggest banana republic. The moment we forget that, the American Dream is over."

~ *Alexander Hope*

**People Determined To Live In Liberty** do not allow legislators – or other public officials within These United States of America, to remain in office if they break their word to their constituents. They dismiss and replace them summarily.
