

be controlled in every aspect of life. No meaningful decision will we be able to make. They more intellectually adept will frame every socio-economic outcome. Elections would be to no advantage.

“Complete and accurate surveillance as a means of control is probably a practical impossibility. What is much more likely is a loss of privacy and constant inconvenience as the wrong people gain access to information, as one wastes time convincing the inquisitors that one is in fact innocent, or as one struggles to untangle the errors of the errant machine.”

~ *Victor Ferkiss*

“*Our, the American People’s*” media is circulating an article asserting America’s student reading scores are at an all-time low while America’s teacher union push politics. Perhaps more accurately, America’s teacher unions, like every organization out to supervisor behavior, are pushing correctness, politics being one aspect of correctness. Reading comprehension is fundamental to independence.

“We are willing enough to praise freedom when it is safely tucked away in the past and cannot be a nuisance. In the present, amidst dangers whose outcome we cannot foresee, we get nervous about her, and admit censorship.”

I don't think you understand how surreal reading a book becomes after staring upon numbered slices of felled trees for hours while hallucinating vividly.

***Those Of “Us, the American People”*** who turn to AI for edification are apt to find Ai being unequivocal about reading comprehension. AI saith reading is crucial, in na word, to self-determination. Sorting political chaff from political wheat is nigh impossible for people who can not figure out political rhetoric’s meaning. Worse, they are at other people’s mercy to avoid counterfeit.

***Parents And Taxpayers Would Be Smart*** to withhold funding from any school not keeping pace with reading comprehension levels on a par with global norms. Better yet, to demand their schools lead reading comprehension’s pack. Parents might not have a better gift for children than to hone their kids’ ability to enter quickly, thoroughly into other people’s minds through power of reading comprehension.

AI credible, were we to ask how it is tyrants succeed, AI might let it be known several factors contribute to tyrannical acceptance. Emotional kneading, cultural norms, deliberate brilliance, public assessment. A ruse, no matter how.

“Of all the tyrannies on human kind the worst is that which persecutes the mind.”  
 ~ *John Dryden*

Safe To Say People Who Are Not Grounded in their beliefs/values are more susceptible to tyrants of all stripes than people who are confident of their ability to make beneficial decisions. Cognitive

dissonance (CD) is a process aimed at reorienting how people perceive their core values. In theory CD is to help. Nothing to stop CD from being used as an attitude altering tool to ingrain political loyalty.

“Abuse of power isn’t limited to bad guys in other nations. It happens in our own country if we’re not vigilant.”

~ *Clint Eastwood*

Giving tax money to foreign nations while inflation and taxes crush the working class is like a father giving money to his neighbor while his children starve.

It's not virtuous. It's not generous. It's betrayal.

*America’s Governmental System Is Fair Game* for tyrants who are astute enough to convince voters government needs maximum lawful power to assure common good is served more than individual goals. Election bound tyrants who are well-versed can sway “Us, the American People” if we are inclined to think we are exploited by our wealthier fellow citizens. Elected tyrants are fellow citizens.

(*The American Crisis* by Thomas Paine, December 23, 1776)

I thank God, that I fear not. I see no real cause for fear. I know our situation well, and can see the way out of it. While our army was collected, Howe dared not risk a battle; and it is no credit to him that he decamped from the White Plains, and waited a mean opportunity to ravage the defenceless Jerseys; but it is great credit to us, that, with a handful of men, we sustained an orderly retreat for near an hundred miles, brought off our ammunition, all our field pieces, the greatest part of our stores, and had four rivers to pass. None can say that our retreat was precipitate, for we were near three weeks in performing it, that the country might have time to come in. Twice we marched back to meet the enemy, and remained out till dark. The sign of fear was not seen in our camp, and **had not some of the cowardly and disaffected inhabitants spread false alarms through the country, the Jerseys had never been ravaged.** Once more we are again collected and collecting; our new army at both ends of the continent is recruiting fast, and we shall be able to open the next campaign with sixty thousand men, well armed and clothed. This is our situation, and who will may know it. By perseverance and fortitude we have the prospect of a glorious issue; by cowardice and submission, the sad choice of a variety of evils - a ravaged country - a depopulated city - habitations without safety, and slavery without hope - our homes turned into barracks and bawdy-houses for **Hessians**, and a future race to provide for, whose fathers we shall doubt of. Look on this picture and weep over it! and if there yet remains one thoughtless wretch who believes it not, let him suffer it unlamented.

**(The American Crisis Continues by Beth Ann)**

I cannot honestly say with a clear conscience that I know “our” situation well. I could not help but notice “fake news” seemed to be a part of the tactics by the Tories back in 1776. We see this same tactic (fake news) today the Democrats, the Republican-RINOs, and our media; all fall into the category of modern-day Tories; they seem to hate America and feel no loyalty to our nation or to **We the People.**

Fear should not be what drives the people of this nation, for the miracles of our history prove that this nation was most assuredly blessed by God; founded on freedom of religion and established as a Christian nation. However, like other nations before us, it is the nature of man, as *we are prone to wander and prone to leave the God we love*. Perhaps when life becomes too easy, we get bored and then we chase the pleasures of the world and forget the blessings of God's righteousness, and neglect to share the miracles for which God allowed this nation to become His. We have those miracles as a part of our history; so many unexplained miraculous wins for Freedom, yet we do not share these with our children as we should.

**The enemy of Liberty today is threefold.**

Godlessness

Apathy

Ignorance

The ignorance I speak of is not that of the mind but that of the heart. Many choose to not see and to not hear or even listen to the troubles of our day. Many prefer to stay neutral in all things political, while others complain but do nothing to make the necessary changes.

Many refuse to acknowledge that there are persons in prominent positions in our nation who now work to fundamentally change our governance. Why? I simply do not know or understand, except that the governance they tout is that of power over the people, which is the opposite of our Constitutional Republic. So, the only conclusion I can surmise is that their want for change is based solely on their greed for power.

There is also the nature of ignoring the danger that is in front of us. While some (heroic patriots) would work to remove the danger, others, not wanting to get

involved, would leave the danger there and simply guide themselves around it, leaving the danger for the next person to deal with.

Godlessness is an obvious problem; we, as a nation, have forgotten that God's Laws come before any laws instituted by man. It has become extremely problematic that our legislators continue to pile on bills and laws; so many that there is no way to know these laws, much less, keep the laws. It is my opinion, and I believe it is an astute opinion, that too many laws create lawlessness; and I believe this is intentionally done by these men and women who were elected to protect our Liberty and preserve our Constitutional Republic. They are failing us badly!

**Upgrade to paid**

It is the apathy of Americans that allowed the lawlessness and put up with the Godlessness. If we are not ourselves anchored in God's Word and His Laws, and then know and understand our Constitution, we are easy prey for the tyrants that rule in DC and in our State Capitals.

There is a cycle of the rise and fall of nations. Alexander Fraser Tytler wrote it this way:

***“A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves largesse from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship. The average age of the world's greatest civilizations has been 200 years. These nations have progressed through this sequence: **From bondage to spiritual faith; From spiritual faith to great courage; From courage to liberty; From liberty to abundance; From abundance to selfishness; From selfishness to apathy; From apathy to dependence; From dependence back into bondage.**”***

**Upgrade to paid**

I cannot help but wonder, with all the warnings given to us by our Founding Fathers, why do today's politicians scream to save democracy, when it is democracy that is killing our Constitutional Republic?

Spiritual Faith is the Foundation of our Constitutional Republic. **We the People** must return to the God of our Fathers; the God of Abraham. It was easy to be apathetic and complacent, leaving the governing to others, but we cannot continue to leave them unchecked. We must also refuse the politics and the political rhetoric that glorifies sin and curses righteousness; our children are suffering at the hands of such evilness in America. There was once a law prohibiting sexual predators to be within a certain distance of our public schools, now, they are invited into our schools and libraries to prey upon our innocent children. God will not bless such behavior!

The phrase and meaning, "separation of church and state," has been intentionally distorted. The State (meaning the government) cannot say we must all be Catholic, or we must all be Methodist, or Baptist, however, **We the People** are free to practice our faith, display our nativity scenes, pray at school events, or on the street corner, and our President is allowed to read scripture publicly...There is only one reason the Marxist-democrat party repeats this lie over and over again; they deny the very existence of God in our nation! Without Him to answer to, they can (or so they believe) perpetrate any tyranny upon us that they desire. By removing God, in their twisted minds, they will be the ones who decide what privileges (rights) you are allowed to enjoy. The Marxist-democrats do not believe in your ***Inalienable rights from God.***

John Adams said it, ***"Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other."***

If our Constitution isn't working, (Is that why they keep piling on laws?) perhaps we should look at the moral character of our leaders; our legislators. They are apparently morally bankrupt, and that is the reason they have a slush fund to "pay their way" out of their sins. Again, my opinion... House Speaker Mike Johnson claims to be a strong Christian, if so, he should remove this slush fund

and expose the sins of his fellow representatives. The fact that he does not is sad and telling.

***Look on this picture and weep over it! and if there yet remains one thoughtless wretch who believes it not, let him suffer it unlamented.***

**From Spiritual faith to great courage; We the People** must rise up and stop this cycle of apathy and complacency, which is harming our children and destroying our nation. We must stand up together and...

**Media Reports Accurate**, “We, the American People,” along with people everywhere are beset by gloom and doom from government overreach and ineptness, with scant remedial hope. Examples include: Big Apple Mayoral \$55M white elephant boondoggle; Miami Pied-a Terre tax; Kamala Harris posing a dangerous presidency; Pope Leo public good doctrine compliance aspiration. And AI paranoia.

“The freedom of speech and the freedom of the press have not been granted to the people in order that they may say things which please, and which are based upon accepted thought, but the right to say the things which displease, the right to say the things which convey the new and yet unexpected thoughts, the right to say things, even though they do a wrong.”

**Government Overreach Is Reported** as a federal judge striking a ‘proof-of-citizenship’ law. Judges can strike laws on technical detail as much as legislative intent. In any case, overruling commonwealth/state law calls federal (U.S./National) Constitutional Supremacy Clause. Self-government under Liberty rests with home rule authority to prevent doctrine-imposed domination.

“I know of no method to secure the repeal of bad or obnoxious laws so effective as their stringent execution.”
