

Tax Revenue Is Government's Equivalent of unearned income. Or, so it can be argued by “Us, the American People” (by anyone willing to entertain taxation’s morality) based on a media article on a British advocate for equalized capital gains taxes, along with getting rid of multiple taxation on one’s earnings turned into equity. One of many plans aimed at having your cake while eating other’s cake.

“Have you ever noticed how statist are constantly “reforming” their own handiwork? Education reform. Health-care reform. Welfare reform. Tax reform. The very fact that they’re always busy “reforming” is an implicit admission that they didn’t get it right the first 50 times.”

~ *Lawrence W. Reed*

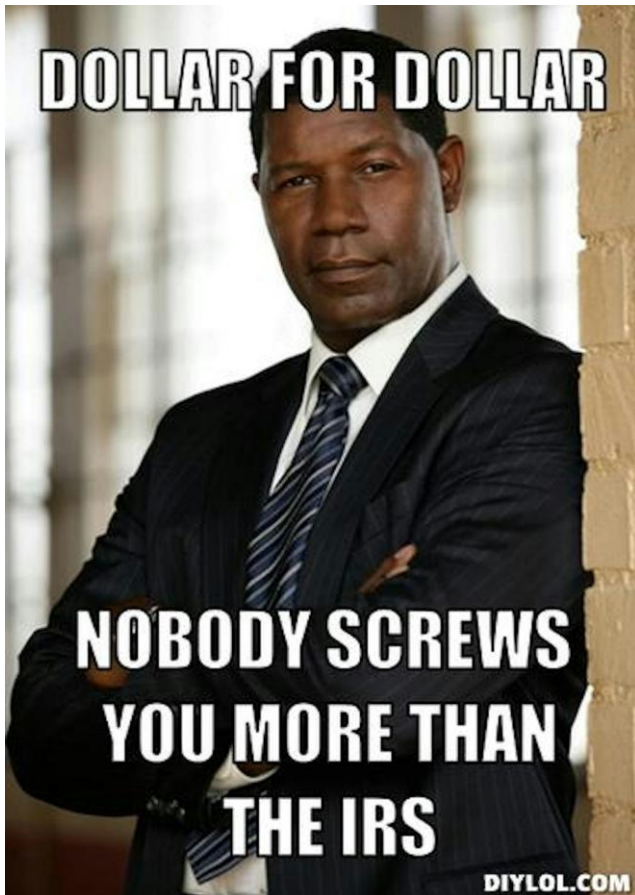

Government Has A Voracious Appetite for confiscating property (wealth) and restricting choice (Liberty). AI, a much-beleaguered tool for gaining cogency nowadays, lists, among ten topmost reasons why people bicker and battle with people as ‘differences in values, beliefs, and goals.’ Reconciliation is as illusive in today’s informed, sophisticated world as it has been since effort to sooth hunger began.

“Man, no doubt, owes many other moral duties to his fellow men; such as to feed the hungry, clothe the naked, shelter the homeless, care for the sick, protect the defenseless, assist the weak, and enlighten

the ignorant. But these are simply moral duties, of which each man must be his own judge, in each particular case, as to whether, and how, and how far, he can, or will perform them.”

~ *Lysander Spooner*

British Equalized Capital Gains Advocate maintains “. . . *wealth-taxing impulse is aimed at unearned, undeserved riches is a big fat fib.*” Without doubt, wealth tax advocates would heartily disagree. “We, the American People,” thinking people elsewhere, might ponder how it is no matter how much government confiscates property (wealth) and restricts choice (Liberty), it is never, ever enough.

“The worst evils which mankind has ever had to endure were inflicted by bad governments. The state can be and has often been in the course of history the main source of mischief and disaster.”

~ *Ludwig von Mises*

“Our, the American People’s” representative Constitutional republic governmental system is praised – and defamed – for its ability and inability to meet needs of its constituents. Demands for greater government subsidies never cease. Ostensibly, because more is better. A U.S. Navy logistics manager once quipped, if more is better, too much is not enough. Suffice to say, not enough wealth to tax.

“Economic history is a long record of government policies that failed because they were designed with a bold disregard for the laws of economics.”

People Intending To Live In Liberty do not allow legislators - or other public officials within These United States of America, to public (government) schools to delve into their children’s attitudes, values, or beliefs. They school their children to become independent thinking sovereign citizens.

“We, the American People,” if we are to stand a snowball’s chance in hades of avoiding legislative tyranny, need to reckon with an overriding phenomenon. There are no intrinsic, imperative, pre-emptive, immutable legislative, judicial, or government executive branch restrictive standards. Laws, When Distilled To Origin, are products of personal attitudes, values, and beliefs (PAVB) imposed on societal behavior as lawfully compulsory. Nations, literally, rise and fall based on body politic willingness to defer to and abide by prevailing laws. When ordinary people become incensed and intolerant of PAVB law’s constrictive effect no government can withstand their violent indignance.

It was my fear many years ago that the reason our "government" was failing at war, is because they were profiting by it. Our young men and women go and fight for some pretend cause of "democracy" in a foreign land and return home wounded and scarred for life, and many others return home to be buried in their own homeland. The kind of people who decide to send others to war for their own profit, would not hesitate or even blink an eye to profit while pretending to fight a war on drugs or a war on poverty?

...but what about human trafficking? Would our leaders be so thoroughly corrupt as to look the other way at the expense of the lives of young children? Would they themselves be so evil as to participate in such an industry, either for profit or their own pleasure? These days, many on the LEFT, as we call them, are working toward "normalizing" pedophilia. Where is the outrage?

It is a sad reality to ponder... America has gone so far down the path of evil that a free nation is not even recognizable. When did we lose our freedom?

California lawmakers in the Assembly Public Safety Committee on Tuesday, July 12, 2023, blocked a measure that would have classified human trafficking of a minor as a serious felony under state law, an effort that attempted to keep repeat offenders behind bars and make them ineligible to be released from prison early.

Apparently these lawmakers in the state of California place no value on human life, other than the profit or pleasure they themselves might gain. To take a child and sell it over and over again to be raped, used, and abused all kinds of sick and perverted ways seems to me should be a high crime punishable by death!

He said to His disciples, *“It is inevitable that stumbling blocks come, but woe to him through whom they come! It would be better for him if a millstone were hung around his neck and he were thrown into the sea, than that he would cause one of these little ones to stumble.”* **Luke 17:1-2**

Yea, they sacrificed their sons and their daughters unto devils, And shed innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan: and the land was polluted with blood. **Psalm 106:37-38**

The Democrat party is obsessed with the murdering of the unborn and even the child who is outside the womb. In their sick mind a baby is a commodity and has no human rights.

Cursed be he that taketh reward to slay an innocent person... Deut. 27:25

The Democrat party has sent the mentally ill out into our streets to display their vulgarity and to chant, “We want your children.”

In the secret places doeth he murder the innocent... Psalm 10:8

The Democrat party is no longer secret with their murdering, but are vocal and boast the “right to kill” a baby, in or out of the womb. They market their parts, as abortion is not some “human right,” it is an evil satanic industry.

The Democrat party and the media are now claiming that the human trafficking issue is a “conspiracy” and doesn’t really exist. There is only one reason these people would try to distract us all from this issue, they are a part of it!

Wars, drugs, normalizing gender transitioning, abortion and human trafficking are sins that this nation cannot allow! If we continue down such an evil path, God will eventually remove His protection from this nation and America will be no more!

Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter! Isaiah 5:20

Lest you believe it is only the Democrat party, I do not see a positive action being taken (aggressively) by the Republican party. How about all the republican governors and state attorneys, could they not be ramping up to fight against these horrific criminals and round them up for punishment? I can’t think of anything more evil than human trafficking, especially of innocent children. Jeffrey Epstein was an evil man, and he was hobnobbing (profiting from many clients) with very rich and powerful people, including many of our elected officials

We the People cannot and must not ignore this fact; America is number one in human trafficking and apparently we have the most “buyers.” America has more human beings captive today as illegal slaves than we had during our years of legal slavery. Yet those who want reparations (free money from government) for a slavery they never experienced, have nothing to say or protest regarding the human trafficking that is taking place today.

Behold, children are a heritage from the Lord, the fruit of the womb a reward. Like arrows in the hand of a warrior are the children of one's youth. Blessed is the man who fills his quiver with them! He shall not be put to shame when he speaks with his enemies in the gate. Psalm 127:3-5

If America is to be the land of the Free, we must again Free those who are in bondage.

America still has good people here; we must cease to be silent and inactive. Get involved, pay attention to your surroundings, ask your local sheriff or pastor what can I do?

Ask God to lead you as we all work together to **“Bring America Home.©**

Dear Mr. Llamas, reporters, Mr. Panlilio and Reuters Business Development officers,

Thank you for your kind call this morning and for your willingness to review my business development proposal and bring it to the attention of your superiors.

1. I worked at Thomson Reuters's Lawyers Cooperative Publishing (LCP) as a researcher-writer for ALR Fed (American Law Reports, Federal). I left LCP to attend The University of Michigan Business School, where I earned a Master's in Business Administration. This is a proposal for a business and a venture that can benefit Thomson Reuters, others, me, and millions of insureds.
2. I propose that Reuters Business Development gain access as a sponsor to the 64,345+ subscribers to my website Judicial Discipline Reform at **<http://www.Judicial-Discipline-Reform.org>** as of 24 May 2026, in

exchange for compensation and the granting to me of access to WestLaw services and books.

3. My website subscribers read the articles that I write in long form, that is, consisting of more than 1,000 words...and ask for more. They are interested in the intricacies of the law and the way I discuss them. It is reasonable to expect them to be intellectually demanding and certainly educated, influential, and well-off. They can afford Reuters's products and services as well as those advertised by third-parties, be they law-related or addressed to other needs of affluent people(C infra).
4. Convinced by experience of the substantial usefulness of Reuters's offerings for finding and arguing the law, I have praised them in a series of articles.¹ The latter and similar ones are collected in my three-volume study² exposing abuse of power; collectively demanding compensation; and setting in motion a national movement for transformatively reforming the system of justice.
5. Just as my study exposes abuses of power by the judiciary and other public and private entities, so did Reuters in its series of articles exposing the riskless abuse of power by state judges and the state commissions charged with supervising their conduct(OL3:1825). It described them as intertwined by "hardwired judicial corruption". It titled the series "*The Teflon Robe*".(App:6§C¶491)³
6. This is the most opportune time for us to join forces on behalf of the 70 million insureds abused by Medicare and its healthcare insurers. They coordinate their running of an insurance fraud scheme whose modus operandi centers on committing claim evasive "delay, deny, defend" tactics.
7. That word triptych has been made known by Luigi Mangione. He allegedly killed the CEO, Brian Thompson, of United Healthcare on 4 December 2024. His impending trial will attract journalists from NYC, NYS, the rest of the country, and abroad. We can benefit by interesting them in investigating an angle unavailable to Mangione as justification for murder: how Medicare and its insurers abuse their insureds with those tactics because they are old, sick, disabled, and ignorant of the law.
8. The joint venture's timing is optimal: Mangione's trial will be held in the federal court where I am prosecuting a civil case⁴ intended to be a test case in the public interest of exposing, not the abuse inflicted on one insured, but rather how those tactics work(⁴SDNY:156§L) and abuse millions.
9. The strategy(§A, B infra) aims to turn my website from an informational source into a rallying point where an informed and outraged public organizes to compel primaries and mid-term elections candidates to make this issue a key one of theirs; hold public hearings; and undertake reform. I offer to present it to you and your guests, whether in person if in your NYC offices, or anywhere else if my expenses and fee are covered; otherwise, via video conference.

So, I look forward to hearing from you.⁵

Dare shout "*I accuse!*"

You may trigger history and even enter it as a Champion of Justice.

Sincerely,

Dr. Richard Cordero, Esq.
