Media Report There Is No Small amount of curiosity about why Pope Leo XIV decided he should be known as Pope Leo XIV. 'Leo,' is mentioned severally, in Pope Leo's name coverage, as connoting one of strong leadership. Popes and Presidents (clerics and legislators), if they be successful, are people who have behavioral influence over other people. Both allude to a better life by abiding by their call.

"Civilization has been a continuous struggle of the individual or of groups of individuals against the State and even against "society," that is, against the majority subdued and hypnotized by the State and State worship."

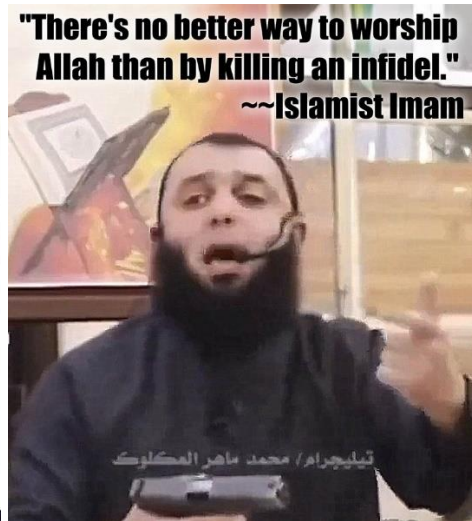

~ **Emma Goldman**

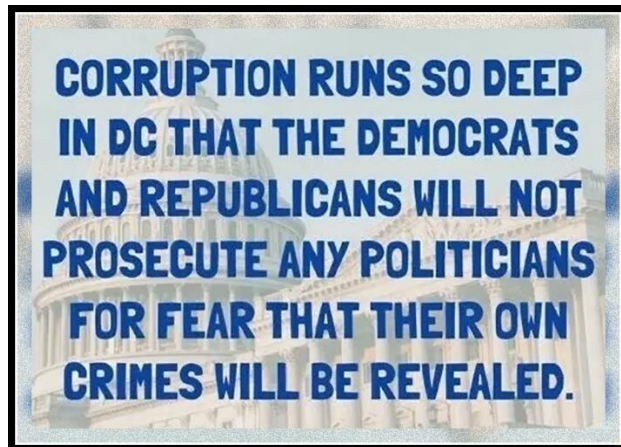

Leadership Can Mean Lots Of Things, depending on reference referenced. Typical reference citations have it leadership deals with having group collaboration for a common end. On whole, leadership can be thought of as getting people to do something they would not ordinarily do. In Pope Leo's case, his leadership would prompt people to become Catholic, or practice Catholicism as Pope Leo prescribes.

Popes And Presidents Have Differing themes when they call on "Us, they American People" to do their bidding. By and Large, both Pope and President are persistent in their effort to have us believe we must follow their musings, or, stand to be less happy in life if we stray from their guidance. Both, inadvertently or by design, make it known their admonitions, not taken to heart, result in displeasure.

"The individual is the true reality of life. A cosmos in himself, he does not exist for the State, nor for that abstraction called "society" or the "nation," which is only a collection of individuals."

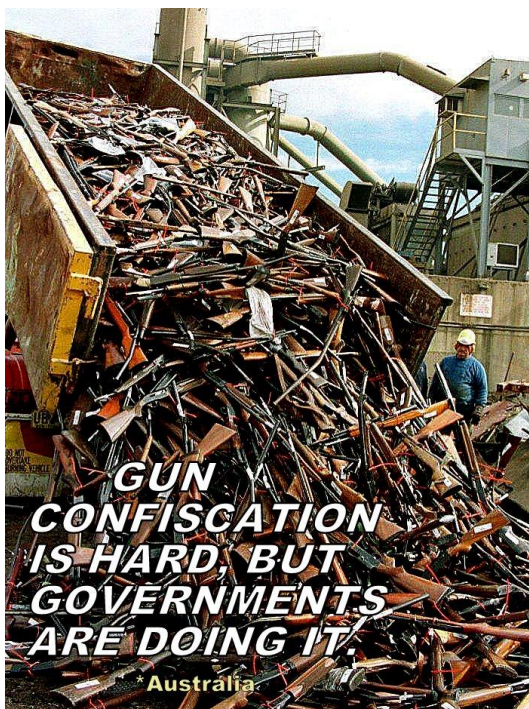

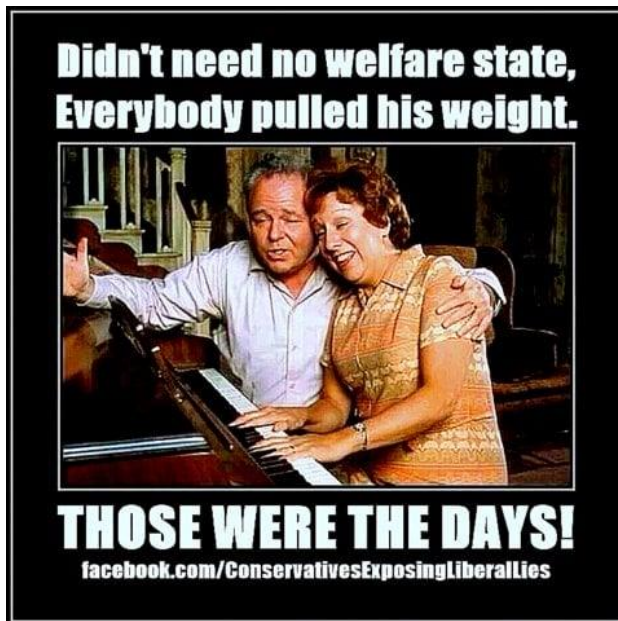

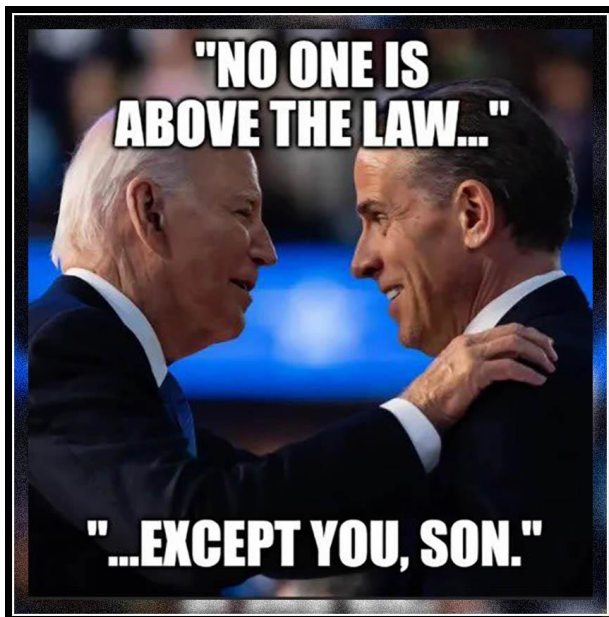

~ **Emma Goldman**

"We, the American People" would be smart to recognize government and Faith are inextricably entwined. Not by policy or credo, necessarily. By personal attitudes, values, and beliefs (PAVB assuredly. PAVB drive all decisions. It will not be surprising when Pope Leo's PAVB become interlaced with his pronouncements, we, and Pope Leo's followers will be called on to vote his PAVB accordingly.

America's Employers, Understandably, bring on employees skillful enough and dedicated enough to make businesses viable, profitable, and enduring. Government employees no less for government; Government managers, if they serve "Us, the American People," acquire optimum employees. President Donald J. Trump Is On Record saying his Administration will obey America's courts. If so, then President Donald J.'s Administration will need to have Congress bless all Executive Branch hire/fire decisions, given said court decision stands. "We, the American People," as business owners would not stand for such arbitrary constraint. As a sovereign citizenry, we can prohibit it in government.

"Our, the American People's" diverse political leanings, such as they are, no doubt split our support for, of opposition to, court order in question. Doubtful our support or opposition would fall into circumstances when who happens to reside at 1600 Pennsylvania Avenue. Fine if hire/fire if decisions fit out political leanings, positively prohibited if not. No wonder government is costly and acrimonious.

...And no one is above the law...

If America had a dime for every time that phrase was chanted by the democrats and their LEFT obedient media, America could have paid off the national debt! The lawfare against President Trump when he was running for office was obvious, yet all we heard was “no one is above the law.” Trump faced forty bogus felony counts related to his alleged mishandling of classified documents, (which we now know was a setup). In addition, he was convicted of thirty-four felony counts in a New York trial related to hush money payments. Judge Juan Manuel Merchan did not allow Trump’s defense to make statements in the courtroom or bring their own “witnesses.” Joe Biden, on the other hand, stole classified documents, while he was a senator. He had these boxes of classified information “hidden” in his garage behind his Corvette; this crime was totally ignored!

Americans knew that corruption was heavy in D.C. We lived the COVID lies and many Americans died. Joe Biden and the Biden Cartel were on the dole with China and other countries selling his “influence.” Hillary Clinton paid for a fake dossier to frame President Trump during his first term as #45. The 2020 election was wrought with suspicious behavior, yet no one was allowed to question any of the election irregularities without censorship or being labeled a conspiracy theorist. It was highly suspect that Joe Biden was not fit for office. America and the world watched as he stumbled and fumbled his way to

the podiums during his speeches and got lost getting on and off the stage. “Nothing to see here,” they’d say. Yet, before Joe left office he delved out pardons like Santa Clause at Christmas. When taking a closer look at all those signatures, it was discovered they were all “autopen,” like monograms initialed on a man’s handkerchief.

Many of the LEFT and numerous democrats believed they needed a pardon because Trump was going to “go after them” and seek revenge... so they said. The truth is that they all broke the law, sold America out, and committed traitorous crimes. The greatest of all the crimes, in my opinion, is the crime of allowing an empty suit to sit as President of the United States while allowing others (unelected) to make decisions and sign documents for him.

When the American people could no longer be swayed with their lies and cover-ups, the democrats knew they’d lost the 2024 presidential election. So they used Biden’s time in office to stack the deck with LEFT leaning democrat judges.

Fast forward to recent events and the democrats are screaming lawfare, dictator, tyrant, Hitler and more, because assault charges were filed against Rep. LaMonica McIver, after she was captured on camera slugging and pushing an ICE officer. The democrats claimed that particular protest was them exercising their duty to their constituents and they, therefore, were “above the law,” and should be exempt from arrest or charges.

“When justice on offenders is not done, Law, government, and commerce are o’erthrown.” Sir John Denham

Those words from Sir John Denham are curious indeed. I believe that is exactly what has happened in America. It didn’t just happen with the last two or three presidential elections: it’s been going on for many decades. However, when Donald J. Trump was elected President in 2016, the D.C. criminals went into panic mode. They began throwing everything they could at President Trump.

President Trump is fighting the D.C. government cartels as he's trying to regain America's commerce. The democrats, the LEFT and the D.C. globalists are not going down without a fight; and they play dirty and for keeps...such as two assassination attempts.

As Sir John Denham pointed out, the criminals must be brought to justice. It is not a case of revenge; it is a case of Liberty.

It will be a painful time in our nation, but we must hold the D.C. cartel responsible for all their crimes against **We the People**. When I say responsible, I'm talking about "rule of law," "due process," trials, and when found guilty, there should be prison sentences, hefty fines and possibly more.

"Silence becomes a kind of crime when it operates as a cover or an encouragement to the guilty." Thomas Paine

We cannot and we must not brush all the corruption under the rug, so-to-speak. We must not take the attitude that these crimes are in the past and allow them to go unpunished. Those (and there are many indeed) who have participated in the corruption and the coverup of many crimes... those who have turned their backs on America for profit and power must be brought to justice... for the truth is that ***"No one is above the law."*** When justice is delivered, Liberty will abound.

Once Upon A Time In America, a Constitution advocate recommended to a political party rally attendees anyone elected to public office should be required to take a Constitution Competency Test before taking office. Audience served up a standing ovation, whereafter, a audience member asked if speaker would require voters to take a similar Constitution Competency Test. No one cheered. No one.

“Our, the American People’s” media report President Donald J. Trump’s Administration will require civil service job applicants to answer essay questions on how they were inspired by America’s Constitution and founding principles, among other questions relating to their commitment to advancing President Donald J.’s agenda and bettering government operation. Concrete examples to be included.

"When the Athenians finally wanted not to give to society but for society to give to them, when the freedom they wished for most was freedom from responsibility, then Athens ceased to be free and was never free again."

~ **Edward Gibbon**

“We, the American People” have cause to pause when asked by people in government to show our loyalty or commitment to government policies or practices. America’s commonwealth, federal (U.S./National), and state Constitutions could be considered veritable contradictions to such employment qualifications. Such requirements could be seen as not conducive to quality assurance.

"What this country needs are more unemployed politicians."

~ **Edward Langley**

It Would Be Smart For “Us, the American People” to categorically reject any effort by government to require government employees to commit to anything other than doing their jobs as specified in their job descriptions. No government employee should be required to express loyalty-like adherence to government’s ideological policies. Such requirements would be tantamount to pledging votes.
